CITYWIDE TRENDS

CITYWIDE ENROLLMENT (DISTRICT AND CHARTER), 2013-14 TO 2022-23

New York City Public Schools (NYCPS) is committed to thoughtful collaboration with districts and communities to collectively strengthen schools, support students and families, and respond to demographic and population changes in New York City.

Source: Audited Register and Charter Headcount; includes district and charter school enrollment

- K-12 enrollment in District 1-32 schools and charter schools has declined by about 12% since its peak in the 2016-2017 school year, exacerbated by population changes during the COVID-19 pandemic.

## DISTRICT PLANNING PROCESS

- The Office of District Planning partners with communities, superintendents, and other stakeholders to identify solutions that address district needs, in accordance with Chancellor’s Regulations A-185 and A-190.
  - **Chancellor’s Regulation A-185** governs the process to re-zone or unzone schools in partnership with and voted on by Community Education Councils (CECs).
  - **Chancellor’s Regulation A-190** governs the process to make any major changes to school utilization such as co-locations, school mergers, grade expansions and truncations, re-sitings, and other changes. A-190 proposals are voted on by the Panel for Educational Policy (PEP).
- Guiding Questions:
  - How might recent changes affect the needs of the district as they are implemented? Do they address key needs and priorities?
  - What other school changes could be considered?

### CHANGES IN DISTRICT – 2020-21 TO 2023-24

Implementation Year	Change Type	Description	Impacted DBN(s)	Impacted Building(s)
2022-23	Expanded DBN	Grade Expansion of P.S. 88 (09X088) from grades K-3 to K-5	09X088	X088
2022-23	Re-sited DBN, Co-located DBN	Re-siting of P010X@X026, One Site of Existing District 75 School P.S. X010 (75X010), from Building X026 and Co-location with P.S. 199 The Shakespeare School (09X199) in Building X104	75X010	X104
2021-22	Temporary Partial Re-siting	Temporary Partial Re-siting of 09X163 to X236	09X163	X236
2020-21	New D75 Site	Opening and co-location of 75X469 in X410	75X469	X410

- Recent proposals in District 9 include grade reconfigurations to maximize the efficiency of schools, a temporary partial re-siting to accommodate the construction of a new building, and new or expanded District 75 programming.

## DISTRICT ENROLLMENT

### UNPACKING ENROLLMENT TRENDS

- Enrollment is a key data component in the District Planning Process. Enrollment data helps us identify trends, generate hypotheses, and understand where we need to dig deeper in partnership with our stakeholders.
- Guiding Questions:
  - What has happened to district enrollment over the last six years overall? By incoming grade (i.e. K and sixth)? Are there notable trends?
  - Are students remaining in the district to attend school? If not, where are they going?

