The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the Final Terms. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time and without prior notice by the assigning rating agency.

*This Base Prospectus, together with any supplement thereto that may be published from time to time, constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation and contains or incorporates by reference all relevant information with regard to the Issuer, the Issuer and its consolidated subsidiaries (“filiales consolidées”) taken as a whole (the **Group**) and the Notes that is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer, as well as the base Terms and Conditions of the Notes to be issued under the Programme. The terms and conditions applicable to each Tranche of Notes not contained herein will be determined by the Issuer and the relevant Dealer(s) at the time of issue and will be set out in the Final Terms.*

This Base Prospectus is to be read and construed in conjunction with all documents that are incorporated herein by reference (see “Documents Incorporated by Reference”), with any supplement thereto that may be published from time to time, and in relation to any Tranche of Notes, with the Final Terms.

Subject as provided in the Final Terms, the only persons authorised to use this Base Prospectus in connection with an offer of Notes are the persons named in the Final Terms as the Dealers and the persons named in, or identifiable pursuant to, the Final Terms as Authorised Offerors, as the case may be.

No person is or has been authorised by the Issuer to give any information nor to make any representation other than those contained, or incorporated by reference, in or consistent with this Base Prospectus in connection with the Programme or the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any of the Dealers.

No Dealer has independently verified the information contained or incorporated by reference herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme (including any information incorporated by reference herein) or the Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation or a statement of opinion (or a report on either of those things) by the Issuer or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or the Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that (i) the information contained or incorporated by reference herein concerning the Issuer or the Group is correct at any time subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or (ii) any other information supplied in connection with the Programme or the Notes is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme nor to advise any investor in the Notes of any information coming to their attention.

No investment should be made in the Notes of any Series until after careful consideration of all risk factors described under the section headed “Risk Factors” in this Base Prospectus, that are relevant in relation to the Notes of such Series. Prospective investors should reach an investment decision with respect to the suitability of the Notes of such Series for them only after careful consideration and consultation with their financial and legal advisers.

A prospective investor may not rely on the Issuer, the Arranger or the Dealer(s) or any other member of the Group in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

None of the Issuer, the Arranger, the Dealer(s), Agents or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction of, or an invitation by or on behalf of, the Issuer, the Arranger or the Dealers to subscribe for, or purchase, any Notes. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Arranger and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, unless otherwise specified in the Final Terms, no action has been taken by the Issuer, the Arranger or the Dealers that is intended to permit a public offering of any Notes outside the European Economic Area (the **EEA**) or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus comes must inform themselves of, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes (see the section headed "Subscription and Sale").

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended, (the **Securities Act**) or under any state securities laws. Accordingly, the Notes may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S (**Regulation S**) of the Securities Act, **U.S. Persons**) except pursuant to an exemption from the registration requirements of the Securities Act. The Permanently Restricted Notes (as defined below) may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. Person, and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Permanently Restricted Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S. By its purchase of a Permanently Restricted Note, each purchaser will be deemed to have agreed that it may not resell or otherwise transfer any Permanently Restricted Note held by it except outside the United States in an offshore transaction to a person that is not a U.S. Person.

Non-U.S. Registered Notes means Registered Notes and/or dematerialised French law Notes sold exclusively outside the United States in reliance on Regulation S and permanently restricted from sale, transfer or delivery in the United States or to a U.S. Person.

Permanently Restricted Notes means Non-U.S. Registered Notes and/or any other English Law Notes and/or dematerialised French Law Notes which are designated in the Final Terms to be Permanently Restricted Notes.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. Persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and the U.S. Treasury regulations promulgated thereunder.

This Base Prospectus has been prepared on the basis that, except to the extent subparagraph (ii) below may apply, any offer of Notes in any member state of the EEA will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. The requirement to publish a prospectus under the Financial Services and Markets Act 2000, as

amended (**FSMA**) only applies to Notes which are admitted to trading on a UK regulated market as defined in Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the **EUWA**) (**UK MiFIR**) and/or offered to the public in the United Kingdom other than in circumstances where an exemption is available under section 86 of the FSMA. Accordingly, any person making or intending to make an offer of Notes which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuer, the Arranger or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or Section 86 of the FSMA or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation or Article 23 of Regulation (EU) 2017/1129 of 14 June 2017 as it forms part of domestic law by virtue of the EUWA (the **UK Prospectus Regulation**), in each case, in relation to such offer, or (ii) if this Base Prospectus has been completed by Final Terms which have been duly published and which specify that offers may be made other than pursuant to Article 1(4) of the Prospectus Regulation or the UK Prospectus Regulation and such offer is made in the period beginning and ending on the dates specified for such purpose in such Final Terms, all in accordance with the Prospectus Regulation. Except to the extent subparagraph (ii) above may apply, none of the Issuer, the Arranger or any Dealer has authorised, nor do any of them authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer, the Arranger or any Dealer to publish, or supplement, a prospectus for such offer.

Enforcement and recognition of judgements issued by the courts of the United Kingdom: Investors should note that, on 31 January 2020, the United Kingdom withdrew from the European Union under the “Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community” dated 19 October 2019 (the **Withdrawal Agreement**).

Further to the Withdrawal Agreement, the provisions of Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (**Brussels I Regulation**) is no longer applicable to judgments issued by the Courts of the United Kingdom. As a consequence, persons enforcing a judgment obtained before English courts will no longer automatically be able to benefit from the recognition of such judgment in EU courts (including France) under such Regulation, subject to a new regime being agreed. Accordingly, subject to a new regime being agreed, the recognition and enforcement of final and enforceable judgments issued by the Courts of the United Kingdom would be governed by the relevant national law, save of any applicable international convention.

. The United Kingdom acceded in its own right to the Convention on Choice of Courts Agreements dated 30 June 2005 (the **Hague Convention**) on 1 January 2021. As France is already a party to the Hague Convention, in this respect, judgments handed down by the Courts of the United Kingdom should be recognized and enforced under the Hague Convention in France. However, the scope of the Hague Convention is limited to contracts containing exclusive jurisdiction clauses and there is no assurance that such judgments will be recognized on exactly the same terms and in the same conditions as under the Brussels I Regulation. As to non-exclusive or asymmetrical jurisdiction clauses, it is not entirely certain whether the provisions contained in Condition 16 of the Terms and Conditions of the English Law Notes fall within the scope of the Hague Convention.

PRIIPS/IMPORTANT – EEA RETAIL INVESTORS - If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of the following: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the **Insurance Distribution Directive**) where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation.

Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail

investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

PRIIPS/IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (**UK**). For these purposes, a retail investor means a person who is one (or more) of the following: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA.

Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET - The Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealer(s) nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealer(s) nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

SINGAPORE SFA PRODUCT CLASSIFICATION – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act (Chapter 289 of Singapore) (the **SFA**), the Issuer has determined, and hereby notifies all relevant persons (as defined in Regulation 3(b) of the Securities and Futures (Capital Markets Products) Regulations 2018 (the **SF (CMP) Regulations**) that the Notes are “prescribed capital markets products” (as defined in the SF (CMP) Regulations) and “Excluded Investment Products” (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products). This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers or the Arranger to subscribe for, or purchase, any Notes.

SWITZERLAND IMPORTANT NOTICE – The Notes described in this Base Prospectus and related offering documents do not constitute a participation in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes (**CISA**). Therefore, the Notes are not subject to authorization and supervision by the Swiss Financial Market Supervisory Authority **FINMA** (**FINMA**) and investors in the Notes issued under this Programme will not benefit from protection under the CISA or supervision by FINMA. Investors in the Notes will bear a credit risk on the Issuer of the Notes.

IMPORTANT CONSIDERATIONS

The Notes may not be a suitable investment for all investors

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Each prospective investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each prospective investor may wish to consider, either on its own or with the help of its financial and other professional advisers whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement and in the Final Terms;***
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;***
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the prospective investor's currency;***
- (iv) understands thoroughly the terms and conditions of the Notes, including the provisions relating to the subordinated ranking and to any write-down or conversion of the Notes and is familiar with the behaviour of any relevant indices and financial markets;***
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and***
- (vi) is aware, in terms of legislation or regulatory regime applicable to such investor of the applicable restrictions on its ability to invest in the Notes and in any particular type of Notes.***

Some Notes are complex financial instruments and may not be a suitable investment for all investors. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A prospective investor should not invest in Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the prospective investor's overall investment portfolio.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should consult its legal advisers to determine whether and to what extent (i) Notes constitute legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Use of Proceeds related to Positive Impact Notes

The Final Terms of the Notes may provide that the Issuer intends to apply an amount equivalent to the net proceeds of the issue to finance or refinance, in part or in full, eligible activities (such activities the **Eligible Activities**), which serve to deliver a positive contribution to one or more of the three pillars of sustainable development (economic, environmental and social), once any potential negative impacts and mitigation actions have been duly identified as defined in the sustainable and positive impact bond framework, as amended and supplemented from time to time (the **Framework**) which is available on the website of Société Générale (https://www.societegenerale.com/sites/default/files/documents/2021-11/20211104_Societe-Generale-Sustainable-and-Positive-Impact-Bond-Framework.pdf) and as specified in the Final Terms, (the **Positive Impact Notes**).

Positive Impact Notes can be either green (the **Green Positive Impact Notes**), social (the **Social Positive Impact Notes**) or sustainability (the **Sustainability Positive Impact Notes**) if an amount equivalent to the net proceeds will be applied to finance or refinance Eligible Activities in the green categories, social categories or in both categories (in case of Sustainability Positive Impact Notes) pursuant to the Framework.

Prospective investors should have regard to the information set out in the Final Terms and the Framework regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Positive Impact Notes together with any other investigation such investor deems necessary.

The definition (legal, regulatory or otherwise) of, and market consensus as to what constitutes or may be classified as, a “sustainable”, “green” or equivalently-labelled project or a loan that may finance such activity, and the requirements of any such label are currently under development. There can be no assurance by the Issuer, the Arranger or the Dealers that the use of proceeds of the Positive Impact Notes identified in the Final Terms will satisfy, whether in whole or in part, any future legislative or regulatory requirements, or any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply whether by any present or future applicable law or regulation or under its own by-laws or other governing rules or investment portfolio mandates.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any second party opinion or certification of any other third party (whether or not solicited by the Issuer) that may be made available in connection with the issue of any Positive Impact Notes and in particular with any activity to fulfill any environmental, social and/or other criteria. Currently, the providers of such second party opinions and certifications are not subject to any specific regulatory or other regime or oversight. Any such second party opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Positive Impact Notes.

The Arranger or the Dealers do not make any representation as to the suitability of the Positive Impact Notes to fulfil "positive impact" criteria required by prospective investors. The Arranger or the Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria, any verification of whether the Positive Impact Notes meet the eligibility criteria, or the monitoring of the use of proceeds. Investors should refer to Société Générale's website (<https://www.societegenerale.com/en/measuring-our-performance/investors/debt-investors>) or any third party opinion.

Potential Conflicts of Interest

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may also arise between the Calculation Agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain determinations and judgments that such

Calculation Agent may make pursuant to the Terms and Conditions of the Notes that may influence the amount receivable upon redemption of the Notes.

The Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case, the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Société Générale will act as Issuer, as Dealer, as Calculation Agent and, in respect of English Law Notes, as Rate Determination Agent, under the Programme. As a result, potential conflicts of interest may arise between the Dealer, the Calculation Agent, the Issuer and, in respect of English Law Notes, the Rate Determination Agent, including with respect to Société Générale's duties and obligations as Dealer, as Calculation Agent and, in respect of English Law Notes, as Rate Determination Agent. Such potential conflicts of interests are mitigated using different management teams and information barriers within Société Générale but the possibility of conflicts of interest arising cannot be completely eliminated.

Differences between the Notes and the bank's covered deposits in terms of yield, risk and liquidity - Prior to acquiring any Notes, investors should note that there are a number of key differences between the Notes and bank deposits, including without limitations:

- (i) claims in relation to the payment of principal and interest under the Notes rank below claims under the so-called "covered deposits" (being deposits below the €100,000 threshold benefiting from the protection of the deposit guarantee scheme in accordance with Directive 2014/49/EU of the European Parliament and of the Council of 16 April 2014);
- (ii) generally, demand deposits will be more liquid than financial instruments such as the Notes; and
- (iii) generally, the Notes will benefit from a higher yield than a covered deposit denominated in the same currency and having the same maturity. The higher yield usually results from the higher risk associated with the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions, including the Issuer's jurisdiction of incorporation, which may have an impact on the income received from the Notes. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Prospective investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the prospective investor.

In addition, as a financial institution, the Issuer is, in certain circumstances, able to pass on any tax liabilities to holders of the Notes and therefore this may result in investors receiving less than expected in respect of the Notes. The Foreign Account Tax Compliance Act (**FATCA**) withholding could be payable in relation to relevant transactions by investors in respect of the Notes if conditions for a charge to arise are satisfied. Investors should consult their own tax adviser to obtain a detailed explanation of FATCA and how FATCA may affect them, including in relation to a possible FATCA withholding risk in light of other investments available at that time.

The Issuer believes that the factors described below and incorporated by reference herein represent the principal risks inherent in investing in Notes issued under the Programme. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including in all documents incorporated by reference herein) and reach their own views as to potential risks prior to making any investment decision.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings when used in this section.

I. RISKS RELATING TO THE ISSUER AND THE GROUP

The Risk Factors relating to the Issuer and the Group are incorporated by reference in this Base Prospectus (see section “Documents Incorporated by Reference”). The following categories of risk factors are identified:

- The global economic and financial context, as well as the context of the markets in which the Group operates, may adversely affect the Group's activities, financial position and results of operations.
- The Group's failure to achieve its strategic plan and financial objectives disclosed to the market could have an adverse effect on its business, results of operations and value of its financial instruments.
- The Group is subject to regulatory frameworks in each of the countries in which it operates and changes to these regulatory frameworks could have a negative effect on the Group's businesses, financial position, costs, as well as on the financial and economic environment in which it operates.

- Increased competition from banking and non-banking operators could have an adverse effect on the Group's business and results, both in its French domestic market and internationally.

- Environmental, social and governance (ESG) risks, in particular related to climate change, could have an impact on the Group's activities, results and financial situation in the short-, medium- and long-term.

2. Credit and counterparty credit risks

- The Group is exposed to credit, counterparty and concentration risks, which may have a material adverse effect on the Group's business, results of operations and financial position.
- The financial soundness and conduct of other financial institutions and market participants could adversely affect the Group.
- The Group's results of operations and financial position could be adversely affected by a late or insufficient provisioning of credit exposures.

3. Market and structural risks

- Changes and volatility in the financial markets may have a material adverse effect on the Group's business and the results of market activities.
- Changes in interest rates may adversely affect retail banking activities.
- Fluctuations in exchange rates could adversely affect the Group's results.

4. Operational risks (including risk of inappropriate conduct) and model risks

- The Group may incur losses as a result of unforeseen or catastrophic events, including health crises, terrorist attacks or natural disasters.

5. Liquidity and funding risks

- The Group's access to financing and the cost of this financing could be negatively affected in the event of a resurgence of financial crises or deteriorating economic conditions.

- A downgrade in the Group's external rating or to the sovereign rating of the French state could have an adverse effect on the Group's cost of financing and its access to liquidity.

6. Risks related to insurance activities

- A deterioration in market conditions, and in particular a significant increase or decrease in interest rates, could have a material adverse effect on the life insurance activities of the Group's Insurance business.

II. RISKS RELATING TO THE NOTES

The following does not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with and the suitability of an investment in the Notes in light of their particular circumstances. The following categories of risk factors are identified:

1. Risks for the Noteholders as creditors of the Issuer

1.1 ***The principal amount of the Notes may be reduced to absorb losses, and in case of a resolution procedure, the Notes may be written down or converted to equity or other resolution measures may be required by applicable French and European legislation***

If the Issuer is subject to resolution, the powers provided to the Resolution Authority in the BRRD and the SRM Regulation (each, as defined in Condition 18 of the English Law Conditions or Condition 16 of the French Law Conditions (*Acknowledgement of Bail-In and Write-Down or Conversion Powers*)) include write-down/conversion powers to ensure that capital instruments (including subordinated debt instruments such as Tier 2 Capital Subordinated Notes) and bail-inable liabilities (including senior debt instruments, such as the Senior Non-Preferred Notes and the Senior Preferred Notes, if capital instruments (such as Tier 2 Capital Subordinated Notes) prove insufficient to absorb all losses) absorb losses of the Issuer in accordance with a set order of priority (the **Bail-in Power**). Subject to certain exceptions, such Bail-in Power is to be implemented, so that losses are borne first by shareholders, then by holders of capital instruments (including subordinated debt instruments such as Tier 2 Capital Subordinated Notes), then by holders of subordinated debt instruments (such as Disqualified Capital Notes), then by holders of senior non-preferred debt instruments (such as Senior Non-Preferred Notes) and finally by holders of senior preferred debt instruments (such as Senior Preferred Notes), all in accordance with the order of their claims in normal insolvency proceedings. The Resolution Authority could also, independently of a resolution measure or in combination with a resolution measure, fully or partially write down or convert capital instruments (including subordinated debt instruments such as the Tier 2 Capital Subordinated Notes) into ordinary shares or other instruments of ownership, if certain conditions are met. Condition 18 of the English Law Conditions or Condition 16 of the French Law Conditions (*Acknowledgement of Bail-In and Write-Down or Conversion Powers*) contain provisions giving effect to the Bail-in Power in the context of resolution and write-down or conversion of capital instruments at the point of non-viability.

The Bail-in Power could result in the full (*i.e.*, to zero) or partial write-down or conversion into ordinary shares or other instruments of ownership of the Notes, or, to the extent permitted by applicable law, the variation of the terms of the Notes (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). The exercise of any of these powers may adversely affect the rights of Noteholders and Noteholders may lose all or some of their investment in the Notes.

In addition, the Issuer has to meet, at all times, a minimum requirement for own funds and eligible liabilities (**MREL**), as well as the standard on total loss absorbing capacity (**TLAC**), which is set forth in a term sheet (the **FSB TLAC Term Sheet**) published by the Financial Stability Board (the **FSB**). The Capital Requirements Regulation II and the BRRD II give effect to the FSB TLAC Term Sheet and

modify the requirements for MREL eligibility. At the date of this Base Prospectus, the Issuer is above its MREL or TLAC Requirements.

Any failure by the Issuer and/or the Group to comply with its MREL or TLAC Requirements may have a material adverse effect on the Issuer's or the Group's business, financial conditions and results of operations and could result, among other things, in the imposition of restrictions on payments by the Issuer. In addition, the application of any measure under the BRRD and BRRD II French implementing provisions or any suggestion of such application with respect to the Issuer or the Group could, with respect to capital instruments such as the Tier 2 Capital Subordinated Notes, materially adversely affect the rights of Noteholders, the price or value of an investment in the Notes and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result, investors may lose their entire investment.

Moreover, if the Issuer's financial condition deteriorates, the existence of the Bail-in Power or the exercise of write-down/conversion powers or any other resolution tools by the Resolution Authority independently of a resolution measure or in combination with a resolution measure when it determines that the institution or its group will no longer be viable could cause the market price or value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Therefore, the application of any measure under the BRRD and BRRD II French implementing provisions or any suggestion of such application to the Issuer or the Group could materially and adversely affect the rights of investors and/or the price or value of their investment in any Notes (including Positive Impact Notes) and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result investors may lose their entire investment.

For more details, see section "Governmental Supervision and Regulation of the Issuer".

1.2 Noteholders' returns may be limited or delayed by the insolvency of the Issuer

The Issuer, being a credit institution having its registered office in France, may be subject to French insolvency law.

If the Issuer were to become insolvent, Noteholders' returns could be limited or delayed. Application of French insolvency law could affect the Issuer's ability to make payments on the Notes (such as interest and/or principal) and French insolvency laws may not be as favourable to Noteholders as the insolvency laws of other countries.

Under French insolvency law, as amended by the newly enacted ordinance No 2021-1193 dated 15 September 2021 implementing EU directive 2019/1023 of the European Parliament and the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (the "**Ordinance**"), in the event of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) with a view to restructuring the Issuer's indebtedness being opened in France with respect to the Issuer, the Noteholders shall be treated as affected parties to the extent their rights are impacted by the draft plan and assigned to a class of affected parties.

The draft safeguard plan prepared by the relevant debtor, with the assistance of the court-appointed administrator, is submitted to the vote (at a two-third majority in value) of the classes of affected parties. Such affected parties cannot propose their own competing plan in safeguard procedures (as opposed to judicial reorganisation proceedings).

If the draft plan has not been approved by all classes of affected parties, such plan may (at the request of the debtor or of the court-appointed administrator, subject to the relevant debtor's approval (or at the request of an affected party in the context of judicial reorganisation proceedings)) be imposed on the dissenting class(es) of affected parties subject to the satisfaction of certain statutory conditions.

As a consequence, the dissenting vote of the Noteholders within their class of affected parties may be overridden.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders as further described in Condition 12 (*Meeting and voting provisions*) of the French Law Conditions will not be applicable to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

The ACPR must approve in advance the opening of any safeguard, judicial reorganization or winding-up procedures.

The commencement of insolvency proceedings could have an adverse impact on the market value of the Notes and Noteholders may lose all or part of their investment.

See also - “*Governmental Supervision and Regulation of the Issuer*”.

1.3 No right of set-off under the Notes

Pursuant to Condition 19 of the English Law Conditions and 17 of the French Law Conditions (*Waiver of set-off*), the Noteholders waive any and all rights of or claims of set-off, netting, compensation, retention and counterclaim (a “**claim**”) (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to the Notes) in relation to the Notes, to the extent permitted by applicable law. As a result, the Noteholders will not at any time be entitled to set-off the Issuer’s obligations under the Notes against obligations owed by them to the Issuer. Therefore, Noteholders may not receive any amount in respect of their claims or any amount due under the Notes.

2. Risks related to the market of the Notes and credit ratings

2.1 Market value of the Notes

The market value of the Notes will be affected by the Issuer’s creditworthiness, credit ratings and/or cost of borrowing and a number of additional factors, including the market interest and yield rates and the time remaining to the Maturity Date. The value of the Notes depends on several interrelated factors, including economic, financial, regulatory, social, health and political events in France and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder may sell the Notes prior to its Maturity Date may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. Therefore, Noteholders may lose all or part of their investment in the Notes.

2.2 It is uncertain whether a trading market will develop or continue or that it will be liquid

Notes may have no established trading market when issued, and an active trading market may not develop in the future. If a market does develop, it may not be very liquid. The liquidity and the market prices for the Notes can be expected to vary with changes in market and economic conditions, the Issuer’s financial condition and prospects and other factors that generally influence the market prices of securities. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of Notes.

If the Final Terms provide that application is made for a Series of Notes issued under the Programme to be listed and admitted to trading on any regulated market and/or on any stock exchange, this application may not be accepted, and such Series of Notes may not be admitted to trading or an active trading market in respect of such Series may not develop or, once accepted and/or admitted, such admission and/or listing will not be suspended or terminated during the life of the Notes of such Series. Such situation could materially affect the market value of the Notes.

2.3 Reinvestment risks

If redemption at the option of the Issuer is specified in the relevant Final Terms, the Issuer may redeem Notes pursuant to Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions at its option when its cost of borrowing is lower than the interest rate on the Notes. In addition, the Notes may be redeemed prior to their Maturity Date, following the occurrence of a Tax Event, a Capital Event, a MREL or TLAC Disqualification, or an Event of Default. At those times, an investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate in light of other investments available at that time. Such situation could also impact the market value of the Notes.

In addition, if the Terms and Conditions of the Notes (pursuant to Condition 4 of the English Law Conditions or Condition 3 of the French Law Conditions (*Interest*)) provide for frequent interest payment dates investors are exposed to reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

2.4 Credit ratings may not reflect all risks and may be lowered, suspended, withdrawn or not maintained

At the date of this Base Prospectus, Société Générale's long-term issuer ratings are A- by Fitch, A1 by Moody's and A by S&P.

One or more independent credit rating agencies may assign credit ratings to the Notes, as described in section "*General Description of the Programme*". Such ratings may be different from the ratings assigned to the Issuer by the respective rating agencies. There is no guarantee that any rating of the Notes and/or the Issuer will be maintained by the Issuer following the date of this Base Prospectus.

If any rating assigned to the Notes and/or the Issuer is revised, lowered, suspended, withdrawn or not maintained by the Issuer, this may adversely affect the market value of the Notes. Further, rating agencies may assign unsolicited ratings to the Notes. If unsolicited ratings are assigned, such ratings could differ from, or be lower than, the ratings sought by the Issuer.

2.5 Changes in exchange rate and exchange controls could result in a substantial loss

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal as measured in the Investor's Currency.

3. Risks related to the structure and features of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for prospective investors depending on the specific structure and features of such Notes.

3.1 Risks related to the status of a particular issue of Notes

3.1.1 The Issuer is not prohibited from issuing further debt, which may rank pari passu with Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, or senior to Senior Non-Preferred Notes or Subordinated Notes

There is no restriction on the amount of debt that the Issuer may issue that ranks senior to the Senior Non-Preferred Notes or the Subordinated Notes or on the amount of securities that it may issue that rank *pari passu* with the Senior Preferred Notes, the Senior Non-Preferred Notes or the Subordinated Notes and the aggregate amount due under such outstanding debt may be substantial. The Issuer's incurrence of additional debt may have important consequences for investors in the Notes, including increasing the risk of the Issuer's inability to satisfy its obligations with respect to the Notes; a loss in the market value of the Notes, if any; and a downgrading or withdrawal of the credit rating(s) of the Notes (if any). The issue of any such debt or securities may reduce the amount recoverable by investors upon the Issuer's resolution or liquidation. If the Issuer's financial condition were to deteriorate, the Noteholders could suffer direct and materially adverse consequences, including suspension of interest and reduction of interest and principal and, if the Issuer were liquidated (whether voluntarily or involuntarily) or become subject to any resolution procedure, the Noteholders could suffer loss of their entire investment.

3.1.2 Absence of events of default in respect of all Notes or, if so specified in the Final Terms in respect of Senior Preferred Notes only, limited events of default; no cross default under the Notes

In accordance with Condition 9 of the English Law Notes or Condition 8 of the French Law Notes (*Events of Default*), the Notes do not contain any events of default unless, in respect of Senior Preferred Notes only, specified as applicable in the Final Terms. Noteholders will not be able to accelerate the maturity of such Notes. Accordingly, if the Issuer fails to meet any obligations under such Notes, investors will not have the right of acceleration of principal.

If the Final Terms provide that Senior Preferred Notes will contain events of default, a holder of any such Senior Preferred Note may only give notice that such Senior Preferred Note is immediately due and repayable in a limited number of events. Such events of default do not include, for example, a cross-default of the Issuer's other debt obligations. Upon a payment default, the sole remedy available to Noteholders and, where applicable, Couponholders for recovery of amounts owing in respect of any payment of principal or interest on such Notes will be the institution of judicial proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. Therefore, the liquidity and market value of the Notes may be adversely affected and investors who sell Notes on the secondary market could lose all or part of their investment.

3.1.3 Subordinated Notes constitute subordinated obligations ranking junior to Senior Notes

The Issuer's obligations under the Subordinated Notes including, where applicable any related Coupons, are unsecured and subordinated and will rank junior in priority of payment to other creditors (including depositors) of the Issuer, as more fully described herein and in Condition 3 of the English Law Conditions and Condition 2 of the French Law Conditions (*Status of the Notes*). Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce* and Article L.613-30-3, I, 5° of the French *Code monétaire et financier* with the intention to be recognized as Tier 2 Capital Instruments of the Issuer on the Issue Date.

The Subordinated Noteholders and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer. Subordinated Noteholders face an increased risk compared to holders of Senior Notes. There is a substantial risk that investors in Subordinated Notes will lose all or some of their investment should the Issuer become subject to any resolution procedure or insolvent.

Any obligations resulting from the Notes would only be satisfied if and to the extent any obligations with a higher priority ranking than the Notes have been satisfied in full. If such obligations with a higher priority ranking than the Notes have not been satisfied in full, the Noteholders could suffer the loss of their entire investment. For more details see also “*Subordinated Notes may change rank depending on their recognition as Own Funds of the Issuer, without Noteholder consent*”.

3.1.4 *Senior Non-Preferred Notes constitute obligations ranking junior to Senior Preferred Notes*

Senior Non-Preferred Notes including, where applicable, any related Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior non-preferred obligations (as provided for in Article L. 613-30-3-I-4° of the French *Code monétaire et financier*) and therefore will rank junior in priority of payment to the senior preferred obligations of the Issuer (including Senior Preferred Notes), as further described in Condition 3 of the English Law Conditions or Condition 2 of the French Law Conditions (*Status of the Notes*).

In the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes including, where applicable any related Coupons, shall be subordinated to the payment in full of all present or future senior preferred holders of, or creditors in respect of, senior preferred obligations (within the meaning of Article L. 613-30-3-I-3° of the French *Code monétaire et financier*) expressed by their terms to rank in priority to the Senior Non-Preferred Notes (collectively, **Senior Preferred Creditors**).

In the event of incomplete payment of Senior Preferred Creditors, the obligations of the Issuer in connection with the Senior Non-Preferred Notes and, where applicable, any related Coupons will be terminated. The holders of Senior Non-Preferred Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

Subject to such payment in full, holders of Senior Non-Preferred Notes and, where applicable, any related Coupons shall be paid in priority to any subordinated obligations of the Issuer and any obligations ranking junior to subordinated obligations.

Senior Non-Preferred Noteholders face an increased risk compared to holders of Senior Preferred Notes. There is a substantial risk that investors in Senior Non-Preferred Notes will lose all or some of their investment should the Issuer become subject to any resolution procedure or insolvent.

3.1.5 *The obligation of the Issuer to pay additional amounts in respect of any withholding or deduction of taxes is limited to payments of interest under Senior Non-Preferred Notes and Subordinated Notes*

The obligation of the Issuer to pay additional amounts in respect of any withholding or deduction of taxes imposed under French laws applies only to payments of interest and not to payments of principal due under the Senior Non-Preferred Notes and the Subordinated Notes. As such, the Issuer is not required to pay any additional amounts under Condition 7 of the English Law Conditions or Condition 6 of the French Law Conditions (*Taxation*) to the extent any withholding or deduction applies to payments of principal under the Senior Non-Preferred Notes and the Subordinated Notes. Accordingly, if any such withholding or deduction were to apply to any payments of principal under the Senior Non-Preferred Notes or the Subordinated Notes, Senior Non-Preferred Noteholders may receive less than the full amount due under the Senior Non-Preferred Notes and Subordinated Noteholders may receive less than the full amount due under the Subordinated Notes.

3.1.6 *Subordinated Notes may change rank automatically depending on their recognition as Own Funds of the Issuer, without Noteholder consent*

Article 48(7) of BRRD, as amended by BRRD II provides that Member States shall ensure that all claims resulting from own funds instruments, as defined by the Capital Requirements Regulation (hereafter the **Own Funds**) (such as Tier 2 Capital Subordinated Notes and Additional Tier 1 Capital Instruments

of the Issuer) have, in normal insolvency proceedings, a lower priority ranking than any claim that does not result from Own Funds. Member States of the EEA had to implement into national law and apply these new rules no later than 28 December 2020.

Consequently, upon entry into force of Ordinance n°2020-1636 dated 21 December 2020 implementing this new rule in French law in Article L. 613-30-3-I of the French *Code monétaire et financier*, the liabilities resulting from Own Funds that are fully disqualified as such shall have a higher priority ranking than any liabilities resulting from Own Funds.

Therefore, as long as Subordinated Notes are recognized as Tier 2 Capital Instruments, they will rank as Tier 2 Capital Subordinated Notes, and, if they become Disqualified Capital Instruments, they will automatically rank as Disqualified Capital Notes, as provided in Condition 3 of the English Law Conditions and Condition 2 of the French Law Conditions (*Status of the Notes*), without any action from the Issuer and without any requirement for the consent or approval of the holders of the Subordinated Notes or of any other Notes.

For the avoidance of doubt, all subordinated notes or deeply subordinated notes issued by the Issuer prior to the date of entry into force of Ordinance n°2020-1636 dated 21 December 2020 that are, or have been, fully or partially recognized as Own Funds of the Issuer, rank and as long as they are outstanding will rank as Tier 2 Capital Instruments or Additional Tier 1 Capital Instruments of the Issuer as the case may be, in accordance with their contractual terms.

As a result, should they become Disqualified Capital Instruments, obligations with a higher priority ranking than the Tier 2 Capital Subordinated Notes may, in the future, include obligations that would have ranked junior to (such as Additional Tier 1 Capital Instruments of the Issuer), or *pari passu* with (such as Tier 2 Capital Instruments of the Issuer), the Tier 2 Capital Subordinated Notes.

Subject to such payment in full, holders of Disqualified Capital Notes and, where applicable, any related Coupons shall be paid in priority to any Tier 2 Capital Subordinated Notes of the Issuer and any obligations ranking junior to Tier 2 Capital Subordinated Notes such as Additional Tier 1 Capital Instruments of the Issuer.

In the event of incomplete payment of Senior Non-Preferred Notes, the obligations of the Issuer in connection with the Disqualified Capital Notes and Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons will be terminated. The holders of Subordinated Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer. See also - "Governmental Supervision and Regulation of the Issuer".

3.1.7 *The use of proceeds of the Notes identified as Positive Impact Notes in the Final Terms may not be suitable for the investment criteria of an investor*

The Final Terms of the Notes (the **Positive Impact Notes**) may provide that the Issuer intends to apply an amount equivalent to the net proceeds of the issue to finance or refinance (via direct expenditures, via direct investments or via loans), in part or in full, eligible activities (such activities the **Eligible Activities**), which serves to deliver a positive contribution to one or more of the three pillars of sustainable development (economic, environmental and social), once any potential negative impacts and mitigation actions have been duly identified as defined in the sustainable and positive impact bond framework, as amended and supplemented from time to time (the **Framework**) which is available on the website of Société Générale: (https://www.societegenerale.com/sites/default/files/documents/2021-11/20211104_Societe-Generale-Sustainable-and-Positive-Impact-Bond-Framework.pdf) and as specified in the Final Terms.

At the date of this Base Prospectus, the Framework *inter alia* (i) complies with the Green Bond Principles, Social Bond Principles and Sustainability Bond Guidelines published by the International Capital Markets Association, and (ii) aligns with the Principles for Positive Impact Finance published by the United Nations Environment Programme - Finance Initiative. It being specified that (i) such definition

and guidelines may evolve from time to time and/or (ii) the Issuer may decide to depart from such definition and guidelines, in which cases such information will be specified in the Framework.

The definition (legal, regulatory or otherwise) of, and market consensus as to what constitutes or may be classified as, a “green” or equivalently-labelled project or a loan that may finance such activity, and the requirements of any such label are currently under development. On 18 June 2020, Regulation (EU) No. 2020/852 on the establishment of a framework to facilitate sustainable investment was adopted by the Council and the European Parliament (the **Taxonomy Regulation**). The Taxonomy Regulation establishes a single EU-wide classification system, or “taxonomy”, which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable. A delegated act containing the screening technical standards has been adopted on 6 July 2021. Further development of the EU taxonomy will take place via a new Platform on Sustainable Finance, which is expected to be operating in the next months.

There is currently no market consensus on what precise attributes are required for a particular project to be defined as “sustainable”.

While it is the intention of the Issuer to apply an amount equivalent to the net proceeds of any Positive Impact Notes in, or substantially in, the manner described in the Final Terms and the Framework, the relevant Eligible Activity or the application of the net proceeds of the Positive Impact Notes in connection therewith (as described in section “*Use of Proceeds*” of the relevant Final Terms), might not be implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such net proceeds will be totally or partially disbursed for such Eligible Activity. Nor can it be certain that such Eligible Activity will be completed within any specified period or at all or with the results or outcome (whether or not related to the “sustainable and positive impact” aspect) originally expected or anticipated by the Issuer. Any such event or failure by the Issuer to apply the net proceeds to any issue of Positive Impact Notes for any Eligible Activity or to obtain and publish any reports, assessments, second party opinions and certifications or the fact that the maturity of an Eligible Activity may not match the minimum duration of any Positive Impact Notes will not (i) constitute an Event of Default or (ii) give a right to the Noteholders to request the early redemption, acceleration of the Positive Impact Notes held by it or give rise to any other claim or right or (iii) lead to an obligation of the Issuer to redeem the Positive Impact Notes or be a relevant factor for the Issuer in determining whether or not to exercise any optional redemption rights in respect of any Notes and (iv) will not have any impact on the regulatory classification of the Notes under the Relevant Rules and/or MREL or TLAC Requirements. For the avoidance of doubt, payments of principal and interest (as the case may be) on the relevant Positive Impact Notes shall not depend on the performance of the relevant project nor have any preferred right against such assets.

Any such event or failure to apply all or part of the net proceeds of any issue of Positive Impact Notes for any Eligible Activity as aforesaid and/or withdrawal of any second party opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such second party opinion or certification is opining or certifying on may have an adverse effect on the value of such Positive Impact Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose and as a result, would have to dispose of the Positive Impact Notes at their prevailing market value. For the avoidance of doubt, it is however specified that payments of principal and interest (as the case may be) on the Positive Impact Notes shall not depend on the performance of the relevant Eligible Activities.

3.1.8 *Notes identified as Positive Impact Notes in the Final Terms remain subject to bail-in and other regulatory requirements*

Notes constituting Tier 2 Capital Instruments or eligible liabilities under MREL or TLAC Requirements may also be Positive Impact Notes. Positive Impact Notes will be subject to the Bail-in Tool and to write down and conversion powers, and in general to the powers that may be exercised by the Relevant

Regulator and/or Relevant Resolution Authority, to the same extent as any other Note having the same ranking which is not a Positive Impact Note.

