## John Girton & Peter Wilson

John Girton is renowned for his work as lead guitarist with the group Dan Hicks and the Hot Licks. John recorded three albums with the group, and also wrote and arranged material for them. He was also featured as guitarist, saxophonist, clarinetist, and occasional mandolinist with the popular vocalist, Maria Muldaur.

Award-winning singer/songwriter/guitarist Peter Wilson has toured and performed since 1978 in coffeehouses, colleges, trains and nightclubs across the US and Canada. He's a member of the Deadbeats—a long running tip-of-the-hat to the music and songs of the Grateful Dead. He's a founding member of Paul Emery's 1000 Kisses Deep—The Songs of Leonard Cohen.

## Runnin' 4 Cover

Runnin' 4 Cover plays a blend of top '40s classic rock & country. This high-energy, five-piece band can either kick it up or dial it back depending on the venue and audience. We play tunes that are memorable, danceable, and timeless.

Since its inception twenty-one years ago, Runnin' 4 Cover, a Nevada County-based band, has been an established player on the local and regional venue scene. With its current line-up of seasoned musicians, an audience can expect what this reviewer was quoted as saying, "Fun vibe, upbeat atmosphere, and great song choices."

The group has five members: Sonny Riner on drums and vocals; Rick D'Orazi on lead guitar and vocals; Ken Bigham on guitar, harmonica, and vocals; Kelly Nevius on keyboard and vocals; and David Crosby on bass.

SATURDAY 2–5 PM | LIVE MUSIC TENT

## Strings Attached

With a band tagline of "Clapton to Cline" (Eric and Patsy), Strings Attached brings a wide swath of musical styles to all its performances around Nevada County. It's an eclectic mix of not just blues and country (as the tagline promises), but also classic and modern rock, Americana, and some original songs as well. It's all delivered with rich harmonies from three different vocalists.

With Jane Sinclair (vocals); Guillermo Van Houten (vocals, multiple guitars, mandolin, mandola, and banjo); Larry Luis Ortiz (bass guitar), and Phil Missimore (vocals, lead guitar), the four members of Strings Attached always deliver a very fun, high-energy show.

SUNDAY 2–5 PM | LIVE MUSIC TENT

## Kelly Fleming & Kellie Garmire

Kelly Fleming and Kellie Garmire have been performing together since 2016, playing festivals, private parties, wine tasting rooms, restaurants, and breweries in California. They are known for their tight harmonies, musicianship, range, and repertoire. The songs they love to sing include Rock, Soul, Rhythm & Blues.

## DJ Guy Whetton as Base Crew Sound Systems

Guy Whetton grew up in the UK, near Nottingham, where he was swept into the music scene when the area went through a musical revolution. In 2020 he purchased The Music in the Mountain's complete system, including large screens, and then upgraded it with Modern Visual Technology. Which will be used in a variety of areas including the Demonstration Tent this year. He is happy to bring it back home to the Nevada County Fairgrounds, with the help of Donald Chris Christenson the original engineer. They will bring a creative, vivacious, and fun experience to that area, for all to enjoy! Be sure to see him in the "Big Tent" and don't forget to watch the demonstrations.

## BONSAI SHOW AND DEMONSTRATION

Bonsai, loosely translated as “plant in pot,” is an ancient art form that has its roots in the fourth century. Known as “penjing” in China, bonsai is referenced in manuscripts and art from as early as the year 317. The Chinese began by collecting specimens from the wild that had been styled and formed by the ravages of nature.

The Japanese readily adapted the art form and began collecting wild specimens as well.

In medieval Japan, the art of bonsai became very popular, resulting in large collections, making “natural” bonsai difficult to find. This resulted in the Japanese further refining the process of training and pruning leaves into the mid-18th century, developing into the art form we know as bonsai today.

Come see the lovely bonsai exhibit in Sugar Pine Lodge at the Home, Garden & Lifestyle Show this weekend. There will be demonstrations throughout the day.

## THE NEVADA COUNTY NARROW GAUGE HISTORICAL MODEL RAILROAD

The Nevada County Narrow Gauge Historical Model Railroad is a scale model of the narrow gauge railroad that ran for 66 years from Colfax to Grass Valley and Nevada City.

The model railroad is now celebrating its 33rd year (now half the age of the original railroad that ran for 66 years!) At over 1,000 square feet in area the model features the stations of Nevada City, Grass Valley, Colfax and Chicago Park as well as other features.

It took almost 15 years just to complete the almost 1,000 square feet of historical model of Nevada County railroad history.

For young and old alike, the layout features our custom built ‘Hobo-cams’ that are miniature cameras mounted on the trains that give visitors a ‘hobo’s view of riding the rails.’ (Many first time visitors believe they are looking at videos of real trains because the model images seem so realistic!)

The historical model will be open during The Union Home, Garden and Lifestyle Show.

The public is invited to stop by—admission to the historical model railroad is free.

NCNG members will be available to answer questions of the history of Nevada County narrow gauge railroad, model railroading in general, and can provide information about becoming a member or being a volunteer. For more information visit the website at [www.ncngmodelrailroad.org](http://www.ncngmodelrailroad.org).

## AnimalSave — Spay & Neuter Clinic

AnimalSave was founded in 1973 by individuals concerned about the high euthanasia rate for Nevada County homeless animals. Over the years AnimalSave has continued to grow to meet the needs of animals in our community.

AnimalSave's mission to transform the lives of dogs and cats by providing humane education, affordable spay and neuter services, and finding loving homes for homeless animals, is primarily carried out through our rescue and adoption program and low-cost spay and neuter clinic.

AnimalSave rescues and finds loving homes for hundreds of animals each year. The cat adoption facility and the special needs cat sanctuary provide a soft place for homeless animals to land while they wait for their fur-ever homes.

Close to 30,000 animals have been spayed or neutered since AnimalSave's low-cost spay/neuter clinic began operating in 2008. That work has prevented the birth of over 1.6 million animals that would have lived difficult lives and has greatly reduced the burden on local shelters and other rescue organizations.

AnimalSave's Thrift & Treasures benefit store and bookstore provide some of the revenue needed to carry out these programs. Generous donors who support our work make up the difference.

## St. Joseph's Cultural Center

The Grass Valley Museum is unusual for gold rush sites in its interpretation of women's history. We take visitors from the nuns to the notorious. We show the town's history through the lens of women, from the legendary Lola Montez and Lotta Crabtree to the under-told stories of orphans and single-parent households. The 1866 building is recognized as both a state and national historic place. It is the oldest purpose-built convent for women still standing on the west coast of the United States.

Located at 418 S. Church St., Grass Valley, and open Wednesday to Saturday from 12:30 to 3:30 p.m. Visit [grassvalleymuseum.org](http://grassvalleymuseum.org) for more information.

## The Banner Grange

The Banner Grange supports and advocates for healthy communities, family farms, local economies, cultural diversity, public schools, the arts, and a variety of worthy causes. We come together in service and spirit to exchange ideas, preserve the sovereign rights of small family farmers and ranchers, and promote sustainable, regenerative, and organic agriculture. We do this through education, environment stewardship, grassroots legislative advocacy, food, fellowship, and fun to enrich and support the overall well-being and health of our local community.
