

Thank you for support and banking with HSBC (Taiwan) Limited.

In line with HSBC Group strategy, we have been continuing deepening the investment in Taiwan and aiming for becoming a market leader in Wealth Management, with a particular focus on Asia. To provide better wealth management services, two flagship Wealth Centres will be located in Taipei Branch and Tahsin Branch by the end of Oct 2022, offering comfortable and exclusive space for our Premier Elite customers to enjoy the best wealth management experiences. Meanwhile, considering the good transport networks, the Bank will expand Hsinpan Branch resources to provide better services to meet the financial and wealth management needs of more customers in the New Taipei city.

Some re-alignment of branch network will be made as following:

1. Tunhua North Branch and Tungmen Branch will be consolidated into Taipei Branch
2. Taoyuan Branch will be consolidated into Tahsin Branch
3. Luchou Branch will be consolidated into Hsinpan Branch.

Tunhua North Branch, Tungmen Branch, Taoyuan Branch, and Luchou Branch will cease operations from 30 Nov 2022. All related general banking and wealth management services will be transferred to corresponding Branch mentioned above.