Likewise, Positive Impact Notes, as any other Notes, will be fully subject to the application of MREL or TLAC Requirements and, as such, proceeds from Positive Impact Notes qualifying as own funds or eligible liabilities should cover all losses in the balance sheet of the Issuer regardless of their “green”, “social” or “sustainable” label. Additionally, their labelling as Green Positive Impact Notes, Social Positive Impact Notes or Sustainability Positive Impact Notes (i) will not affect, as the case may be, the regulatory treatment of such Notes as Tier 2 Capital Instruments or eligible liabilities for the purposes of MREL or TLAC Requirements, if such Notes are also Subordinated Notes, Senior Non-Preferred Notes or Senior Preferred Notes and (ii) will not have any impact on their status as indicated in the Terms and Conditions of the Notes.

3.2 Risks related to early redemption of the Notes

3.2.1 Risks relating to Notes subject to optional redemption by the Issuer

In certain circumstances or, if so specified in the Final Terms, Notes may be redeemed at the option of the Issuer, as described hereafter:

- 1) The Issuer may, at its option, redeem the Notes, upon the occurrence of certain events and subject to certain conditions (as further described in Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions), including, but not limited to, a Tax Event, a Capital Event, and/or a MREL or TLAC Disqualification Event, as the case may be.
- 2) If so specified in the Final Terms, the Issuer may, at its option, redeem in whole or in part the Notes prior to their Maturity Date through the exercise of the Redemption at the Option of the Issuer, and with respect to Senior Preferred Notes, the Make-Whole Redemption Option, the Residual Maturity Redemption Option or the Clean-up Redemption Option (as further described in Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions).

Any optional redemption by the Issuer applicable to the Notes is likely to limit their market value. During any period when the Issuer may elect or is perceived to be able to redeem Notes, the market value of those Notes generally will not rise above the price at which they can be redeemed. This also may be true prior to any redemption period. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes and may only be able to do so at a lower rate. This could have a material adverse effect and Noteholders could lose all or part of their investment in the Notes.

3.2.2 There is a significant degree of regulatory uncertainty regarding the potential occurrence of a MREL or TLAC Disqualification Event

A MREL or TLAC Disqualification Event will apply (i) in respect of Senior Non-Preferred Notes, (ii) in respect of Senior Preferred Notes (unless specified as not applicable in the Final Terms) and, (iii) in respect of Subordinated Notes (if specified as applicable in the Final Terms), as further described in Condition 6(d) of the English Law Conditions or Condition 5(d) of the French Law Conditions (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*).

The Capital Requirements Regulation II and the BRRD II give effect to the FSB TLAC Term Sheet and modify the requirements for MREL eligibility. Whilst there are a number of similarities between the MREL requirements and the FSB’s final principles regarding TLAC, there are certain differences. The Issuer is currently unable to predict whether all or part of the Notes may cease to comply with the minimum requirements for own funds and eligible liabilities and/or total loss absorbing capacity requirements applicable to the Issuer and/or the Group and thus be excluded fully or partially from the MREL or TLAC Requirements. The non-compliance with the MREL or TLAC Requirements could result in the

occurrence of a MREL or TLAC Disqualification Event. The occurrence of such MREL or TLAC Disqualification Event may have a material adverse effect on the value of the Notes and Noteholders may receive less than the full amount due under the Notes.

3.2.3 The Issuer is not required to redeem the Notes in case of a Special Tax Event

There is uncertainty as to whether gross-up obligations in general, including those under the Terms and Conditions of the Notes, are legal under French law. If any payment obligation under the Notes, including any obligation to pay additional amounts under Condition 7 of the English Law Conditions or Condition 6 of the French Law Conditions (*Taxation*), are held illegal under French law, the Issuer will have the right, but not the obligation, to redeem the Notes upon the occurrence of a Special Tax Event as described in Condition 6(b)(i) of the English Law Conditions or Condition 5(b)(i) of the French Law Conditions (*Redemption upon the occurrence of a Withholding Tax Event or a Special Tax Event*). Accordingly, if the Issuer does not redeem the Notes, Noteholders may receive less than the full amount due under the Notes, and the market value of the Notes will be adversely affected.

3.2.4 Redemption prior to Maturity Date of Senior Preferred Notes intended to qualify as eligible liabilities of the Issuer and Senior Non-Preferred Notes is subject to the prior permission of the Relevant Resolution Authority

Upon the occurrence of certain events described in Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions, including, but not limited to, a Withholding Tax Event, a Special Tax Event, a Tax Deductibility Event, a MREL or TLAC Disqualification Event (unless, with respect to Senior Preferred Notes, specified as not applicable in the Final Terms) or a Redemption at the Option of the Issuer (if so specified as applicable in the Final Terms), the Issuer may, subject to the prior permission of the Relevant Resolution Authority, redeem the Senior Preferred Notes intended to qualify as eligible liabilities of the Issuer or the Senior Non-Preferred Notes before their Maturity Date, at their Early Redemption Amount or Optional Redemption Amount, as the case may be, together with accrued interest.

The early redemption of the relevant Senior Preferred Notes or the Senior Non-Preferred Notes may not occur if the Relevant Resolution Authority refuses to give its permission, and if so, the market value of the relevant Senior Preferred Notes or the Senior Non-Preferred Notes may be affected negatively, and investors may incur losses in respect of their investments in the relevant Senior Preferred Notes or the Senior Non-Preferred Notes.

3.2.5 Redemption of Tier 2 Capital Subordinated Notes prior to Maturity Date is subject to the prior permission of the Regulator

Upon the occurrence of certain events described in Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions, including, but not limited to, a Withholding Tax Event, a Special Tax Event, a Tax Deductibility Event, a Capital Event, a MREL or TLAC Disqualification Event (if so specified in the Final Terms) or a Redemption at the Option of the Issuer (if so specified in the Final Terms), the Issuer may in any case, subject to the prior permission of the Regulator, redeem the Tier 2 Capital Subordinated Notes before their Maturity Date, at their Early Redemption Amount or Optional Redemption Amount, as the case may be, together with accrued interest.

The early redemption of the Tier 2 Capital Subordinated Notes may not occur if the Regulator refuses to give its permission, and if so, the market value of the Tier 2 Capital Subordinated Notes may be affected negatively, and investors may incur losses in respect of their investments in the Tier 2 Capital Subordinated Notes.

3.3 *Risks related to interest rate applicable to the Notes*

3.3.1 Changes in Interest rates may adversely affect the value of the Notes

Investors are exposed to the risk that if interest rates subsequently increase after the issuance of the Notes, this may adversely affect the value of the Notes and investors may lose all or part of their investment.

Investors in Fixed Rate Notes (see Condition 4(a) of the English Law Conditions or Condition 3(a) of the French Law Conditions (*Interest on Fixed Rate Notes*)) are exposed to the risk that if interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Notes.

Investors in Floating Rate Notes (see Condition 4(b) of the English Law Conditions or Condition 3(b) of the French Law Conditions (*Interest on Floating Rate Notes*)) are exposed to the risk that they cannot anticipate the interest income on the Floating Rate Notes. Due to varying interest income, investors are not able to determine a definite yield for Floating Rate Notes at the time they purchase them, and therefore their investment return cannot be compared with that of investments having longer fixed interest periods and this will adversely affect the value of the Notes.

3.3.2 Risks related to Notes which are linked to “benchmarks”

The Final Terms for a Series of Floating Rate Notes may specify that the Rate of Interest for such Notes will be determined by reference to an index which is deemed to be a “benchmark” (such as EURIBOR). Such “benchmarks” have been subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequences could have a material adverse effect on the liquidity and market value of and return on any Notes linked to such a “benchmark”.

Regulation (EU) 2016/1011 (the **EU Benchmarks Regulation**) was published in the Official Journal of the European Union on 29 June 2016 and most of the provisions of the EU Benchmarks Regulation have applied since 1 January 2018. The EU Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU.

Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of “benchmarks” (or, if non-EU-based, to be subject to equivalent requirements) and (ii) prevents certain uses by EU supervised entities of “benchmarks” provided by administrators that are not authorised/registered (or, if non-EU-based, deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation could have a material impact on any Notes linked to a rate or index deemed to be a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the EU Benchmarks Regulation. Such changes could, amongst other things, have the effect of reducing, increasing, or otherwise affecting the volatility of the published rate or level of the “benchmark”.

The EU Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021, which introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR or CMS rates, which may be referred as Reference Rates according to Condition 4(b) of the Terms and Conditions of the English Law Notes and Conditions 3(b) of the Terms and Conditions of the French Law Notes) by conferring the power to designate a statutory replacement for said benchmarks to the Commission or the relevant national authority in certain circumstances, such replacement being limited to contracts and financial instruments (such as certain Notes) which contain no fallback provision or no suitable fallback provisions and where certain trigger events relating to non-representativeness or cessation or wind

down of the benchmark are met. In general, parties can opt out of the statutory replacement where all parties, or the required majority of parties, to a contract or financial instrument have agreed to apply a different replacement for a benchmark before or after entry into force of the implementing act. A statutory replacement benchmark could have a negative impact on the value or liquidity of, and return on, certain Notes linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable benchmark.

In addition, Regulation (EU) 2021/168 is subject to further development through delegated regulations and the transitional provisions applicable to third-country benchmarks are extended until the end of 2023 (and the Commission is empowered to further extend this period until the end of 2025, if necessary). There are therefore still details to be clarified in relation to the potential impact of these legislative developments.

More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of “benchmarks” could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discouraging market participants from continuing to administer or contribute to certain “benchmarks”; (ii) trigger changes in the rules or methodologies used in certain “benchmarks” or (iii) lead to the disappearance of certain “benchmarks”. Any of these changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives, could have a material adverse effect on the liquidity and value of and return on any Notes linked to a “benchmark”.

Whilst alternatives to certain IBORs for use in the bond market (including the Sterling Overnight Index Average (**SONIA**) for Sterling LIBOR, the Secured Overnight Financing Rate (**SOFR**) for USD LIBOR, the Euro Short Term Rate (**€STR**) for Euro LIBOR and EONIA, the Swiss Average rate Overnight (**SARON**) for CHF LIBOR and the Tokyo Overnight Average (**TONA**) for JPY LIBOR and rates that may be derived from SONIA, €STR, SARON or TONA, as applicable) are being developed, or are expected to be developed, Notes linked to or referencing an IBOR will only transition away from such IBOR in accordance with their particular fallback arrangements in their terms and conditions. The operation of any such fallback arrangements could result in a less favourable return for Noteholders than they might receive under other similar securities which contain different or no fallback arrangements (including which they may otherwise receive in the event that legislative measures or other initiatives (if any) are introduced to transition from any given IBOR to an alternative rate).

Any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Investors should note that the Independent Adviser will adjust the relevant successor rate or alternative rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and such adjustment may not be favourable to the Noteholders.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation reforms, when making any investment decision with respect to the relevant Floating Rate Notes.

3.3.3 The market continues to develop in relation to risk free rates (including overnight rates) as reference rates for Floating Rate Notes

The market continues to develop in relation to risk free rates, such as the Euro short term rate (**€STR**), the Sterling Overnight Index Average (**SONIA**), the Secured Overnight Financing Rate (**SOFR**), the Swiss Average Rate Overnight (**SARON**) and the Tokyo Overnight Average (**TONA**) as reference rates in the capital markets for euro, U.S. dollar, sterling, Swiss franc or Japanese yen bonds, as applicable, as well as their adoption as alternatives to the relevant interbank offered rates. The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set

out in the Terms and Conditions and used in relation to Floating Rate Notes that reference a risk-free rate issued under this Base Prospectus. The Issuer may in the future issue notes referencing €STR, SONIA, SOFR, SARON or TONA in a way that differs materially in terms of interest determination when compared with any previous notes issued by the Issuer referencing €STR, SONIA, SOFR, SARON or TONA.

The nascent development of the use of €STR, SONIA, SOFR, SARON or TONA as interest reference rates for bond markets, as well as continued development of SOFR-, €STR-, SONIA-, SARON- or TONA-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes. The market, or a significant part thereof, may adopt an application of SONIA, SOFR, €STR, SARON or TONA that differs significantly from the methodology set out in the Conditions.

Interest on Notes which reference a risk-free rate is only capable of being determined shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference such risk-free rates to reliably estimate the amount of interest which will be payable on such Notes.

Any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements may put in place by investors in connection with any acquisition, holding or disposal of any Floating Rate Notes.

3.3.4 If EURIBOR or any other benchmark is discontinued, the applicable floating rate of interest may adversely affect holders of such Notes, without any requirement that the consent of such holders be obtained

Pursuant to Condition 4 of the English Law Conditions or Condition 3 of the French Law Conditions (*Interest*) applicable to Notes which pay a floating rate of interest (including Floating Rate Notes, Fixed/Floating Rate Notes and Resetable Notes), if the relevant reference rate has been discontinued, the fallback arrangements referenced in the Terms and Conditions will include the possibility that:

- (i) the relevant rate of interest (or, as applicable, component thereof) could be set or, as the case may be, determined by reference to a successor rate or an alternative rate (as applicable); and
- (ii) such successor rate or alternative rate (as applicable) may be adjusted (if required).

No consent or approval of the Noteholders shall be required in connection with effecting any successor rate or alternative rate (as applicable) or with any other related adjustments and/or amendments to the Terms and Conditions of the Notes (or any other document) which are made in order to effect any successor rate or alternative rate (as applicable).

The successor or alternative rate (as applicable) may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of successor or alternative rate (as applicable) and the involvement of a Rate Determination Agent, the fallback provisions may not operate as intended at the relevant time and the successor or alternative rate (as applicable) may perform differently from the discontinued benchmark. These could significantly affect the performance of a successor or alternative rate (as applicable) compared to the historical and expected performance of EURIBOR or the applicable benchmark. There is uncertainty on whether any change or adjustment applied to any Series of Notes will adequately compensate for this impact, as it could have unexpected commercial consequences, due to the particular circumstances of each Noteholder, and any such adjustment may not be favourable to each Noteholder. This could in turn impact the rate of interest on, and trading value of, the affected Notes. Moreover, any holders of such Notes that enter into hedging instruments based on the relevant reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the successor or alternative rate (as applicable).

Moreover, any exercise of discretion by the Issuer could present a conflict of interest. In making the required determinations, decisions and elections, the Issuer may have economic interests that are adverse to the interest of the holders of the affected Notes, and those determinations, decisions or elections could have a material adverse effect on the return on, value of and market for such Notes.

Furthermore, in the event that no successor or alternative rate (as applicable) is determined and the affected Notes are effectively converted to fixed-rate Notes as described above, investors holding such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, holders of such Notes will not benefit from any increase in rates. The trading value of such Notes could therefore be adversely affected.

There is a high probability that certain IBORs will cease to exist or undergo changes that could increase the likelihood of the risks set out above materializing. In particular, on March 5, 2021, the FCA announced the future cessation and loss of representativeness of the 35 LIBOR benchmark settings published by ICE Benchmark Administration (“**IBA**”). In particular it announced that (i) the publication of 26 LIBOR settings (as detailed in the FCA announcement) will cease immediately after December 31, 2021, (ii) the publication of the overnight and 12-month U.S. dollar LIBOR settings will cease immediately after 30 June 2023, (iii) immediately after December 31, 2021, the 1-month, 3-month and 6-month Japanese yen LIBOR settings and the 1-month, 3-month and 6-month sterling LIBOR settings will no longer be representative of the underlying market and economic reality that they are intended to measure and representativeness will not be restored (and the FCA will consult on requiring the IBA to continue to publish the three remaining sterling LIBOR settings for a further period after end-2021 on a synthetic basis and the 1-month, 3-month and 6-month Japanese yen LIBOR settings after end-2021 on a synthetic basis for one additional year) and (iv) immediately after June 30, 2023, the 1-month, 3-month and 6-month U.S. dollar LIBOR settings will no longer be representative of the underlying market and economic reality that they are intended to measure and representativeness will not be restored (and the FCA will consider the case for using its proposed powers to require IBA to continue publishing these settings on a synthetic basis, for a further period after end June 2023 taking into account views and evidence from the US authorities and other stakeholders).

3.3.5 The use of Secured Overnight Financing Rate (SOFR) as a reference rate is subject to important limitations

The rate of interest on the Notes may be calculated on the basis of SOFR, (as further described under Condition 4(b) of the English Law Conditions or Condition 3(b) of the French Law Conditions (*Interest on Floating Rate Notes*)). As SOFR is an overnight funding rate, interest on SOFR-based Notes with interest periods longer than overnight will be calculated on the basis of compounding SOFR during the relevant interest period. As a consequence of this calculation method, the amount of interest payable on each interest payment date will only be known a short period of time prior to the relevant interest payment date. Investors therefore will not know in advance the interest amount which will be payable on such Notes.

Although the Federal Reserve Bank of New York has published historical indicative SOFR information going back to 2014, such publication of historical data inherently involves assumptions, estimates and approximations. Investors should not rely on any historical changes or trends in SOFR as an indicator of future changes in SOFR.

Also, since SOFR is a relatively new market index, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed on SOFR, may evolve over time, and trading prices of the Notes may be lower than those of later-issued indexed debt securities as a result. Similarly, if SOFR does not prove to be widely used in securities like the Notes, the trading price of the Notes may be lower than those of debt securities linked to indices that are more widely used. Investors in the Notes may not be able to sell the Notes at all or may not be able to sell the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market and may consequently suffer from increased pricing volatility and market risk.

The Federal Reserve Bank of New York notes that use of SOFR is subject to important limitations and disclaimers, including that the Federal Reserve Bank of New York may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. In addition, SOFR is published by the Federal Reserve Bank of New York based on data received from other sources. There can be no guarantee that SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in the Notes. If the manner in which the SOFR is calculated is changed, that change may result in a reduction of the amount of interest payable on the Notes and the trading prices of the Notes.

3.3.6 Risk relating to the change in the Rate of Interest for Resettable Notes

A holder of securities with a fixed interest rate that will be periodically reset during the term of the relevant securities, such as Fixed Rate Notes which are specified in the Final Terms as Resettable Notes (as further described in Condition 4(a) of the English Law Conditions or Condition 3(a) of the French Law Conditions (*Interest on Fixed Rate Notes*)), is exposed to the risk of fluctuating interest rate levels and uncertain interest income and this may adversely affect the market value of the Notes.

Such Notes have reset provisions pursuant to which the Notes will, in respect of an initial period, bear interest at an initial fixed rate of interest specified in the Final Terms. Thereafter, the fixed rate of interest will be reset on one or more date(s) by reference to a mid-market swap rate for the relevant Specified Currency or U.S. Treasury Rate, and for a period equal to the Reset Period, as adjusted for any applicable margin, in each case as may be specified in the Final Terms. Such rate of interest may be less than the initial rate of interest and/or less than the rate of interest that applies immediately prior to such reset date and may adversely affect the yield of the Notes and therefore the market value of the Notes.

Moreover, any exercise of discretion by the Issuer could present a conflict of interest. In making the required determinations, decisions and elections, the Issuer may have economic interests that are adverse to the interest of the holders of the affected Notes, and those determinations, decisions or elections could have a material adverse effect on the return on, value of and market for such Notes.

3.3.7 Risk relating to Fixed/Floating Rate Notes

Fixed/Floating Rate Notes (as further described in Condition 4(c) of the English Law Conditions or Condition 3(c) of the French Law Conditions (*Fixed/Floating Rate Notes*)) may bear interest at a rate that converts from a fixed rate to a floating rate, from a floating rate to a fixed rate, from a fixed rate to another fixed rate or from a floating rate to another floating rate. The spread on the fixed/floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes. The conversion of the interest rate may affect the market yield of the Notes. The movements of the market spread can negatively affect the price of the Notes and can lead to losses for the Noteholders.

3.3.8 Risk relating to Notes whose only Interest Payment Date falls on the Maturity Date

The final yield of Notes whose only Interest Payment Date falls on the Maturity Date, as specified in the Final Terms (see Condition 4(a) of the English Law Conditions or Condition 3(a) of the French Law Conditions (*Interest*)), may be lower than that of comparable securities for which each coupon has been paid on periodic interest payment dates and reinvested under market interest rates. Therefore, investors in such Notes are more exposed to reinvestment risk, and the value of and return on such Notes may be negatively affected.

3.3.9 Risk relating to Zero Coupon Notes and Notes issued at a substantial discount or premium

The Issuer may issue Notes at a substantial discount or premium from their principal amount, as further described under Condition 4(d) of the English Law Conditions or Condition 3(d) of the French Law Conditions (*Zero Coupon Notes*). The market values of such Notes tend to fluctuate more in relation to

general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a negative effect on the value of the Notes.

3.3.10 Risk relating to Floating Rate Notes with a multiplier

Notes with floating interest rates (see Condition 4(b) of the English Law Conditions or Condition 3(b) of the French Law Conditions (*Interest on Floating Rate Notes*)) can be volatile investments. If they are structured to include multipliers, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features. Any such volatility may negatively impact the price of the Notes and cause Noteholders who sell Notes on the secondary market to lose part of their initial investment.

3.4 Risks related to English law Notes

3.4.1 Risks related to Substitution and Variation of English Law Notes, without Noteholder consent

The Issuer may, at its option, in respect of English Law Notes (subject to the provisions of Condition 6(i) of the English Law Conditions (*Substitution and Variation with respect to Senior Notes*)), without any requirement for the consent or approval of the Noteholders, elect either to substitute all (but not some only) or vary the terms of all (but not some only) of a Series of English Law Notes, so that they become or remain Qualifying Senior Notes or Qualifying Subordinated Notes, as the case may be.

Any Qualifying Senior Notes or Qualifying Subordinated Notes, as the case may be, may not be materially less favourable to Noteholders than the terms of the English Law Notes, due to the particular circumstances of each Noteholder. As a consequence, the market value of such Notes may decrease significantly, and Noteholders may lose all or part of their investment.

3.4.2 Risks related to English law Notes where denominations involve integral multiples: Definitive Bearer Notes

In relation to any issue of English Law Notes in bearer form (as further described under the English Law Conditions and in section “*Form of the Notes*”) which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a Definitive Bearer Note in respect of such holding (should Definitive Bearer Notes be printed) and would need to purchase a principal amount of Bearer Notes such that its holding amounts to a Specified Denomination.

If Definitive Bearer Notes are issued, holders should be aware that Definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade. In such circumstances, the value of such Notes may be negatively affected and Noteholders may lose all or part of their investment.

3.4.3 Risks related to English Law Notes denominated in CNY

English Law Notes denominated in CNY (**CNY Notes**) may be issued under the Programme, as further described under Condition 5(k) of the English Law Conditions (*Provisions specific to CNY currency event*). CNY Notes contain particular risks for prospective investors.

CNY is not freely convertible at present. The People’s Republic of China (**PRC**) government continues to regulate conversion between CNY and foreign currencies.

It is uncertain whether the PRC government will continue to gradually liberalise its control over cross-border CNY remittances in the future, that the schemes for CNY cross-border utilisation will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of

restricting or eliminating the remittance of CNY outside the PRC in CNY. In the event that funds cannot be repatriated out of the PRC in CNY, this may affect the overall availability of CNY outside of the PRC and the ability of the Issuer to finance its obligations under the CNY Notes.

Furthermore, there is only limited availability of CNY outside of the PRC, which may affect the liquidity of the CNY Notes and the Issuer's ability to source CNY outside of the PRC to service the CNY Notes.

It is uncertain whether new PRC regulations will not be promulgated or the process of establishing CNY clearing and settlement mechanisms in several other jurisdictions will not be terminated or amended in the future which will have the effect of restricting availability of CNY offshore. The limited availability of CNY outside of the PRC may affect the liquidity of the CNY Notes. In addition, access to CNY for the purposes of making payments under the Notes or generally may not remain or could become restricted.

The value of CNY against the Hong Kong dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. If the value of CNY depreciates against the Hong Kong dollar or other foreign currencies, the value of an investor's investment CNY in Hong Kong dollar terms or other applicable foreign currency terms will decline, and investors may incur losses.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF NOTES

1. CONSENT GIVEN IN ACCORDANCE WITH ARTICLE 1(4) OF THE PROSPECTUS REGULATION (RETAIL CASCADES)

Certain Tranches of Notes with a denomination of less than €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency on the issue date of the relevant Tranche) may be offered in one or more Member States of the EEA in circumstances where there is no exemption from the requirement to publish a prospectus (a **Non-exempt Offer**) under Article 1.4 of the Prospectus Regulation. This Base Prospectus has been prepared on a basis that permits Non-exempt Offers, provided the following provisions are complied with and, as applicable, the following conditions are satisfied.

In the context of a Non-exempt Offer, the Issuer accepts responsibility, in each member state of the EEA for which it has given its consent (each a **Non-exempt Offer Jurisdiction**), for the content of this Base Prospectus, as supplemented from time to time, and of the Final Terms (together the **Prospectus**) in relation to any person (an **Investor**) to whom any offer of Notes is made by any financial intermediary to whom the Issuer has given its consent to the use of the Prospectus (an **Authorised Offeror**) where the offer is made (i) during the period for which that consent is given (the **Offer Period**), (ii) in a Non-Exempt Offer Jurisdiction for which that consent is given and (iii) is in compliance with any other conditions, as detailed in paragraphs 2 and 3 below and supplemented in the Final Terms.

However, none of the Issuer or any of the Dealers has responsibility for any of the actions of any Authorised Offeror, including non-compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

In the case of a Non-exempt Offer, none of the Issuer or any of the Dealers authorises the use of the Prospectus in a Member State of the EEA other than a Non-exempt Offer Jurisdiction, nor by a financial intermediary other than an Authorised Offeror. Such unauthorised Non-exempt Offers are not made by or on behalf of the Issuer and the Issuer accepts no responsibility for the actions of any person making such offers and the related consequences.

Save as provided below, the Issuer has not authorised the making of any Non-exempt Offer in circumstances that require the Issuer to publish a prospectus or a supplement to this Base Prospectus for such offer.

2. TYPE OF CONSENT

Subject to the conditions set out below under paragraph "*Common conditions to the consent*" and if so specified in the Final Terms relating to any Tranche of Notes, the Issuer consents to the use of the Prospectus by Authorised Offerors in relation to a Non-exempt Offer in the Non-exempt Offer Jurisdiction(s) and during the Offer Period specified in the Final Terms.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling twelve (12) months from the date of the approval of the Base Prospectus by the AMF.

The consent given by the Issuer may be either an individual consent (an **Individual Consent**) or a general consent (a **General Consent**), each as further described below and as specified in the Final Terms.

A. INDIVIDUAL CONSENT

If the Final Terms relating to any Tranche of Notes indicate "*Individual Consent*" in the paragraph headed "*Type of Consent*" of such Final Terms, the Issuer shall be deemed to consent to the use of the Prospectus in relation to a Non-exempt Offer by:

- (i) the relevant Dealer;

- (ii) any financial intermediary whose name and address are specified in the Final Terms (each an **Initial Authorised Offeror**); and
- (iii) any financial intermediary appointed after the date of the Final Terms whose name, address and any additional information related to such financial intermediary who is unknown at the time of the approval of this Base Prospectus or the filing of the Final Terms are published on the website of the Issuer (<http://prospectus.socgen.com>) and such financial intermediary is identified as an Authorised Offeror with respect to the relevant Non-exempt Offer (each an **Additional Authorised Offeror**).

B. GENERAL CONSENT

If the Final Terms relating to any Tranche of Notes indicate "*General Consent*" in the paragraph headed "*Type of Consent*" of such Final Terms, the Issuer shall be deemed to offer to grant its consent to the use of the Prospectus in relation to a Non-exempt Offer to any financial intermediary (a **General Authorised Offeror**) which:

- (i) holds all necessary licenses, consents, approvals and permissions required by any laws, rules, regulations and guidance (including from any regulatory body) applicable to the Non-exempt Offer to be authorised to make such offer under the applicable laws of the Non-exempt Offer Jurisdiction, in particular the law implementing Directive 2014/65/EU of the European Parliament and of the Council dated 15 May 2014 ("**MiFID II**"); and
- (ii) accepts such offer by publishing on its website the following statement (with the information in square brackets completed with the relevant information):

*"We, [insert legal name of financial intermediary], refer to the [insert title of relevant Notes] (the **Notes**) described in the Final Terms dated [insert date] (the **Final Terms**) published by Société Générale (the **Issuer**). We hereby accept the offer by the Issuer of its consent to our use of the Prospectus (as defined in the Base Prospectus, supplemented by the Final Terms) in connection with the offer of the Notes in accordance with the Authorised Offeror Terms and subject to the conditions to such consent, each as specified in the Prospectus, and we are using the Prospectus accordingly."*

References in this Base Prospectus to **Authorised Offeror Terms** shall mean that the relevant financial intermediary:

- (a) will, and agrees, represents, warrants and undertakes for the benefit of the Issuer and each of the relevant Dealers that it will, at all times in connection with the relevant Non-exempt Offer:
 - (i) act in accordance with all applicable laws, rules, regulations and guidance (including from any regulatory body) applicable to the Non-exempt Offer in the Non-exempt Offer Jurisdiction, in particular the law implementing MiFID II (together the **Rules**) and make sure that (i) any investment advice relating to the Notes by any person is appropriate, (ii) the information to prospective investors including the information relating to any expenses (and any commissions or benefits of any kind) received or paid by the relevant General Authorised Offeror under the offer of the Notes is fully and clearly disclosed;
 - (ii) comply with the restrictions set out under the section headed "*Subscription and Sale*" of this Base Prospectus related to the Non-exempt Offer Jurisdiction as if it acted as a Dealer in the Non-exempt Offer Jurisdiction;
 - (iii) comply with the Rules relating to anti-money laundering, anti-bribery and "know your customer" rules, retain investor identification records for at least the minimum period required under applicable Rules, and if so requested, make such records available to the Issuer and/or the relevant Dealers or directly to the competent authorities with jurisdiction over the Issuer and/or the relevant Dealers in order to enable the Issuer and/or the relevant Dealers to comply with anti-money laundering, anti-bribery and "know your customer" rules applying to the Issuer and/or the relevant Dealers;

- (iv) ensure that it does not, directly or indirectly, cause the Issuer or any of the relevant Dealers to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;
 - (v) comply with the conditions to the consent referred to under paragraph "*Common conditions to the consent*" together with any other condition specified under the clause "*Other conditions to consent*" in the Final Terms; and
 - (vi) indemnify the Issuer and each of the relevant Dealers and each of their respective affiliates, directors, officers, employees or agents or controlling persons, against any damage, loss, liability, expense, claim, request or expenses (including, but not limited to, reasonable fees from law firms) arising out of, or incurred in connection with, the breach by the relevant General Authorised Offer of any of the above obligations; and
- (b) agrees and acknowledges that its commitment to respect the above obligations shall be governed by French law and that any related dispute shall be brought before the competent courts in Paris.

Any General Authorised Offeror who wishes to use the Prospectus for a Non-Exempt Offer in accordance with this General Consent is required, during the time of the relevant Offer Period, to publish on its website that it uses the Prospectus for such Non-exempt Offer in accordance with this General Consent and the conditions attached thereto.

3. COMMON CONDITIONS TO THE CONSENT

The consent by the Issuer to the use of the Prospectus (in addition, where applicable, to the conditions specified under paragraph (B) "*General consent*" above):

- (a) is only valid during the Offer Period specified in the Final Terms;
- (b) only extends to the use of the Prospectus to make Non-exempt Offers of the relevant Tranche of Notes in the Public Offer Jurisdictions, as specified in the Final Terms;
- (c) is subject to any other conditions set out in the Final Terms.

4. ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS

An Investor intending to acquire or acquiring any Notes in a Non-exempt Offer from an Authorised Offeror will do so and offers and sales of the Notes to an Investor by such Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation and settlement arrangements (the **Terms and Conditions of the Non-exempt Offer**). The Issuer will not be a party to any such arrangements with Investors (other than the relevant Dealer(s)) in connection with the offer or sale of the relevant Notes and, accordingly, the Prospectus will not contain such information.

The information relating to the Terms and Conditions of the Non-exempt Offer shall be provided to the Investors by the Authorised Offeror at the time such Non-exempt Offer is made.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time during the duration of the Programme the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 23 of the Prospectus Regulation, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a further base prospectus which shall constitute a supplement to this Base Prospectus as required by Article 23 of the Prospectus Regulation or a replacement base prospectus for use in connection with any subsequent offer of Notes. The Issuer shall submit such supplement to this Base Prospectus or replacement base prospectus to the AMF for approval and supply each Dealer with such number of copies of such supplement hereto as such Dealer may reasonably request.

In accordance with and pursuant to Article 23.2 of the Prospectus Regulation, where the Notes are offered to the public, investors who have already agreed to purchase or subscribe for Notes before any supplement is published have the right, exercisable within three working days after the publication of such supplement, to withdraw their acceptance provided that the significant new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose or was noted before the closing of the offer period or the delivery of the Notes, whichever occurs first. The period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the supplement. On 14 December 2022, this Base Prospectus, as supplemented (as the case may be), will expire and the obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies will no longer apply.

2. English Law Notes

Each Tranche of English Law Notes will be either Bearer Notes (with or without interest coupons attached), Registered Notes (without interest coupons attached) or Uncertificated SIS Notes, in each case issued outside the United States in reliance on the exemption from registration provided by Regulation S.

2.1 Bearer Notes (other than SIS Notes)

Each Tranche of Bearer Notes will on issue be initially represented by a Temporary Global Note or, if so specified in the Final Terms, a Permanent Global Note which, in either case, will:

- (i) if the Global Notes are intended to be issued in NGN form, as stated in the Final Terms, be delivered on or prior to the Issue Date of the relevant Tranche to the Common Safekeeper for Euroclear and Clearstream; and
- (ii) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the Issue Date of the relevant Tranche to the Common Depository for Euroclear and Clearstream.

Notes represented by Bearer Global Notes will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream as the case may be.

The Bearer Notes of each Tranche may not be offered or sold in the United States or to, or for the benefit or account of, a U.S. Person, and such Bearer Notes will bear a legend regarding such restrictions on transfer. Any future transfer, resale, pledge or delivery of such Bearer Notes or any interest therein may only be made in compliance with the resale provisions set forth in Regulation S. Additional restrictions apply if the Notes are Permanently Restricted Notes.

In the event that a Bearer Global Note held on behalf of Euroclear and/or Clearstream (or any part thereof) has become due and repayable in accordance with the Conditions or that the Maturity Date has occurred and, in either case, payment in full of the amount due has not been made to the bearer in accordance with the Conditions, then the Bearer Global Note will become void. At the same time, accountholders with Euroclear and/or Clearstream having such Notes (other than Definitive Bearer Notes, as defined under the English Law Conditions) credited to their accounts will become entitled to the rights contained in, including to proceed directly against the Issuer, on the basis of statements of account provided by Euroclear and/or Clearstream, and under the terms of, a deed of covenant (the **Deed of Covenant**, which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) dated 14 March 2016 and executed by the Issuer.

2.2 Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Note or a Non-U.S. Registered Global Note (each a **Registered Global Note**). Beneficial interests in, or in any Registered Notes represented by, a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. Person and prior to the expiry of the Distribution Compliance Period (as defined in the English Law Agency Agreement) may not be held otherwise than through Euroclear or Clearstream and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

Non-U.S. Registered Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Non-U.S. Registered Global Notes, or any Registered Notes represented thereby, may not be legally or beneficially owned at any time by any U.S. Person and accordingly Non-U.S. Registered Notes are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S, interests therein may not be held otherwise than through Euroclear or Clearstream and such Non-U.S. Registered Notes will bear a legend regarding such restrictions on transfer. Registered Global Notes (being Regulation S Global Notes or Non-U.S. Registered Global

Notes) will be registered in the name of a nominee for, deposited with, a Common Depository or Common Safekeeper, as the case may be, for Euroclear and Clearstream, as specified in the Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Registered Notes (as defined under the English Law Conditions).

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of any provision to the contrary, be made to the person shown on the Register (as defined in Condition 5(d) of the English Law Conditions) as the registered holder of the Registered Global Notes. None of the Issuer or any Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of Definitive Registered Notes will, in the absence of any provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 5(d) of the English Law Conditions) immediately preceding the due date for payment in the manner provided in that Condition.

2.3 SIS Notes

Each Tranche of SIS Notes will be issued either as (i) Bearer SIS Notes or as (ii) Uncertificated SIS Notes, which in each case, are, or are intended to be, deposited or registered with and cleared through SIS or any other clearing institution in Switzerland recognised for such purposes by SIX Swiss Exchange (SIS or any other such intermediary, the **Intermediary**). The Final Terms will indicate whether SIS Notes are CHF SIS Notes, Other SIS Notes or Uncertificated SIS Notes.

SIS Notes may not be offered or sold in the United States or to, or for the benefit or account of, a U.S. Person, and such SIS Notes will bear a legend regarding such restrictions on transfer. Any future transfer, resale, pledge or delivery of such SIS Notes or any interest therein may only be made in compliance with the resale provisions set forth in Regulation S.

SIS Notes designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Permanently Restricted Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S.

2.3.1 Bearer SIS Notes

Each Tranche of Bearer SIS Notes will be represented by a permanent global Note (**Permanent Global SIS Note**) which will be deposited with the Intermediary on or prior to the issue date of the Tranche. Once the Permanent Global SIS Note has been deposited with the Intermediary and the Bearer SIS Notes represented thereby have been entered into the accounts of one or more participants of the Intermediary, such Bearer SIS Notes will constitute intermediated securities (*Bucheffekten*) (**Intermediated Securities**) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Each holder of Bearer SIS Notes shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global SIS Note representing such Bearer SIS Notes to the extent of its claim against the Issuer, provided that, for so long as the Permanent Global SIS Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and such Bearer SIS Notes may only be transferred by the entry of the transferred Bearer SIS Notes in a securities account (*Effektenkonto*) of the transferee.

