

**Notification for the adjustment of HSBC Banking Tariff Table
– ATM Card and Visa Debit Card Oversea Withdrawals Fee (Effective August 01, 2024)**

Date: May 27, 2024

Thank you for choosing HSBC ATM card and Visa debit card service. The notice is about the fee adjustment when withdrawing funds from overseas HSBC ATMs using our bank's ATM and Visa debit cards (including ATM card, foreign currency ATM cards, Visa debit cards, and Everyday Global Visa debit cards).

Currently, when using HSBC ATM and Debit Card for overseas withdrawal at overseas HSBC ATMs, it is free of charge of operation fee for most of the circumstances, except for only HSBC ATMs in some countries/regions such as Argentina, Brazil, Malta, Mexico, New Zealand and Turkey may charge an operation fee. However, due to the HSBC US local ATM system change, starting from April 29, 2024 (inclusive), if you use our bank's debit card for overseas withdrawals at HSBC US ATMs, you may be charged the operation fee according to HSBC US local policy. This fee charge adjustment will officially take effect on August 1, 2024. The bank will waive the relevant overseas withdrawals operation fee incurred before the official effective date of fee adjustment and refund the fee in equivalent of New Taiwan Dollars to your TWD savings account by August 31, 2024. Should you have any query, please do not hesitate to contact us via our branch networks or our 24-hour Call Center at (02) 6616-6000. We apologize for the inconvenience caused.