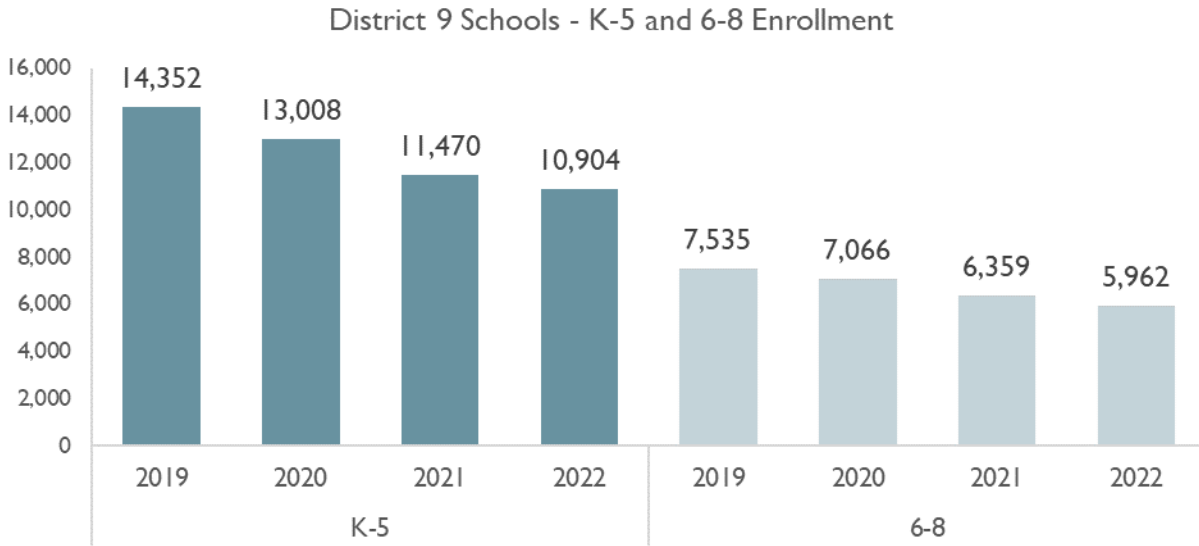

### DISTRICT 9 ENROLLMENT, 2017-18 TO 2022-23

<b>% Change YoY</b>		-3.3%	-4.8%	-6.0%	-8.7%	-4.5%		

Source: Audited Register; includes enrollment in district schools only

- Over the last five years, total enrollment in District 9 decreased by 25%.
- From the previous school year, total enrollment in District 9 decreased by 5%.
- The decrease has occurred most sharply in elementary school, where enrollment is down 34% over the past five years.

## DISTRICT SCHOOL ENROLLMENT

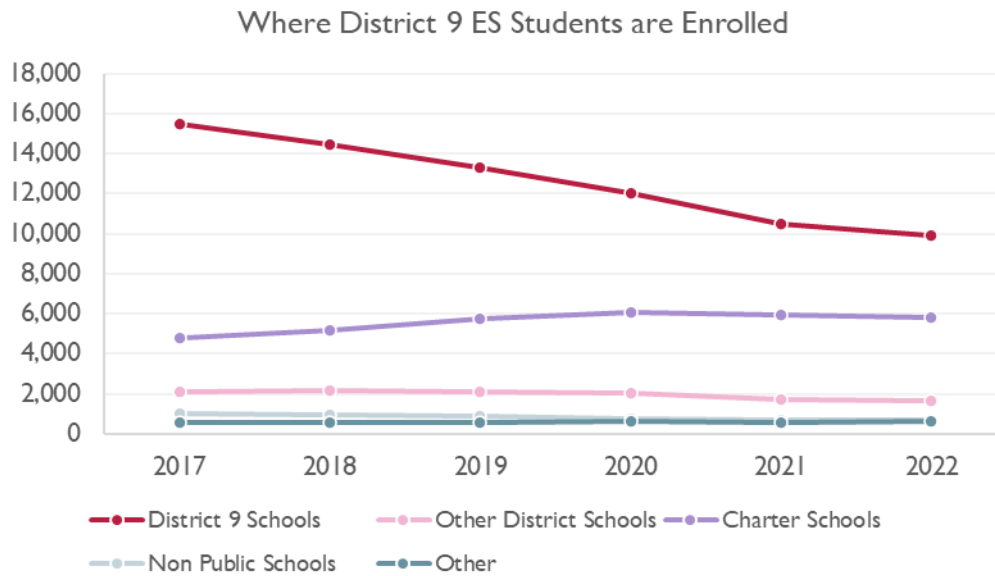

Source: Audited Register; includes enrollment in district schools only

- Since the 2019-2020 school year, district elementary school enrollment in District 9 declined by 24%.
- Since the 2019-2020 school year, district middle school enrollment in District 9 declined by 24%.
- These declines are broadly in line with the trends across the Bronx, but the declines are among the steepest in the borough.

- The share of 5<sup>th</sup> grade students leaving NYC or enrolling in non-district school options for 6<sup>th</sup> grade increased by 1 percentage point.
- Over the past four years, the number of discharges for students leaving NYC district schools in District 9 for 6<sup>th</sup> grade declined by 15%. However, the percentage remains stable.
- The number of students articulating to district schools decreased. Discharges to non-public schools and out of New York City remained stable.
- This trend is observable throughout the Bronx.

### LOW-ENROLLED SCHOOLS IN DISTRICT 9

- The table below shows the number of district/non-charter schools in the district by 2022-2023 K-12 enrollment range.