The records of the Intermediary will determine the number of Bearer SIS Notes held through each participant of the Intermediary. The holders of Bearer SIS Notes constituting Intermediated Securities will be the persons holding such Bearer SIS Notes in a securities account (*Effektenkonto*) that is in their name or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries holding such Bearer SIS Notes for their own account in a securities account that is in their name (and the terms **Noteholder** and **holder of Notes** and, where applicable **Couponholder** and **holder of Coupons** and related expressions shall be construed accordingly).

CHF SIS Notes are Bearer SIS Notes benefiting from a limited exception to the non-US beneficial ownership certification requirement of the TEFRA D Rules. Other SIS Notes may be subject to additional selling restrictions and additional U.S. tax disclosure as set out in the Final Terms.

Special procedures must be followed for CHF SIS Notes in order for such Notes to be exempt from the non-US beneficial ownership certification requirement of the TEFRA D Rules. Each of the relevant Dealers must have represented and agreed in the Programme Agreements that (a) it will comply with U.S. selling restrictions in so far as they apply to CHF SIS Notes and (b) the offering and sale of the CHF SIS Notes has been and will be conducted in accordance with Swiss laws and regulations. The following criteria must be fulfilled in order for the limited exception to the non-US beneficial ownership certification requirement of the TEFRA D Rules to apply:

- (i) the interest on, and the principal of, the CHF SIS Notes are denominated only in Swiss Francs;
- (ii) the interest on, and the principal of, the CHF SIS Notes are payable only in Switzerland;
- (iii) the CHF SIS Notes are offered and sold in accordance with Swiss customary practice and documentation;
- (iv) the relevant Dealers agree to use reasonable efforts to sell the CHF SIS Notes within Switzerland;
- (v) the CHF SIS Notes are not listed, or subject to an application for listing, on an exchange located outside Switzerland;
- (vi) the issuance of the CHF SIS Notes complies with any guidelines or restrictions imposed by Swiss governmental, banking or securities authorities from time to time; and
- (vii) more than 80 per cent. by value of the CHF SIS Notes included in the offering of which they are part are offered and sold to non-Dealers by Dealers maintaining an office located in Switzerland.

Bearer SIS Notes and any related Coupons and any non-contractual obligations arising out of or in connection with such Notes and Coupons will be governed by English law.

2.3.2 Uncertificated SIS Notes

Each Tranche of Uncertificated SIS Notes will be entered into the main register (*Hauptregister*) of the Intermediary on or prior to their issue date. Once the Uncertificated SIS Notes are registered in the main register of the Intermediary and the Uncertificated SIS Notes have been entered into the accounts of one or more participants of the Intermediary, the Uncertificated SIS Notes will constitute Intermediated Securities.

So long as the Uncertificated SIS Notes constitute Intermediated Securities, they may only be transferred by the entry of the transferred Uncertificated SIS Notes in a securities account of the transferee in accordance with the rules and procedures of the Intermediary.

The records of the Intermediary will determine the number of Uncertificated SIS Notes held through each participant in the Intermediary. In respect of Uncertificated SIS Notes held in the form of Intermediated Securities, the holders of such Uncertificated SIS Notes will be the persons holding such Uncertificated SIS Notes in a securities account (*Effektenkonto*) that is in their name, or, in case of intermediaries (*Verwahrungsstellen*), the intermediaries holding such Uncertificated SIS Notes for their own account in a securities account that is in their name (and the terms **Noteholder** and **holder of Notes** and where applicable, **Couponholder** and **holder of Coupons** and related expressions shall be construed accordingly).

No holder of Uncertificated SIS Notes will at any time have the right to effect or demand the exchange of such Uncertificated SIS Notes into, or the delivery of, a Permanent Global SIS Note or Definitive Bearer SIS Notes.

Uncertificated SIS Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by English law, except in respect of their form, title and transfer, as set out in Condition 1 (*Form, Denomination, Title and Redenomination*), which shall be governed by Swiss law and particularly the laws applicable to SIS or any other clearing institution in Switzerland recognized for such purposes by SIX Swiss Exchange.

3. French Law Notes

French Law Notes will be either Dematerialised Notes or Materialised Notes, as specified in the Final Terms.

Dematerialised Notes, which are designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Permanently Restricted Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S.

Dematerialised Notes which are not designated as Permanently Restricted Notes and Materialised Notes, or, in each case any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act.

3.1 Dematerialised Notes

Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in (i) bearer form (*au porteur*), in which case they will be inscribed as of the issue date of the relevant Tranche of Dematerialised Notes in the books of Euroclear France (**Euroclear France**), acting as central depository, which shall credit the accounts of the Euroclear France Account Holders (as defined in Condition 1 of the French Law Conditions (*Form, Denomination(s) and Title*)) including Euroclear, the depository bank for Clearstream and, in the case of French Law Notes listed on SIX Swiss Exchange, the depository banks for SIS or (ii) registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1 of the French Law Conditions (*Form, Denomination(s) and Title*)), in either (x) fully registered form (*au nominatif pur*), in which case they will be inscribed in an account in the books of Euroclear France maintained by the Issuer or by a registration agent (designated in the Final Terms) acting on behalf of the Issuer, or (y) administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders.

One (1) Paris Business Day before the Issue Date of each Tranche of Dematerialised Notes, the *Lettre Comptable* relating to such Tranche shall be deposited with Euroclear France as central depository.

3.2 Materialised Notes

Materialised Notes will be in bearer form only and may only be issued outside France.

A temporary global certificate in bearer form without interest coupons attached (a **Temporary Global Certificate**) will initially be issued in connection with each Tranche of Materialised Notes. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, Coupons for interest attached on or after a date expected to be on or about the 40th

calendar day after the issue date of the Notes (subject to postponement) upon certification as to non-U.S. beneficial ownership as more fully described below. Materialised Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons are not applicable.

Upon the initial deposit of such Temporary Global Certificate with the Common Depository, Euroclear or Clearstream (or, if a subscriber holds an account with a clearing system other than Euroclear or Clearstream which holds an account directly or indirectly in Euroclear or Clearstream, such other clearing system) will credit the account of each holder of the Notes related to such Temporary Global Certificate with a nominal amount of such Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Materialised Notes of each Tranche may not be offered, sold or delivered within the United States or its possessions or to, or for the benefit or account of, a U.S. Person, except in certain transactions permitted by U.S. Treasury Regulations, and such Materialised Notes and any related Coupons will bear a legend regarding such restrictions on transfer.

4. Certification as to non-U.S. beneficial ownership

4.1 Bearer Notes

Whilst any Bearer Note (other than Bearer SIS Notes) is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. Persons or persons who have purchased for resale to any U.S. Person (hereinafter **Certification**), as required by U.S. Treasury Regulations, (i) has been received by Euroclear and/or Clearstream and Euroclear and/or Clearstream, as applicable, has given a like certification (based on the Certifications it has received) to the Fiscal Agent or, (ii) in the case of a Temporary Global Note or Temporary Global Certificate held otherwise than on behalf of Euroclear and/or Clearstream, from the holder thereof.

On and after the Exchange Date, interests in the Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for, as applicable, (i) interests in a Permanent Global Note, subject to postponement as provided in the Temporary Global Note or (ii) Definitive Bearer Notes of the same Series with, where applicable, Coupons and Talons attached (as indicated in the Final Terms and subject, in the case of Definitive Bearer Notes, to such notice period as is specified in the Permanent Global Note), in accordance with the terms of the Temporary Global Note against Certification as to non-US beneficial ownership as described above and as required by U.S. Treasury regulations unless such Certification has already been given pursuant to the provisions set forth above. Exchange of a Temporary Global Note for interests in a Permanent Global Note will only be made if Definitive Bearer Notes have not already been issued. If Definitive Bearer Notes have already been issued, the Temporary Global Note may only thereafter be exchanged for Definitive Bearer Notes pursuant to the terms thereof. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or any other amount due on or after the Exchange Date unless, upon due Certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or, in the case of Bearer Notes, for Definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note (including Permanent Global SIS Notes) will be made through Euroclear and/or Clearstream, as applicable, to or to the order of the holder thereof (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for Certification.

4.2 Materialised Notes

Materialised Notes in respect of which a Temporary Global Certificate has been issued will be exchangeable in whole, but not in part, free of charge to the holder, on or after the Exchange Date for Materialised Notes in definitive form (any such Notes, **Definitive Materialised Notes**), with, where applicable, Coupons and Talons attached:

- (i) if the Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable; and
- (ii) otherwise, upon certification as to non-U.S. beneficial ownership in the form set out in the French Law Agency Agreement (as defined under the French Law Conditions below) for Definitive Materialised Notes.

On or after the Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent (as defined in the French Law Agency Agreement). In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, duly executed and authenticated Definitive Materialised Notes with, where applicable, Coupons and Talons attached. Definitive Materialised Notes and any related Coupons and Talons will be security printed at the expense of the Issuer in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the French Law Agency Agreement.

For the purposes of this section ("*Certification as to non-U.S. beneficial ownership*"), the **Exchange Date** shall be the date (subject to postponement) on or after the later of (i) 40 calendar days after the Temporary Global Note or, as the case may be, Temporary Global Certificate is issued and (ii) 40 calendar days after the completion of the distribution of the relevant Tranche, as certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue).

5. Deed of Covenant

If any Bearer Global Note (other than Permanent Global SIS Notes) has become due and repayable in accordance with its Terms and Conditions or if the Maturity Date of such Note has occurred and payment in full of the amount due has not been made in accordance with the provisions of the Bearer Global Note, then the Bearer Global Note will become void at 8.00 p.m. (London time) on such day. At the same time, holders of interests in such Bearer Global Note credited to their accounts with Euroclear and/or Clearstream, as the case may be, will become entitled to the rights contained in, including to proceed directly against the Issuer, on the basis of statements of account provided by Euroclear and/or Clearstream in and subject to the terms of, the Deed of Covenant.

6. Exchange upon the occurrence of an Exchange Event

The Final Terms with respect to any English Law Notes issued in global form (except Permanent Global SIS Notes) will specify if the relevant Permanent Global Note or Registered Global Note (as applicable) will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer Notes with, where applicable, Coupons and Talons attached, or, as the case may be, Definitive Registered Notes, in which case such exchange will occur upon not less than 60 calendar days' written notice to the Fiscal Agent from or on behalf of, as the case may be, Euroclear and/or Clearstream acting on the instructions of any holder of an interest in the Permanent Global Note or Registered Global Note as described therein (unless specified as not applicable in the Final Terms) or, in the case of a Permanent Global Note, if such Note is held otherwise than on behalf of Euroclear or Clearstream, the bearer thereof, in the event of the occurrence of any of the circumstances described in (i), (ii), (iii) or (iv) below (each, an **Exchange Event**) or by the Issuer in the event of the occurrence of the circumstances described in (iv) below:

- (i) an Event of Default (as defined in Condition 9 of the English Law Conditions) has occurred and is continuing;
- (ii) in the case of a Permanent Global Note or a Registered Global Note registered in the name of, or a nominee for, a common depositary for Euroclear and/or Clearstream, the Issuer has been notified that both Euroclear and Clearstream have been closed for

business for a continuous period of 14 calendar days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or have in fact done so and no successor clearing system is available;

- (iii) on the occasion of the next payment in respect of any Bearer Notes, the Issuer would be required to pay additional amounts as referred to in Condition 7 and such payment would not be required were the Notes in definitive form; or
- (iv) in the case of Registered Notes, the Issuer has or will become subject to adverse tax consequences which would not be suffered were such Registered Notes represented by a Registered Definitive Note.

The Issuer will promptly give notice to Noteholders and where applicable, Couponholders in accordance with Condition 13 of the English Law Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream (acting on the instructions of any holder of an interest in such Registered Global Note) may give notice to the Fiscal Agent or, as the case may be, the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 calendar days after the date of receipt of the first relevant notice by the Registrar.

No holder of Bearer SIS Notes will at any time have the right to effect or demand the exchange of the Permanent Global SIS Note representing such Bearer SIS Notes into, or the delivery of, Bearer SIS Notes in definitive form (**Definitive Bearer SIS Notes**) or uncertificated and dematerialised book-entry form. A Permanent Global SIS Note will only be exchangeable for Definitive Bearer SIS Notes, in whole, but not in part, if the Principal Swiss Paying Agent or the relevant Dealer, as applicable, deems (i) the printing of definitive Notes, Receipts or Coupons to be necessary or useful, or (ii) the presentation of definitive Notes, Receipts or Coupons to be required by Swiss or foreign laws in connection with the enforcement of rights (including in cases of bankruptcy, consolidation or reorganisation of the Issuer) (in respect of Bearer SIS Notes, each such circumstance a **Bearer SIS Notes Exchange Event**).

Upon the occurrence of a Bearer SIS Notes Exchange Event, the Principal Swiss Paying Agent (in case of SIS Notes that are not listed on SIX Swiss Exchange) or the relevant Dealer (in case of SIS Notes that are listed on SIX Swiss Exchange), as the case may be, shall provide for the printing of Definitive Bearer SIS Notes together with any related Coupons without cost to the holders of the relevant Bearer SIS Notes and any such Coupons. If Definitive Bearer SIS Notes and any such Coupons are delivered, the relevant Permanent Global SIS Note will immediately be cancelled by the Principal Swiss Paying Agent (in case of SIS Notes that are not listed on SIX Swiss Exchange) or the relevant Dealer (in case of SIS Notes that are listed on SIX Swiss Exchange), as the case may be, and the Definitive Bearer SIS Notes and any such Coupons shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

7. U.S. Legends

The following legend will appear on all Bearer Notes and Materialised Notes which have an original maturity of more than one year and on all related Receipts, Coupons and Talons relating to such Notes:

"ANY U.S. PERSON (AS DEFINED IN THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES FEDERAL INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED."

The sections referred to provide that U.S. Persons (as defined in the U.S. Internal Revenue Code of 1986, as amended), with certain exceptions, will not be entitled to deduct any loss on Bearer Notes and Materialised Notes (and, if applicable, related Receipts, Coupons or Talons) and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes and related Receipts, Coupons or Talons.

Registered Notes are also subject to the restrictions on transfer set forth herein and will bear a legend regarding such restrictions as detailed in "*Subscription and Sale*".

TERMS AND CONDITIONS OF THE ENGLISH LAW NOTES

The following are the Terms and Conditions (as defined below) of the Notes to be issued under English law (the **English Law Notes**) that, as completed in accordance with the provisions of the Final Terms (as defined below), shall be applicable to the English Law Notes. These Conditions will be incorporated by reference into each global Note and will be endorsed upon or attached to each definitive Note. The Final Terms in relation to any Tranche (as defined below) of Notes (or the relevant provisions thereof) will be endorsed on, attached to or incorporated by reference in, each Temporary Global Note, Permanent Global Note and definitive Note.

In the case of any Tranche (as defined below) of English Law Notes which are being admitted to trading on Euronext Paris and/or the regulated market of the Luxembourg Stock Exchange and/or offered to the public in France and/or in Luxembourg in circumstances which require the publication of a prospectus under the Prospectus Regulation (as defined below), the Final Terms shall not amend or replace any information in this Base Prospectus. Subject to this, to the extent permitted by applicable law and/or regulation, the Final Terms in respect of any Tranche of English Law Notes may complete any information in this Base Prospectus.

All capitalised terms used but not defined in these Terms and Conditions will have the meanings given to them in the Final Terms. References in the Terms and Conditions to the **Notes** are to the English Law Notes of one Series only, not to all English Law Notes that may be issued under the Programme and shall mean:

- (v) any definitive Notes in registered form (**Definitive Registered Notes**) (whether or not issued in exchange for a Registered Global Note); and
- (vi) Notes in uncertificated and dematerialised book entry form and registered with and cleared through SIX SIS Ltd. or any other clearing institution in Switzerland recognised for such purposes by SIX Swiss Exchange (**Uncertificated SIS Notes**).

The Notes and the Coupons (as defined below) are issued by the Issuer with the benefit of an amended and restated agency agreement dated 14 December 2021 (the **English Law Agency Agreement**, which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alios*, the Issuer, Société Générale Luxembourg (formerly Société Générale Bank & Trust) as principal paying agent, registrar, transfer agent, exchange agent, fiscal agent, redenomination agent, consolidation agent and calculation agent (the **Principal Paying Agent**, the **Registrar**, the **Transfer Agent**, the **Exchange Agent**, the **Fiscal Agent**, the **Redenomination Agent** and the **Consolidation Agent**, respectively, which expressions shall include, in each case, any additional or successor agent or any other calculation agent appointed from time to time and specified in the Final Terms), Société Générale as calculation agent (the **Calculation Agent**, which expression shall include any additional or successor agent or any other calculation agent appointed from time to time and specified in the Final Terms) and the other paying agents named therein (such paying agents, together with the Principal Paying Agent and the Fiscal Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents appointed from time to time). The Paying Agents, the Registrar, the Transfer Agent, the Exchange Agent, the Redenomination Agent, the Consolidation Agent and the Calculation Agent shall be referred to collectively hereunder as the **Agents**.

The form of the Swiss Paying Agency Agreement is scheduled to the English Law Agency Agreement.

Other than in the case of Zero Coupon Notes, in respect of which no Coupons will be attached, interest-bearing Definitive Bearer Notes (unless otherwise specified in the Final Terms) have interest coupons (**Coupons**) and, if indicated in the Final Terms, talons for further Coupons (**Talons**) attached on issue. Any reference herein to "Coupons" or "coupons" shall, unless the context otherwise requires, be deemed to include a reference to "Talons" or "talons". Global Notes do not have Coupons or Talons attached on issue.

Any references in these Terms and Conditions to "Coupons" or "Talons" shall not apply to Registered Notes. Any reference herein to **Couponholders** shall mean the holders of the Coupons and shall, unless the context requires otherwise, include the holders of Talons.

Any reference in these Terms and Conditions to **Euroclear** and/or **Clearstream** (each term as defined below) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system (i) specified in the Final Terms (including, without limitation, Euroclear France and the financial intermediaries authorised to maintain accounts therein (together **Euroclear France**) and, in the case of SIS Notes or other English Law Notes listed on SIX Swiss Exchange, SIX SIS Ltd., the Swiss securities services provider (**SIS**) or any other clearing institution in Switzerland recognised for such purposes by SIX Swiss Exchange Ltd (**SIX Swiss Exchange**) or approved by the Issuer, the relevant Dealer(s), the Fiscal Agent, the Registrar (in the case of Registered Notes only), and, in the case of Notes admitted to trading on Euronext Paris, the *Autorité des marchés financiers* and (ii) not located in a non-cooperative State or territory within the meaning of Article 238-0-A of the French *Code général des impôts*.

Any reference in these Terms and Conditions to **Prospectus Regulation** shall be to Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017.

The specific terms of each Tranche of Notes will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the final terms of such Tranche (the **Final Terms**) that are endorsed on, attached to, or incorporated by reference in the relevant Tranche of Notes and which complete these terms and conditions (the **Terms and Conditions** or **Conditions**). References herein to the **Final Terms** are to the Final Terms for a specific Series of Notes (or other relevant provisions thereof) and, if applicable, any schedules to the Final Terms, which Final Terms are endorsed on, attached to, or incorporated by reference in this Note.

As used herein, **Tranche** means Notes which are identical in all respects and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single Series and (b) identical in all respects except for their principal amount, their respective Issue Dates, Interest Commencement Dates and/or Issue Prices, as specified in the Final Terms.

Copies of the English Law Agency Agreement, the Swiss Paying Agency Agreement (where applicable) and the Deed of Covenant (as defined below) are available for inspection during normal business hours from the head office of the Issuer and from the specified office of each of the Paying Agents. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the English Law Agency Agreement, the Swiss Paying Agency Agreement (where applicable), the Deed of Covenant and the Final Terms. The statements in the Conditions include

summaries of, and are subject to, the detailed provisions of the English Law Agency Agreement and the Swiss Paying Agency Agreement (where applicable). Words and expressions defined in the English Law Agency Agreement or used in the Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of any inconsistency between the English Law Agency Agreement, the Swiss Paying Agency Agreement (where applicable), and the Final Terms, the Final Terms will prevail.

In relation to Notes (other than SIS Notes) held on behalf of Euroclear and/or Clearstream and/or another clearing system, the Noteholders and the Couponholders are entitled to the benefit of the deed of covenant dated 14 March 2016 (the **Deed of Covenant**, which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made by the Issuer. The original of the Deed of Covenant is held by the common depositary for Euroclear and Clearstream.

1. Form, Denomination, Title and Redenomination

(a) Form and Denomination

The Notes, except for Notes in registered form (**Registered Notes**) or Uncertificated SIS Notes, are in bearer form (**Bearer Notes**), and, in the case of Definitive Bearer Notes, serially numbered, in the Specified Currency and the Specified Denomination(s) specified in the Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination. The minimum denomination of each Note admitted to trading on Euronext Paris and/or the regulated market of the Luxembourg Stock Exchange and/or offered to the public in France and/or in Luxembourg in circumstances which require the publication of a prospectus under the Prospectus Regulation will be at least such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Specified Currency.

A SIS Note is either in bearer form (a **Bearer SIS Note**) or in uncertificated and dematerialised book entry form (an **Uncertificated SIS Note**), which is, or is intended to be, deposited or registered with and cleared through SIS or any other clearing institution in Switzerland recognised for such purposes by SIX Swiss Exchange (SIS or any such intermediary, the **Intermediary**). SIS Notes may be denominated in Swiss Francs or other currencies approved by the Intermediary. The Final Terms will indicate whether SIS Notes are CHF SIS Notes, Other SIS Notes (each as defined below) or Uncertificated SIS Notes.

Bearer SIS Notes are represented by a permanent global Note (**Permanent Global SIS Note**) without interest coupons attached that will be deposited with the Intermediary on or prior to the issue date of the Tranche. Once the Permanent Global SIS Note representing the Bearer SIS Notes has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, such Bearer SIS Notes will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) (**Intermediated Securities**). Bearer SIS Notes denominated in Swiss Francs benefit from a limited exception to the non-US beneficial ownership certification requirement of the TEFRA D Rules, if such Bearer SIS Notes fulfil the relevant requirements set out below. Bearer SIS Notes denominated in Swiss Francs which fulfil these requirements are hereinafter referred to as **CHF SIS Notes**. Bearer SIS Notes denominated in Swiss Francs that do not fulfil these requirements and Bearer SIS Notes denominated in a currency approved by the Intermediary other than Swiss Francs are hereinafter referred to as **Other SIS Notes**.

The following criteria must be fulfilled in order for the limited exception to the certification requirement of the TEFRA D Rules to apply:

- (i) the interest on, and the principal of, the CHF SIS Notes are denominated only in Swiss Francs;
- (ii) the interest on, and the principal of, the CHF SIS Notes are payable only in Switzerland;
- (iii) the CHF SIS Notes are offered and sold in accordance with Swiss customary practice and documentation;

- (iv) the relevant Dealer(s) agree to use reasonable efforts to sell the CHF SIS Notes within Switzerland;
- (v) the CHF SIS Notes are not listed, or subject to an application for listing, on an exchange located outside Switzerland;
- (vi) the issuance of the CHF SIS Notes complies with any guidelines or restrictions imposed by Swiss governmental, banking or securities authorities from time to time; and
- (vii) more than 80 per cent. by value of the CHF SIS Notes included in the offering of which they are part are offered and sold to non-Dealers by the relevant Dealer(s) maintaining an office located in Switzerland.

Uncertificated SIS Notes will be entered into the main register (*Hauptregister*) of the Intermediary on or prior to their issue date. Once the Uncertificated SIS Notes are registered in the main register (*Hauptregister*) of the Intermediary and the Uncertificated SIS Notes have been entered into the accounts of one or more participants of the Intermediary, such Uncertificated SIS Notes will constitute Intermediated Securities.

In the case of SIS Notes, no printing of definitive Notes, Receipts or Coupons will occur (except as provided herein with respect to Bearer SIS Notes only). No Holder of Bearer SIS Notes shall at any time have the right to effect or demand the exchange of the Permanent Global SIS Note representing such Bearer SIS Notes into, or the delivery of, Bearer SIS Notes in definitive form (**Definitive Bearer SIS Notes**) or uncertificated and dematerialised book-entry form. If (i) the relevant Dealer (in the case of any Bearer SIS Notes that are listed on SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes not listed as aforesaid) deems the printing of definitive Notes, Receipts or Coupons to be necessary or useful, or (ii) the presentation of definitive Notes, Receipts or Coupons is required by Swiss or foreign laws in connection with the enforcement of rights (including in cases of bankruptcy, consolidation or reorganisation of the Issuer) (each such circumstance, in respect of Bearer SIS Notes, a **Bearer SIS Notes Exchange Event**), the relevant Dealer (in the case of any Bearer SIS Notes which are listed on SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes not listed as aforesaid) will provide for the printing of such definitive Notes, Receipts and Coupons at the expense of the Issuer and without cost to the relevant Noteholders. The Issuer irrevocably authorises the relevant Dealer (in the case of any Bearer SIS Notes that are listed on SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes that are not listed as aforesaid) to provide for such printing on its behalf. If Definitive Bearer SIS Notes are delivered, the relevant Permanent Global SIS Note will immediately be cancelled by the Principal Swiss Paying Agent or the relevant Dealer, as the case may be, and the Definitive Bearer SIS Notes shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

The Notes may be Fixed Rate Notes, Floating Rate Notes, Fixed/Floating Rate Notes or Zero Coupon Notes or a combination of any of the foregoing, all depending upon the Interest/Payment/Redemption Basis specified in the Final Terms.

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

(b) Title

Subject as set out below, title to Bearer Notes and Coupons will pass by delivery. Subject as set out below, the Issuer and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Bearer Notes (other than SIS Notes) or the Registered Notes is represented by a global note held on behalf of, or in the case of Registered Notes, by a Common Depositary (as defined below) or in the case of New Global Notes and Registered Global Notes held under the NSS (as defined below), a Common Safekeeper (the **Common Safekeeper**), on behalf of, Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking, SA (**Clearstream**), each person (other than Euroclear or Clearstream) who is for the time being shown in the records of Euroclear and/or Clearstream as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, any Paying Agent and the Registrar as the holder of such nominal amount of the Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant global note or, as applicable, the registered holder of the relevant Registered Global Note shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly).

In the case of Bearer SIS Notes, each holder thereof shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global SIS Note representing such Bearer SIS Notes to the extent of his claim against the Issuer, provided that, for so long as the Permanent Global SIS Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and the Bearer SIS Notes may only be transferred by the entry of the transferred Bearer SIS Notes in a securities account of the transferee held with a participant of the Intermediary. Uncertificated SIS Notes may also only be transferred by the entry of the transferred Uncertificated SIS Notes in a securities account of the transferee held with a participant of the Intermediary. The records of the Intermediary will determine the number of SIS Notes held through each participant of the Intermediary. In respect of SIS Notes held in the form of Intermediated Securities (*Bucheffekten*), the holders of such SIS Notes will be the persons holding such SIS Notes in a securities account (*Effektenkonto*) that is in their name held with a participant of the Intermediary, or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries (*Verwahrungsstellen*) holding such SIS Notes for their own account in a securities account (*Effektenkonto*) that is in their name (and the expressions **Noteholder** and **holder of Notes** and, where applicable, **Couponholder** and **holder of Coupons** and related expressions shall be construed accordingly).

Bearer Global Notes (other than Permanent Global SIS Notes) which are not issued in new global note (**NGN**) form or Registered Global Notes which are not held under the new safekeeping structure (**NSS**) will be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**), and in the case of Registered Global Notes registered in the name of any nominee, for Euroclear and Clearstream. Bearer Global Notes which are stated in the Final Terms to be issued in NGN form or Registered Global Notes which are held under the NSS will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. For the purposes of payment of principal or interest on the nominal amount of Notes standing to the account of any person, the bearer of the relevant global Note or, as applicable, the registered holder of the relevant Registered Global Note, shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions **Noteholder** and **holder of Notes** and, where applicable, "Couponholder" and "holder of Coupons" and related expressions shall be construed accordingly).

If the Bearer Global Note is a NGN, each person (other than Euroclear or Clearstream) who is for the time being shown in the records of Euroclear and/or Clearstream as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of the Notes for all purposes.

Notes which are represented by a global Note held on behalf of Euroclear or Clearstream will be

transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, as the case may be.

(c) Redenomination of Notes

- (i) The Issuer may (if so specified in the Final Terms), on any Interest Payment Date, without any requirement for the consent or approval of the Noteholders or Couponholders, by giving at least 30 calendar days' prior notice in accordance with Condition 13 and 14, as the case may be, and on or after the date on which (i) the Member State of the European Union in whose national currency the Notes are denominated has become a participating Member State in the third stage of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the **EC**), as amended from time to time (the **Treaty**)) or (ii) events have occurred which have substantially the same effects, redenominate all, but not some only, of the Notes of any Series denominated in such national currency into Euro and adjust the aggregate nominal amount of the issue and the Denomination(s) set out in the Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Terms and Conditions as the **Redenomination Date**.
- (ii) The redenomination of the Notes pursuant to the above paragraph shall be made by converting the aggregate nominal amount of the issue and the Denomination(s) of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders and Couponholders in accordance with Condition 13. Any balance remaining from the redenomination with a denomination higher than 0.01 Euro shall be paid by way of cash adjustment rounded to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards). Such cash adjustment will be payable in Euros on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference hereon to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with prior approval of the Redenomination Agent and Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 16, without any requirement for the consent or approval of the Noteholders or Couponholders, make any changes or additions to these Conditions which it reasonably believes to be necessary or desirable to give effect to the provisions of this Condition or Condition 16 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of the Noteholders or Couponholders. Any such changes or additions shall, in the absence of manifest error, be binding on the Noteholders, Coupons and Talons and shall be notified to Noteholders and Couponholders in accordance with Condition 13 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to any Noteholder or Couponholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2. Transfers of Registered Notes

(a) *Transfers of interests in Registered Global Notes*

Transfers of beneficial interests in Registered Global Notes will be effected by Euroclear or Clearstream, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of direct and indirect transferors and transferees of such beneficial interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Definitive Registered Notes only in the Specified Denominations set out in the Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, as the case may be, and in accordance with the terms and conditions specified in the English Law Agency Agreement.

(b) *Transfers of Definitive Registered Notes*

Subject as provided in paragraph (e), upon the terms and subject to the conditions set forth in the English Law Agency Agreement, a Definitive Registered Note may be transferred in whole or in part in the Specified Denominations set out in the Final Terms. In order to effect any such transfer (i) the holder or holders must (A) surrender the Definitive Registered Note for registration of the transfer of the Definitive Registered Note (or the relevant part of the Definitive Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial regulations being set out in Schedule 6 to the English Law Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Definitive Registered Note of a like aggregate nominal amount to the Definitive Registered Note (or the relevant part of the Definitive Registered Note) transferred. In the case of the transfer of part only of a Definitive Registered Note, a new Definitive Registered Note in respect of the balance of the Definitive Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor by uninsured mail to such address as the transferor may request.

(c) *Registration of transfer upon partial redemption*

In the event of a partial redemption of Notes under Condition 6, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) *Costs of registration*

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

Transfers of a Non-U.S. Registered Global Note or a beneficial interest therein, or any Registered Note represented thereby, may not at any time be made to a transferee in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or

delivery thereof made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised.

(e) Exchanges and transfers of Registered Notes generally

Holders of Definitive Registered Notes may exchange such Notes for interests in a Registered Global Note of the same type at any time.

3. Status of the Notes

The obligations of the Issuer under the Notes may either be senior (**Senior Notes**) or subordinated (**Subordinated Notes**).

(a) Senior Notes

Senior Notes may be either senior preferred notes (**Senior Preferred Notes**) or senior non-preferred notes (**Senior Non-Preferred Notes**), as specified in the Final Terms.

A. Senior Preferred Notes

For the avoidance of doubt, all “unsubordinated notes” issued by the Issuer under the €50,000,000,000 Euro Medium Term Note – Paris Registered Programme prior to the date of entry into force of the law n°2016-1691 dated 9 December 2016 (the **Law**) on 11 December 2016 constitute Senior Preferred Notes.

Senior Preferred Notes, including where applicable any related Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior preferred obligations (as provided for in Article L. 613-30-3-I-3° of the Code):

- (i) *pari passu* with:
 - a. all direct, unconditional, unsecured and senior obligations of the Issuer outstanding as of the date of entry into force of the Law on 11 December 2016; and

- subject to such payment in full, the holders of Senior Preferred Notes and, where applicable, any related Coupons shall be paid in priority to any present or future holders of, or creditors in respect of, obligations referred to in (iii) above; and

- in the event of incomplete payment of Preferred Creditors, the obligations of the Issuer in connection with the Senior Preferred Notes and, where applicable, any related Coupons will be terminated.

The holders of Senior Preferred Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

B. Senior Non-Preferred Notes

Senior Non-Preferred Notes including, where applicable any related Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior non-preferred obligations (as provided for in Article L. 613-30-3-I-4° of the Code):

- (i) *pari passu* with all present or future senior non-preferred obligations of the Issuer (as provided for in Article L. 613-30-3-I-4° of the Code);
- (ii) junior to all present or future:
 - a. senior preferred obligations (as provided for in Article L. 613-30-3-I-3° of the Code); and

- the rights of payment of the holders of Senior Non-Preferred Notes and, where applicable, any related Coupons shall be subordinated to the payment in full of all present or future holders of, or creditors in respect of, obligations referred to in (ii) above;
- subject to such payment in full, the holders of Senior Non-Preferred Notes and, where applicable, any related Coupons shall be paid in priority to any present or future holders of, or creditors in respect of, obligations referred to in (iii) above; and
- in the event of incomplete payment of holders of, or creditors in respect of, obligations referred to in (ii) above, the obligations of the Issuer in connection with Senior Non-Preferred Notes and, where applicable, any related Coupons will be terminated.

The holders of Senior Non-Preferred Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

(b) Subordinated Notes

Notes that are specified in the Final Terms as “*Subordinated Notes*” are issued pursuant to the provisions of Article L. 228-97 of the French *Code de commerce* and Article L. 613-30-3, I, 5° of the Code with the intention to be recognized as Tier 2 Capital Instruments of the Issuer on the Issue Date.

As long as Subordinated Notes are recognized as Tier 2 Capital Instruments, they will constitute Tier 2 Capital Subordinated Notes, ranking as provided for in Condition 3.(b).A and, if they become Disqualified Capital Instruments, they will automatically constitute Disqualified Capital Notes, ranking as provided for in Condition 3.(b).B.

A. Tier 2 Capital Subordinated Notes

Tier 2 Capital Subordinated Notes, including, where applicable any related Coupons, will constitute direct, unconditional, unsecured and subordinated obligations of the Issuer ranking:

- (i) *pari passu* with all present or future Tier 2 Capital Instruments and Prior Subordinated Obligations of the Issuer;
- (ii) senior to all present or future:
 - a. subordinated obligations junior to Tier 2 Capital Instruments by mandatory and/or overriding provisions of law;

In the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of the holders of Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons shall be subordinated to the payment in full of all present or future holders of, or creditors in respect of, obligations referred to in (iii) above; and
- subject to such payment in full, the holders of Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons shall be paid in priority to any holders of, or creditors in respect of, obligations referred to in (ii) above; and
- in the event of incomplete payment of the holders of, or creditors in respect of, obligations referred to in (iii) above, the obligations of the Issuer in connection with Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons will be terminated.

The holders of Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

B. Disqualified Capital Notes

Disqualified Capital Notes, including, where applicable any related Coupons, will constitute direct, unconditional, unsecured and subordinated obligations of the Issuer ranking:

- (i) *pari passu* with all present or future Disqualified Capital Instruments of the Issuer;
- (ii) senior to all present or future:
 - a. Tier 2 Capital Instruments and Prior Subordinated Obligations of the Issuer;
 - b. subordinated obligations junior to Tier 2 Capital Instruments by mandatory and/or overriding provisions of law;

- subject to such payment in full, the holders of Disqualified Capital Notes and, where applicable, any related Coupons shall be paid in priority to any holders of, or creditors in respect of, obligations referred to in (ii) above; and
- in the event of incomplete payment of the holders of, or creditors in respect of, obligations referred to in (iii) above, the obligations of the Issuer in connection with the Disqualified Capital Notes and, where applicable, any related Coupons will be terminated.

The holders of Disqualified Capital Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

Without prejudice to the provisions of this Condition 3, in the context of a resolution of the Issuer, if any Bail-in Power were to be exercised (as further described in Condition 18), and subject to certain exceptions, losses would in principle be borne first by shareholders, then by holders of capital instruments (including subordinated debt instruments such as Subordinated Notes), then by the other creditors of the Issuer in accordance with the order of their claims in normal insolvency proceedings.

For the purpose hereof:

Additional Tier 1 Capital Instruments means additional tier 1 instruments of the Issuer as defined in Article 52 of the Capital Requirements Regulation which are treated as such by the then current requirements of the Regulator, and as amended by Part 10 of the Capital Requirements Regulation (Article 484 *et seq.* on grandfathering).

Code means the French *Code monétaire et financier*.

Disqualified Capital Instruments means subordinated obligations or deeply subordinated obligations of the Issuer, issued as from 28 December 2020, that are fully disqualified as Tier 2 Capital Instruments and Additional Tier 1 Capital Instruments of the Issuer.

Disqualified Capital Notes means Subordinated Notes that are fully disqualified as Tier 2 Capital Instruments and Additional Tier 1 Capital Instruments.

Prior Deeply Subordinated Obligations means deeply subordinated obligations (*engagements dits "super subordonnés"*, i.e. *engagements subordonnés de dernier rang*) of the Issuer which have been, prior to 28 December 2020, recognized fully or partially as Additional Tier 1 Capital Instruments.

Prior Subordinated Obligations means subordinated obligations of the Issuer which have been, prior to 28 December 2020, recognized fully or partially as Tier 2 Capital Instruments.

