What Are Cookies

As is common practice with almost all websites, this site uses cookies, which are files that are downloaded to your computer to improve your experience. This page describes what information they gather, how we use it, and why we sometimes need to store these cookies. We will also share how you can prevent these cookies from being stored. However, this may downgrade or 'break' certain elements of the site's functionality.

How We Use Cookies

We use cookies for a variety of reasons detailed below. Unfortunately, in most cases, there are no industry standard options for disabling cookies without completely disabling the functionality and features they add to this site. It is recommended that you leave on all cookies if you are not sure whether you need them or not if they are used to provide a service that you use.

Disabling Cookies

You can prevent the setting of cookies by adjusting the settings on your browser (see your browser Help for how to do this). Disabling cookies will usually result in also disabling certain functionality and features of this site. Therefore it is not recommended that you disable cookies.

The Cookies We Set

Account related cookies

If you create an account with us, we will use cookies to manage the signup process and general administration. These cookies will usually be deleted when you log out; however, in some cases, they may remain afterward to remember your site preferences when logged out.

Login related cookies

We use cookies when you are logged in. This prevents you from having to log in every time you visit our website. These cookies are typically removed or cleared when you log out to ensure that you can only access restricted features and areas when logged in.

Email newsletters related cookies

This site offers newsletter or email subscription services, and cookies may be used to remember if you are already registered and show certain notifications that might only be valid to subscribed/unsubscribed users.

Orders processing related cookies

This site offers e-commerce and payment facilities and certain cookies are essential to ensure that your order is remembered between pages to process it correctly.

Survey related cookies

We offer user surveys and questionnaires to understand our user base more accurately. These surveys may use cookies to remember which participants have already taken part or to provide more accurate results after participants change pages.

Forms related cookies

When you submit data through a form such as those found on contact pages or comment forms, cookies may be set to remember your user details for future correspondence.

Third-Party Cookies

In some special cases, we also use cookies provided by trusted third-parties.

Third-party analytics are used to track and measure usage of this site to continue to produce engaging content. These cookies may track how long you spend on the site or pages you visit, which helps us understand how we can improve the site for you. From time to time, we test new features and make subtle changes to how the site is delivered.

When we are still testing new features, these cookies may be used to ensure that you receive a consistent experience while on the site while ensuring we understand which optimizations our users can benefit from the most.

We need to understand statistics about how many of the visitors to our site and avail of our services. As such, this data is tracked by cookies. This allows us to accurately make business predictions that monitor our advertising and product costs to ensure the best possible price.

The following section details which third-party cookies you might encounter through this site.

Google Analytics

This site uses Google Analytics which is one of the most widespread and trusted analytics solutions on the web to aid us in understanding how users use our website. This allows us to understand how we can improve our website to enhance user experience. These cookies may track data such as how long you spend on the site and the pages that you visit so we can continue to produce engaging content.

For more information on Google Analytics cookies, see the official Google Analytics page.

Google reCAPTCHA

This site uses Google reCAPTCHA, one of the most widespread tools that facilitate companies like ours to distinguish between human and automated access to websites. These cookies may track and collect data and information that includes how many clicks you've made on the page screen, date, your IP address, javascript objects, and more.

For more information on Google Analytics cookies, see the official Google Analytics page.