- Four elementary and ten middle schools in District 9 are in the bottom 25% of enrollment citywide.
- Enrollment at P.S. 58 and P.S. 163 declined by over 40% in the past five years. P.S. 58 had just 20 true applicants for Fall of 2023, representing 18% of students living in the zone.
- Six District 9 middle schools serve fewer than 200 students.
- I.S. 313 and I.S. 339 are co-located and share a zone. Over the past five years, their combined enrollment decreased by 60%. For Fall 2023, the schools have 39 true applicants combined, representing 6% of students living in the zone.

## HIGH DEMAND SCHOOLS IN DISTRICT 9

- The tables below include the highest demand schools at kindergarten and 6th grade in the district based on applications and applications compared to seats
- Examining high demand schools can help identify models or programs that may be serving students well and inform other changes in the district through the planning process.

### Highest Demand Schools at Kindergarten

- The most popular elementary and middle schools in District 9, Mount Eden Children's Academy and Comprehensive Model School Project M.S. 327, are co-located at the New Settlement campus.
- M.S. 327 is a secondary school, but the other high-demand middle schools serve grades 6-8.

## SEAT DEMAND

- We consider the total number of students and the total number of seats to see if there is a net surplus or deficit of seats within a district.
- Some districts, and particular areas within a district, struggle with over-utilization, while others have excess capacity.
- Guiding Questions:
  - Are there certain parts of the district with significant excess space? Areas of crowding or over-utilization?
  - How does projected enrollment compare to capacity and how do we expect that to change over time?
  - Do projections align with current, on-the-ground experience?

## DISTRICT 9 ENROLLMENT

\* Enrollment for 2017-18 through 2022-23 is based on Audited Register; enrollment for 2023-24 is based on NYCPS register estimates.

**ELEMENTARY AND MIDDLE SCHOOL SEAT NEED**

- The new buildings anticipated to be completed in the coming years allow for the opportunity to alleviate over-utilization across District 9.
- District 9 is expected to continue to have excess K-5 and 6-8 seat capacity over the next year.
- Currently, there are roughly 4,300 excess seats at the elementary school level and 3,500 excess seats at the middle school level.
- New building X468 is an opportunity to open a new school in District 9. NYCPS and CEC 9 discussed opening a new middle school in the space for 2024-2025.
- New building X496 will replace X163 and provide a new home for P.S. 163. The building is also anticipated to have significant excess capacity.

## BUILDINGS & CAPACITY

### SCHOOL & BUILDING UTILIZATION WITHIN THE DISTRICT

- The Office of District Planning works closely with the School Construction Authority (SCA) and the Office of Space Management to understand how buildings are currently used and how capacity can best be used in future years.
- Each year, the SCA publishes the Blue Book, a tool that analyzes the capacity of each NYCPS building across the City and compares the target capacity with the number of enrolled students to determine a utilization rate for the building.
- Guiding Questions:
  - Given the current and projected capacity trends presented in the preceding Demand and Capacity section, does the district have sufficient capacity to meet its needs and support its students?
  - Is over- or under-utilization concentrated at a particular grade level? In a particular area?
  - Are there under-utilized buildings with excess capacity to accommodate an additional school or program?