Tier 2 Capital Instruments means tier 2 instruments of the Issuer as defined in Article 63 of the Capital Requirements Regulation which are treated as such by the then current requirements of the Regulator, and as amended by Part 10 of the Capital Requirements Regulation (Article 484 *et seq.* on grandfathering);

Tier 2 Capital Subordinated Notes means Notes that are fully or partially recognized as Tier 2 Capital Instruments.

4. Interest

Interest on Notes (other than Zero Coupon Notes) will be payable on one or more Interest Payment Date(s) as defined and as provided below.

(a) **Interest on Fixed Rate Notes**

The Final Terms contain provisions applicable to the determination of any fixed coupon amount (the **Fixed Coupon Amount**) and must be read in conjunction with this Condition 4 for full information on the manner in which interest is calculated on Fixed Rate Notes.

Adjusted Fixed Rate Note means a Fixed Rate Note in respect of which the Interest Amount and any related Interest Payment Date are subject to modification in accordance with the provisions of Condition 4(a)(ii).

Fixed Rate Note means a Note which bears a fixed rate of interest which may be either an Adjusted Fixed Rate Note or an Unadjusted Fixed Rate Note.

Unadjusted Fixed Rate Note means a Fixed Rate Note in respect of which the Interest Amount and any related Interest Payment Date remain, for the purposes of this Condition (and without prejudice to the provisions of Condition 5(h)), unchanged and are calculated in accordance with the provisions of Condition 4(a)(i).

(i) Unadjusted Fixed Rate Notes

Each Unadjusted Fixed Rate Note bears interest on its outstanding principal amount from (and including) the Interest Commencement Date at the rate(s) *per annum* equal to the Rate(s) of Interest.

If the Fixed Rate Notes are specified in the Final Terms as Resettable Notes, the Rate of Interest will initially be a fixed rate and will then be resettable as provided below:

The Rate of Interest in respect of an Interest Period, will be as follows:

- (i) for each Interest Period, falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (ii) for each Interest Period, falling in the period from (and including) the First Reset Date to (but excluding) the Second Reset Date or, if none, the Maturity Date, the First Reset Rate of Interest; and
- (iii) for each Interest Period, in any Subsequent Reset Period thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period.

Interest will be payable in arrear on the Interest Payment Date(s) up to (and including) the Maturity Date (as specified in the Final Terms).

If the Notes are in definitive form, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the Final Terms, amount to the Broken Amount so specified (the **Broken Amount**).

Except in the case of Notes which are Definitive Bearer Notes where an applicable Fixed Coupon Amount or Broken Amount is specified in the Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (1) in the case of Fixed Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series; or
- (2) in the case of Fixed Rate Notes which are Definitive Bearer Notes or Definitive Registered Notes, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards.

Where the Specified Denomination of a Fixed Rate Note which is a Definitive Bearer Note or a Definitive Registered Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the number by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(ii) Adjusted Fixed Rate Notes

Each Adjusted Fixed Rate Note bears interest from (and including) the Interest Commencement Date specified in the Final Terms.

If the Adjusted Fixed Rate Notes are specified in the Final Terms as Resettable Notes, the Rate of Interest will initially be a fixed rate and will then be resettable as provided below:

The Rate of Interest in respect of an Interest Period will be as follows:

- (i) for each Interest Period, falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (ii) for each Interest Period, falling in the period from (and including) the First Reset Date to (but excluding) the Second Reset Date or, if none, the Maturity Date, the First Reset Rate of Interest; and
- (iii) for each Interest Period, in any Subsequent Reset Period thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period.

Interest will be payable in respect of each Interest Period, and in arrear on the Interest Payment Date(s) specified in the Final Terms; provided that (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then:

- (1) if the Final Terms specify that the clause “Business Day Convention” is stated as being “**Following Business Day Convention**”, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (2) if the Final Terms specify that the clause “Business Day Convention” is stated as being “**Modified Following Business Day Convention**”, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (3) if the Final Terms specify that the clause “Business Day Convention” is stated as being “**Preceding Business Day Convention**”, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day,

and the expression “Interest Payment Date” shall be construed accordingly.

The Calculation Agent will calculate the amount of interest (the **Adjusted Fixed Rate Interest Amount**) payable on the Adjusted Fixed Rate Notes for the relevant Interest Period, by applying the Rate of Interest to:

- (1) in the case of Adjusted Fixed Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series; or
- (2) in the case of Adjusted Fixed Rate Notes which are Definitive Bearer Notes or Definitive Registered Notes, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any

such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of an Adjusted Fixed Rate Note which is a Definitive Bearer Note or a Definitive Registered Note is a multiple of the Calculation Amount, the Adjusted Fixed Rate Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the number by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The Calculation Agent will cause the Adjusted Fixed Rate Interest Amount for each Interest Period, and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Adjusted Fixed Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period, or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Adjusted Fixed Rate Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Fixed Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13.

(iii) Mid-Swap Benchmark Trigger Event in relation to Resettable Notes

(A) *Appointment of a Rate Determination Agent*

If a Mid-Swap Benchmark Trigger Event occurs in relation to an Original Mid-Swap Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Mid-Swap Rate, then the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent, as soon as reasonably practicable, to determine a Successor Mid-Swap Rate, failing which an Alternative Mid-Swap Rate (in accordance with paragraph (B)) and, in either case, a Mid-Swap Adjustment Spread if any (in accordance with paragraph (C)) and any Mid-Swap Benchmark Amendments (in accordance with paragraph (D)).

A Rate Determination Agent appointed pursuant to this Condition 4(a)(iii) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 4(a)(iii).

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate prior to the relevant Reset Determination Date or (iii) the Issuer determines that the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or an Alternative Mid-Swap Rate and, in either case, any Mid-Swap Adjustment Spread and/or any Mid-Swap Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined by the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Issuer may decide that no Successor Mid-Swap Rate or Alternative Mid-Swap Rate, as the case may be, will be adopted and the Mid-Swap Rate applicable for the relevant Reset Period will be

equal to the last Mid-Swap Rate available on the Relevant Screen Page as determined by the Calculation Agent.

(B) Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(a)(iii)); or
- (ii) there is no Successor Mid-Swap Rate but there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(a)(iii)).

(C) Mid-Swap Adjustment Spread

If the Rate Determination Agent determines that (i) a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and (ii) the quantum of, or a formula or methodology for determining such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be).

(D) Mid-Swap Benchmark Amendments

If any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 4(a)(iii) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any) (such amendments, the “**Mid-Swap Benchmark Amendments**”) and (ii) the specific terms of the Mid-Swap Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with paragraph (E) vary these Conditions to the extent needed to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread and the Mid-Swap Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread and Mid-Swap Benchmark Amendments (as the case may be), determined under this Condition 4(a)(iii) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, and, in accordance with Condition 13, the Noteholders and the Couponholders. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

The Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) specified in such notice, will (in the absence

of manifest error or bad faith in their determination) be final and binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and the Couponholders.

(F) *Survival of Original Mid-Swap Rate*

Without prejudice to the obligations of the Issuer under paragraphs (A), (B), (C) and (D), the Original Mid-Swap Rate and the priority fallback provisions provided for in the definition of "Mid-Swap Rate" will continue to apply unless and until these priority fallback provisions fail to provide a means of determining the Rate of Interest.

(b) **Interest on Floating Rate Notes**

(i) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date specified in the Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on either:

- (A) the Interest Payment Date(s) in each year specified in the Final Terms; or
- (B) if no Interest Payment Date(s) is/are specified in the Final Terms, each date (each such date, together with each Interest Payment Date specified in the Final Terms an **Interest Payment Date**) which falls the number of months or any other period specified as the Specified Period in the Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a Business Day Convention is specified in the Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B), the **Floating Rate Convention**, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls within the Specified Period after the preceding applicable Interest Payment Date occurred or
- (B) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (C) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (D) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day.

Notwithstanding the foregoing, where the Final Terms specifies that the relevant Business Day Convention is to be applied on an **unadjusted** basis, the Interest Amount payable on any date shall not be affected by the application of such Business Day Convention.

In this Condition 4, **Business Day** means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in each Additional Business Centre(s) specified in the Final Terms; and
- (B) either (x) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre(s) of the country of the relevant Specified Currency (if other than any Additional Business Centre and which if the Specified Currency is Australian dollars, shall be Sydney, if the Specified Currency is Canadian dollars, shall be Montreal and, if the Specified Currency is Renminbi, shall be Hong Kong) or (y) in relation to any sum payable in euro, a day on which the TARGET 2 System is open (a **TARGET 2 Business Day**). In these Terms and Conditions, **TARGET 2 System** means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET 2) System.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the Final Terms, which may be:

(A) *ISDA Determination*

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any). For the purposes of this subparagraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Fiscal Agent or any other person specified in the Final Terms, under an interest rate swap transaction if the Fiscal Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- (1) the Floating Rate Option is as specified in the Final Terms;
- (2) the Designated Maturity is a period specified in the Final Terms; and
- (3) the relevant Reset Date is the first day of that Interest Period.

For purposes of this subparagraph, **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity**, **Reset Date** and **Euro-zone** have the meanings given to those terms in the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. (the **ISDA Definitions**) and as amended and updated as at the Issue Date of the Notes of the relevant Series.

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, unless a higher Minimum Rate of Interest is specified in the Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

In the Final Terms, when the paragraph "Floating Rate Option" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Period.

(B) *Screen Rate Determination*

a) *Screen Rate Determination for Floating Rate Notes*

- (x) Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate *per annum*), for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the Final Terms (which will be 11.00 a.m., Brussels time, in the case of the Euro-zone interbank offered rate (**EURIBOR**) or the Specified Time in the principal financial centre of the jurisdiction of the relevant Reference Rate on the Interest Determination Date in question plus or minus (as indicated in the Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

- (y) If the Relevant Screen Page is not available or if in the case of paragraph (1) above, no such offered quotation appears or, in the case of paragraph (2) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Calculation Agent shall request the principal office of each of the Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate *per annum* which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the relevant inter-bank market (which will be the Euro-zone inter-bank market if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer and the Calculation Agent suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the relevant inter-bank market (which will be the Euro-zone inter-bank market if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Calculation Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

If the provisions of paragraph (y) above fail to provide a means of determining the Rate of Interest, Condition 4(b)(iii) below shall apply.

b) Provisions specific to SONIA reference rate

When SONIA is specified as the Reference Rate in the Final Terms in respect of the Floating Rate Note, the manner in which the Rate of Interest is to be determined could be either SONIA Lookback Compound or SONIA Observation Shift Compound as follows:

rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

If, in respect of a relevant London Banking Day, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be: (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Notwithstanding the foregoing, if the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent will have the right to make Benchmark Replacement Conforming Changes from time to time.

Any determination, decision or election that may be made by the Calculation Agent pursuant to those provisions, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent’s sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

As used herein:

Benchmark means, initially, SOFR, as defined above; provided that if the Calculation Agent determines on or prior to the Reference Time that a Benchmark Transition Event and its related

Benchmark Replacement Date have occurred with respect to SOFR or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement;

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected by the Calculation Agent as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment;

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero), that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Calculation Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenor, and other administrative matters) that the Calculation Agent decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent determines is reasonably necessary);

Benchmark Replacement Date means the earliest to occur of the following events with respect to the then-current Benchmark:

- (1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event”, the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark; or
- (2) in the case of clause (3) of the definition of “Benchmark Transition Event”, the date of the public statement or publication of information referenced therein;

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination,

the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative, that the Benchmark has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes;

ISDA Definitions means the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, provided that if the Calculation Agent determines that it is appropriate, ISDA Definitions will mean any successor definitional booklet to the 2021 ISDA Definitions as supplemented from time to time for interest rate derivatives all as determined as of the date of the relevant determination under this Condition;

ISDA Fallback Adjustment means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of a Benchmark Transition Event with respect to the Benchmark for the applicable tenor;

ISDA Fallback Rate means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of a Benchmark Transition Event with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

Reference Time with respect to any determination of the Benchmark means (1) if the Benchmark is SOFR, the SOFR Determination Time, and (2) if the Benchmark is not SOFR, the time determined by the Calculation Agent after giving effect to the Benchmark Replacement Conforming Changes;

Relevant Governmental Body means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto;

- (i) if, at or around 11:30 a.m. (Beijing time) on the Interest Determination Date, a relevant SHIBOR is published on <http://www.shibor.org>, then the relevant SHIBOR will be that rate; and for the purposes of these Conditions, the relevant SHIBOR means SHIBOR in a critical term corresponding to the relevant Interest Period.
- (ii) if for any reason the relevant SHIBOR is not published in respect of a certain Interest Determination Date, the relevant SHIBOR in respect of the business day immediately preceding that Interest Determination Date shall be applied in place thereof.

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

Observation Shift Days means the number of TARGET 2 Business Days specified in the applicable Final Terms.

If the €STR is not published, as specified above, on any particular TARGET 2 Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET 2 Business Day shall be the rate equal to €STR in respect of the last TARGET 2 Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET 2 Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate of €STR for each relevant TARGET 2 Business Day on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first TARGET 2 Business Day following the €STR Index Cessation Effective Date, then the rate of €STR for each relevant TARGET 2 Business Day on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each relevant TARGET 2 Business Day occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes.

- (iii) in the case of the occurrence of a SARON Administrator/Benchmark Event or a SARON Index Cessation Event described in subparagraph (iv) of the definition thereof, the date as of which the SARON may no longer be used;

SARON Index Cessation Event means the occurrence of one or more of the following events:

- (i) a public statement or publication of information by or on behalf of the SARON Administrator, announcing that it has ceased or will cease to provide the SARON, permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the SARON; or
- (ii) a public statement or publication of information by the supervisor of the SARON Administrator, the central bank for the Swiss Franc, an insolvency official with jurisdiction over the SARON Administrator, a resolution authority with jurisdiction over the SARON Administrator, or a court or an entity with similar insolvency or resolution authority over SARON Administrator, which states that the SARON Administrator, has ceased or will cease to provide the SARON, permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the SARON; or
- (iii) a public statement by the supervisor of the SARON Administrator that, in the view of such supervisor, SARON is no longer representative of an underlying market or the methodology to calculate the SARON has materially changed; or
- (iv) any event which otherwise constitutes an “index cessation event” (regardless of how it is actually defined or described in the definition of the SARON) following which the SARON may no longer be used;

provided that the Index Cessation Event shall occur on the date of the cessation of publication of the SARON, the discontinuation of the SARON, or the prohibition of use of the SARON, and not the date of the relevant public statement.

- (ii) if the SARON Recommending Body has not recommended such a spread, formula or methodology as described in clause a. above, to be applied to such SARON Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the SARON with such SARON Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such SARON Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

“SARON Recommended Replacement Rate” means the rate that has been recommended as the replacement for the SARON by any working group or committee in Switzerland organized in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the **“SARON Recommending Body”**);

“Zurich Banking Day” means a day on which banks are open in the City of Zurich for the settlement of payments and of foreign exchange transactions.

- (iii) Benchmark Trigger Event in relation to Floating Rate Notes (except for SONIA, SOFR, €STR and SARON reference rates Notes and when ISDA determination is applicable)

(A) *Appointment of a Rate Determination Agent*

If a Benchmark Trigger Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with paragraph (B)) and, in either case, an Adjustment Spread if any (in accordance with paragraph (C)) and any Benchmark Amendments (in accordance with paragraph (D)).

A Rate Determination Agent appointed pursuant to this Condition 4(b)(iii) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the

absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 4(b)(iii).

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Rate or an Alternative Rate prior to the relevant Interest Determination Date or (iii) the Issuer determines that the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate and, in either case, any Adjustment Spread and/or any Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined by the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Issuer may decide that no Successor Rate or Alternative Rate, as the case may be, will be adopted and the Reference Rate applicable to the next succeeding Interest Period will be equal to the Original Reference Rate last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Reference Rate shall be the last available Original Reference Rate.

(B) Successor Rate or Alternative Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(b)(iii)); or
- (ii) there is no Successor Rate but there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(b)(iii)).

(C) Adjustment Spread

If the Rate Determination Agent determines that (i) an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate and (ii) the quantum of, or a formula or methodology for determining such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(D) Benchmark Amendments

If any Successor Rate or Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(b)(iii) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate or Alternative Rate or Adjustment Spread (if any) (such amendments, the “**Benchmark Amendments**”) and (ii) the specific terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with paragraph (E) vary these Conditions to the extent needed to give effect to such Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted

the Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) *Notices*

Any Successor Rate or Alternative Rate or Adjustment Spread and Benchmark Amendments (as the case may be), determined under this Condition 4(b)(iii) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, and, in accordance with Condition 13, the Noteholders and the Couponholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice, will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be final and binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and the Couponholders.

(F) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under paragraphs (A), (B), (C) and (D), the Original Reference Rate and the priority fallback provisions provided for in Condition 4(b)(ii) will continue to apply unless and until these priority fallback provisions fail to provide a means of determining the Rate of Interest.

(iv) Additional provisions in relation to Floating Rate Notes

In these Terms and Conditions:

Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, unless a higher Minimum Rate of Interest is specified in the Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the Final Terms as being other than EURIBOR, €STR, SONIA, SOFR, SARON or TONA, as the case may be, the Rate of Interest in respect of such Notes will be determined as provided in the Final Terms.

In the Final Terms, when the paragraph "Reference Rate" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Period.

(v) Minimum and/or Maximum Rate of Interest and/or Rate Multiplier

Subject to the provisions of Condition 4(b)(ii)(A), if the Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

If the Final Terms specify a Rate Multiplier for any Interest Period, then the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

If n/N or n_b/N_b is specified as the Rate Multiplier in the Final Terms, the following definitions shall apply:

n means the number of calendar days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N means the total number of calendar days within the relevant Interest Period.

n_b means the number of Business Days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N_b means the total number of Business Days within the relevant Interest Period.

Lower Limit means, in respect of the relevant Interest Period, the limit specified in the Final Terms.

Benchmark means, in respect of any calendar day (in respect of the definition of **n**) or, as applicable, Business Day (in respect of the definition of **n_b**) of the relevant Interest Period:

- if **EURIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is "EUR-EURIBOR-Reuters" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen EURIBOR01 Page, EURIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option "EUR-EURIBOR-Reference Banks" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).
- if **EUR-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is "EUR-ISDA-EURIBOR Swap Rate-11:00" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date), and appearing on Reuters Screen ISDAFIX2 Page as at 11.00 a.m. (Frankfurt time) under the heading "EURIBOR BASIS – FRF" and above the caption "11:00 AM FRANKFURT". If on any Benchmark Day, such rate does not appear on Reuters Screen ISDAFIX2 Page, EUR-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option "EUR-Annual Swap Rate-Reference Banks" (as defined in the ISDA Definitions) for a period of the Designated Maturity specified in the Final Terms (without reference to any Reset Date).
- if **USD-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is "USD-ISDA-Swap Rate" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date), and appearing on Reuters Screen ISDAFIX1 Page as at 11.00 a.m. (New York time). If on any Benchmark day, such rate does not appear on Reuters Screen ISDAFIX1 Page, USD-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option

"USD-CMS-Reference Banks" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

For the purposes hereof, the value of the Benchmark on any calendar day of the relevant Interest Period which is not a Benchmark Day shall be deemed to be the value ascribed to the Benchmark on the first preceding Benchmark Day.

Benchmark Day means, if the relevant Benchmark is:

- EURIBOR or EUR-CMS, any days (other than a Saturday or Sunday) on which the TARGET 2 System is operating; and
- USD-CMS, any days (other than a Saturday or Sunday) on which banks are open for business in New York City.

Upper Limit means, in respect of the relevant Interest Period, the limit specified in the Final Terms.

(vi) Determination of Rate of Interest and calculation of Interest Amount in respect of Floating Rate Notes

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined in respect of a Floating Rate Note, determine the Rate of Interest for the relevant Interest Period. The Calculation Agent will notify the Fiscal Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same (but in no event later than the first Business Day after such calculation).

The Fiscal Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes in respect of each Note for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series; or
- (B) in the case of Floating Rate Notes which are Definitive Bearer Notes or Definitive Registered Notes, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note which is a Definitive Bearer Note or a Definitive Registered Note is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the number by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(vii) Notification of Rate of Interest and Interest Amount

The Fiscal Agent will cause the Rate of Interest and the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13.

(c) Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a fixed rate to a floating rate, from a floating rate to a fixed rate, from a fixed rate to another fixed rate or from a floating rate to another floating rate on the date set out in the Final Terms.

(d) Zero Coupon Notes

This Condition 4(d) applies if the Final Terms specify that the clause "Zero Coupon Note Provisions" is "Applicable".

The Final Terms will specify the accrual yield (the **Accrual Yield**), the reference price (the **Reference Price**) and the Day Count Fraction in relation to Early Redemption Amounts and late payment (pursuant to the provisions of Conditions 6(k) and 6(n)).

Where a Zero Coupon Note is redeemed or becomes due and repayable, the amount due and repayable (the **Amortised Face Amount**) shall be an amount equal to the sum of:

- (A) the Reference Price; and
- (B) the product of the Accrual Yield specified in the Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and notified in accordance with Condition 13 and 14, *mutatis mutandis*.

(e) Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if applicable) from the due date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to be calculated and to accrue (both before and after judgement) at the relevant Rate of Interest until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five calendar days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Fiscal Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

(f) Certain definitions relating to the calculation of interest

In respect of the calculation of an amount of interest for any Interest Period, **Day Count Fraction** means the following (provided that, unless otherwise specified in the Final Terms, the Day Count Fraction applicable to Floating Rate Notes denominated in euro shall be Actual/360):

5. Payments

(a) Method of payment

Subject as provided below and, in the case of Registered Notes, subject also as provided in the Final Terms, payments made in:

- (i) a Specified Currency other than euro or Renminbi will be made by credit or transfer to an account denominated in the relevant Specified Currency or an account on which the Specified Currency may be credited or transferred maintained by the payee with, or, at the option of the payee, except in the case of Registered Notes, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre(s) of the country of such Specified Currency (which if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal);

- (ii) euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, except in the case of Registered Notes, by a euro-cheque; and
- (iii) Renminbi will be made solely by credit to a Renminbi bank account maintained at a bank in Hong Kong in accordance with applicable laws, rules, regulations and guidelines issued from time to time.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7.

(b) *Presentation and surrender of Definitive Bearer Notes and Coupons*

Payments of principal in respect of Definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 5(a) only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of such Definitive Bearer Notes, and payments of interest in respect of Definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)). Payments under paragraph (a) made, at the option of the bearer of such Note or Coupon, by cheque shall be mailed or delivered to an address outside the United States furnished by such bearer. Subject to any applicable laws and regulations, such payments made by transfer will be made in immediately available funds to an account maintained by the payee with a bank located outside the United States. Subject as provided below, no payment in respect of any Definitive Bearer Note or Coupon will be made upon presentation of such Definitive Bearer Note or Coupon at any office or agency of the Issuer or any Paying Agent in the United States, nor will any such payment be made by transfer to an account, or by mail to an address, in the United States.

Fixed Rate Notes which are Definitive Bearer Notes should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note which is a Definitive Bearer Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note which is a Definitive Bearer Note becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any Floating Rate Note is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only against the provision of such indemnity as the Issuer may decide.

If the due date for redemption of any Definitive Bearer Note is not an Interest Payment Date interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date, or if there is no such preceding date, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Bearer Note.

(c) Payments in respect of Bearer Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Bearer Global Note will (subject as provided below) be made in the manner specified above in relation to Definitive Bearer Notes and otherwise in the manner specified in the relevant Bearer Global Note against presentation or surrender, as the case may be, of such Bearer Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of such Bearer Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Note by the relevant Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made.

(d) Payments in respect of Registered Notes

Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the **Register**) at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which if the Specified Currency is Australian dollars, shall be Sydney, if the Specified Currency is Canadian dollars shall be Montreal and, if the Specified Currency is Renminbi shall be Hong-Kong) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on, in the case of Registered Notes in definitive form only, the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at such holder's address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note. Notwithstanding the above, in respect of Registered Global Notes, the Record Date will be the Clearing System Business Day immediately prior to the date for payment, where **Clearing System Business Day** means Monday to Friday inclusive except 25 December and 1 January.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No

commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

None of the Issuer or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(e) *Payments in respect of SIS Notes, and any other English Law Notes listed on SIX Swiss Exchange*

Notwithstanding any other provision in this Condition 5, in the case of SIS Notes, or other English Law Notes listed on SIX Swiss Exchange, the relevant Swiss Paying Agency Agreement shall supplement and modify the English Law Agency Agreement for the purposes of the relevant Notes, including providing for the appointment of a Principal Swiss Paying Agent (which, in the case of Notes listed on SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the Swiss Financial Market Supervisory Authority FINMA (**FINMA**)) that will perform certain duties including, inter alia, those which relate to Swiss capital market customs and payment instructions.

The Issuer shall make all payments of principal and interest due under the SIS Notes to the Principal Swiss Paying Agent in accordance with the Swiss Paying Agency Agreement and the Terms and Conditions of the Notes. Payments of principal and interest in respect of any SIS Notes denominated in Swiss Francs shall be made in freely disposable Swiss Francs, and in the case of SIS Notes denominated in a currency other than Swiss Francs in such other currency, which shall also be freely disposable, without collection costs and whatever the circumstances may be, irrespective of the nationality, domicile or residence of the holder of any SIS Notes and without requiring any certification, affidavit or the fulfilment of any other formality. The receipt by the Principal Swiss Paying Agent of the due and punctual payment of such funds in Switzerland shall discharge the Issuer's obligations under (i) the Permanent Global SIS Note or (ii) the Definitive Bearer SIS Notes, Receipts and Coupons, if printed, or (iii) the Uncertificated SIS Notes, as the case may be, with respect to the payment of, as the case may be, principal, interest, costs and additional amounts on the Notes and the paying agency fees, in each case to the extent of the funds received.

(f) *General provisions applicable to payments*

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the payment obligations of the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream as the beneficial holder of a particular nominal amount of Notes represented by a global Note must look solely to Euroclear or Clearstream, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on that global Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and/or interest in respect of Bearer Notes (if any) will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes and any related Coupons in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or any other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(g) Payments Subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its Agents) and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Condition 7.

No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(h) Payment Business Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day, the holder thereof shall instead be entitled to payment on (i) the next following Payment Business Day or (ii) if "Modified Following" is specified in the Final Terms, the next following Payment Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Payment Business Day, in the relevant place. In the event that any adjustment is made to the date for payment in accordance with this Condition 5(h), the relevant amount due in respect of any Note or Coupon shall not be affected by any such adjustment. For these purposes and except as specified in Condition 5(d), **Payment Business Day** means any day which is:

- (i) subject to the provisions of the English Law Agency Agreement, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
- (A) the relevant place of presentation; and
 - (B) each Additional Financial Centre specified in the Final Terms;
- (ii) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation and any Additional Financial Centre and which if the Specified Currency is Australian dollars, shall be Sydney, if the Specified Currency is Canadian dollars shall be Montreal and, if the Specified Currency is Renminbi, shall be Hong Kong) or (B) in relation to any sum payable in euro, a day on which the TARGET 2 System is open; and

(i) Interpretation of Principal and Interest

Any reference in these Terms and Conditions to "**principal**" in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;

Any reference in these Terms and Conditions to "**interest**" in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

(j) Currency unavailability

This paragraph shall apply when payment is due to be made in respect of any Note or Coupon in the Specified Currency and the Specified Currency is not available to the Issuer due to the imposition of exchange controls, the Specified Currency's replacement or disuse or any other circumstances beyond the control of the Issuer (**Currency Unavailability**). In the event of Currency Unavailability, the Issuer will be entitled to satisfy its obligations to the holder of such Note or Coupon by making payment in euro or U.S. dollars on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro or U.S. dollars (as applicable) in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro or U.S. dollars (as applicable) in accordance with this paragraph will not constitute an Event of Default.

(k) Provisions specific to CNY currency event

If "CNY Currency Event" is specified in the Final Terms and a CNY Currency Event, as determined by the Calculation Agent in its sole and absolute discretion, exists on a date for payment of any amount in respect of any Note or Coupon, the Issuer may determine one or more of the following, and require the Calculation Agent to take such action or make such determination accordingly, in its sole and absolute discretion:

- (i) the relevant payment of the Issuer be postponed to 10 Business Days after the date on which the CNY Currency Event ceases to exist or, if that would not be possible (as determined by the Issuer acting in good faith) as soon as reasonably practicable thereafter;
- (ii) that the Issuer's obligation to make a payment in CNY under the terms of the Notes be replaced by an obligation to pay such amount in the Relevant Currency (converted at the Alternate Settlement Rate determined by the Calculation Agent as of a time selected in good faith by the Calculation Agent); and
- (iii) by giving notice to the Noteholders and the Couponholders in accordance with the Conditions, the Issuer, in its sole and absolute discretion, may redeem the Notes in whole but not in part, each Note being redeemed at its Early Redemption Amount.

Upon the occurrence of a CNY Currency Event, the Issuer shall give notice, as soon as practicable, to the Noteholders and the Couponholders in accordance with the Conditions stating the occurrence of the CNY Currency Event, giving brief details thereof and the action proposed to be taken in relation thereto.

For the purpose of this Condition 5(k):

Alternate Settlement Rate means the spot rate between CNY and the Relevant Currency determined by the Calculation Agent, taking into consideration all available information which the Calculation Agent deems relevant (including, but not limited to, the pricing information obtained from the CNY non-deliverable market outside the PRC and/or the CNY exchange market inside the PRC).

CNY Currency Events means any one of CNY Illiquidity, CNY Non-Transferability and CNY Inconvertibility.

CNY Illiquidity means the general CNY exchange market in Hong Kong becomes illiquid as a result of which the Issuer and/or any of its affiliates cannot obtain sufficient CNY in order to make a payment or perform any other of its obligations under the Notes, as determined by the Calculation Agent in good faith and in a commercially reasonable manner.

CNY Inconvertibility means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer and/or any of its affiliates to convert any amount into or from CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion at the general CNY exchange market in Hong Kong, other than where such impossibility, impracticability or illegality is due solely to the failure of the Issuer and/or the relevant affiliate to comply with any law, rule or regulation enacted

by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series of Notes and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer or the relevant affiliate, to comply with such law, rule or regulation).

CNY Non-Transferability means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer and/or any of its affiliates to deliver CNY between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility, impracticability or illegality is due solely to the failure of the Issuer and/or the relevant affiliate to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer and/or the relevant affiliate, to comply with such law, rule or regulation).

Governmental Authority means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong.

Relevant Currency means US Dollar, Hong Kong Dollar or such other currency as may be specified in the Final Terms.

For the purposes of these Terms and Conditions:

A **Withholding Tax Event** means that the Issuer has or will become obliged to pay additional amounts as provided in Condition 7 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of any such Notes (and such obligation cannot be avoided by the Issuer taking reasonable measures available to it).

- (y) Upon the occurrence of a Special Tax Event (as defined below) the Issuer may, at any time, at its option (subject to the provisions of Condition 6(i) as the case may be) and having given not less than seven (7) nor more than forty-five (45) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Notes in whole but not in part at their Early Redemption Amount, as provided in Condition 6(k), together, if appropriate, with accrued interest to (but excluding) the date of redemption, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date upon which the Issuer could make payment of the full amount without withholding for such taxes.

- (ii) Redemption upon the occurrence of a Tax Deductibility Event with respect to Subordinated Notes

Upon the occurrence of a Tax Deductibility Event (as defined below) with respect to Subordinated Notes, the Issuer may, at any time, at its option (subject to the provisions of Condition 6(i)(iii)) and having given not less than thirty (30) nor more than forty-five (45) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Subordinated Notes in whole but not in part at their Early Redemption Amount, as provided in Condition 6(k), together, if appropriate, with accrued interest to (but excluding) the date of redemption, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make such payment with interest payable being tax deductible for French corporate income tax purposes (*impôts sur les bénéfices des sociétés*).

For the purposes of these Terms and Conditions:

A **Tax Deductibility Event** means that if by reason of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction or any change in the application or official interpretation of such laws or regulations, or any other material change in the tax treatment of the Subordinated Notes, which change or amendment becomes effective on or after the Issue Date of the Subordinated Notes, any interest payment under the Subordinated Notes was but is no longer (whether in whole or in part) tax-deductible by the Issuer for French corporate income tax purposes (*impôts sur les bénéfices des sociétés*) purposes or the amount which was deductible by the Issuer on any interest payment under the Notes for French corporate income tax purposes, is materially reduced.

Capital Event means a change in the regulatory classification of the Subordinated Notes under the Relevant Rules that was not reasonably foreseeable by the Issuer at the Issue Date of the Subordinated Notes, and that would be likely to result in or has resulted in the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer, provided that such exclusion is not as a result of any applicable limits on the amount of Tier 2 Capital;

Capital Requirements Directive means the Directive (EU) 2013/36/EU of the European Parliament and of the Council on access to the activity of credit institutions and prudential requirements for credit institutions and investment firms dated 26 June 2013 and published in the Official Journal of the European Union on 27 June 2013, as amended or replaced from time to time (including by Directive (EU) 2019/878 of the European Parliament and of the Council dated 20 May 2019 (the **Capital Requirements Directive V**));

Capital Requirements Regulation means the Regulation (EU) 2013/575 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms dated 26 June 2013 and published in the Official Journal of the European Union on 27 June 2013, as amended or replaced from time to time (including by Regulation (EU) 2019/876 of the European Parliament and of the Council dated 20 May 2019 (the **Capital Requirements Regulation II**));

CRD means the Capital Requirements Directive and the Capital Requirements Regulation;

Regulator means the European Central Bank and any successor or replacement thereto, or other authority having primary responsibility for the prudential oversight and supervision of the Issuer;

Relevant Rules means the capital rules from time to time as applied by the Regulator and as amended from time to time including the implementation of the CRD and/or the BRRD;

Special Event means any of a Capital Event, a Withholding Tax Event, a Tax Deductibility Event or a Special Tax Event;

Tier 2 Capital means capital which is treated as a constituent of Tier 2 by the then current requirements of the Regulator for the purposes of the Issuer.

(d) Redemption upon the occurrence of a MREL or TLAC Disqualification Event

This Condition 6(d) applies with respect to:

- *Senior Preferred Notes, unless “MREL or TLAC Disqualification Event in respect of Senior Preferred Notes” is specified as not applicable in the Final Terms;*
- *Senior Non-Preferred Notes; and*
- *Subordinated Notes, if “MREL or TLAC Disqualification Event in respect of Subordinated Notes” is specified as applicable in the Final Terms.*

Upon the occurrence of a MREL or TLAC Disqualification Event (as defined below), the Issuer may, at any time, at its option (subject to the provisions of Condition 6(i)) and having given not less than thirty (30) nor more than forty-five (45) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Notes in whole but not in part at their Early Redemption Amount, as provided in Condition 6(k), together, if appropriate, with accrued interest to (but excluding) the date of redemption.

In the case of Tier 2 Capital Subordinated Notes, no redemption upon the occurrence of a MREL or TLAC Disqualification Event will be permitted before five (5) years after the Issue Date of such Tier 2 Capital Subordinated Notes.

For the purposes of these Terms and Conditions:

MREL or TLAC Disqualification Event means a change in the classification of the Notes under the MREL or TLAC Requirements, that was not reasonably foreseeable by the Issuer at the Issue Date of the Notes, and that would be likely to result in or has resulted in the Notes being fully or partially excluded from the own funds or eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined by the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer). For the avoidance of doubt, the exclusion of a Series of Notes from the own funds or eligible liabilities available to meet the MREL or TLAC Requirements due to the remaining maturity of such Notes being less than any period prescribed thereunder, does not constitute a MREL or TLAC Disqualification Event.

MREL or TLAC Requirements means the minimum requirements for own funds and eligible liabilities and/or total loss-absorbing capacity requirements applicable to the Issuer and/or the Group referred to in the BRRD and CRD, or any other EU laws and regulations implemented in French laws and regulations and/or as set out in policies and/or principles of the SRB as the case may be, and/or as per the FSB TLAC Term Sheet dated 9 November 2015, as amended from time to time.

(e) *Redemption applying only with respect to Senior Preferred Notes*

(i) Make-Whole Redemption Option

If a Make-Whole Redemption Option is specified as applicable in the Final Terms with respect to Senior Preferred Notes, the Issuer may, at its option (subject to the provisions of Condition 6(i)(i) as the case may be), at any time (the **Make-Whole Redemption Date**) and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Senior Preferred Notes in whole but not in part, at their Make-Whole Redemption Amount (as defined below).

All Senior Preferred Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice (i.e. the Make-Whole Redemption Date) in accordance with this Condition.

For the purposes of these Terms and Conditions:

Make-Whole Redemption Amount means an amount calculated by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) and equal to the greater of (x) 100 per cent. of the principal amount of the Notes so redeemed and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the Make-Whole Redemption Rate plus a Make-Whole Redemption Margin, plus in each case, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

Make-Whole Redemption Margin means the margin as specified in the Final Terms.

Make-Whole Redemption Rate means (i) the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security on the fourth Business Day preceding the Make-Whole Redemption Date at 11:00 a.m. (Central European Time (CET)) (**Reference Dealer Quotation**) or (ii) the Reference Screen Rate, as specified in the Final Terms.

The Make-Whole Redemption Rate will be published by the Issuer in accordance with Condition 13.

Reference Dealers means each of the four banks selected by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) which are primary European government security dealers, and their respective successors, or market makers in

pricing corporate bond issues, or such other banks or method of selection of such banks as specified in the Final Terms.

Reference Screen Rate means the screen rate as specified in the Final Terms.

Reference Security means the security as specified in the Final Terms.

If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) at 11:00 a.m. (CET) on the third Business Day preceding the Make-Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and published in accordance with Condition 13.

Similar Security means a reference bond or reference bonds issued by the same issuer as the Reference Security having an actual or interpolated maturity comparable with the remaining term of the Notes that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) shall (in the absence of manifest error) be final and binding upon all parties.

