

## State Assessment Information

At Brillante Academy, we conduct assessments for students from Pre-Kindergarten to 1st grade to monitor their academic progress. The campus is in charge of collecting data each term, enabling us to make informed instructional decisions to meet the academic needs of every student.

### CLI: PK3-PK4

The CIRCLE Progress Monitoring Assessment is included in the current Commissioner's List of Approved Pre-kindergarten Progress Monitoring Instruments. The assessment provides data reports on student skill levels at individual, group, class, school, and district levels. These reports use clear visual indicators to identify students who are below established benchmarks. This information helps teachers begin small group instruction that targets specific skill areas.

#### Direct assessment components:

- ❖ Rapid Letter Naming
- ❖ Letter- Sound Correspondence
- ❖ Phonological Awareness
- ❖ Rapid Vocabulary
- ❖ Mathematics
- ❖ Science
- ❖ Story Retell & Comprehension
- ❖ Social & Emotional Development

### DIBELS: MCLASS

mCLASS is an assessment that measures students' progress in literacy based on the Science of Reading. It includes universal screening, dyslexia screening, and progress monitoring. Powered by DIBELS 8th Edition, mCLASS helps measure and strengthen the foundational skills needed for all students to become confident readers.