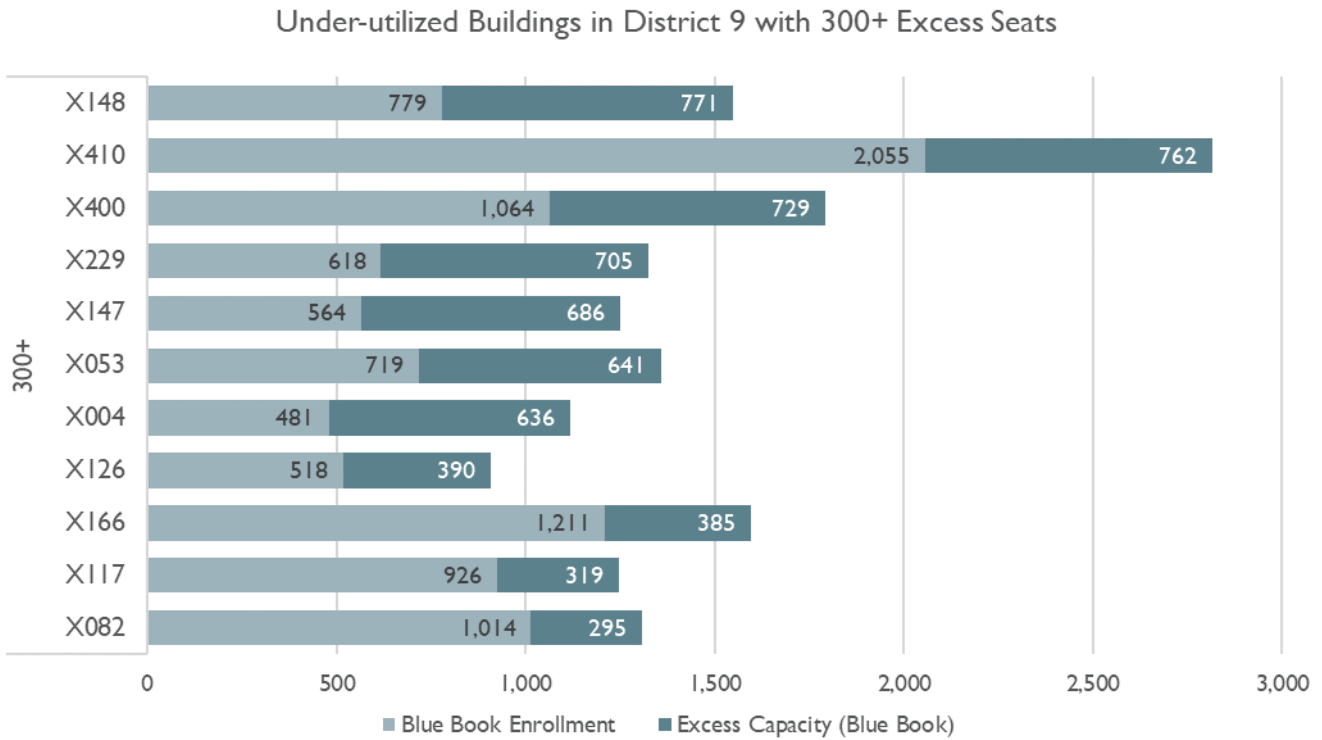

### BUILDING SUMMARY

	District 9	Bronx
<b>Count of Buildings</b>	<b>69</b>	<b>365</b>
<b>Under-Utilized Buildings</b>	<b>25</b>	<b>123</b>

TCUs with Plan for Removal	4	11
Remaining TCUs	2	4

Source: Building information from LCGMS. Building utilization categories based on the 2021-2022 Blue Book.

- There are 25 under-utilized buildings in District 9.
- There are 5 buildings over 100% utilized in District 9.