(ii) Residual Maturity Redemption Option

If a Residual Maturity Redemption Option is specified as applicable in the Final Terms with respect to Senior Preferred Notes, the Issuer may, at its option (subject to the provisions of Condition 6(i)(i) as the case may be), at any time, on or after the Optional Redemption Date and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Senior Preferred Notes, in whole but not in part, at their Optional Redemption Amount, as provided in Condition 6(j) together, if appropriate, with accrued interest to (but excluding) the date of redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(iii) Clean-up Redemption Option

If a Clean-up Redemption Option is specified as applicable in the Final Terms with respect to Senior Preferred Notes, and if 80 per cent. or any higher percentage specified in the Final Terms (the **Clean-up Percentage**) of the initial aggregate nominal amount of Senior Preferred Notes of the same Series (which for the avoidance of doubt includes, any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) have been redeemed or purchased by, or on behalf of, the Issuer or any of its subsidiaries and, in each case, cancelled, the Issuer may, at any time, at its option, (subject to the provisions of Condition 6(i)(i) as the case may be) and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms), in accordance with Condition 13, to the Fiscal Agent, the Noteholders and the Couponholders, redeem the outstanding Notes, in whole but not in part, at their Optional Redemption Amount, as provided in Condition 6(j) together, if appropriate, with accrued interest to (but excluding) the date of redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(f) ***Redemption at the Option of the Issuer***

If a Redemption at the Option of the Issuer is specified as applicable in the Final Terms (subject to the provisions of Condition 6(i)), the Issuer may, at its option on any Optional Redemption Date and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such

other notice period as may be specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Notes, in whole or in part, at their Optional Redemption Amount, as provided in Condition 6(j) together, if appropriate, with accrued interest to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and nor more than the Maximum Redemption Amount, both as specified in the Final Terms.

In case of a redemption of some only of the Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot (in the case of Redeemed Notes represented by Notes in definitive form) and in accordance with the rules of Euroclear and/or Clearstream in the case of Redeemed Notes represented by a global Note held on behalf of Euroclear and/or Clearstream (to be reflected in the records of Euroclear and/or Clearstream as either a pool factor or a reduction in nominal amount, at their discretion) and in accordance with the rules of the relevant securities depository and any relevant provisions in the Final Terms (in the case of Registered Notes), in each case not more than thirty (30) calendar days prior to the relevant Optional Redemption Date (such date of selection being hereinafter called the **Selection Date**).

In the case of Redeemed Notes represented by Notes in definitive form, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than fifteen (15) calendar days prior to the relevant Optional Redemption Date. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph and notice to that effect shall be given by the Issuer to the Noteholders and the Couponholders in accordance with Condition 13 at least ten (10) calendar days prior to the Selection Date.

With respect to any Senior Preferred Note, any notice given by the Issuer pursuant to this Condition 6(f) shall be void and of no effect in relation to that Senior Preferred Note if, prior to the giving of such notice by the Issuer, the holder of such Senior Preferred Note had already delivered a Put Notice in relation to that Senior Preferred Note in accordance with Condition 6(g).

(g) Redemption at the Option of the Noteholders with respect to Senior Preferred Notes

If a Redemption at the Option of the Noteholders is specified as applicable in the Final Terms with respect to Senior Preferred Notes (subject to the provisions of Condition 6(i)(i)), the holders of Senior Preferred Notes may at their option, on the relevant Optional Redemption Date having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms), to the Issuer in accordance with Condition 13, require the redemption of such Senior Preferred Notes.

Upon the expiry of such notice, the Issuer will redeem, in whole but not in part, such Senior Preferred Notes on the Optional Redemption Date at their Optional Redemption Amount, as provided in Condition 6(j) together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

Before the exercise of a Redemption at the Option of the Noteholders with respect to Senior Preferred Notes certain conditions and/or circumstances will need to be satisfied.

To exercise the right to require the redemption of Senior Preferred Notes, the holder of such Senior Preferred Note must, if the Senior Preferred Note is in definitive form and held outside Euroclear and Clearstream, deliver, at the specified office of any Paying Agent (in case of Bearer Notes) or the Registrar (in case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an

address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent in accordance with Condition 13. If this Senior Preferred Note is in definitive form, the Put Notice must be accompanied by this Senior Preferred Note (together with all unmatured Coupons and unexchanged Talons if applicable) or evidence satisfactory to the Paying Agent concerned that this Senior Preferred Note (together with any such unmatured Coupons and Talons) will, following delivery of the Put Notice, be held to the order or under its control. If the Senior Preferred Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, to exercise the right to require redemption of the Senior Preferred Note the holder of the Senior Preferred Note must, within the notice period, give notice to the Fiscal Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream (which may include notice being given on his instruction by Euroclear or Clearstream or any common depositary or common safekeeper, as the case may be, for them to the Fiscal Agent by electronic means) in a form acceptable to Euroclear and Clearstream from time to time and, if the Senior Preferred Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Fiscal Agent for notation accordingly.

Any Put Notice given by a holder of any Senior Preferred Note pursuant to this paragraph shall be:

- (i) irrevocable except where prior to the Optional Redemption Date an Event of Default (if any) has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Senior Preferred Note forthwith due and payable pursuant to Condition 9; and
- (ii) void and of no effect in relation to such Senior Preferred Note if, prior to the giving of such Put Notice by the relevant holder: (A) such Senior Preferred Note constituted a Redeemed Note, or (B) the Issuer had notified the Noteholders and the Couponholders of its intention to redeem all of the Senior Preferred Notes in a Series then outstanding, in each case pursuant to Condition 6(e)(i), Condition 6(e)(ii), Condition 6(e)(iii) or Condition 6(f).

(h) Substitution and Variation of the Notes

(i) Substitution and Variation with respect to Senior Notes

The Issuer may at any time (subject to the provisions of Condition 6(i) as the case may be) having given not less than thirty (30) nor more than forty-five (45) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, if a Withholding Tax Event, a Special Tax Event or a MREL or TLAC Disqualification Event (as the case may be) has occurred and is continuing or in order to ensure the effectiveness and enforceability of Condition 18 (*Acknowledgment of Bail-In and Write-Down or Conversion Powers*), substitute all (but not some only) or vary the terms of all (but not some only) of the Senior Notes, without any requirement for the consent or approval of the Noteholders or the Couponholders, so that they become or remain Qualifying Senior Notes.

For the purposes of these Terms and Conditions:

Qualifying Senior Notes means securities issued by the Issuer, that, other than in respect of the effectiveness and enforceability of Condition 18 (*Acknowledgment of Bail-In and Write-Down or Conversion Powers*), have terms not materially less favourable to the Noteholders and the Couponholders than the terms of the Senior Notes, as reasonably determined by the Issuer, and provided that the Issuer shall have delivered a certificate to that effect signed by two (2) of its duly authorised representatives to the Fiscal Agent (and copies thereof will be available at the specified office of the Fiscal Agent during its normal business hours) not less than five (5) Business Days prior to (x) in case of a substitution of the Senior Notes, the issue date of the relevant securities or (y) in case of a variation of the Senior Notes, the date such variation becomes effective, provided that such securities shall:

- (A) contain terms which comply with the then applicable MREL or TLAC Requirements to the same extent as the Senior Notes prior to the relevant substitution or variation

(which, for the avoidance of doubt, may result in the relevant securities not including, or restricting for a period of time the application of the MREL or TLAC Disqualification Event which are included in the Senior Notes);

The rules under MREL or TLAC Requirements may be modified from time to time after the date of issuance of the Senior Notes

- (B) carry the same rate of interest from time to time applying to the Senior Notes prior to the relevant substitution or variation;
- (C) rank at least senior to, or *pari passu* with, the ranking of the Senior Non-Preferred Notes or the Senior Preferred Notes, as the case may be, prior to the substitution or variation;
- (D) not be immediately subject to a Withholding Tax Event or a Special Tax Event;
- (E) be listed or admitted to trading on any recognised stock exchange (including, without limitation, a Regulated Market), in either case as selected by the Issuer if (i) the Senior Notes were listed or admitted to trading on a Regulated Market immediately prior to the relevant substitution or variation or (ii) the Senior Notes were listed or admitted to trading on a recognised stock exchange other than a Regulated Market immediately prior to the relevant substitution or variation; and
- (F) have a solicited published rating ascribed to them or expected to be ascribed to them if the Senior Notes had a solicited published rating from a rating agency immediately prior to such substitution or variation.

(ii) Substitution and Variation with respect to Subordinated Notes

The Issuer may at any time (subject to the provisions of Condition 6(i)(iii)) and having given not less than thirty (30) nor more than forty-five (45) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, if a Capital Event, a Tax Event or a MREL or TLAC Disqualification Event (as the case may be) has occurred and is continuing or in order to ensure the effectiveness and enforceability of Condition 18 (*Acknowledgment of Bail-In and Write-Down or Conversion Powers*), substitute all (but not some only) or vary the terms of all (but not some only) of the Subordinated Notes, without any requirement for the consent or approval of the Noteholders or the Couponholders, so that they become or remain Qualifying Subordinated Notes.

For the purposes of these Terms and Conditions:

Qualifying Subordinated Notes means securities issued by the Issuer, subject as required by the provisions of this definition, that, other than in respect of the effectiveness and enforceability of Condition 18 (*Acknowledgment of Bail-In and Write-Down or Conversion Powers*), have terms not materially less favourable to the Noteholders and the Couponholders than the terms of the relevant Subordinated Notes, as reasonably determined by the Issuer, provided that such securities shall:

- (A) contain terms which at such time comply with the then current requirements of the Regulator and/or the Relevant Resolution Authority, to the same extent as the Subordinated Notes immediately prior to the occurrence of the event in relation to which this Condition is applied (which, for the avoidance of doubt, may result in the relevant securities not including, or restricting for a period of time the application of, one or more of the Special Events which are included in the Subordinated Notes);
- (B) carry the same rate of interest including for the avoidance of doubt any rate of interest reset provisions, from time to time applying to the Subordinated Notes prior to the relevant substitution or variation;
- (C) have a ranking similar to the ranking of the Subordinated Notes immediately prior to the occurrence of the event in relation to which this Condition is applied;

- (D) not be immediately subject to a Special Event (excluding, with respect to Disqualified Capital Notes, a Capital Event) or a MREL or TLAC Disqualification Event (if specified as applicable in the Final Terms of the relevant Notes);
- (E) be listed or admitted to trading on any recognised stock exchange, as selected by the Issuer if the Subordinated Notes were listed or admitted to trading on a recognised stock exchange immediately prior to the relevant substitution or variation; and
- (F) have a solicited published rating ascribed to them or expected to be ascribed to them, if such Subordinated Notes had a solicited published rating from a rating agency immediately prior to such substitution or variation.

(i) Conditions to redemption, substitution, variation, purchase or cancellation of Notes prior to the Maturity Date

(i) With respect to Senior Preferred Notes

Unless “*Prior permission of the Relevant Resolution Authority*” is specified as not applicable in the Final Terms, Senior Preferred Notes may only be redeemed, purchased, cancelled, substituted, varied or modified pursuant to:

- Condition 6(b)(i) (*Redemption upon the occurrence of a Withholding Tax Event or a Special Tax Event*),
- Condition 6(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
- Condition 6(e)(i) (*Make-Whole Redemption Option*),
- Condition 6(e)(ii) (*Residual Maturity Redemption Option*),
- Condition 6(e)(iii) (*Clean-up Redemption Option*),
- Condition 6(f) (*Redemption at the Option of the Issuer*),
- Condition 6(g) (*Redemption at the Option of the Noteholders with respect to Senior Preferred Notes*),
- Condition 6(h)(i) (*Substitution and Variation with respect to Senior Notes*),
- Condition 6(l) (*Purchases*) and
- Condition 6(m) (*Cancellation*),

as the case may be, subject to the prior written permission of the Relevant Resolution Authority.

(ii) With respect to Senior Non-Preferred Notes

Senior Non-Preferred Notes may only be redeemed, purchased, cancelled, substituted, varied or modified pursuant to:

- Condition 6(b)(i) (*Redemption upon the occurrence of a Withholding Tax Event or a Special Tax Event*),
- Condition 6(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
- Condition 6(f) (*Redemption at the Option of the Issuer*),
- Condition 6(h)(i) (*Substitution and Variation with respect to Senior Notes*),
- Condition 6(l) (*Purchases*) and
- Condition 6(m) (*Cancellation*),

as the case may be, subject to the prior written permission of the Relevant Resolution Authority.

(iii) With respect to Tier 2 Capital Subordinated Notes

Tier 2 Capital Subordinated Notes may only be redeemed, purchased, cancelled, substituted, varied or modified pursuant to:

- Condition 6(b) (*Redemption upon the occurrence of a Tax Event*),
- Condition 6(c) (*Redemption upon the occurrence of a Capital Event with respect to Subordinated Notes*),
- Condition 6(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
- Condition 6(f) (*Redemption at the Option of the Issuer*),
- Condition 6(h)(ii) (*Substitution and Variation with respect to Subordinated Notes*),
- Condition 6(l) (*Purchases*) and
- Condition 6(m) (*Cancellation*),

as the case may be, if all of the following conditions are met (according to Articles 77 and 78 of the Capital Requirements Regulation, as amended or superseded from time to time):

- (i) the Regulator has given its prior written permission to such redemption, purchase, cancellation, substitution, variation or modification (as applicable).

The rules under the CRD prescribe certain conditions for the granting of permission by the Regulator to a request by the Issuer to reduce, repurchase, call or redeem the Tier 2 Capital Subordinated Notes.

In this respect, the CRD provides that the Regulator shall grant permission to a reduction, repurchase, call or redemption of Tier 2 Capital Subordinated Notes provided that either of the following conditions is met:

- (A) on or before such reduction, repurchase, call or redemption of Tier 2 Capital Subordinated Notes, the Issuer replaces said Tier 2 Capital Subordinated Notes with own funds instruments of equal or higher quality on terms that are sustainable for the Issuer's income capacity; or
- (B) the Issuer has demonstrated to the satisfaction of the Regulator that its own funds and eligible liabilities would, following such reduction, repurchase, call or redemption, exceed the requirements laid down in the CRD and the BRRD by a margin that the Regulator may consider necessary.

In addition, the rules under the CRD provide that the Regulator may only permit the Issuer to redeem the Tier 2 Capital Subordinated Notes before five (5) years after the Issue Date of the Tier 2 Capital Subordinated Notes if:

- (1) the conditions listed in paragraphs (A) or (B) above are met; and
- (2) in the case of redemption due to the occurrence of a Capital Event, (i) the Regulator considers such change to be sufficiently certain and (ii) the Issuer demonstrates to the satisfaction of the Regulator that the Capital Event was not reasonably foreseeable at the time of the issuance of the Tier 2 Capital Subordinated Notes; or
- (3) in the case of redemption due to the occurrence of a Tax Event, the Issuer demonstrates to the satisfaction of the Regulator that such Tax Event is material and was not reasonably foreseeable at the time of issuance of the Tier 2 Capital Subordinated Notes,
- (4) before or at the same time of the redemption or purchase of the Tier 2 Capital Subordinated Notes, the Issuer replaces such Tier 2 Capital Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer and the Regulator has permitted that action on the basis of the determination

that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or

(5) in the case of repurchase for market making purposes.

For the avoidance of doubt, any refusal of the Regulator to grant permission in accordance with Article 78 of the Capital Requirements Regulation shall not constitute a default for any purpose. The rules under the CRD may be modified from time to time after the date of issuance of Tier 2 Capital Subordinated Notes.

(ii) in the case of a redemption as a result of a Special Event or a substitution or variation, the Issuer has delivered a certificate signed by two (2) of its duly authorised representatives to the Fiscal Agent (and copies thereof will be available at the specified office of the Fiscal Agent during its normal business hours) not less than five (5) Business Days prior to:

- the date set for redemption that such Special Event has occurred or will occur no more than ninety (90) days following the date fixed for redemption, as the case may be; or

- (A) in the case of a substitution of the Tier 2 Capital Subordinated Notes, the issue date of the relevant securities or (B) in the case of a variation of the Tier 2 Capital Subordinated Notes, the date such variation becomes effective.

(iv) With respect to Disqualified Capital Notes

Disqualified Capital Notes may only be redeemed, purchased, cancelled, substituted, varied or modified pursuant to:

- Condition 6(b) (*Redemption upon the occurrence of a Tax Event*),
- Condition 6(c) (*Redemption upon the occurrence of a Capital Event with respect to Subordinated Notes*),
- Condition 6(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
- Condition 6(f) (*Redemption at the Option of the Issuer*),
- Condition 6(h)(ii) (*Substitution and Variation with respect to Subordinated Notes*),
- Condition 6(l) (*Purchases*) and
- Condition 6(m) (*Cancellation*),

as the case may be, subject to the prior written permission of the Regulator and/or the Relevant Resolution Authority.

(j) Optional Redemption Amount

For the purposes of

- Condition 6(e)(ii) (*Residual Maturity Redemption Option*),
- Condition 6(e)(iii) (*Clean-up Redemption Option*),
- Condition 6(f) (*Redemption at the Option of the Issuer*), and/or
- Condition 6(g) (*Redemption at the Option of the Noteholders with respect to Senior Preferred Notes*),

as the case may be, the Notes will be redeemed on any date or dates as specified in the Final Terms (the **Optional Redemption Date(s)**) or on the date specified in the relevant notice, and at the amount (the **Optional Redemption Amount**) calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price at the amount specified in, or determined in the

manner specified in, the Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or

- (iii) in the case of Zero Coupon Notes, at the Amortised Face Amount; or
- (iv) in the case of Notes with an Optional Redemption Amount specified as “Market Value” in the Final Terms, at an amount determined by the Calculation Agent, which, on the Optional Redemption Date of the Notes so redeemed, shall represent the fair market value of the Notes and shall have the effect (after taking into account the costs that cannot be avoided to redeem the fair market value to the Noteholders) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such optional redemption, have fallen due after the relevant Optional Redemption Date. In respect of Notes bearing interest, notwithstanding Condition 9(a), the Optional Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant Optional Redemption Date and apart from any such interest included in the Optional Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the Final Terms.

(k) Early Redemption Amounts

For the purposes of:

- Condition 6(b) (*Redemption upon the occurrence of a Tax Event*),
- Condition 6(c) (*Redemption upon the occurrence of a Capital Event with respect to Subordinated Notes*),
- Condition 6(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*), and
- Condition 9 (*Events of Default*),

as the case may be, the Notes will be redeemed on the date specified in the relevant notice (it being understood that such date shall be an Interest Payment Date, in the case of Floating Rate Notes) at the amount (the **Early Redemption Amount**) calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price, at the amount specified in, or determined in the manner specified in, the Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at the Amortised Face Amount; or
- (iv) in the case of Notes with an Early Redemption Amount specified as “Market Value” in the Final Terms, at an amount determined by the Calculation Agent, which, on the due date for the redemption of the Notes, shall represent the fair market value of the Notes and shall have the effect (after taking into account the costs that cannot be avoided to redeem the fair market value to the Noteholders) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding Condition 9(a), the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included

in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the Final Terms.

(l) Purchases

The Issuer or any agent on its behalf shall have the right at all times to purchase at any price in the open market or otherwise, in accordance with applicable laws and regulations:

- Senior Preferred Notes, subject to the provisions of Condition 6(i)(i), unless “*Prior permission of the Relevant Resolution Authority*” is specified as not applicable in the Final Terms;
- Senior Non-Preferred Notes, subject to the provisions of Condition 6(i)(ii);
- Disqualified Capital Notes, subject to the provisions of Condition 6(i)(iv);
- Tier 2 Capital Subordinated Notes:

(y) for market making purposes provided that the total principal amount of the Tier 2 Capital Subordinated Notes so purchased (together with the principal amount of any Tier 2 Capital Subordinated Notes previously so purchased) does not exceed the lower of (x) 10 per cent. of the outstanding aggregate principal amount of the Tier 2 Capital Subordinated Notes (including such further Tier 2 Capital Subordinated Notes issued pursuant to Condition 16), or (y) 3 per cent. of the total outstanding Tier 2 Capital of the Issuer.

Notes so purchased (provided that, in case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are purchased therewith) by or on behalf of the Issuer may be held and resold in accordance with applicable laws and regulations.

(m) Cancellation

All Notes redeemed or purchased by or on behalf of the Issuer for cancellation shall be cancelled (subject to the provisions of Condition 6(i) as the case may be) forthwith (together with, in the case of Definitive Bearer Notes, all unmatured Coupons and Talons appertaining thereto), in the case of Bearer Notes, by surrendering each such Note (together with, in the case of Definitive Bearer Notes, all unmatured Coupons and Talons appertaining thereto) to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(n) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, except for Registered Notes, pursuant to this Condition 6 or upon its becoming due and repayable as provided in Condition 9, as the case may be, is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 4(d) up to (but excluding) the date on which all amounts due in respect of such Note have been paid.

7. Taxation

- (a) All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of any present or future Notes and/or any present or future Coupons relating thereto shall be made free and clear of, and without withholding or deduction

for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law.

- (b) In the event that any payments of (i) principal, interest or other assimilated revenues, in the case of Senior Preferred Notes, or (ii) interest only (and not principal), in the case of Senior Non-Preferred Notes and Subordinated Notes, by or on behalf of the Issuer in respect of any present or future Notes or any present or future Coupons relating thereto are required to be withheld or deducted for, or on behalf of, any Tax Jurisdiction, the Issuer shall, to the fullest extent permitted by law, pay such additional amount as may be necessary, in order that each Noteholder or Couponholder, after withholding or deduction of such taxes, duties, assessments or governmental charges, will receive the full amount then due and payable provided that no such additional amount shall be payable with respect to any Note or Coupon:
- (i) presented for payment by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or related Coupon by reason of his being connected with France other than by the mere holding of such Note or Coupon; or
 - (ii) presented for payment more than 30 calendar days after the Relevant Date (as defined below), except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Business Day (as defined in Condition 5(h)); or
 - (iii) where such withholding or deduction is imposed on a payment and is required to be made pursuant to treaties executed or laws enacted by Switzerland providing for the taxation of payments according to principles similar to those laid down in the former Council Directive 2003/48/EC on the taxation of savings income (as amended), in particular the principle to have a person other than the Issuer to withhold or deduct the tax, such as, without limitation, any paying agent; or
 - (iv) in respect of Notes which are neither admitted to trading on a Regulated Market nor offered to the public, if the Final Terms indicate that no such additional amounts shall be payable; or
 - (v) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting such Note or related Coupon to another Paying Agent in a Member State of the European Union; or
 - (vi) in case of a Special Tax Event, as described in Condition 6(b); or
 - (vii) by reason of the Noteholder being domiciled or established, or receiving payments made under the Notes on an account open, in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of article 238-0 A of French *Code général des impôts* other than those mentioned in 2° of 2 bis of Article 238-0 A of the French *Code général des impôts*.

In these Terms and Conditions:

- (A) **Tax Jurisdiction** means France or any political subdivision or any authority thereof or therein having power to tax; and
- (B) the **Relevant Date** means the date on which the relevant payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Fiscal Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders and the Couponholders in accordance with Condition 13.

8. Prescription

Claims against the Issuer for payment in respect of any amount due under the Bearer Notes and any Coupons related thereto and the Registered Notes shall be prescribed and become void within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

9. Events of Default

(a) Events of Default with respect to Senior Preferred Notes

If “*Events of Default with respect to Senior Preferred Notes*” are specified as applicable in the Final Terms, the holder of any Senior Preferred Notes may give written notice to the Issuer that the Senior Preferred Notes are, and they shall accordingly forthwith become immediately due and repayable at their Early Redemption Amount, together with, if appropriate and subject as otherwise provided herein, interest accrued to the date of repayment, upon the occurrence of any of the following events (each an **Event of Default**):

- (i) default by the Issuer is made in the payment of any interest or principal due in respect of the Notes of a Series or any of them and such default continues for a period of 30 calendar days; or
- (ii) the Issuer fails to perform or observe any of its other obligations under or in respect of the Senior Preferred Notes of a given Series and (except in any case where such failure is incapable of remedy when no such continuation as is hereinafter mentioned will be required) the failure continues for a period of 60 calendar days next following the service on the Issuer of a notice requiring the same to be remedied; or
- (iii) the Issuer institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or the jurisdiction of its head office, or the Issuer consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or any other similar law affecting creditors’ rights, or the Issuer consents to a petition for its winding-up or liquidation by it or by such regulator, supervisor or similar official, provided that proceedings instituted or petitions presented by creditors and not consented to by the Issuer shall not constitute an Event of Default.

Otherwise, there will be no Event of Default in respect of Senior Preferred Notes, and the holders of such Senior Preferred Notes and/or the holders of any related Coupons will not be able to accelerate the term of such Senior Preferred Notes and/or Coupons.

In any case, in accordance with Condition 3(a)(A), if any judgment shall be issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the Senior Preferred Notes shall become immediately due and payable at their principal amount together with any accrued interest thereon to the date of payment, without any further formality.

(b) No Event of Default with respect to Senior Non-Preferred Notes

There will be no Event of Default in respect of Senior Non-Preferred Notes and Senior Non-Preferred Noteholders and/or the holders of any related Coupons will not be able to accelerate the term of their Senior Non-Preferred Notes and/or any related Coupons.

In accordance with Condition 3(a)(B) if any judgment shall be issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the Senior Non-

Preferred Notes shall become immediately due and payable at their principal amount together with any accrued interest thereon to the date of payment, without any further formality.

(c) No Event of Default with respect to Subordinated Notes

There will be no Event of Default in respect of Subordinated Notes and Subordinated Noteholders and/or the holders of any related Coupons will not be able to accelerate the term of their Subordinated Notes and/or any related Coupons.

In accordance with Condition 3(b), if any judgment shall be issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the Subordinated Notes shall become immediately due and payable at their principal amount together with any accrued interest thereon to the date of payment, without any further formality.

10. Replacement of Notes, Coupons and Talons

Should any Note or (in the case of any Bearer Note) Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Fiscal Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

11. Appointment of Agents

The Issuer is entitled to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that there will at all times be:

- (i) so long as the Notes are listed on any stock exchange or admitted to trading or listing by another relevant authority, a Paying Agent (which may be the Fiscal Agent) and a Transfer Agent (which may be the Registrar) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange; and
- (ii) a Paying Agent (which may be the Fiscal Agent) with a specified office in a city in continental Europe; and
- (iii) one or more Calculation Agent(s) where the Conditions so require; and
- (iv) a Redenomination Agent and Consolidation Agent where the Conditions so require; and
- (v) a Fiscal Agent and a Registrar.

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than thirty (30) nor more than forty-five (45) calendar days' prior notice thereof shall have been given to the Fiscal Agent, the Noteholders and the Couponholders (in accordance with Condition 13), which notice shall be irrevocable.

In relation to SIS Notes, and any other English Law Notes listed on SIX Swiss Exchange, the Issuer will appoint and maintain a Principal Swiss Paying Agent, having a specified office in Switzerland (which, in the case of Notes listed on SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the FINMA) whose duties will be set out in the Swiss Paying Agency Agreement and the Issuer will at no time maintain a Paying Agent in respect of CHF SIS Notes having a specified office outside Switzerland. In relation to SIS Notes any reference in these Conditions to the **Fiscal Agent** shall so far as the context permits be deemed to be a reference to the Principal Swiss Paying Agent.

In acting under the English Law Agency Agreement, the Agents act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or

Couponholders. The English Law Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent. If in connection with any Series of Notes the Calculation Agent is Société Générale, its appointment will be governed by the terms of the Calculation Agency Agreement set out in Appendix 1 to the English Law Agency Agreement. In the event that a Calculation Agent other than Société Générale is appointed in connection with any Series of Notes, the terms of its appointment will be summarised in the Final Terms.

On a redenomination of the Notes of any Series pursuant to Condition 1 with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 15, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

12. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

13. Notices regarding Notes other than SIS Notes

All notices regarding the Definitive Bearer Notes shall be deemed to be validly given if published:

- (i) so long as Notes are admitted to trading on Euronext Paris, in a leading daily financial newspaper of general circulation in France (which is expected to be *Les Echos*); or
- (ii) in a leading daily financial newspaper of general circulation in Europe (which is expected to be the *Financial Times*); or
- (iii) in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers*; or
- (iv) on the Issuer's website (<http://prospectus.socgen.com>)

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given (i) on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspaper(s) or (ii) in the case of publication on a website, on the date on which such notice is first posted on the relevant website.

All notices regarding the Definitive Registered Notes will be deemed to be validly given if sent by first class mail (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Definitive Registered Notes are listed on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any Notes in definitive form are issued, there may, so long as the global Note(s) representing the Notes (whether in bearer or registered form) is or are held in its or their entirety on behalf of Euroclear and/or Clearstream, be substituted for such publication in such newspaper(s) or dispatched by mail, the delivery of the relevant notice to Euroclear and/or Clearstream for communication by them to the holders of the Notes and in addition, for so long as any Notes are listed

on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, such notice will be published in accordance with such rules. Any such notice shall be deemed to have been given to the holders of the Notes on (i) the fourth day after the day on which the said notice was given to Euroclear and/or Clearstream, if "Four Day Delivery" is specified as the Clearing System Delivery Period in the Final Terms or (ii) the day on which the said notice was given to Euroclear and/or Clearstream, if "Same Day Delivery" is specified as the Clearing System Delivery Period in the Final Terms.

All notices given to Noteholders (irrespective of how given) shall also be delivered in writing to:

- (a) Euroclear and/or Clearstream, as the case may be; and
- (b) in the case of Notes listed on a stock exchange or admitted to trading by another relevant authority, to the relevant stock exchange or authority.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Fiscal Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Fiscal Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, as the case may be, in such manner as the Fiscal Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, as the case may be, may approve for this purpose.

14. Notices regarding SIS Notes and other English Law Notes listed on SIX Swiss Exchange

Unless otherwise specified in the relevant Final Terms, notices regarding SIS Notes may be given by communication through the Principal Swiss Paying Agent to the Intermediary for forwarding to the holders of the Notes. Any notice so given shall be deemed to have been validly given with the communication to the Intermediary.

So long as SIS Notes or other English law Notes are listed on SIX Swiss Exchange and so long as the rules of SIX Swiss Exchange so require, all notices in respect of such Notes will also be given without cost to the holders of the Notes through the Principal Swiss Paying Agent either:

- (i) by means of electronic publication on the internet website of SIX Swiss Exchange (www.six-swissexchange.com), where notices are currently published under the address <https://www.six-group.com/en/products-services/the-swiss-stock-exchange/market-data/news-tools/official-notices.html#>; or
- (ii) otherwise in accordance with the regulations of SIX Swiss Exchange.

Any notice so given will be deemed to have been validly given on the date of such publication or if published more than once, on the first date of such publication.

In addition or as an alternative, notices concerning SIS Notes may be published in a leading daily newspaper (such as, for example, the *Neue Zürcher Zeitung*) having general circulation in Switzerland. Any notice so given shall be deemed to have been validly given on the date of such publication (or, if published more than once, on the date of the first such publication).

References in these Conditions to notices being made in accordance with Condition 13 shall be deemed to include *mutatis mutandis* the terms of this Condition 14 in respect of SIS Notes and other English Law Notes listed on SIX Swiss Exchange.

15. Meetings of Noteholders, Modification and Waiver

The English Law Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes or the Coupons or certain provisions of the English Law Agency Agreement. Such a meeting may be convened by the Issuer at any time or by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum at any such

meeting is one or more persons present and holding or representing in the aggregate not less than one twentieth of the nominal amount of the Notes for the time being outstanding and for passing an Extraordinary Resolution is one or more persons present and holding or representing in the aggregate not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or Coupons (including but not limited to modifying the date of maturity of the Notes, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment or denomination of the Notes or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Couponholders.

The Fiscal Agent and the Issuer may agree, without any requirement for the consent or approval of the Noteholders or Couponholders, to any modification of the Notes, the Coupons or the English Law Agency Agreement which is (i) to cure or correct any ambiguity or defective or inconsistent provision contained therein, or which is of a formal, minor or technical nature or (ii) not prejudicial to the interests of the Noteholders and/or the Couponholders (provided the proposed modification does not relate to a matter in respect of which an Extraordinary Resolution would be required if a meeting of Noteholders were held to consider such modification) or (iii) to correct a manifest error or proven error or (iv) to comply with mandatory provisions of the law. Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13.

Any modification (other than as provided for in Condition 4) may only be made subject to the provisions of Condition 6(i), as the case may be.

Notwithstanding the foregoing, no consent or approval of the Noteholders or the Couponholders shall be required in order to comply with, or make any modifications or amendments to the Notes or to modify, vary, amend and restate and/or replace the Agency Agreement, the Deed of Covenant, the relevant Global Note or any other documents relating to any Series of Notes as the Issuer or the Fiscal Agent may deem necessary or desirable to reflect or incorporate, requirements, regulations, pronouncements, orders or laws imposed, required by or issued pursuant to the Bail-in Power and pursuant to Condition 4 and/or give effect to any substitution and variation as provided for in Condition 6(h).

16. Further Issues and Consolidation

The Issuer may from time to time without any requirement for the consent or approval of the Noteholders or Couponholders create and issue further notes carrying rights identical in all respects to those of outstanding Notes and on the same Terms and Conditions (save for their Issue Date, Interest Commencement Date, Issue Price and/or the amount and date of the first payment of interest thereon), so that the same shall be consolidated and form a single Series with, the outstanding Notes.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a redenomination of the Notes pursuant to Condition 1(c), on giving not less than 30 calendar days prior notice to the Noteholders in accordance with Condition 13, without any requirement for the consent or approval of the Noteholders or the Couponholders, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

17. Contracts (Rights of Third Parties) Act 1999

The Notes shall not confer any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

18. Acknowledgement of Bail-In and Write-Down or Conversion Powers

By the acquisition of Notes, each Noteholder (which, for the purposes of this Condition 18, includes any current or future holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in Power (as defined below) by the Relevant Resolution Authority (as defined below), which may include and result in any of the following, or some combination thereof:
 - (i) the reduction of all, or a portion, of the Amounts Due (as defined below), including on a permanent basis;
 - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the Noteholder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
 - (iii) the cancellation of the Notes; and/or
 - (iv) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (b) that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in Power by the Relevant Resolution Authority.

For these purposes, the **Amounts Due** are the prevailing outstanding amount of the Notes, and any accrued and unpaid interest on the Notes that has not been previously cancelled or otherwise is no longer due.

For these purposes, the **Bail-in Power** is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of the BRRD, including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time, the **20 August 2015 Decree Law**), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the **SRM Regulation**), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in power following placement in resolution or otherwise.

A reference to a **Regulated Entity** is to any entity referred to in Section I of Article L.613-34 of the Code as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the **Relevant Resolution Authority** is to the *Autorité de contrôle prudentiel et de résolution* (the **ACPR**), the Single Resolution Board established pursuant to the SRM Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the SRM Regulation).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of its group.

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will provide a written notice to the Noteholders in accordance with Condition 13 as soon as practicable regarding such exercise of the Bail-in Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to Noteholders. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in Power nor the effects on the Notes described above.

Neither a cancellation of the Notes, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer, nor the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Noteholder to any remedies (including equitable remedies) which are hereby expressly waived.

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority, the Issuer and each Noteholder (including each holder of a beneficial interest in the Notes) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from Noteholders, and (b) the English Law Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in Power by the Relevant Resolution Authority.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-In Power by the Relevant Resolution Authority, any Notes remain outstanding (for example, if the exercise of the Bail-In Power results in only a partial write-down of the principal of the Notes), then the Fiscal Agent's duties under the English Law Agency Agreement shall remain applicable with respect to the Notes following such completion to the extent that the Issuer and the Fiscal Agent shall agree pursuant to an amendment to the English Law Agency Agreement.

If the Relevant Resolution Authority exercises the Bail-in Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Bail-in Power will be made on a pro-rata basis.

The matters set forth in this Condition 18 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any holder of a Note.

No expenses necessary for the procedures under this Condition 18, including, but not limited to, those incurred by the Issuer and the Fiscal Agent, shall be borne by any Noteholder.

19. Waiver of Set-Off

No holder of any Note, Receipt or Coupon may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to the Notes, Receipt or Coupon) and

each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 19 is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note, Receipt or Coupon but for this Condition 19.

For the purposes of this Condition 19, "**Waived Set-Off Rights**" means any and all rights of or claims of any holder of any Note, Receipt or Coupon for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Note, Receipt or Coupon.

20. No-Guarantee

Senior Preferred Notes intended to qualify as eligible liabilities of the Issuer, Senior Non-Preferred Notes and Subordinated Notes are not and will not be at any time subject (i) to a guarantee that enhance the seniority of the respective claims of each of the holders of Senior Preferred Notes intended to qualify as eligible liabilities of the Issuer, Senior Non-Preferred Notes or Subordinated Notes, provided by any of the entities listed in articles 63(e) or 72b(e) of the Capital Requirements Regulation, as applicable, or (ii) to any arrangement that otherwise enhances the respective claims of such holders in respect of such Notes.

21. Governing Law and Submission to Jurisdiction

The English Law Agency Agreement, the Deed of Covenant, Swiss Paying Agency Agreement and any non-contractual obligations arising out of or in connection with the English Law Agency Agreement, the Deed of Covenant and the Swiss Paying Agency Agreement will be governed by, and shall be construed in accordance with, English law.

The Notes, the Coupons, the Talons and any non-contractual obligations arising out of or in connection with the Notes, the Coupons and the Talons will be governed by, and shall be construed in accordance with, English law except for (i) Condition 3 (*Status of the Notes*) which will be governed by, and shall be construed in accordance with, French law and (ii) in the case of Uncertificated SIS Notes, their form, title and transfer, as set out in Condition 1 (*Form, Denomination, Title and Redenomination*), which shall be governed by Swiss law and particularly the laws applicable to SIS or any other clearing institution in Switzerland recognized for such purposes by SIX Swiss Exchange.

The Issuer irrevocably agrees, for the benefit of the Noteholders and the Couponholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes and/or the Coupons and accordingly submits to the jurisdiction of the English courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Noteholders and the Couponholders may take any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with the Notes and the Coupons and any non-contractual obligations arising out of or in connection with the Notes and the Coupons against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

The Issuer appoints Société Générale, London Branch (**SGLB**), currently located at 1 Bank Street, Canary Wharf, London E14 4SG, as its agent for service of process, and undertakes that, in the event of SGLB ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer has, in the English Law Agency Agreement and the Deed of Covenant, submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

TERMS AND CONDITIONS OF THE FRENCH LAW NOTES

The following are the Terms and Conditions (as defined below) of the Notes to be issued under French law (the **French Law Notes**) that, as completed in accordance with the provisions of the Final Terms (as defined below), shall be applicable to the French Law Notes. In the case of Dematerialised Notes (as defined below), the text of the Terms and Conditions will not be endorsed on physical documents of title, but will be constituted by the following text, as completed by the Final Terms. In the case of Materialised Notes (as defined below), either (i) the full text of these Terms and Conditions and the Final Terms or (ii) these Terms and Conditions, as so completed (and subject to simplification by the deletion of inapplicable provisions) shall be endorsed on Definitive Materialised Notes.

In the case of any Tranche (as defined below) of French Law Notes which are being admitted to trading on Euronext Paris and/or the regulated market of the Luxembourg Stock Exchange and/or offered to the public in France and/or in Luxembourg in circumstances which require the publication of a prospectus under the Prospectus Regulation (as defined below), the Final Terms shall not amend or replace any information in this Base Prospectus. Subject to this, to the extent permitted by applicable law and/or regulation, the Final Terms in respect of any Tranche of French Law Notes may complete any information in this Base Prospectus.

All capitalised terms used but not defined in these Terms and Conditions will have the meanings given to them in the Final Terms. References in the Terms and Conditions to the “Notes” are to the French Law Notes of one Series only, not to all French Law Notes that may be issued under the Programme.

Dematerialised Notes which are designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. French law Dematerialised Notes which are designated in the Final Terms as Permanently Restricted Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S.

Dematerialised Notes which are not designated as Permanently Restricted Notes and Materialised Notes, or in each case any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act.

The Notes are issued by the Issuer with the benefit of an amended and restated agency agreement dated 14 December 2021 (the **French Law Agency Agreement**, which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alios*, the Issuer, Société Générale Luxembourg (formerly Société Générale Bank & Trust) as fiscal agent, principal paying agent, redenomination agent and consolidation agent (the **Fiscal Agent**, the **Principal Paying Agent**, the **Redenomination Agent** and the **Consolidation Agent**, respectively, which expressions shall include, in each case, any additional or successor agent or any other calculation agent appointed from time to time and specified in the Final Terms), Société Générale as calculation agent (the **Calculation Agent**, which expression shall include any additional or successor agent or any other calculation agent appointed from time to time and specified in the Final Terms) and the other paying agents named therein (such paying agents, together with the Principal Paying Agent and the Fiscal Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents appointed from time to time). The Paying Agents, the Redenomination Agent, the Consolidation Agent and the Calculation Agent shall be referred to collectively hereunder as the **Agents**.

Any issue of Dematerialised Notes or Materialised Notes (each term as defined below) to be listed on SIX Swiss Exchange will have the benefit of a Swiss paying agency agreement (the **Swiss Paying Agency Agreement**, which expression shall be construed as a reference to any such agreement as

the same may be amended, supplemented or restated from time to time) between, amongst others, the Issuer, the principal Swiss paying agent (the **Principal Swiss Paying Agent**, and the other Swiss paying agents (if any), (the **Swiss Paying Agents**) respectively, appointed from time to time (which expressions shall include any additional or successor (principal) Swiss paying agent appointed from time to time), and the term Paying Agent as defined above shall include such Principal Swiss Paying Agent and Swiss Paying Agents). The form of the Swiss Paying Agency Agreement is scheduled to the French Law Agency Agreement.

The holders of Dematerialised Notes and Materialised Notes and the holders of interest coupons relating to interest bearing Materialised Notes (**Coupons**) and, where applicable in the case of such Notes, talons (**Talons**) for further Coupons (the **Couponholders**) are deemed to have notice of all of the provisions of the French Law Agency Agreement and the Swiss Paying Agency Agreement (where applicable) applicable to them. Any reference here is to "**Coupons**" or "**coupons**" shall, unless the context requires otherwise, be deemed to include a reference to "**Talons**" or "**talons**".

Any reference in these Terms and Conditions to **Euroclear France**, **Euroclear** and/or **Clearstream** (each term as defined below) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system (i) specified in the Final Terms or approved by the Issuer, the relevant Dealer(s) and the Fiscal Agent and (ii) not located in a non-cooperative State or territory within the meaning of Article 238-0-A of the French *Code général des impôts*.

Any reference in these Terms and Conditions to **Prospectus Regulation** shall be to Regulation (EU) 2017/1129 of the European Parliament and of the Council dated 14 June 2017.

The specific terms of each Tranche of Notes will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the final terms of such Tranche (the **Final Terms**). The Final Terms (or other relevant provisions thereof) complete these terms and conditions (the **Terms and Conditions** or **Conditions**) for the purposes of the relevant Tranche of Notes. As used herein, **Tranche** means Notes which are identical in all respects and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single Series and (b) identical in all respects except for their principal amount, their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Copies of the French Law Agency Agreement and the Swiss Paying Agency Agreement (where applicable) are available for inspection during normal business hours from the head office of the Issuer and from the specified office of each of the Paying Agents. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the French Law Agency Agreement, the Swiss Paying Agency Agreement (where applicable) and the Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the French Law Agency Agreement and the Swiss Paying Agency Agreement (where applicable). Words and expressions defined in the French Law Agency Agreement, the Swiss Paying Agency Agreement (where applicable) or used in the Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of any inconsistency between the French Law Agency Agreement, the Swiss Paying Agency Agreement (where applicable) and the Final Terms, the Final Terms will prevail.

1. Form, Denomination, Title and Redenomination

(a) Form

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**).

- (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* (the **Code**) by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be issued in either (i) bearer form (*au porteur*), in which case they will be inscribed as of the Issue Date of each Tranche of Dematerialised Notes in the books of Euroclear France (**Euroclear France**), acting as central depository, which shall credit the accounts of the Euroclear France Account Holders (as defined below), or (ii) registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either (x) administered registered form (*au nominatif administré*), in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders or (y) fully registered form (*au nominatif pur*), in which case they will be inscribed in an account in the books of Euroclear France maintained by the Issuer or by the registration agent (designated in the Final Terms) acting on behalf of the Issuer (the **Registration Agent**).

For Notes issued in Dematerialised Form, unless this possibility is expressly excluded in the Final Terms and to the extent permitted by applicable law, the Issuer may at any time request from the central depository identification information of the Noteholders such as the name or the company name nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address of holders of Dematerialised Notes in bearer form.

For the purpose of these Conditions, **Euroclear France Account Holder** means any intermediary institution entitled to hold accounts, directly or indirectly, on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV (**Euroclear**) and the depository bank for Clearstream Banking, SA (**Clearstream**) or, in the case of Notes listed on SIX Swiss Exchange, the depository banks for SIX SIS Ltd., the Swiss securities services corporation (**SIS**).

- (ii) Materialised Notes are issued in materialised bearer form (**Materialised Notes**) and will only be issued outside France. A temporary global certificate in bearer form without coupons attached (a **Temporary Global Certificate**) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in materialised bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the 40th calendar day after the issue date of the Notes (subject to postponement as further described herein) upon certification as to non-U.S. beneficial ownership. Materialised Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the Code, securities in materialised form, such as the Materialised Notes, governed by French law must be issued outside France.

Unless otherwise provided in the Final Terms, Notes shall constitute *obligations* within the meaning of Article L.213-5 of the Code.

The Notes may be Fixed Rate Notes, Floating Rate Notes, Fixed/Floating Rate Notes or Zero Coupon Notes or a combination of any of the foregoing, all depending upon the Interest/Payment/Redemption Basis specified in the Final Terms.

(b) Denomination(s)

Notes shall be issued in the specified denomination(s) set out in the Final Terms (the **Specified Denomination(s)**) save that the minimum denomination of each Note admitted to trading on Euronext Paris and/or the regulated market of the Luxembourg Stock Exchange and/or offered to the public in France and/or in Luxembourg in circumstances which require the publication of a prospectus under the Prospectus Regulation will be at least such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Specified Currency. Dematerialised Notes shall be issued in one Specified Denomination only.

(c) Title

- (i) Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Euroclear France Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts in the books of Euroclear France maintained by the Issuer or by the Registration Agent.
- (ii) Title to Materialised Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue (**Definitive Materialised Notes**) shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Materialised Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating such holder of Materialised Notes.
- (iv) In these Conditions, **Noteholder** or **holder** means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Euroclear France Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Note and the Coupons or Talon relating to it, and capitalised terms have the meanings given to them in the Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) Conversion of Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted into Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted into Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and vice versa. The exercise of any such option by the Noteholder shall be made in accordance with Article R.211-4 of the Code. Any such conversion shall be effected at the cost of the Noteholder.

(e) Exchange of Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

(f) Redenomination of Notes

- (i) The Issuer may (if so specified in the Final Terms), on any Interest Payment Date, without any requirement for the consent or approval of the Noteholders or Couponholders, by giving at least 30 calendar days' prior notice in accordance with Condition 13, and on or after the date on which (i) the Member State of the European Union in whose national currency the Notes are denominated has become a participating Member State in the third stage of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the **EC**), as amended from time to time (the **Treaty**)) or (ii) events have occurred which have substantially the same effects, redenominate all, but not some only, of the Notes of any Series denominated in such national currency into Euro and adjust the aggregate nominal amount of the issue and the Denomination(s) set out in the Final Terms accordingly, as described below.

The date on which such redenomination becomes effective shall be referred to in these Terms and Conditions as the **Redenomination Date**.

- (ii) The redenomination of the Notes pursuant to the above paragraph shall be made by converting the aggregate nominal amount of the issue and the Denomination(s) of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders and Couponholders in accordance with Condition 13. Any balance remaining from the redenomination with a denomination higher than 0.01 Euro shall be paid by way of cash adjustment rounded to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards). Such cash adjustment will be payable in Euros on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference hereon to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with prior approval of the Redenomination Agent and Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 15, without any requirement for the consent or approval of the Noteholders, make any changes or additions to these Conditions which it reasonably believes to be necessary or desirable to give effect to the provisions of this Condition or Condition 15 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of the Noteholders. Any such changes or additions shall, in the absence of manifest error, be binding on the Noteholders, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 13 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to any Noteholder or Couponholders or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2. Status of the Notes

The obligations of the Issuer under the Notes may either be senior (**Senior Notes**) or subordinated (**Subordinated Notes**).

(a) Senior Notes

Senior Notes may be either senior preferred notes (**Senior Preferred Notes**) or senior non-preferred notes (**Senior Non-Preferred Notes**), as specified in the Final Terms.

A. Senior Preferred Notes

For the avoidance of doubt, all “unsubordinated notes” issued by the Issuer under the €50,000,000,000 Euro Medium Term Note – Paris Registered Programme prior to the date of entry into force of the law n°2016-1691 dated 9 December 2016 (the **Law**) on 11 December 2016 constitute Senior Preferred Notes.

Senior Preferred Notes, including where applicable any related Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior preferred obligations (as provided for in Article L. 613-30-3-I-3° of the Code):

- (i) *pari passu* with:

- a. all direct, unconditional, unsecured and senior obligations of the Issuer outstanding as of the date of entry into force of the Law; and

In the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of the holders of Senior Preferred Notes and, where applicable, any related Coupons shall be subordinated to the payment in full of all present or future holders of, or creditors in respect of, claims benefiting from statutory preferred exceptions (**Preferred Creditors**); and
- subject to such payment in full, the holders of Senior Preferred Notes and, where applicable, any related Coupons shall be paid in priority to any present or future holders of, or creditors in respect of, obligations referred to in (iii) above; and
- in the event of incomplete payment of Preferred Creditors, the obligations of the Issuer in connection with Senior Preferred Notes and, where applicable, any related Coupons will be terminated.

The holders of Senior Preferred Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

B. Senior Non-Preferred Notes

Senior Non-Preferred Notes including, where applicable any related Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior non-preferred obligations (as provided for in Article L. 613-30-3-I-4° of the Code).

- (i) *pari passu* with all present or future senior non-preferred obligations of the Issuer (as provided for in Article L. 613-30-3-I-4° of the Code);

- subject to such payment in full, the holders of Senior Non-Preferred Notes and, where applicable, any related Coupons shall be paid in priority to any present or future holders of, or creditors in respect of, obligations referred to in (iii) above; and
- in the event of incomplete payment of holders of, or creditors in respect of, obligations referred to in (ii) above, the obligations of the Issuer in connection with Senior Non-Preferred Notes and, where applicable, any related Coupons will be terminated.

The holders of Senior Non-Preferred Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

(b) Subordinated Notes

Notes that are specified in the Final Terms as “Subordinated Notes” are issued pursuant to the provisions of Article L. 228-97 of the French *Code de commerce* and Article L. 613-30-3, I, 5° of the Code with the intention to be recognized as Tier 2 Capital Instruments of the Issuer on the Issue Date.

As long as Subordinated Notes are recognized as Tier 2 Capital Instruments, they will constitute Tier 2 Capital Subordinated Notes, ranking as provided for in Condition 2.(b).A and, if they become Disqualified Capital Instruments, they will automatically constitute Disqualified Capital Notes, ranking as provided for in Condition 2.(b).B.

A. Tier 2 Capital Subordinated Notes

Tier 2 Capital Subordinated Notes, including, where applicable any related Coupons, will constitute direct, unconditional, unsecured and subordinated obligations of the Issuer ranking:

In the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of the holders of Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons shall be subordinated to the payment in full of all present or future holders of, or creditors in respect of, obligations referred to in (iii) above; and
- subject to such payment in full, the holders of Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons shall be paid in priority to any holders of, or creditors in respect of, obligations referred to in (ii) above; and

- in the event of incomplete payment of the holders of, or creditors in respect of, obligations referred to in (iii) above, the obligations of the Issuer in connection with Tier 2 Capital Subordinated Notes and, where applicable, any related Coupons will be terminated.

In the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- subject to such payment in full, the holders of Disqualified Capital Notes and, where applicable, any related Coupons, shall be paid in priority to any holders of, or creditors in respect of, obligations referred to in (ii) above; and
- in the event of incomplete payment of the holders of, or creditors in respect of, obligations referred to in (iii) above, the obligations of the Issuer in connection with the Disqualified Capital Notes and, where applicable, any related Coupons will be terminated.

The holders of Disqualified Capital Notes and, where applicable, any related Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

Without prejudice to the provisions of this Condition 2, in the context of a resolution of the Issuer, if any Bail-in Power were to be exercised (as further described in Condition 16), and subject to certain exceptions, losses would in principle be borne first by shareholders, then by holders of capital instruments (including subordinated debt instruments such as the Subordinated Notes), then by the other creditors of the Issuer in accordance with the order of their claims in normal insolvency proceedings.

For the purpose hereof:

Interest on Notes (other than Zero Coupon Notes) will be payable on one or more Interest Payment Date(s) as defined and as provided below.

(a) Interest on Fixed Rate Notes

The Final Terms contain provisions applicable to the determination of any fixed coupon amount (the **Fixed Coupon Amount**) and must be read in conjunction with this Condition 3 for full information on the manner in which interest is calculated on Fixed Rate Notes.

Each Unadjusted Fixed Rate Note bears interest on its outstanding principal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest.

Payments of interest on any Interest Payment Date will, if so specified in the Final Terms, amount to the Broken Amount so specified (the **Broken Amount**).

(ii) Adjusted Fixed Rate Notes

Each Adjusted Fixed Rate Note bears interest from (and including) the Interest Commencement Date specified in the Final Terms.

If the Adjusted Fixed Rate Notes are specified in the Final Terms as Resettable Notes, the Rate of Interest will initially be a fixed rate and will then be resettable as provided below:

Interest will be payable in respect of each Interest Period and in arrear on the Interest Payment Date(s) specified in the Final Terms; provided that (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then:

- (1) if the Final Terms specify that the clause "Business Day Convention" is stated as being "**Following Business Day Convention**", such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (2) if the Final Terms specify that the clause "Business Day Convention" is stated as being "**Modified Following Business Day Convention**", such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (3) if the Final Terms specify that the clause "Business Day Convention" is stated as being "**Preceding Business Day Convention**", such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day,

and the expression "Interest Payment Date" shall be construed accordingly.

The Calculation Agent will calculate the amount of interest (the **Adjusted Fixed Rate Interest Amount**) payable on the Adjusted Fixed Rate Notes for the relevant Interest Period, by applying the Rate of Interest to the outstanding nominal amount of each Note and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the

relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

The Calculation Agent will cause the Adjusted Fixed Rate Interest Amount for each Interest Period, and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Adjusted Fixed Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period, or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Adjusted Fixed Rate Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Fixed Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13.

(iii) Mid-Swap Benchmark Trigger Event in relation to Resettable Notes

(A) *Appointment of a Rate Determination Agent*

If a Mid-Swap Benchmark Trigger Event occurs in relation to an Original Mid-Swap Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Mid-Swap Rate, then the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent, as soon as reasonably practicable, to determine a Successor Mid-Swap Rate, failing which an Alternative Mid-Swap Rate (in accordance with paragraph (B)) and, in either case, a Mid-Swap Adjustment Spread if any (in accordance with paragraph (C)) and any Mid-Swap Benchmark Amendments (in accordance with paragraph (D)).

A Rate Determination Agent appointed pursuant to this Condition 3(a)(iii) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 3(a)(iii).

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate prior to the relevant Reset Determination Date or (iii) the Issuer determines that the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or an Alternative Mid-Swap Rate and, in either case, any Mid-Swap Adjustment Spread and/or any Mid-Swap Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined by the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Issuer may decide that no Successor Mid-Swap Rate or Alternative Mid-Swap Rate, as the case may be, will be adopted and the Mid-Swap Rate applicable for the relevant Reset Period will be equal to the last Mid-Swap Rate available on the Relevant Screen Page as determined by the Calculation Agent.

(B) *Successor Mid-Swap Rate or Alternative Mid-Swap Rate*

If the Rate Determination Agent determines that:

- (i) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(a)(iii)); or
- (ii) there is no Successor Mid-Swap Rate but there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(a)(iii)).

(C) *Mid-Swap Adjustment Spread*

If the Rate Determination Agent determines that (i) a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and (ii) the quantum of, or a formula or methodology for determining such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be).

(D) *Mid-Swap Benchmark Amendments*

If any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 3(a)(iii) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any) (such amendments, the “**Mid-Swap Benchmark Amendments**”) and (ii) the specific terms of the Mid-Swap Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with paragraph (E) vary these Conditions to the extent needed to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread and the Mid-Swap Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) *Notices*

Any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread and Mid-Swap Benchmark Amendments (as the case may be), determined under this Condition 3(a)(iii) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative of the *Masse* (if any) and, in accordance with Condition 13, the Noteholders and the Couponholders. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

The Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) specified in such notice, will (in the absence of manifest error or bad faith in their determination) be final and binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and the Couponholders.

(F) *Survival of Original Mid-Swap Rate*

Without prejudice to the obligations of the Issuer under paragraphs (A), (B), (C) and (D), the Original Mid-Swap Rate and the priority fallback provisions provided for in the definition of "Mid-Swap Rate" will continue to apply unless and until these priority fallback provisions fail to provide a means of determining the Rate of Interest.

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date specified in the Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on either:

- (A) the Interest Payment Date(s) in each year specified in the Final Terms; or
- (B) if no Interest Payment Date(s) is/are specified in the Final Terms, each date (each such date, together with each Interest Payment Date specified in the Final Terms an Interest Payment Date) which falls the number of months or any other period specified as the Specified Period in the Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a Business Day Convention is specified in the Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 3(b)(i)(B), the **Floating Rate Convention**, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls within the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (C) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (D) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day.

Notwithstanding the foregoing, where the Final Terms specifies that the relevant Business Day Convention is to be applied on an **unadjusted** basis, the Interest Amount payable on any date shall not be affected by the application of such Business Day Convention.

In this Condition 3, **Business Day** means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in each Additional Business Centre(s) specified in the Final Terms; and

- (B) either (x) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre(s) of the country of the relevant Specified Currency (if other than any Additional Business Centre and which if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) or (y) in relation to any sum payable in euro, a day on which the TARGET 2 System is open (a **TARGET 2 Business Day**). In these Terms and Conditions, **TARGET 2 System** means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET 2) System.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the Final Terms, which may be:

(A) *ISDA Determination*

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any). For the purposes of this subparagraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Fiscal Agent or any other person specified in the Final Terms, under an interest rate swap transaction if the Fiscal Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- (1) the Floating Rate Option is as specified in the Final Terms;
- (2) the Designated Maturity is a period specified in the Final Terms; and
- (3) the relevant Reset Date is the first day of that Interest Period.

For purposes of this subparagraph, **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity**, **Reset Date** and **Euro-zone** have the meanings given to those terms in the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. (the **ISDA Definitions**) and as amended and updated as at the Issue Date of the Notes of the relevant Series.

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, unless a higher Minimum Rate of Interest is specified in the Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

In the Final Terms, when the paragraph "Floating Rate Option" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Period.

(B) *Screen Rate Determination*

a) *Screen Rate Determination for Floating Rate Notes*

- (x) Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:
- (1) the offered quotation; or
 - (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate *per annum*), for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the Final Terms (which will be 11.00 a.m., Brussels time, in the case of the Euro-zone interbank offered rate (**EURIBOR**) or the Specified Time in the principal financial centre of the jurisdiction of the relevant Reference Rate on the Interest Determination Date in question plus or minus (as indicated in the Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

- (y) If the Relevant Screen Page is not available or if in the case of paragraph (1) above, no such offered quotation appears or, in the case of paragraph (2) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Calculation Agent shall request the principal office of each of the Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate *per annum* which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the relevant inter-bank market (which will be the Euro-zone inter-bank market if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer and the Calculation Agent suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the relevant inter-bank market (which will be the Euro-zone inter-bank market if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Calculation Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

If the provisions of paragraph (y) above fail to provide a means of determining the Rate of Interest, Condition 3(b)(iii) below shall apply.

b) Provisions specific to SONIA reference rate

When SONIA is specified as the Reference Rate in the Final Terms in respect of the Floating Rate Note, the manner in which the Rate of Interest is to be determined could be either SONIA Lookback Compound or SONIA Observation Shift Compound as follows:

(x) if SONIA Lookback Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be SONIA-LOOKBACK-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any); or

(y) if SONIA Observation Shift Compound is specified as applicable in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be SONIA-OBSERVATION-SHIFT-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any).

Where:

SONIA-LOOKBACK-COMPOUND means the rate of return of a daily compounded interest investment (it being understood that reference rate for the calculation of interest is the Sterling Overnight Index Average rate) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

d is the number of calendar days in the relevant Interest Period;

d_o is the number of London Banking Days in the relevant Interest Period;

i is a series of whole numbers from one to d_o, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Period;

n_i means, for any London Banking Day “i”, the number of calendar days from and including such London Banking Day “i” up to but excluding the following London Banking Day (“i+1”);

Observation Look-Back Period is as specified in the Final Terms;

p means, in relation to any Interest Period, the number of London Banking Days included in the Observation Look-Back Period, as specified in the Final Terms;

SONIA_{i-pLBD}, means for any London Banking Day “i” falling in the relevant Interest Period, the SONIA in respect of the London Banking Day falling “p” London Banking Days prior to the relevant London Banking Day “i”.

SONIA-OBSERVATION-SHIFT-COMPOUND means the rate of return of a daily compound interest investment (it being understood that reference rate for the calculation of interest is the Sterling Overnight Index Average rate) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) on the relevant Interest Determination Date, as follows, and the resulting percentage will be

rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

d means the number of calendar days in the relevant Observation Period;

d₀ means for any Observation Period, the number of London Banking Days in the relevant Observation Period;

i means a series of whole numbers from one to d₀, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day, in the relevant Observation Period;

Observation Period means, in respect of each Interest Period, the period from, and including, the date that is a number of London Banking Days equal to the Observation Shift Days preceding the first date in such Interest Period to, but excluding, the date that is a number of London Banking Days equal to the number of Observation Shift Days, preceding the Interest Payment Date for such Interest Period;

Observation Shift Days means the number of London Banking Days specified in the applicable Final Terms;

SONIA_i means, in respect of any London Banking Day falling in the relevant Observation Period, the SONIA in respect of that London Banking Day “i”.

Where:

London Banking Day or **LBD** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

SONIA, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average rate in respect of such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, on the London Banking Day immediately following such London Banking Day.

If, in respect of a relevant London Banking Day, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be: (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

c) Provisions specific to SOFR reference rate

Notwithstanding the foregoing, if the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent will have the right to make Benchmark Replacement Conforming Changes from time to time.

Any determination, decision or election that may be made by the Calculation Agent pursuant to those provisions, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent’s sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

As used herein:

Benchmark means, initially, SOFR, as defined above; provided that if the Calculation Agent determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement;

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected by the Calculation Agent as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment;

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenor, and other administrative matters) that the Calculation Agent decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent determines is reasonably necessary);

Benchmark Replacement Date means the earliest to occur of the following events with respect to the then-current Benchmark:

- (1) in the case of clause (1) or (2) of the definition of "Benchmark Transition Event", the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark; or
- (2) in the case of clause (3) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein;

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative, that the Benchmark has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes.

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-pT2BD} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

- (vi) in the case of the occurrence of a SARON Administrator/Benchmark Event or a SARON Index Cessation Event described in subparagraph (iv) of the definition thereof, the date as of which the SARON may no longer be used;

SARON Index Cessation Event means the occurrence of one or more of the following events:

- (v) a public statement or publication of information by or on behalf of the SARON Administrator, announcing that it has ceased or will cease to provide the SARON,

permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the SARON; or

- (vi) a public statement or publication of information by the supervisor of the SARON Administrator, the central bank for the Swiss Franc, an insolvency official with jurisdiction over the SARON Administrator, a resolution authority with jurisdiction over the SARON Administrator, or a court or an entity with similar insolvency or resolution authority over SARON Administrator, which states that the SARON Administrator, has ceased or will cease to provide the SARON, permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the SARON; or
- (vii) a public statement by the supervisor of the SARON Administrator that, in the view of such supervisor, SARON is no longer representative of an underlying market or the methodology to calculate the SARON has materially changed; or
- (viii) any event which otherwise constitutes an “index cessation event” (regardless of how it is actually defined or described in the definition of the SARON) following which the SARON may no longer be used;

provided that the Index Cessation Event shall occur on the date of the cessation of publication of the SARON, the discontinuation of the SARON, or the prohibition of use of the SARON, and not the date of the relevant public statement.

“**SARON Event**” means the occurrence of a SARON Administrator/Benchmark Event or a SARON Index Cessation Event;

“**SARON Recommended Adjustment Spread**” means, with respect to any SARON Recommended Replacement Rate, the spread (which may be positive, negative or zero), or formula or methodology for calculating such a spread,

- (iii) that the SARON Recommending Body has recommended be applied to such SARON Recommended Replacement Rate in the case of fixed income securities with respect to which such SARON Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon; or
- (iv) if the SARON Recommending Body has not recommended such a spread, formula or methodology as described in clause a. above, to be applied to such SARON Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the SARON with such SARON Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such SARON Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

“**SARON Recommended Replacement Rate**” means the rate that has been recommended as the replacement for the SARON by any working group or committee in Switzerland organized in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the “**SARON Recommending Body**”);

“**SIX Swiss Exchange**” means SIX Swiss Exchange AG and any successor thereto;

“**SNB Adjustment Spread**” means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to

Noteholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, taking into account the historical median between the SARON and the SNB Policy Rate during the two year period ending on the date on which the SARON Event occurred (or, if more than one SARON Event has occurred, the date on which the first of such events occurred); and

“**Zurich Banking Day**” means a day on which banks are open in the City of Zurich for the settlement of payments and of foreign exchange transactions.

- (iii) Benchmark Trigger Event in relation to Floating Rate Notes (except for SONIA, SOFR €STR and SARON reference rates Notes and when ISDA determination is applicable)

(A) *Appointment of a Rate Determination Agent*

If a Benchmark Trigger Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with paragraph (B)) and, in either case, an Adjustment Spread if any (in accordance with paragraph (C)) and any Benchmark Amendments (in accordance with paragraph (D)).

A Rate Determination Agent appointed pursuant to this Condition 3(b)(iii) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 3(b)(iii).

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Rate or an Alternative Rate prior to the relevant Interest Determination Date or (iii) the Issuer determines that the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate and, in either case, any Adjustment Spread and/or any Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined by the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Issuer may decide that no Successor Rate or Alternative Rate, as the case may be, will be adopted and the Reference Rate applicable to the next succeeding Interest Period will be equal to the Original Reference Rate last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Reference Rate shall be the last available Original Reference Rate.

(B) *Successor Rate or Alternative Rate*

If the Rate Determination Agent determines that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Reference Rate

to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(b)(iii)); or

- (ii) there is no Successor Rate but there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in paragraph (C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(b)(iii)).

(C) Adjustment Spread

If the Rate Determination Agent determines that (i) an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate and (ii) the quantum of, or a formula or methodology for determining such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(D) Benchmark Amendments

If any Successor Rate or Alternative Rate or Adjustment Spread is determined in accordance with this Condition 3(b)(iii) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate or Alternative Rate or Adjustment Spread (if any) (such amendments, the “**Benchmark Amendments**”) and (ii) the specific terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with paragraph (E) vary these Conditions to the extent needed to give effect to such Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Rate or Alternative Rate or Adjustment Spread and Benchmark Amendments (as the case may be), determined under this Condition 3(b)(iii) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative of the *Masse* (if any) and, in accordance with Condition 13, the Noteholders and the Couponholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice, will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be final and binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and the Couponholders.

(F) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under paragraphs (A), (B), (C) and (D), the Original Reference Rate and the priority fallback provisions provided for in Condition 3(b)(ii) will continue to apply unless and until these priority fallback provisions fail to provide a means of determining the Rate of Interest.

- (iv) Additional provisions in relation to Floating Rate Notes

In these Terms and Conditions:

Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, unless a higher Minimum Rate of Interest is specified in the Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the Final Terms as being other than EURIBOR, €STR, SONIA, SOFR, SARON or TONA, as the case may be, the Rate of Interest in respect of such Notes will be determined as provided in the Final Terms.

In the Final Terms, when the paragraph "Reference Rate" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Period.

(v) Minimum and/or Maximum Rate of Interest and/or Rate Multiplier

Subject to the provisions of Condition 3(b)(ii)(A), if the Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the Final Terms specify a Maximum Rate of Interest for any Interest Period, then in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

If the Final Terms specify a Rate Multiplier for any Interest Period, then the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

If n/N or n_b/N_b is specified as the Rate Multiplier in the Final Terms, the following definitions shall apply:

n means the number of calendar days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N means the total number of calendar days within the relevant Interest Period.

n_b means the number of Business Days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N_b means the total number of Business Days within the relevant Interest Period.

Lower Limit means, in respect of the relevant Interest Period, the limit specified in the Final Terms.

Benchmark means, in respect of any calendar day (in respect of the definition of **n**) or, as applicable, Business Day (in respect of the definition of **n_b**) of the relevant Interest Period:

- if **EURIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is "EUR-EURIBOR-Reuters" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen EURIBOR01 Page, EURIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option "EUR-EURIBOR-Reference Banks" (as defined in the ISDA Definitions) for

a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

- if **EUR-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is "EUR-ISDA-EURIBOR Swap Rate-11:00" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date), and appearing on Reuters Screen ISDAFIX2 Page as at 11.00 a.m. (Frankfurt time) under the heading "EURIBOR BASIS – FRF" and above the caption "11:00 AM FRANKFURT". If on any Benchmark Day, such rate does not appear on Reuters Screen ISDAFIX2 Page, EUR-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option "EUR-Annual Swap Rate-Reference Banks" (as defined in the ISDA Definitions) for a period of the Designated Maturity specified in the Final Terms (without reference to any Reset Date).
- if **USD-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is "USD-ISDA-Swap Rate" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date), and appearing on Reuters Screen ISDAFIX1 Page as at 11.00 a.m. (New York time). If on any Benchmark day, such rate does not appear on Reuters Screen ISDAFIX1 Page, USD-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option "USD-CMS-Reference Banks" (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

For the purposes hereof, the value of the Benchmark on any calendar day of the relevant Interest Period which is not a Benchmark Day shall be deemed to be the value ascribed to the Benchmark on the first preceding Benchmark Day.

Benchmark Day means, if the relevant Benchmark is:

- EURIBOR or EUR-CMS, any days (other than a Saturday or Sunday) on which the TARGET 2 System is operating; and
- USD-CMS, any days (other than a Saturday or Sunday) on which banks are open for business in New York City.

Upper Limit means, in respect of the relevant Interest Period, the limit specified in the Final Terms.

(vi) Determination of Rate of Interest and calculation of Interest Amount in respect of Floating Rate Notes

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined in respect of a Floating Rate Note, determine the Rate of Interest for the relevant Interest Period. The Calculation Agent will notify the Fiscal Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same (but in no event later than the first Business Day after such calculation).

The Fiscal Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes in respect of each Note for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the outstanding nominal amount of each Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(vii) Notification of Rate of Interest and Interest Amount

The Fiscal Agent will cause the Rate of Interest and the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13.

(c) Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a fixed rate to a floating rate, from a floating rate to a fixed rate from a fixed rate to another fixed rate or from a floating rate to another floating rate on the date set out in the Final Terms.

(d) Zero Coupon Notes

This Condition 3 (d) applies if the Final Terms specify that the clause "*Zero Coupon Note Provisions*" is "Applicable".

The Final Terms will specify the accrual yield (the **Accrual Yield**), the reference price (the **Reference Price**) and the Day Count Fraction in relation to Early Redemption Amounts and late payment (pursuant to the provisions of Conditions 5(j) and 5(m)).

Where a Zero Coupon Note is redeemed or becomes due and repayable, the amount due and repayable (the **Amortised Face Amount**) shall be an amount equal to the sum of:

- (A) the Reference Price; and
- (B) the product of the Accrual Yield specified in the Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and notified in accordance with Condition 13 and 14, *mutatis mutandis*.

(e) Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if applicable) from the due date for its redemption unless, (i) in the case of Dematerialised Notes, on such due date or (ii) in case of Materialised Notes, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to be calculated and to accrue (both before and after judgement) at the relevant Rate of Interest until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five calendar days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Fiscal Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

(f) Certain definitions relating to the calculation of interest

Regulator means the European Central Bank and any successor or replacement thereto, or other authority having primary responsibility for the prudential oversight and supervision of the Issuer;

Relevant Rules means the capital rules from time to time as applied by the Regulator and as amended from time to time including the implementation of the CRD and/or the BRRD;

Special Event means any of a Capital Event, a Withholding Tax Event, a Tax Deductibility Event or a Special Tax Event;

Tier 2 Capital means capital which is treated as a constituent of Tier 2 by the then current requirements of the Regulator for the purposes of the Issuer.

(d) Redemption upon the occurrence of a MREL or TLAC Disqualification Event

This Condition 5(d) applies with respect to:

- Senior Preferred Notes, unless “MREL or TLAC Disqualification Event in respect of Senior Preferred Notes” is specified as not applicable in the Final Terms;
- Senior Non-Preferred Notes; and
- Subordinated Notes, if “MREL or TLAC Disqualification Event in respect of Subordinated Notes” is specified as applicable in the Final Terms.

Upon the occurrence of a MREL or TLAC Disqualification Event (as defined below), the Issuer may, at any time, at its option (subject to the provisions of Condition 5(h)) and having given not less than thirty (30) nor more than forty-five (45) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Notes in whole but not in part at their Early Redemption Amount, as provided in Condition 5(j), together, if appropriate, with accrued interest to (but excluding) the date of redemption.

In the case of Tier 2 Capital Subordinated Notes, no redemption upon the occurrence of a MREL or TLAC Disqualification Event will be permitted before five (5) years after the Issue Date of such Tier 2 Capital Subordinated Notes.

For the purposes of these Terms and Conditions:

MREL or TLAC Disqualification Event means a change in the classification of the Notes under the MREL or TLAC Requirements, that was not reasonably foreseeable by the Issuer at the Issue Date of the Notes, and that would be likely to result in or has resulted in the Notes being fully or partially excluded from the own funds or eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined by the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer). For the avoidance of doubt, the exclusion of a Series of Notes from the own funds or eligible liabilities available to meet the MREL or TLAC Requirements due to the remaining maturity of such Notes being less than any period prescribed thereunder, does not constitute a MREL or TLAC Disqualification Event.

MREL or TLAC Requirements means the minimum requirements for own funds and eligible liabilities and/or total loss-absorbing capacity requirements applicable to the Issuer and/or the Group referred to in the BRRD and CRD, or any other EU laws and regulations implemented in French laws and regulations and/or as set out in policies and/or principles of the SRB as the case may be, and/or as per the FSB TLAC Term Sheet dated 9 November 2015, as amended from time to time.

(e) Redemption applying only with respect to Senior Preferred Notes

(i) Make-Whole Redemption Option

If a Make-Whole Redemption Option is specified as applicable in the Final Terms with respect to Senior Preferred Notes, the Issuer may, at its option (subject to the provisions of Condition 5(h)(i) as the case may be), at any time (the **Make-Whole Redemption Date**) and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Senior Preferred Notes in whole but not in part, at their Make-Whole Redemption Amount (as defined below).

All Senior Preferred Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice (i.e. the Make-Whole Redemption Date) in accordance with this Condition.