**DISTRICT 9 UNDER-UTILIZED BUILDINGS**

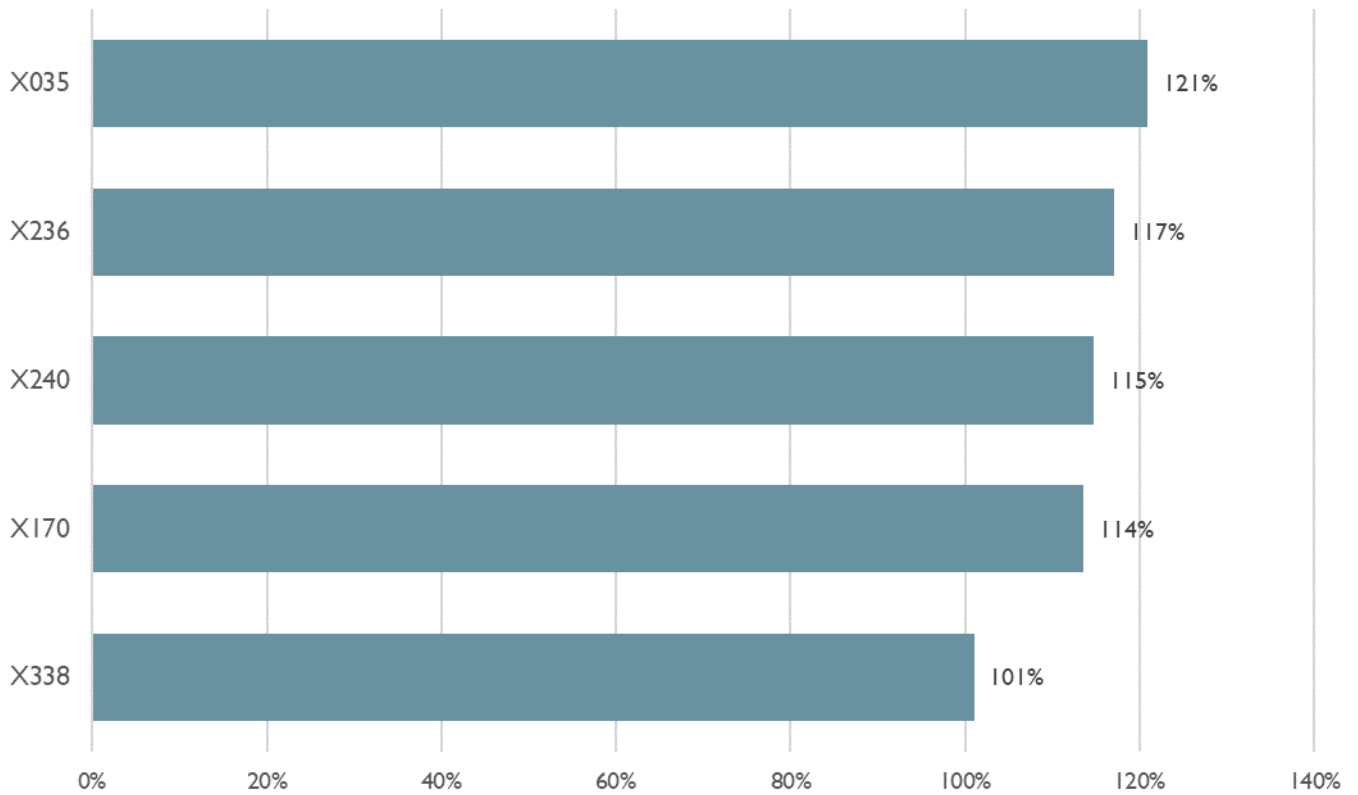

Source: Graph shows enrollment and capacity from 2021-2022 Blue Book; UU status is from the 2022-2023 UU Memo, and accounts for 2022-2023 building enrollment and planning changes implemented in 2022-2023 and after.

- Utilization rates do not always capture the full narrative of space in a building, but provide a starting point for assessing potential space availability. For example, some buildings, although under-utilized, may not have sufficient space to add another school.
- Other buildings with significant excess seats could be candidates to address pressing district needs, including housing another school or adding or expanding programs such as dual language offerings, District 75 programming, Autism Spectrum Disorder (ASD) programs, Gifted and Talented, and/or other district needs.
- Building X410, the Taft High School Campus, has 762 excess seats.
- Building X148 has over 771 excess seats, the most excess space of any building in District 9.
- Building X229, with 705 excess seats, has the most excess space of any District 9 building serving elementary and middle school grades.

### DISTRICT 9 BUILDINGS OVER 100% UTILIZATION

Buildings Over 100% Utilization in District 9

Source: 2021-2022 Blue Book

- There is one building in District 9 operating at over 120% utilization.
- The Office of District Planning seeks to work with superintendents, CECs, and partner offices to alleviate overcrowding through the leveraging of available capacity.

**TRANSPORTABLE CLASSROOM UNITS (TCUS)**

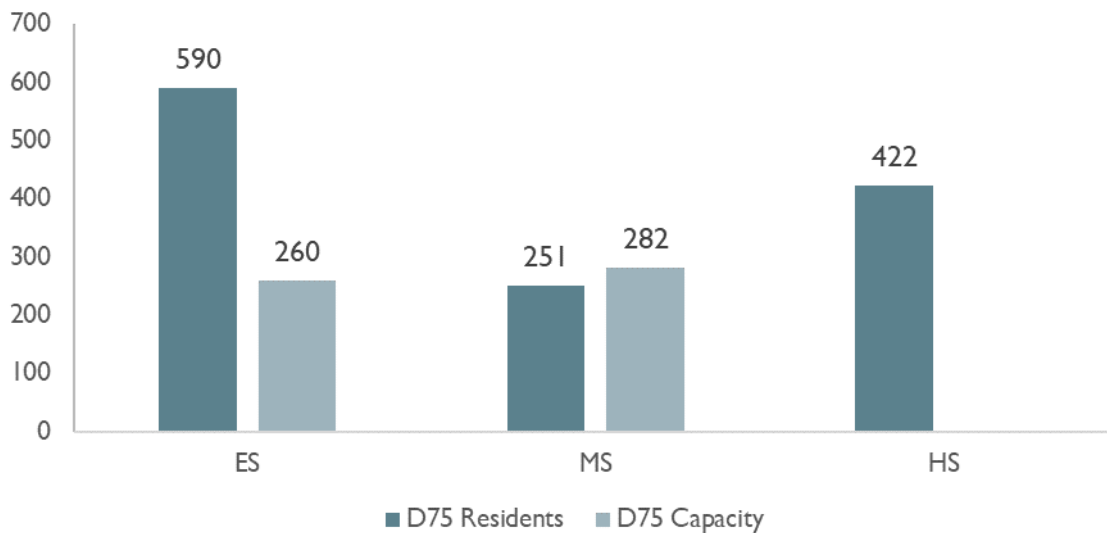

Main Bldg ID	Building	Number of TCUs	Status
X064	P.S. 64 - BRONX	2	Remaining
X400	MORRIS HS - X	4	In Process

- NYCPS is in process of removing the TCUs from X400 and plans to remove the TCUs from X064.

## DISTRICT 75

- NYCPS’s District 75 provides highly specialized instructional support for students with significant challenges, such as ASD, significant cognitive delays, emotional disturbance, sensory impairment, and multiple disabilities.
- District 75 serves students through a number of different program models designed for students of different ages and education needs.
  - Most District 75 students attend Special Class programs, which operate as distinct schools and may be located in standalone sites or co-located with district schools
  - A smaller number of students attend Inclusion Programs, in which students receive District 75 services within general education classes at a district school partner.
- Guiding Questions:
  - Does the district have a need for more District 75 seats?
  - Are there potential options for new D75 sites to provide opportunities for students to attend programs closer to their homes?

**District 9 D75 Special Class Enrollment by Year**

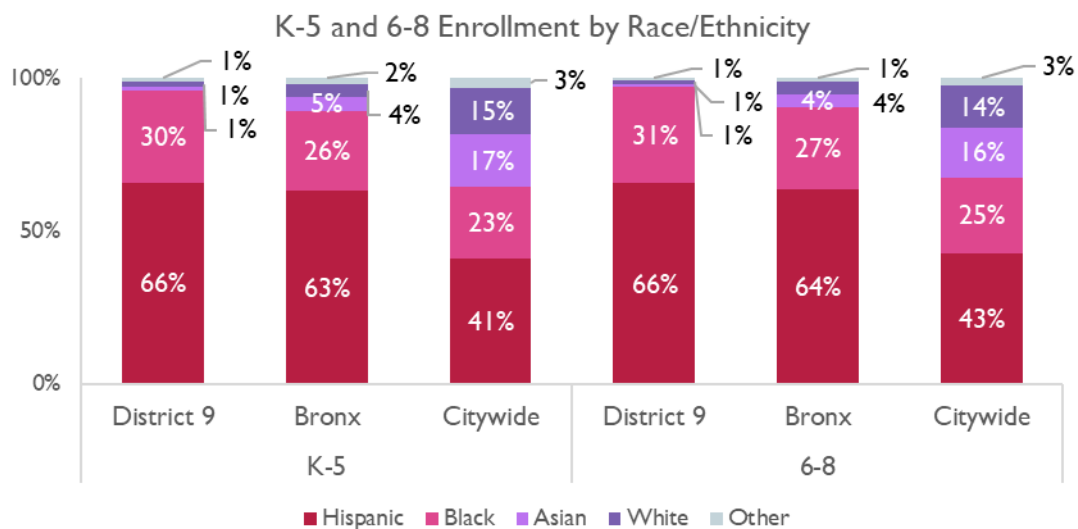

- There is a 330-seat deficit of District 75 elementary school seats in District 9.
- The number of students in District 9 who need a District 75 seat has increased at the elementary school level and decreased at the middle and high school levels over the past three years.

**DEMOGRAPHICS & STUDENT POPULATION**

**STUDENTS SERVED IN THE DISTRICT**

- Demographic data helps us understand the landscape of a district and the different communities served.
- Guiding Questions:
  - How do the demographics of the district compare to the borough? To the City?
  - Are there any notable trends in the district’s demographics?