For the purposes of these Terms and Conditions:

Make-Whole Redemption Amount means an amount calculated by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) and equal to the greater of (x) 100 per cent. of the principal amount of the Notes so redeemed and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such

Notes (excluding any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the Make-Whole Redemption Rate plus a Make-Whole Redemption Margin, plus in each case, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

Make-Whole Redemption Margin means the margin as specified in the Final Terms.

Make-Whole Redemption Rate means (i) the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security on the fourth Business Day preceding the Make-Whole Redemption Date at 11:00 a.m. (Central European Time (CET)) (**Reference Dealer Quotation**) or (ii) the Reference Screen Rate, as specified in the Final Terms.

The Make-Whole Redemption Rate will be published by the Issuer in accordance with Condition 13.

Reference Dealers means each of the four banks selected by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues, or such other banks or method of selection of such banks as specified in the Final Terms.

Reference Screen Rate means the screen rate as specified in the Final Terms.

Reference Security means the security as specified in the Final Terms.

If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent (or such agent with appropriate expertise appointed by the Issuer, as person specified in the Final Terms) at 11:00 a.m. (CET) on the third Business Day preceding the Make-Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and published in accordance with Condition 13.

Similar Security means a reference bond or reference bonds issued by the same issuer as the Reference Security having an actual or interpolated maturity comparable with the remaining term of the Notes that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) shall (in the absence of manifest error) be final and binding upon all parties.

(ii) Residual Maturity Redemption Option

If a Residual Maturity Redemption Option is specified as applicable in the Final Terms with respect to Senior Preferred Notes, the Issuer may, at its option (subject to the provisions of Condition 5(h)(i) as the case may be), at any time, on or after the Optional Redemption Date and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Senior Preferred Notes, in whole but not in part, at their Optional Redemption Amount, as provided in Condition 5(i) together, if appropriate, with accrued interest to (but excluding) the date of redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(iii) Clean-up Redemption Option

If a Clean-up Redemption Option is specified as applicable in the Final Terms with respect to Senior Preferred Notes, and if 80 per cent. or any higher percentage specified in the Final Terms (the **Clean-up Percentage**) of the initial aggregate nominal amount of Senior Preferred Notes of the same Series (which for the avoidance of doubt includes, any additional Notes issued subsequently and forming a

single series with the first Tranche of a particular Series of Notes) have been redeemed or purchased by, or on behalf of, the Issuer or any of its subsidiaries and, in each case, cancelled, the Issuer may, at any time, at its option (subject to the provisions of Condition 5(h)(i) as the case may be) and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms), in accordance with Condition 13, to the Fiscal Agent, the Noteholders and the Couponholders, redeem the outstanding Notes, in whole but not in part, at their Optional Redemption Amount, as provided in Condition 5(i) together, if appropriate, with accrued interest to (but excluding) the date of redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(f) Redemption at the Option of the Issuer

If a Redemption at the Option of the Issuer is specified as applicable in the Final Terms (subject to the provisions of Condition 5(h)), the Issuer may, at its option on any Optional Redemption Date and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 13, redeem the outstanding Notes, in whole or in part, at their Optional Redemption Amount, as provided in Condition 5(i) together, if appropriate, with accrued interest to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and nor more than the Maximum Redemption Amount, both as specified in the Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a redemption of some only of the Materialised Notes, the notice to holders of such Materialised Notes and the Coupons shall also contain the serial numbers of the Definitive Materialised Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

In the case of a partial redemption of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the Code and the provisions of the Final Terms, subject to compliance with any other applicable laws and stock exchange requirements.

With respect to any Senior Preferred Note, any notice given by the Issuer pursuant to this Condition 5(f) shall be void and of no effect in relation to that Senior Preferred Note if, prior to the giving of such notice by the Issuer, the holder of such Senior Preferred Note had already delivered a Put Notice in relation to that Senior Preferred Note in accordance with Condition 5(g).

(g) Redemption at the Option of the Noteholders with respect to Senior Preferred Notes

If a Redemption at the Option of the Noteholders is specified as applicable in the Final Terms with respect to Senior Preferred Notes (subject to the provisions of Condition 5(h)(i)), the holders of Senior Preferred Notes may at their option, on the relevant Optional Redemption Date, having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms), to the Issuer in accordance with Condition 13, require the redemption of such Senior Preferred Notes.

Upon the expiry of such notice, the Issuer will redeem, in whole but not in part, such Senior Preferred Notes on the Optional Redemption Date at their Optional Redemption Amount, as provided in Condition 5(i) together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

Before the exercise of a Redemption at the Option of the Noteholders with respect to Senior Preferred Notes certain conditions and/or circumstances will need to be satisfied.

To exercise the right to require the redemption of Senior Preferred Notes, the holder of such Senior Preferred Note must deposit with any Paying Agent at its specified office a duly completed option exercise notice (the **Put Notice**) in the form obtained from any Paying Agent or the Registration Agent, as the case may be, within the notice period. In the case of Materialised Notes, the Put Notice shall have attached to it such Senior Preferred Note(s) (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the holder of such Senior Preferred Note shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Put Notice.

If the Senior Preferred Note is a Materialised Note and is held through a Clearing System, to exercise the right to require redemption of the Senior Preferred Note, the holder of such Senior Preferred Note must, within the notice period, give notice to the Fiscal Agent of such exercise in accordance with the standard procedures of the Clearing System (which may include notice being given on his instruction by such Clearing System or any common depository for them to the Fiscal Agent by electronic means) in a form acceptable to such Clearing System from time to time and, if such Senior Preferred Note is represented by a Temporary Global Certificate (as prescribed in the French Law Agency Agreement), at the same time present or procure the presentation of such Temporary Global Certificate to the Fiscal Agent for notation accordingly.

Notwithstanding the foregoing, the right to require redemption of such Senior Preferred Notes in accordance with this Condition must be exercised in accordance with the rules and procedures of the Clearing System and if there is any inconsistency between the above and the rules and procedures of the relevant Clearing System, then the rules and procedures of the relevant Clearing System shall prevail.

For the purposes of this Condition, **Clearing System** shall mean Euroclear France, Euroclear, Clearstream and/or any other clearing system or institution through which the Senior Preferred Notes are held for the time being and such shall include (where appropriate) any relevant central securities depository relating thereto.

Any Put Notice given by a holder of any Senior Preferred Note pursuant to this paragraph shall be:

- (i) irrevocable except where prior to the Optional Redemption Date an Event of Default (if any) has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Senior Preferred Note forthwith due and payable pursuant to Condition 8; and
- (ii) void and of no effect in relation to such Senior Preferred Note if, prior to the giving of such Put Notice by the relevant holder: (A) the Issuer had notified the Noteholders and the Couponholders of its intention to effect a partial redemption of the Notes in a Series and such Senior Preferred Note had been selected for redemption (including, without limitation, pursuant to the partial reduction in the nominal amount of all Senior Preferred Notes in a Series or the redemption in full of some only of the Senior Preferred Notes in a Series), or (B) the Issuer had notified the Noteholders of its intention to redeem all of the Senior Preferred Notes in a Series then outstanding, in each case pursuant to Condition 5(e)(i), Condition 5(e)(ii), Condition 5(e)(iii) or Condition 5(f).

(h) Conditions to redemption, purchase or cancellation of Notes prior to the Maturity Date

(i) With respect to Senior Preferred Notes

Unless “Prior permission of the Relevant Resolution Authority” is specified as not applicable in the Final Terms, Senior Preferred Notes may only be redeemed, purchased or cancelled pursuant to:

- Condition 5(b)(i) (*Redemption upon the occurrence of a Withholding Tax Event or a Special Tax Event*),
- Condition 5(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
- Condition 5(e)(i) (*Make-Whole Redemption Option*),
- Condition 5(e)(ii) (*Residual Maturity Redemption Option*),
- Condition 5(e)(iii) (*Clean-up Redemption Option*),
- Condition 5(f) (*Redemption at the Option of the Issuer*),
- Condition 5(g) (*Redemption at the Option of the Noteholders with respect to Senior Preferred Notes*),
- Condition 5(k) (*Purchases*) and
- Condition 5(l) (*Cancellation*),

as the case may be, subject to the prior written permission of the Relevant Resolution Authority.

(ii) With respect to Senior Non-Preferred Notes

Senior Non-Preferred Notes may only be redeemed, purchased or cancelled pursuant to:

- Condition 5(b)(i) (*Redemption upon the occurrence of a Withholding Tax Event or a Special Tax Event*),
- Condition 5(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
- Condition 5(f) (*Redemption at the Option of the Issuer*),
- Condition 5(k) (*Purchases*) and
- Condition 5(l) (*Cancellation*),

as the case may be, subject to the prior written permission of the Relevant Resolution Authority.

(iii) With respect to Tier 2 Capital Subordinated Notes

Tier 2 Capital Subordinated Notes may only be redeemed, purchased or cancelled pursuant to:

- Condition 5(b) (*Redemption upon the occurrence of a Tax Event*),
- Condition 5(c) (*Redemption upon the occurrence of a Capital Event with respect to Subordinated Notes*),
- Condition 5(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
- Condition 5(f) (*Redemption at the Option of the Issuer*),
- Condition 5(k) (*Purchases*) and
- Condition 5(l) (*Cancellation*),

as the case may be, if all of the following conditions are met (according to Articles 77 and 78 of the Capital Requirements Regulation, as amended or superseded from time to time):

- (i) the Regulator has given its prior written permission to such redemption, purchase or cancellation, (as applicable).

The rules under the CRD prescribe certain conditions for the granting of permission by the Regulator to a request by the Issuer to reduce, repurchase, call or redeem the Tier 2 Capital Subordinated Notes.

In this respect, the CRD provides that the Regulator shall grant permission to a reduction, repurchase, call or redemption of Tier 2 Capital Subordinated Notes provided that either of the following conditions is met:

- (A) on or before such reduction, repurchase, call or redemption of Tier 2 Capital Subordinated Notes, the Issuer replaces said Tier 2 Capital Subordinated Notes with own funds instruments of equal or higher quality on terms that are sustainable for the Issuer's income capacity; or
- (B) the Issuer has demonstrated to the satisfaction of the Regulator that its own funds and eligible liabilities would, following such reduction, repurchase, call or redemption, exceed the requirements laid down in the CRD and the BRRD by a margin that the Regulator may consider necessary.

In addition, the rules under the CRD provide that the Regulator may only permit the Issuer to redeem the Tier 2 Capital Subordinated Notes before five (5) years after the Issue Date of the Tier 2 Capital Subordinated Notes if:

- (1) the conditions listed in paragraphs (A) or (B) above are met; and
- (2) in the case of redemption due to the occurrence of a Capital Event, (i) the Regulator considers such change to be sufficiently certain and (ii) the Issuer demonstrates to the satisfaction of the Regulator that the Capital Event was not reasonably foreseeable at the time of the issuance of the Tier 2 Capital Subordinated Notes; or
- (3) in the case of redemption due to the occurrence of a Tax Event, the Issuer demonstrates to the satisfaction of the Regulator that such Tax Event is material and was not reasonably foreseeable at the time of issuance of the Tier 2 Capital Subordinated Notes;
- (4) before or at the same time of the redemption or purchase of the Tier 2 Capital Subordinated Notes, the Issuer replaces such Tier 2 Capital Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer and the Regulator has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or
- (5) in the case of repurchase for market making purposes.

For the avoidance of doubt, any refusal of the Regulator to grant permission in accordance with Article 78 of the Capital Requirements Regulation shall not constitute a default for any purpose. The rules under the CRD may be modified from time to time after the date of issuance of Tier 2 Capital Subordinated Notes.

- (ii) in the case of a redemption as a result of a Special Event, the Issuer has delivered a certificate signed by two (2) of its duly authorised representatives to the Fiscal Agent (and copies thereof will be available at the specified office of the Fiscal Agent during its normal business hours) not less than five (5) Business Days prior to the date set for redemption that such Special Event has occurred or will occur no more than ninety (90) days following the date fixed for redemption, as the case may be.

(iv) With respect to Disqualified Capital Notes

Disqualified Capital Notes may only be redeemed, purchased or cancelled pursuant to:

- Condition 5(b) (*Redemption upon the occurrence of a Tax Event*),

- Condition 5(c) (*Redemption upon the occurrence of a Capital Event with respect to Subordinated Notes*),
 - Condition 5(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*),
 - Condition 5(f) (*Redemption at the Option of the Issuer*),
 - Condition 5(k) (*Purchases*) and
 - Condition 5(l) (*Cancellation*),
- as the case may be, subject to the prior written permission of the Regulator and/or the Relevant Resolution Authority.

(i) Optional Redemption Amount

For the purposes of

- Condition 5(e)(ii) (*Residual Maturity Redemption Option*),
 - Condition 5(e)(iii) (*Clean-up Redemption Option*),
 - Condition 5(f) (*Redemption at the Option of the Issuer*) and/or
 - Condition 5(g) (*Redemption at the Option of the Noteholders with respect to Senior Preferred Notes*),
- as the case may be, the Notes will be redeemed on any date or dates as specified in the Final Terms (the **Optional Redemption Date(s)**) or on the date specified in the relevant notice, and at the amount (the **Optional Redemption Amount**) calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price at the amount specified in, or determined in the manner specified in, the Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at the Amortised Face Amount; or
- (iv) in the case of Notes with an Optional Redemption Amount specified as “Market Value” in the Final Terms, at an amount determined by the Calculation Agent, which, on the Optional Redemption Date of the Notes so redeemed, shall represent the fair market value of the Notes and shall have the effect (after taking into account the costs that cannot be avoided to redeem the fair market value to the Noteholders) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such optional redemption, have fallen due after the relevant Optional Redemption Date. In respect of Notes bearing interest, notwithstanding Condition 8(a), the Optional Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant Optional Redemption Date and apart from any such interest included in the Optional Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the Final Terms.

(j) Early Redemption Amounts

For the purposes of:

- Condition 5(b) (*Redemption upon the occurrence of a Tax Event*),

- Condition 5(c) (*Redemption upon the occurrence of a Capital Event with respect to Subordinated Notes*),
- Condition 5(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*), and
- Condition 8 (*Events of Default*),

as the case may be, the Notes will be redeemed on the date specified in the relevant notice (it being understood that such date shall be an Interest Payment Date, in the case of Floating Rate Notes) at the amount (the **Early Redemption Amount**) calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price, at the amount specified in, or determined in the manner specified in, the Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at the Amortised Face Amount; or
- (iv) in the case of Notes with an Early Redemption Amount specified as “Market Value” in the Final Terms, at an amount determined by the Calculation Agent, which, on the due date for the redemption of the Notes, shall represent the fair market value of the Notes and shall have the effect (after taking into account the costs that cannot be avoided to redeem the fair market value to the Noteholders) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding Condition 8(a), the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the Final Terms.

(k) Purchases

The Issuer or any agent on its behalf shall have the right at all times to purchase at any price in the open market or otherwise, in accordance with applicable laws and regulations:

- Senior Preferred Notes, subject to the provisions of Condition 5(h)(i), unless “*Prior permission of the Relevant Resolution Authority*” is specified as not applicable in the Final Terms;
- Senior Non-Preferred Notes, subject to the provisions of Condition 5(h)(ii);
- Disqualified Capital Notes subject to the provisions of Condition 5(h)(iv);
- Tier 2 Capital Subordinated Notes:
 - (x) for purposes other than market making, subject to the provisions of Condition 5(h)(iii), in accordance with applicable laws and regulations;
 - (y) for market making purposes provided that the total principal amount of the Tier 2 Capital Subordinated Notes so purchased (together with the principal amount of any Tier 2 Capital Subordinated Notes previously so purchased) does not exceed the lower of (x) 10 per cent. of the outstanding aggregate principal amount of the Tier 2 Capital Subordinated Notes (including such further Tier 2 Capital Subordinated Notes issued pursuant to Condition 15), or (y) 3 per cent. of the total outstanding Tier 2 Capital of the Issuer.

Notes so purchased (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are purchased therewith) by or on behalf of the Issuer may be held and resold in accordance with applicable laws and regulations.

(l) Cancellation

All Notes redeemed or purchased by or on behalf of the Issuer for cancellation shall be cancelled (subject to the provisions of Condition 5(h), as the case may be) forthwith (together with, in the case of Definitive Bearer Notes, all unmatured Coupons and Talons appertaining thereto), in the case of Bearer Notes, by surrendering each such Note (together with, in the case of Definitive Bearer Notes, all unmatured Coupons and Talons appertaining thereto) to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(m) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, pursuant to this Condition 5 or upon its becoming due and repayable as provided in Condition 8, as the case may be, is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 3(d) up to (but excluding) the date on which all amounts due in respect of such Note have been paid.

6. Taxation

- (a) All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of any present or future Notes and/or any present or future Coupons relating thereto shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law.
- (b) In the event that any payments of (i) principal, interest or other assimilated revenues, in the case of Senior Preferred Notes, or (ii) interest only (and not principal), in the case of Senior Non-Preferred Notes and Subordinated Notes, by or on behalf of the Issuer in respect of any present or future Notes or any present or future Coupons relating thereto are required to be withheld or deducted for, or on behalf of, any Tax Jurisdiction, the Issuer shall, to the fullest extent permitted by law, pay such additional amount as may be necessary, in order that each Noteholder or Couponholder, after withholding or deduction of such taxes, duties, assessments or governmental charges, will receive the full amount then due and payable provided that no such additional amount shall be payable with respect to any Note or Coupon:
 - (i) in the case of the Materialised Notes, presented for payment by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or related Coupon by reason of his being connected with France other than by the mere holding of such Note or Coupon; or
 - (ii) in the case of the Materialised Notes, presented for payment more than 30 calendar days after the Relevant Date (as defined below), except to the extent that the holder thereof would have been entitled to an additional amount on presenting such Note or related Coupon for payment on such thirtieth day

assuming that day to have been a Payment Business Day (as defined in Condition 4(e)); or

- (iii) in respect of Notes which are neither admitted to trading on a Regulated Market nor offered to the public, if the Final Terms indicate that no such additional amounts shall be payable; or
- (v) where such withholding or deduction is imposed on a payment and is required to be made pursuant to treaties executed or laws enacted by Switzerland providing for the taxation of payments according to principles similar to those laid down in the former Council Directive 2003/48/EC on the taxation of savings income (as amended), in particular the principle to have a person other than the Issuer to withhold or deduct the tax, such as, without limitation, any paying agent; or
- (v) in the case of the Materialised Notes, presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting such Note or related Coupon to another Paying Agent in a Member State of the European Union; or
- (vi) in case of a Special Tax Event, as described in Condition 5(b); or
- (vii) by reason of the Noteholder being domiciled or established, or receiving payments made under the Notes on an account open, in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of article 238-0 A of French *Code général des impôts* other than those mentioned in 2° of 2 bis of Article 238-0 A of the French *Code général des impôts*.

In these Terms and Conditions:

- (A) **Tax Jurisdiction** means France or any political subdivision or any authority thereof or therein having power to tax; and
- (B) the **Relevant Date** means the date on which the relevant payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Fiscal Agent (or, in the case of Materialised Notes, the holders of such Materialised Notes) on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders and the Couponholders in accordance with Condition 13.

7. Prescription

Claims against the Issuer for payment in respect of any amount due under the Notes and any Coupons related thereto shall be prescribed and become void within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 6) therefor.

8. Events of Default

(a) *Events of Default with respect to Senior Preferred Notes*

If "*Events of Default with respect to Senior Preferred Notes*" are specified as applicable in the Final Terms, the holder of any Senior Preferred Notes may give written notice to the Issuer that the Senior Preferred Notes are, and they shall accordingly forthwith become immediately due and repayable at their Early Redemption Amount, together with, if appropriate and subject as otherwise provided herein, interest accrued to the date of repayment, upon the occurrence of any of the following events (each an **Event of Default**):

- (i) default by the Issuer is made in the payment of any interest or principal due in respect of the Notes of a Series or any of them and such default continues for a period of 30 calendar days; or

- (ii) the Issuer fails to perform or observe any of its other obligations under or in respect of the Senior Preferred Notes of a given Series and (except in any case where such failure is incapable of remedy when no such continuation as is hereinafter mentioned will be required) the failure continues for a period of 60 calendar days next following the service on the Issuer of a notice requiring the same to be remedied; or
- (iii) the Issuer institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or the jurisdiction of its head office, or the Issuer consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or any other similar law affecting creditors' rights, or the Issuer consents to a petition for its winding-up or liquidation by it or by such regulator, supervisor or similar official, provided that proceedings instituted or petitions presented by creditors and not consented to by the Issuer shall not constitute an Event of Default.

In relation to Notes listed on SIX Swiss Exchange, the Issuer will maintain a Principal Swiss Paying Agent having a specified office in Switzerland (which shall at all times be a bank or securities dealer that is subject to supervision by the FINMA) whose duties will be set out in the Swiss Paying Agency Agreement.

(v) Chairman

The Noteholders present at a General Meeting shall choose one of their members to be chairman (the “**Chairman**”) by a simple majority of votes present or represented at such General Meeting

(notwithstanding the absence of any quorum at the time of such vote). If the Noteholders fail to designate a Chairman, the Noteholder holding or representing the highest number of Notes and present at such meeting shall be appointed Chairman, failing which the Issuer may appoint a Chairman. - (c) Subject as provided in Condition 13(d), notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Terms and Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 13(a) and (b).
- (d) In the case of either Condition 13(b) or Condition 13(c), the Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading.

14. Notices regarding Notes listed on SIX Swiss Exchange

So long as Notes are listed on SIX Swiss Exchange and so long as the rules of SIX Swiss Exchange so require, all notices in respect of such Notes and any related Coupons will be validly given without cost to the holders of the Notes or such Coupons through the Principal Swiss Paying Agent either

- (i) by means of electronic publication on the internet website of SIX Swiss Exchange (www.six-swiss-exchange.com), where notices are currently published under the address [https://www.six-group.com/en/products-services/the-swiss-stock-exchange/market-data/news-tools/official-notices.htm#/](https://www.six-group.com/en/products-services/the-swiss-stock-exchange/market-data/news-tools/official-notices.htm#/;); or
- (ii) otherwise in accordance with the regulations of SIX Swiss Exchange.

Any notices so given will be deemed to have been validly given on the date of such publication or if published more than once, on the first date of such publication.

References in these Conditions to notices being made in accordance with Condition 13 shall be deemed to include mutatis mutandis the terms of this Condition 14 in respect of Notes listed on SIX Swiss Exchange.

15. Further Issues and Consolidation

The Issuer may from time to time without any requirement for the consent or approval of the Noteholders or Couponholders create and issue further notes carrying rights identical in all respects to those of outstanding Notes and on the same Terms and Conditions (save for their Issue Date, Interest Commencement Date, Issue Price and/or the amount and date of the first payment of interest thereon), so that the same shall be consolidated (*assimilées* for French law purposes) and form a single Series with the outstanding Notes, provided that the terms of such further Notes provide for such assimilation.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a redenomination of the Notes pursuant to Condition 1(f), on giving not less than 30 calendar days prior notice to the Noteholders in accordance with Condition 13, without any requirement for the consent

or approval of the Noteholders or the Couponholders, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

16. Acknowledgement of Bail-In and Write-Down or Conversion Powers

By the acquisition of Notes, each Noteholder (which, for the purposes of this Condition 16, includes any current or future holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in Power (as defined below) by the Relevant Resolution Authority (as defined below), which may include and result in any of the following, or some combination thereof:
 - (i) the reduction of all, or a portion, of the Amounts Due (as defined below), including on a permanent basis;
 - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the Noteholder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
 - (iii) the cancellation of the Notes; and/or
 - (iv) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (b) that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in Power by the Relevant Resolution Authority.

For these purposes, the **Amounts Due** are the prevailing outstanding amount of the Notes, and any accrued and unpaid interest on the Notes that has not been previously cancelled or otherwise is no longer due.

For these purposes, the **Bail-in Power** is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of the BRRD, including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time, the **20 August 2015 Decree Law**), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the **SRM Regulation**), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in power following placement in resolution or otherwise.

A reference to a **Regulated Entity** is to any entity referred to in Section I of Article L.613-34 of the Code as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the **Relevant Resolution Authority** is to the *Autorité de contrôle prudentiel et de résolution* (the **ACPR**), the Single Resolution Board established pursuant to the SRM Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the SRM Regulation).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of its group.

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will provide a written notice to the Noteholders in accordance with Condition 13 as soon as practicable regarding such exercise of the Bail-in Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to Noteholders. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in Power nor the effects on the Notes described above.

Neither a cancellation of the Notes, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer, nor the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Noteholder to any remedies (including equitable remedies) which are hereby expressly waived.

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority, the Issuer and each Noteholder (including each holder of a beneficial interest in the Notes) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from Noteholders, and (b) the French Law Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in Power by the Relevant Resolution Authority.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-In Power by the Relevant Resolution Authority, any Notes remain outstanding (for example, if the exercise of the Bail-In Power results in only a partial write-down of the principal of the Notes), then the Fiscal Agent's duties under the French Law Agency Agreement shall remain applicable with respect to the Notes following such completion to the extent that the Issuer and the Fiscal Agent shall agree pursuant to an amendment to the French Law Agency Agreement.

If the Relevant Resolution Authority exercises the Bail-in Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Bail-in Power will be made on a pro-rata basis.

The matters set forth in this Condition 16 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any holder of a Note.

No expenses necessary for the procedures under this Condition 16, including, but not limited to, those incurred by the Issuer and the Fiscal Agent, shall be borne by any Noteholder.

17. Waiver of Set-Off

No holder of any Note, Receipt or Coupon may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to the Notes, Receipt or Coupon) and

each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 17 is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note, Receipt or Coupon but for this Condition 17.

For the purposes of this Condition 17, "**Waived Set-Off Rights**" means any and all rights of or claims of any holder of any Note, Receipt or Coupon for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Note, Receipt or Coupon.

18. No-Guarantee

Senior Preferred Notes intended to qualify as eligible liabilities of the Issuer, Senior Non-Preferred Notes and Subordinated Notes are not and will not be at any time subject (i) to a guarantee that enhance the seniority of the respective claims of each of the holders of Senior Preferred Notes intended to qualify as eligible liabilities of the Issuer, Senior Non-Preferred Notes or Subordinated Notes, provided by any of the entities listed in articles 63(e) or 72b(e) of the Capital Requirements Regulation, as applicable, or (ii) to any arrangement that otherwise enhances the respective claims of such holders in respect of such Notes.

19. Governing Law and Submission to Jurisdiction

The French Law Agency Agreement, the Swiss Paying Agency Agreement (where applicable), the Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with the French Law Agency Agreement, the Notes, the Coupons and the Talons are governed by, and shall be construed in accordance with, French law.

Any claim against the Issuer in connection with any Notes, Coupons or Talons and the French Law Agency Agreement and the Swiss Paying Agency Agreement (where applicable), may be brought before the competent courts in Paris.

Positive Impact Notes can be either green (the **Green Positive Impact Notes**), social (the **Social Positive Impact Notes**) or sustainability (the **Sustainability Positive Impact Notes**) if an amount equivalent to the net proceeds will be applied to finance or refinance Eligible Activities in the following green categories, social categories or in both categories (in case of Sustainability Positive Impact Notes) pursuant to the Framework:

GOVERNMENTAL SUPERVISION AND REGULATION OF THE ISSUER

Words and expressions defined in section headed "Terms and Conditions of the English Law Notes" or, as the case may be, "Terms and Conditions of the French Law Notes" shall have the same meanings in this section. Unless otherwise specified, the expression "Notes" shall include the English Law Notes and the French Law Notes to the extent permitted by the Conditions applicable to such English Law Notes and French Law Notes.

The French Banking System

The French banking system consists primarily of privately-owned banks and financial institutions, as well as certain state-owned banks and financial institutions, all of which are subject to a common body of banking laws and regulations.

All French credit institutions are required to belong to a professional organization or central body affiliated with the French Credit Institutions and Investment Firms Association (*Association française des établissements de crédit et des entreprises d'investissement*), which represents the interests of credit institutions, payment institutions and investment firms, in particular in their dealings with public authorities, provides consultative advice, draws up business conduct guidelines, disseminates information and studies and recommends actions on questions relating to banking and financial services activities. Most French banks, including Société Générale, are members of the French Banking Federation (*Fédération bancaire française*) which is itself affiliated with the French Credit Institutions and Investment Firms Association.

French Consultative and Supervisory Bodies

The French Monetary and Financial Code (*Code monétaire et financier*) sets forth the conditions under which credit institutions, including banks, may operate. The *Code monétaire et financier* vests related supervisory and regulatory powers in certain administrative authorities.

The Financial Sector Consultative Committee (*Comité consultatif du secteur financier*) is made up of representatives of financial institutions (such as credit institutions, electronic money institutions, payment institutions, investment firms, insurance companies and insurance brokers) and client representatives. This committee is a consultative organization that studies the relations between financial institutions and their respective clientele and proposes appropriate measures in this area.

The Consultative Committee on Financial Legislation and Regulations (*Comité consultatif de la législation et de la réglementation financières*) reviews, at the request of the Minister of the Economy, any draft bills or regulations, as well as any draft EU directives or regulations relating to the insurance, banking, payment and investment services industry other than those draft regulations relating to, or falling within the jurisdiction of, the AMF.

The Banking and Financial Regulation Law (*Loi n°2010-1249 de régulation bancaire et financière*) of 22 October 2010 created the Financial Regulation and Systemic Risk Council (*Conseil de régulation financière et du risque systémique*), composed of the Minister of the Economy and representatives from the *Banque de France* and of financial sector supervisors. This newly-created body is intended to improve risk prevention and better coordinate French regulatory action both at the European and global level. Following enactment of the banking law No. 2013-672 of 26 July 2013 on separation and regulation of banking activities (*loi de séparation et de régulation des activités bancaires*), this body was renamed the High Council for Financial Stability (*Haut Conseil de stabilité financière*) and designated as the authority in charge of macro-prudential supervision.

Pursuant to European Union regulations establishing a single supervisory mechanism for the Eurozone and opt-in countries the European Central Bank (**ECB**) became the supervisory authority for large European credit institutions and banking groups, including Société Générale, on 4 November 2014. This supervision is expected to be carried out in France in close cooperation with the Prudential Supervision and Resolution Authority (*Autorité de contrôle prudentiel et de résolution* or the **ACPR**) (in particular with respect to reporting collection and on-site inspections). The ACPR has retained its competence for anti-money laundering and conduct of business rules (consumer protection).

The ECB is exclusively responsible for prudential supervision, which includes, inter alia, the power to: (a) authorize and withdraw authorization; (b) assess acquisition and disposal of holdings in other credit institutions; (c) ensure compliance with all prudential requirements laid down in general EU banking rules; (d) set, where necessary, higher prudential requirements for certain credit institutions to protect financial stability under the conditions provided by EU law and (e) impose robust corporate governance practices and internal capital adequacy. The ACPR will, on the other hand, continue to be responsible for supervisory matters not conferred to the ECB, such as consumer protection, money laundering, payment services and branches of third country banks.

Subject to direct supervisory powers which may be attributed to the ECB on certain subject matters, the ACPR supervises financial institutions and insurance undertakings and is in charge of ensuring the protection of consumers and the stability of the financial system. The ACPR is chaired by the Governor of the *Banque de France*. Following enactment of the banking law No. 2013-672 of 26 July 2013, the ACP was also designated as the French resolution authority and became the ACPR.

Subject to direct supervisory powers which may be attributed to the ECB on certain large credit institutions, as a licensing authority, the ACPR makes individual decisions, grants banking and investment firm licenses and grants specific exemptions as provided in applicable banking regulations. As a supervisory authority, it is in charge of supervising, in particular, credit institutions, financing companies, and investment firms (other than portfolio management companies which are supervised by the AMF). It monitors compliance with the laws and regulations applicable to such credit institutions, financing companies, and investment firms, and controls their financial standing. Banks are required to submit to the ACPR periodic (monthly, quarterly or semi-annually) accounting reports concerning the principal areas of their business. The ACPR may also request additional information it deems necessary and carry out on-site inspections. These reports and controls allow a close monitoring by the ACPR of the financial condition of each bank and also facilitate the calculation of the total deposits of all banks and their use. Where regulations have been violated, the ACPR may impose administrative sanctions, which may include warnings, financial sanctions and deregistration of a bank resulting in its winding-up. The ACPR has also the power to appoint a temporary administrator to temporarily manage a bank that it deems to be mismanaged. These decisions of the ACPR may be appealed to the French Administrative Supreme Court (*Conseil d'Etat*). Insolvency proceedings may be initiated against banks or other credit institutions, financing companies, or investment firms only after prior permission by the ACPR.

Market Supervision

The AMF regulates the French financial markets. It publishes regulations which set forth regulatory duties of financial markets operators, investment services providers (credit institutions authorized to provide investment services and investment firms) and issuers of financial instruments offered to the public in France. The AMF is also in charge of granting licenses to portfolio management companies and exercises disciplinary powers over them. It may impose sanctions against any person violating its regulations. Such sanctions may be appealed to the Paris Court of Appeal, except in the case of sanctions against financial markets professionals which may be appealed to the *Conseil d'Etat*.

Banking Regulations

The European transposition of the Basel III framework was adopted by European Council and Parliament and published in the Official Journal on 27 June 2013. The Capital Requirements Regulation (as defined in Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions) contains the detailed prudential requirements for credit institutions and investment firms while the Capital Requirements Directive Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions) covers areas where EU provisions need to be transposed by Member States in a way suitable to their respective environments. The Capital Requirements Directive entered into force on 1 January 2014.

The Capital Requirements Directive V (as defined in Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption,*

Purchase and Cancellation) of the French Law Conditions) amending the Capital Requirements Directive as regards to exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures and the Capital Requirements Regulation II (as defined in Condition 6 (*Redemption, Substitution and Variation, Purchase and Cancellation*) of the English Law Conditions or Condition 5 (*Redemption, Purchase and Cancellation*) of the French Law Conditions) amending the Capital Requirements Regulation as regards to the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposure to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, have been published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019. In France, the Capital Requirements Directive V was implemented by the Ordinance No. 2020-1635 of 21 December 2020 containing various provisions for the adaptation of the legislation to European Union law in financial matters. On 24 June 2020, the European Parliament and the Council adopted Regulation (EU) 2020/873 amending the Capital Requirements Regulation as regards certain adjustments in response to the Covid-19 pandemic. The Regulation (EU) 2020/873 entered into force and applied from 27 June 2020. Specific amendments include among other things: (i) changing the minimum amount of capital that banks (such as the Issuer) are required to hold for certain non-performing loans (**NPLs**) under the prudential backstop, (ii) postponing the introduction of the leverage ratio buffer requirement to January 2023 and introducing targeted changes to the calculation of the leverage ratio and (iii) bringing forward the introduction of some capital relief measures for banks under the Capital Requirements Regulation II (including the preferential treatment of certain loans backed by pensions or salaries and of certain exposures to small and medium-sized enterprises (SMEs) and infrastructure).

On 7 December 2017, the Basel Committee published revised standards that finalize the Basel III post-crisis regulatory reforms. The reforms include the following elements: (a) a revised standardized approach for credit risk, which will improve the robustness and risk sensitivity of the existing approach, (b) revisions to the internal ratings-based approach for credit risk, where the use of the most advanced internally modeled approaches for low-default portfolios will be limited, (c) revisions to the credit valuation adjustment (the **CVA**) framework, including the removal of the internally modeled approach and the introduction of a revised standardized approach, (d) a revised standardized approach for operational risk, which will replace the existing standardized approaches and the advanced measurement approaches, (e) revisions to the measurement of the leverage ratio and a leverage ratio buffer for G-SIBs, which will take the form of a Tier 1 Capital buffer set at 50% of a G-SIB's risk-weighted capital buffer and (f) an aggregate output floor, which will ensure that banks' risk-weighted assets (**RWAs**) generated by internal models are no lower than 72.5% of RWAs as calculated by the Basel III framework's standardized approaches. The implementation of the amendments to the Basel III framework within the European Union may go beyond the Basel Committee standards and provide for European specificities.

The revised standards were originally expected to take effect from 1 January 2022 and be phased in over five years. Following the outbreak of the Covid-19, the Basel Committee's oversight body, the Group of Central Bank Governors and Heads of Supervision have announced that the implementation date of the Basel III standards has been deferred by one year to 1 January 2023 to increase operational capacity of banks and supervisors to respond to the immediate financial stability priorities resulting from the impact of the Covid-19 pandemic on the global banking system and the accompanying transitional arrangements for the output floor has also been extended by one year to 1 January 2028. The date of entry into force of the full package will depend upon the European transposition.

In addition, on 28 July 2020, the ECB announced that it will allow banks to operate below the Pillar 2 guidance and the combined buffer requirement until at least the end of 2022, and below the liquidity coverage ratio until at least the end of 2021, without automatically triggering supervisory actions. On 17 September 2020, the Governing Council of the ECB decided that "exceptional circumstances" justify leverage ratio relief and, accordingly, announced that Eurozone banks under its direct supervision (such as the Issuer) may exclude certain central bank exposures from the leverage ratio until 27 June 2021. On 18 June 2021, the Governing Council of the ECB extended the leverage ratio relief until 31 March 2022.

On October 27, 2021, the European Commission published three legislative proposals amending the Capital Requirements Directive, the Capital Requirements Regulation, the BRRD and the directive 2013/36/EU on the access to the activity of credit institutions and the prudential supervision of credit institutions, to finalize the transposition of the Basel III framework.

These proposals, inter alia, aim at (i) introducing adjustments to measurement methods for credit, operational and market risks incurred by credit institutions to ensure that internal models they use to calculate their capital requirements do not underestimate those risks; (ii) requiring credit institutions to systematically identify, disclose and manage risks in connection with environmental and sustainability growth (“**ESG Risks**”) as part of their risk management, and introducing regular climate stress testing of credit institutions by national supervisors to enhance the focus on ESG Risks in the prudential framework, (iii) further harmonizing supervisory powers and tools of local supervisory authorities and reinforcing the sanctions which may be imposed under the supervisory framework, and (iv) introducing new measures to clarify the calculation of internal MREL and TLAC requirements within EU Banking groups.

These legislative proposals will be discussed by the European Parliament and the Council and the date of their entry into force is still unknown.

Resolution Framework in France and European Bank Recovery and Resolution Directive

The Directive 2014/59/EU of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (known as the BRRD) entered into force on 2 July 2014. As a Directive, the BRRD is not directly applicable in France and had to be transposed into national legislation. The French ordonnance No. 2015-1024 of 20 August 2015 transposed the BRRD into French law and amended the French *Code monétaire et financier* for this purpose. The French ordonnance has been ratified by law No. 2016-1691 dated 9 December 2016 (*Loi n°2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) which also incorporates provisions which clarify the implementation of the BRRD. Directive (EU) 2019/879 dated 20 May 2019 (the **BRRD II**), which amends the BRRD as regards to the loss-absorbing and recapitalization capacity of credit institutions and investment firms, was published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019. The BRRD II has been implemented in France with Ordinance n°2020-1636 dated 21 December 2020 (see below).

The stated aim of the BRRD is to provide the authority designated by each EU Member State (the **Resolution Authority**) with a credible set of tools and powers, including the ability to apply the Bail-in Power, as defined below, to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers’ exposure to losses.

The powers provided to the Resolution Authority in the BRRD and the SRM Regulation (as defined in the Terms and Conditions) include write-down/conversion powers to ensure that capital instruments (including Additional Tier 1 Capital Instruments and the Tier 2 Capital Subordinated Notes) and bail-inable liabilities (including the Disqualified Capital Notes, the Senior Non-Preferred Notes and the Senior Preferred Notes, if capital instruments prove insufficient to absorb all losses) absorb losses of the issuing institution that is subject to resolution in accordance with a set order of priority (referred to as the **Bail-in Power**). Accordingly, the BRRD contemplates that the Resolution Authority may require the write-down of such capital instruments and bail-inable liabilities in full on a permanent basis or convert them in full into Common Equity Tier 1 instruments. The BRRD provides, inter alia, that the Resolution Authority shall exercise the write-down/conversion power in a way that results in (a) Common Equity Tier 1 instruments being written down first in proportion to the relevant losses, (b) thereafter, the principal amount of other capital instruments (including additional tier 1 instruments) being written down or converted into Common Equity Tier 1 instruments and (c) thereafter, bail-inable liabilities being written down or converted in accordance with a set order of priority.

In addition to the Bail-in Power, the BRRD provides the Resolution Authority with broader powers to implement other resolution measures with respect to institutions that meet the conditions for resolution, which may include (without limitation) the sale of the institution’s business, the creation of a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments. The BRRD provides that, for a limited period of time, resolution authorities will have the power to suspend payment and delivery obligations pursuant to any contract to which an institution is a party in certain circumstances, including where the institution is failing or likely to fail.

If the conditions for resolution are met by a particular credit institution, the Resolution Authority may apply resolution tools such as removing management and appointing an interim administrator, selling the business of the institution under resolution, setting up a bridge institution or an asset management vehicle and, critically, applying the Bail-in Power which consists of write-down or conversion powers with respect to capital instruments and bail-inable liabilities, according to their ranking set out in Article L. 613-55-5 of the French *Code monétaire et financier*. For the avoidance of doubt, in the event of the application of the Bail-in Power, (a) the outstanding amount of the Notes may be reduced, including to zero, (b) the Notes may be converted into ordinary shares or other instruments of ownership, and (c) the terms may be varied (e.g., the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). Extraordinary public financial support should only be used as a last resort after having assessed and exploited, to the maximum extent practicable, the resolution measures, including the Bail-in Power.

The conditions for resolution under Article L. 613-49 II of the French *Code monétaire et financier* are deemed to be met when:

- (a) the Resolution Authority or the relevant supervisory authority determines that the institution is failing or likely to fail, which means situations where:
 - (i) the institution infringes/will in the near future infringe the requirements for continuing authorization; and/or
 - (ii) the institution is/will be in the near future unable to pay its debts or other liabilities as they fall due; and/or
 - (iii) the institution requires extraordinary public financial support (except when extraordinary public financial support is provided in the form defined in Article L. 613-48 III of the French *Code monétaire et financier*); and/or
 - (iv) the assets of the institution are/will be in the near future less than its liabilities.
- (b) there is no reasonable prospect that any measure other than a resolution measure would prevent the failure within a reasonable timeframe; and
- (c) a resolution measure is necessary for the achievement of the resolution objectives and winding up of the institution under normal insolvency proceedings would not meet those resolution objectives to the same extent.

The Resolution Authority could also, independently of a resolution measure or in combination with a resolution measure, write-down or convert capital instruments (including subordinated debt such as Additional Tier 1 Capital Instruments and Tier 2 Capital Instruments) into ordinary shares or other instruments of ownership when it determines that the institution or its group will no longer be viable unless such write down or conversion power is exercised or when the institution requires extraordinary public financial support (except when extraordinary public financial support is provided in the form defined in Article L. 613-48 III, 3° of the French *Code monétaire et financier*).

Before taking a resolution measure or exercising the power to write down or convert relevant capital instruments, the Resolution Authority shall ensure that a fair, prudent and realistic valuation of the assets and liabilities of the institution is carried out by a person independent from any public authority.

When taking a resolution measure, the Resolution Authority must consider the following objectives: (a) ensure the continuity of critical functions, (b) avoid a significant adverse effect on financial stability, (c) protect public funds by minimizing reliance on extraordinary public financial support and (d) protect client funds and client assets, in particular covered depositors. The deposit guarantee and resolution fund (described above) may also intervene to assist in the resolution of failing institutions.

It should be noted that the Resolution Authority's resolution powers have been superseded by the Single Resolution Board (the **SRB**) since 1 January 2016, with respect to all aspects relating to the decision-making process and the national resolution authorities designated under the BRRD continue to carry out activities relating to the implementation of resolution schemes adopted by the SRB. The SRB acts in close cooperation with the Resolution Authority.

Recovery and Resolution Plans

French credit institutions must draw up and maintain recovery plans (*plans préventifs de rétablissement*) that, for large credit institutions such as the Issuer, are reviewed by the ECB and which provide for measures to be taken by the institutions to restore their financial position following a significant deterioration of their financial situation. Such plans must be updated on a yearly basis (or immediately following a significant change in an institution's organization, business or financial condition). The ECB must assess the recovery plan to determine whether it could in practice be effective, and, as necessary, can request changes in an institution's organization. The Resolution Authority is in turn required to prepare resolution plans (*plans préventifs de résolution*) which provide for the resolution measures which the Resolution Authority may take, given its specific circumstances, when the institution meets the conditions for resolution.

MREL and TLAC

Since 1 January 2016, French credit institutions (such as the Issuer) have to meet, at all times, MREL pursuant to Article L. 613-44 of the French *Code monétaire et financier*. The MREL aims at ensuring that credit institutions have sufficient loss absorption and recapitalization capacity to meet the resolution objectives, and avoiding institutions structuring their liabilities in a manner that impedes the effectiveness of the Bail-in Power.

On 9 November 2015, the FSB published the final principles and the FSB TLAC Term Sheet regarding the TLAC of G-SIBs, such as the Issuer, in resolution. The FSB principles seek to ensure that G-SIBs will have sufficient loss absorbing capacity available in a resolution of such an entity, in order to minimize any impact on financial stability, ensure the continuity of critical functions and avoid exposing taxpayers to loss. On 6 July 2017, the FSB issued guiding principles on the internal TLAC of G-SIBs. The TLAC requirements are expected to be complied with since 1 January 2019 in accordance with the FSB principles. The TLAC requirements impose a level of "Minimum TLAC" that will be determined individually for each G-SIB, in an amount at least equal to (a) 16%, plus applicable buffers, of risk weighted assets through 1 January 2022 and 18%, plus applicable buffers, thereafter and (b) 6% of the Basel III leverage ratio denominator through 1 January 2022 and 6.75% thereafter (each of which could be extended by additional firm-specific requirements). However, according to the Capital Requirements Regulation II, European Union G-SIBs, such as the Issuer, have to comply with TLAC requirements, on top of the MREL requirements in addition to capital requirements applicable to the Issuer. At the date of this Base Prospectus, the Issuer is above its MREL or TLAC Requirements.

More broadly, the Capital Requirements Regulation II and the BRRD II, among other things, give effect to the FSB TLAC Term Sheet and modify the requirements applicable to MREL.

When the BRRD II will be implemented into national laws, European banks will have to comply with the reshaped MREL requirement, which will remain bank-specific but with a strong component in junior instruments. In France, BRRD 2 was implemented by Ordinance n°2020-1636 dated 21 December 2020 and entered into force on 28 December 2020.

Senior Non-Preferred Notes

Law n°2016-1691 dated 9 December 2016 has modified the rules governing the order of creditors' claims applicable to French credit institutions under a judicial liquidation proceeding (*liquidation judiciaire*) to allow French credit institutions to issue TLAC-eligible instruments ranking senior (*chirographaires*) to ordinary subordinated instruments. Pursuant to such modification, Article L.613-30-3 of the French *Code monétaire et financier* provides that debt securities issued by any French credit institution (such as the Senior Non-Preferred Notes) with a minimum maturity of one year and whose terms and conditions provide that their ranking is as set forth in paragraph 4° of Article L.613-30-3 will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior non-preferred and therefore will rank junior in priority of payment to the senior preferred obligations of the Issuer (including the Senior Preferred Notes).

Article L.613-30-3-I-4° of the French *Code monétaire et financier* has been amended by Ordinance n°2020-1636 dated 21 December 2020 to state that senior non-preferred instruments issued as from 28 December 2020 shall have a minimum denomination of 50,000 euros.

Subordinated Notes - New creditor's hierarchy as from 28 December 2020

Article 48(7) BRRD II requires Member States to modify their national insolvency law to ensure that claims resulting from regulatory own funds rank in insolvency below any other claims that do not result from own funds as defined by the Capital Requirements Regulation (hereafter the **Own Funds**). The transposition of this provision by Ordinance n°2020-1636 dated 21 December 2020 has modified the rules governing the order of creditors' claims applicable to French credit institutions in insolvency proceedings. Additional Tier 1 Capital Instruments and Tier 2 Capital Instruments of the Issuer issued before the entry into force of those provisions will keep their contractual ranking if they are, or have been, fully or partially recognized as Own Funds.

A new Article L.613-30-3, I, 5° of the French Monetary and Financial Code, states that, as from 28 December 2020, it should not be possible for liabilities of a credit institution that are not Own Funds to rank *pari passu* with Own Funds.

Therefore, a new rank within subordinated obligations has been created for subordinated obligations or deeply subordinated obligations of the Issuer, issued as from 28 December 2020, that are fully disqualified as Tier 2 Capital Instruments and Additional Tier 1 Capital Instruments of the Issuer, ranking in priority to Tier 2 Capital Instruments and Additional Tier 1 Capital Instruments of the Issuer in order to comply with Article 48(7) BRRD II.

Consequently, upon entry into force of the relevant provisions of Ordinance n°2020-1636 dated 21 December 2020 implementing this new rule in French law in Article L. 613-30-3-I of the French *Code monétaire et financier*, the liabilities initially resulting from Own Funds that are fully disqualified as such shall have a higher priority ranking than any liabilities resulting from Own Funds.

Therefore, as long as Subordinated Notes are recognized as Tier 2 Capital Instruments, they will rank as Tier 2 Capital Subordinated Notes, and, if they become Disqualified Capital Instruments, they will automatically rank as Disqualified Capital Notes, as provided in the status provisions provided for in Condition 3 of the English Law Conditions and Condition 2 of the French Law Conditions (Status of the Notes), without any action from the Issuer and without any requirement for the consent or approval of the Noteholders or the holders of any other Notes

All subordinated notes or deeply subordinated notes issued by the Issuer prior to the date of entry into force of Ordinance n°2020-1636 dated 21 December 2020 that are, or have been, fully or partially recognized as Own Funds of the Issuer, rank and as long as they are outstanding will rank as Tier 2 Capital Instruments or Additional Tier 1 Capital Instruments of the Issuer as the case may be, in accordance with their contractual terms.

At the date of this Base Prospectus, the current creditors' hierarchy of the Issuer is as described below:

Steps Taken towards Achieving an EU Banking Union

Banking union is expected to be achieved through new harmonized banking rules (the single rulebook) and a new institutional framework with stronger systems for both banking supervision and resolution that are managed at the European level. Its two main pillars are the Single Supervision Mechanism (the **SSM**) and the Single Resolution Mechanism (the **SRM Regulation**), as amended by Regulation (EU) No. 2019/877 dated 20 May 2019 (the **SRM Regulation II**). SRM Regulation II amends the SRM Regulation as regards the loss absorbing and recapitalization capacity of credit institutions and investment firms; it was published in the Official Journal of the European Union on 7 June 2019, came into force on 27 June 2019 and is applicable since 28 December 2020.

The SSM is expected to assist in making the banking sector more transparent, unified and safer.

The SSM is provided for under Regulation (EU) No. 1024/2013 and represents a significant change in the approach to bank supervision at a European and global level. The main aims of European banking supervision are to ensure the safety and soundness of the European banking system, increase financial integration and stability and ensure consistent supervision.

The other main pillar of the EU banking union is the SRM Regulation, the main purpose of which is to ensure a prompt and coherent resolution of failing banks in Europe at minimum cost. The SRM Regulation, which was passed on 15 July 2014, and has been fully applicable since 1 January 2016, establishes uniform rules and a uniform procedure for the resolution (including the Bail-in Power) of credit institutions and certain investment firms in the framework of the SRM Regulation and a Single Resolution Fund. Since 1 January 2016, the Single Resolution Fund is also in place, funded by contributions from European credit institutions in accordance with the methodology approved by the Council of the European Union.

In accordance with the provisions of the SRM Regulation, when applicable, the SRB, has replaced the national resolution authorities designated under the BRRD with respect to all aspects relating to the decision-making process and the national resolution authorities designated under the BRRD continue to carry out activities relating to the implementation of resolution schemes adopted by the SRB. The provisions relating to the cooperation between the SRB and the national resolution authorities for the preparation of the banks' resolution plans have applied since 1 January 2015 and the SRM Regulation has been fully operational since 1 January 2016.

Regulatory Responses to the Covid-19 pandemic in France and at European level

In response to the Covid-19 global pandemic, the French government has adopted specific emergency measures. A law adopted in France on 23 March 2020 established a state of health emergency (*état d'urgence sanitaire*), giving the French Government the power to adopt extraordinary measures by ordonnance and decree-law to mitigate the economic effects of the pandemic and the resulting disruption of businesses. Legislation and regulatory action adopted in France in response to the Covid-19 crisis have included, among other things, a €300 billion program of State guarantees for loans to French businesses and the suspension of certain taxes and social charges, as well as partial subsidies for businesses that pay employees who are unable to work on a full-time basis. A law adopted in France on 31 May 2021 organizing the exit from the state of health emergency, has set up a transitional period, which has been extended on several occasions and for the last time until July 2022, during which the government has been authorized to take exceptional measures to deal with the Covid-19 pandemic.

At the European level, institutions have communicated on several measures to manage the impact of Covid-19 on the EU banking sector. The ECB announced a number of measures to ensure that its directly supervised banks can continue to fulfil their role in funding the real economy as the economic effects of the Covid-19 pandemic become apparent. These include the introduction of (i) additional longer-term refinancing operations and the adoption of more favorable terms to existing longer term refinancing operations, and (ii) additional €120 billion of net asset purchases to be distributed until the end of 2020. The ECB also decided to launch, by three decisions dated 24 March 2020, 4 June 2020 and 10 December 2020, respectively, a pandemic emergency purchase programme (**PEPP**) of public and private sector securities to counter the serious effects of the Covid-19 outbreak and the escalating spread of the Covid-19 pandemic. The PEPP envelope has been increased to a total of 1,850 billion

and the time horizon for net purchases under the PEPP, which was set to last at least until the end of 2020, has been extended to at least the end of March 2022, and in any case until the ECB's governing council determines the Covid-19 crisis is over. The PEPP includes all asset categories eligible under the pre-existing asset purchase program and expands the categories of eligible assets.

In its statement on 12 March 2020, the EBA announced that it would postpone EU-wide stress tests to 2021 in order to allow banks to prioritize operational continuity, including support for their customers. The EBA recommended that competent national authorities plan supervisory activities in a pragmatic and flexible way and where possible, postpone deadlines for required supervisory reporting without affecting the reporting of crucial information needed to monitor closely bank's financial and prudential situation. A final decision on potential changes to the EU-wide stress framework is expected to be taken by the EBA in the third quarter of 2021, while the implementation of any potential change is expected to be possible for the 2023 EU-wide stress test at the earliest. On January 29, 2021, the EBA launched the 2021 EU-wide stress test exercise. The adverse scenario of this test is based on a prolonged Covid-19 scenario in a "lower for longer" interest rate environment, in which negative confidence shocks would prolong the economic contraction. The EBA published the results of the exercise on July 30, 2021. Under a very severe scenario, the EU banking sector would stay above a common equity tier one ratio of 10%, with a capital depletion of EUR 265 billion against a starting common equity tier one ratio of 15% and credit losses, like in previous such exercises, would explain most of the capital depletion. The "lower-for-longer" scenario narrative would also result in a significant decrease in the contribution of profits from continuing operations, especially from net interest income. This EU-wide stress test has been conducted on a sample of 50 EU banks, including 38 from countries under the jurisdiction of the single supervisory mechanism, and covers roughly 70% of total banking sector assets in the European Union and Norway, as expressed in terms of total consolidated assets as of end 2019.

French insolvency law

The Issuer, being a credit institution having its registered office in France, may be subject to French insolvency law.

Under French insolvency law, as amended by the newly enacted ordinance No 2021-1193 dated 15 September 2021 implementing EU directive 2019/1023 of the European Parliament and the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (the "**Ordinance**"), in the event of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) with a view to restructuring the Issuer's indebtedness being opened in France with respect to the Issuer, the Noteholders shall be treated as Affected Parties to the extent their rights are impacted by the draft plan and assigned to a class of Affected Parties (as defined below), provided (save in respect of an accelerated safeguard procedure) that the Issuer has more than 250 employees and a net turnover of more than EUR 20 million, or, alternatively, a net turnover of more than EUR 40 million (assessed on a consolidated basis) at the time of opening of the relevant procedure. Under these circumstances, the following provisions (including the cross-class cram down mechanism) would apply to the Noteholders.

Under the Ordinance, are deemed to be Affected Parties and therefore entitled to vote on the draft plan (i) those creditors (including the Noteholders) whose pre-petition claims or rights are directly affected by the draft plan (such as the repayment terms of the Notes) (the "**Affected Creditors**") and (ii) those shareholders and holders of security granting access to the debtor's share capital, provided that their equity interests in the debtor, debtor's bylaws or their rights are affected/amended by the draft plan (the "**Equity Holders**", together with the Affected Creditors, the "**Affected Parties**"). They will be gathered in classes of Affected Parties reflecting a sufficient commonality of economic interests on the basis of objective and verifiable criteria set by the court-appointed administrator, which must at a minimum comply with the following conditions:

- unsecured creditors and secured creditors benefiting from a security interest (*sûreté réelle*) over a debtor's asset shall be split in different classes;
- existing subordination agreements are to be complied with (to the extent they have been notified in due course by the Affected Parties to the court-appointed administrator);
- Equity Holders form one or several distinct classes.

The draft safeguard plan prepared by the relevant debtor, with the assistance of the court-appointed administrator, is submitted to the vote (at a two-third majority in value) of the classes of Affected Parties. Such Affected Parties cannot propose their own competing plan in safeguard procedures (as opposed to judicial reorganisation proceedings).

The contents of the draft plan remain flexible as was the case in the previous regime and may, *inter alia*, include a rescheduling, partial or total debt write-off, and/or debt-for-equity swaps.

If the draft safeguard plan has been approved by each class of Affected Parties, the Court approves the plan after verifying that certain statutory protections to dissenting Affected Parties are complied with, including in particular (i) that the Affected Parties which share a sufficient commonality of interest within the same class are treated equally and proportionally to their claims or rights; (ii) that where certain Affected Parties (within one class) have voted against the draft plan, none of these Affected Parties is in a less favourable situation (as a result of the plan) than it would be in judicial liquidation, in the context of a court-ordered disposal plan or in the context of a better alternative solution if the plan was not approved; and (iii), as the case may be, that any new financing is necessary to implement the plan and does not unduly prejudice the Affected Parties' interests. Once approved, the plan is binding on all parties.

The Court can refuse to approve the plan if there is no reasonable prospect that it would enable the debtor to avoid cash-flow insolvency or ensure the sustainability of its business.

If the draft plan has not been approved by all classes of Affected Parties, such plan may (at the request of the debtor or of the court-appointed administrator subject to the relevant debtor's approval (or at the request of an Affected Party's in the context of judicial reorganisation proceedings)) be imposed on the dissenting class(es) of Affected Parties subject to the satisfaction of certain statutory conditions (known as the "cross-class cramdown mechanism") in addition to the afore-mentioned conditions, including in particular:

- approval of the plan (i) by a majority of classes of Affected Parties comprising a class of creditors ranking above the unsecured creditors or, failing that, (ii) by one of the classes of Affected Parties entitled to vote, other than an Equity Holders class and any other class which one could reasonably assume, based on the enterprise value of the debtor assessed as a going concern, that it would not be entitled to any payment if the order of priority applicable in judicial liquidation or in the context of a court-ordered disposal plan were to be applied;
- satisfaction in full by the same or equivalent means of the claims of the Affected Parties belonging to a dissenting class where a lower-ranking class is entitled to payment or to keep an interest (*intéressement*) under the draft plan (the "**absolute priority rule**"). By exception, at the debtor's or the court-appointed administrator's request (with the agreement of the debtor), the Court may decide to set aside the absolute priority rule if it is necessary to achieve the plan's objectives and subject to the plan not overly prejudicing the rights and interests of the Affected Parties.

In light of the above, the dissenting vote of the Noteholders within their class of Affected Parties may be overridden within the said class or by application of the cross-class cramdown mechanism.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders as further described in Condition 12 (*Meeting and voting provisions*) of the French Law Conditions will not be applicable to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

The ACPR must approve in advance the opening of any safeguard, judicial reorganization or winding-up procedures.

TAXATION

THE FOLLOWING SECTION PROVIDES AN OVERVIEW LIMITED TO INFORMATION ON TAXES ON THE INCOME FROM THE NOTES WITHHELD AT SOURCE IN RESPECT OF FRANCE, WHICH IS AT THE DATE OF THIS BASE PROSPECTUS (I) THE COUNTRY OF THE REGISTERED OFFICE OF THE ISSUER (WITH RESPECT OF FRANCE) AND (II) THE COUNTRY WHERE OFFERS OF NOTES MAY BE MADE OR ADMISSION TO TRADING MAY BE SOUGHT (IN RESPECT OF SWITZERLAND). THIS OVERVIEW IS BASED ON THE LAWS IN FORCE IN FRANCE AND IN SWITZERLAND AS OF THE DATE OF THIS BASE PROSPECTUS AND AS CURRENTLY APPLIED BY THE RELEVANT TAX AUTHORITIES AND IS SUBJECT TO ANY CHANGES IN LAW OR DIFFERENT INTERPRETATION. SUCH INFORMATION IS NOT INTENDED TO PROVIDE AN EXHAUSTIVE DESCRIPTION OF THE POTENTIAL TAX ISSUES ASSOCIATED WITH THE NOTES. ACCORDINGLY, ANY INVESTOR CONSIDERING AN INVESTMENT IN THE NOTES SHOULD OBTAIN INDEPENDENT TAX ADVICE ON THE TAXATION IMPLICATIONS FOR IT, IN EACH RELEVANT JURISDICTION, OF PURCHASING, OWNING OR DISPOSING OF ANY NOTE.

FRANCE

French withholding tax

The following is an overview of certain withholding tax considerations that may be relevant to Noteholders who do not hold their Notes in connection with a permanent establishment or a fixed base in France and who do not concurrently hold shares of the Issuer. Noteholders who hold their Notes in connection with a permanent establishment or a fixed base in France and/or concurrently hold shares of the Issuer may be impacted by other rules not described in the present section.

Payments of interest and other assimilated revenues by or on behalf of the Issuer with respect to Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**) other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*. The list of Non-Cooperative States may be amended at any time and is published by a ministerial executive order, which is updated, in principle, on a yearly basis.

If such payments under the Notes are made in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75 per cent. withholding tax will be applicable (subject, where relevant, to certain exceptions and notably the Exception referred below and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other assimilated revenues under the Notes will not be deductible from the taxable income of the Issuer (in circumstances where it would otherwise be deductible), if they are paid or have accrued to persons domiciled or established in a Non-Cooperative State or paid into a bank account opened in a financial institution located in a Non-Cooperative State (the **Non-Deductibility**). Under certain conditions, any such non-deductible interest or other assimilated revenues may be recharacterized as constructive dividends pursuant to Articles 109 et seq. of the French *Code général des impôts*, in which case it may be subject to the withholding tax provided under Article 119 bis, 2 of the French *Code général des impôts*, at a rate of (i) 26,5 per cent. for fiscal years beginning as from 1 January 2021 (to be reduced and aligned on the standard corporate income tax rate set forth in Article 219-I of the French Tax Code, i.e. 25% for fiscal years, opened on or after 1 January 2022) for payments benefiting legal persons who are not French tax residents; (ii) 12.8 per cent. for payments benefiting individuals who are not French tax residents or (iii) 75 per cent., subject, if, and irrespective of the holder's residence for tax purposes or registered headquarters, payments are made in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, where relevant, to certain exceptions and to the more favourable provisions of an applicable double tax treaty.

Notwithstanding the foregoing, neither the 75 per cent. withholding tax nor, to the extent the relevant interest and other assimilated revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Non-Deductibility and therefore the withholding tax set out under Article 119 bis 2 of the French *Code général des impôts* that may be levied at the result of the Non-Deductibility will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest or other assimilated revenues to be made in a Non-Cooperative State (the **Exception**).

Pursuant to the *Bulletin Officiel des Finances Publiques – Impôts BOI-INT-DG-20-50-30* dated 24 February 2021, n° 150 and *BOI-INT-DG-20-50-20* dated 24 February 2021, n°290, an issue of Notes will be deemed to have a qualifying purpose and effect, and accordingly will be able to benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Consequently, payments of interest and other assimilated revenues made by the Issuer under the Notes are not subject to the withholding taxes set out under Article 125 A III or Article 119 bis 2 of the French *Code général des impôts* and the Deductibility Exclusion does not apply to such payments.

Payments made to individuals fiscally domiciled in France

Pursuant to Article 125 A of the French *Code général des impôts* (*i.e.* where the paying agent (*établissement payeur*) is established in France) and subject to certain exceptions, interest and other assimilated revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is an advance payment made in respect of their personal income tax in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at a global rate of 17.2 per cent. on interest and other assimilated revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France subject to certain exceptions.

SWITZERLAND

The following is a summary only of the Issuer's understanding of current law and practice in Switzerland relating to certain Swiss tax aspects of the Notes issued under the Programme. Because this summary does not address all tax considerations under Swiss law and as the specific tax situation of an investor cannot be considered in this context, investors are recommended to consult their personal tax advisers as to the tax consequences of the purchase, ownership, sale or redemption of and the income derived from the Notes issued under the Programme including, in particular, the effect of tax laws of any other jurisdiction.

Income Tax

Notes are held as private assets (*Privatvermögen*) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains are in principle Swiss personal income tax exempt for (i) federal direct tax purposes if realised upon a disposal or exchange of movable and immovable private assets and for (ii) cantonal/municipal direct tax purposes if realised upon a disposal or exchange of movable private assets whereas investment income (such as, but not limited to, interest, dividends, including deemed or calculatory income, etc.) deriving from private assets is subject to Swiss personal income tax. However, any capital losses sustained in relation to private assets are not tax deductible. Hence, (i) capital gains realised upon a sale or redemption of the Notes or (ii) income derived from the Notes stemming from capital gains are in principle Swiss personal income tax exempt for an investor resident in Switzerland holding the Notes as private assets whereas investment income deriving from the Notes is in principle subject to Swiss personal income tax.

Notes are held as business assets (*Geschäftsvermögen*) by investors resident in Switzerland

Pursuant to the principles of Swiss income taxation, capital gains realised upon disposal, exchange or re-evaluation of business assets are in general subject to (i) either Swiss personal income tax with respect to individuals or (ii) to Swiss corporate income tax with respect to corporations in the same manner as any other commercial or investment income. However, as capital gains in relation to business assets are in principle fully taxable, it follows that capital loss in relation to business assets is tax deductible. Hence, (i) capital gains realised upon a sale, exchange, redemption or re-evaluation of the Notes or (ii) income derived from the Notes, irrespective of whether such income stems from investment income or capital gains, are in principle subject to either Swiss personal income tax with respect to an individual investor resident in Switzerland holding the Notes as business assets or subject to Swiss corporate income tax with respect to a corporate investor resident in Switzerland. This taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as "professional securities dealers" for reasons of, inter alia, frequent dealing and leveraged investments in securities.

Withholding Tax

The Swiss federal withholding tax is in principle levied on income (such as, but not limited to, interest, pensions, profit distributions, including deemed or calculatory income, etc.) from, amongst others, bonds and other similar negotiable debt instruments issued by a Swiss tax resident or deemed Swiss tax resident (*Inländer*), distributions from Swiss tax resident corporations or deemed Swiss tax resident corporations, interest on deposits with Swiss banks as well as distributions of or in connection with Swiss tax resident collective investment schemes or deemed Swiss tax resident collective investment schemes. For Swiss federal withholding tax purposes, an individual or corporation qualifies as such Swiss tax resident (*Inländer*) being subject to withholding taxation if it (i) is resident in Switzerland, (ii) has its permanent abode in Switzerland, (iii) is a company incorporated under Swiss law having its statutory seat in Switzerland, (iv) is a company incorporated under foreign law but with a registered office in Switzerland, or (v) is a company incorporated under foreign law but is managed and conducts business activities in Switzerland. Hence, as long as the Notes are not issued by an issuer qualifying as a Swiss tax resident for the purposes of the Swiss withholding tax, income derived from the Notes is in principle not subject to Swiss withholding tax.

On 3 April 2020, the Swiss Federal Council published a consultation draft on the reform of the Swiss withholding tax system applicable to interest. If enacted in its current form, this consultation draft would, among other things and subject to certain exceptions, replace the current debtor-based regime applicable to interest payments with a paying agent-based regime for Swiss withholding tax. Under this paying agent-based regime, subject to certain exceptions, (i) all interest payments made by paying agents in Switzerland to individuals resident in Switzerland would be subject to Swiss withholding tax, including any such interest payments made on bonds issued by issuers outside Switzerland, and (ii) interest payments to all other persons, including to investors resident outside Switzerland, would be exempt from Swiss withholding tax.

Securities Transfer Tax

Swiss securities transfer tax is levied on the transfer of ownership against consideration of certain taxable securities (including, but not limited to, bonds) if a Swiss securities dealer (as defined in the Swiss Federal Stamp Tax Act) is involved as a party or an intermediary in the transaction and no exemption applies. Hence, secondary market transactions in the Notes are subject to Swiss securities transfer tax, calculated on the purchase price or sales proceed, if the Notes are qualified as taxable securities, provided that a Swiss securities dealer is involved as a party or an intermediary in the transaction and no exemption applies.

International Automatic Exchange of Information in Tax Matters

Switzerland has concluded a multilateral agreement with the EU on the international automatic exchange of information (the AEOI) in tax matters, which applies to all 28 EU member states and some other jurisdictions. In addition, Switzerland has signed the multilateral competent authority agreement on the automatic exchange of financial account information (the MCAA), and based on the MCAA, a number of bilateral AEOI agreements with other countries. Based on such agreements and the implementing laws of Switzerland, depending on the date of effectiveness of the applicable agreement, Switzerland began in 2017, or will begin at a later date, to collect data in respect of financial assets including Shares held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in an EU member state or in a treaty state, and began in 2018, or will at a later date begin, as the case may be, to exchange it with the authorities in the relevant jurisdiction. In addition, Switzerland has signed and will sign further AEOI agreements with further countries. An up-to-date list of the AEOI agreements to which Switzerland is a party can be found on the website of the State Secretariat for International Financial Matters SIF.

Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act (FATCA)

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the convention signed on 2 October 1996 between the United States of America and the Swiss Confederation for the avoidance of double taxation with respect to taxes on income (the **Treaty**). On 20 September 2019, Switzerland and the United States ratified the 2009 protocol (the **Protocol**) amending the Treaty. Upon the subsequent exchange of the ratification instruments, the amended Treaty entered into force. The Protocol introduced a mechanism for the exchange of information upon request in tax matters between Switzerland and the United States, which mechanism is in line with international standards and allows the United States to make group requests under FATCA concerning non-consenting U.S. accounts and non-consenting non-"foreign financial institutions" for periods from 30 June 2014. Furthermore, on 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the United States regarding a change from the current direct notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities. It is not yet known when negotiations will continue or when any new regime would come into force.

SUBSCRIPTION AND SALE

Under an amended and restated English law programme agreement and a French law programme agreement (together, the **Programme Agreements**, which expression includes the same as it may be modified and/or supplemented and/or amended from time to time), the Dealers have agreed with the Issuer a basis upon which they (or any one of them) may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and in the Terms and Conditions of the Notes above. In the Programme Agreements, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. In addition, the Issuer will pay each relevant Dealer a commission (as applicable) as agreed between them in respect of Notes subscribed by it.

The following selling restrictions may be modified by the Issuer and the relevant Dealer(s) following a change in the relevant law, regulation or directive and in certain other circumstances as may be agreed between the Issuer and the relevant Dealer(s). Any such modification will be set out (if applicable) in the subscription agreement in respect of the Tranche to which it is related or in a supplement to this Base Prospectus.

Jurisdictions outside the EEA

Switzerland

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other purchaser will be required or deemed to agree, that it will comply with (i) any laws, regulations or guidelines applicable in Switzerland (as amended from time to time) in relation to the marketing, offer, sale, delivery or transfer of the Notes, or the distribution of any marketing or offering material in respect of the Notes, in or from Switzerland and (ii) if applicable, the requirements in respect of the distribution of CHF SIS Notes set out in Condition 1 of the English Law Conditions.

If so specified in the relevant Final Terms, the Notes to be issued under the Programme must not be offered to clients in Switzerland which qualify as private clients within the meaning of article 4 of the Swiss Federal Act on Financial Services (**FinSA**) and who have to be provided with a key information document pursuant to article 8 of the FinSA.

If pursuant to section "Public Offers on a non-exempt basis – Switzerland" in Part B of the Final Terms a public offering in Switzerland is "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other purchaser will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the applicable Final Terms in relation thereto to the public in Switzerland, except that it may make an offer of such Notes to the public in Switzerland:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to article 36(1) or article 37 of the FinSA (a **Non-exempt Offer**), following the date of publication of a prospectus in relation to such Notes which has been approved by a competent review body under the FinSA or, where appropriate, approved by a recognized foreign authority and filed with a competent review body under the FinSA for automatic acceptance in accordance with article 54(2) of the FinSA, provided that (i) the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer and (ii) any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the FinSA, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any investor which is a professional client as defined in the FinSA;

- (c) at any time to fewer than 500 investors, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer;
- (d) where the Notes being offered have a minimum denomination of CHF 100,000 (or its equivalent in another currency); or
- (e) at any time in any other circumstances falling within the scope of article 36(1) or article 37 of the FinSA,

provided that no such offer of Notes referred to in (a) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to article 35 of the FinSA or supplement a prospectus pursuant to article 56 of the FinSA.

For the purposes of this provision, the expression **offer of Notes to the public** in relation to any Notes means any promotion and invitation to the public (i.e. to an unlimited number of persons) to acquire Notes that contains sufficient information on the terms of the offer and the financial instrument itself.

The People's Republic of China

Each Dealer and each distributor of an issue will represent and agree that neither it nor any of its affiliates has offered or sold or will offer or sell any of the Notes in the People's Republic of China (excluding Hong Kong, Macau and Taiwan, the **PRC**) as part of the initial distribution of the Notes.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC to any person to whom it is unlawful to make the offer or solicitation in the PRC.

The Issuer does not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in the PRC, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer which would permit a public offering of any Notes or distribution of this document in the PRC. Accordingly, the Notes are not being offered or sold within the PRC by means of this Base Prospectus or any other document. Neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in the PRC, except under circumstances that will result in compliance with any applicable laws and regulations.

- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional

United States of America

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) and may not be offered or sold directly or indirectly within the United States or to, or for the account or benefit of, U.S. Persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. Person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and U.S. Treasury regulations promulgated thereunder.

Each Dealer has represented and agreed that it will not offer, sell or deliver Notes (other than Permanently Restricted Notes) (a) as part of their distribution at any time or (b) otherwise until the day immediately following 40 calendar days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, as determined and certified by the Fiscal Agent to such Dealer or Dealer (as the case may be) or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager within the United States or to, or for the account or benefit of, U.S. Persons and that it will not at any time offer, sell or deliver Permanently Restricted Notes, or any interest therein, within the United States or to, or for the benefit or account of, U. S. Persons, and it will have sent to each Dealer or Dealer to which it sells Notes during the distribution compliance period a confirmation or any other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. Persons. In addition, until the day immediately following 40 calendar days after the commencement of the offering, an offer or sale of Notes within the United States by any Dealer or Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

French law Dematerialised Notes which are, in each case, designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. French Law Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S.

French law Dematerialised Notes which are not designated as Permanently Restricted Notes and French law Materialised Notes, or, in each case any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act.

 - (iii) in so far as it is applicable, the transfer complies with Banking exemption No. 1 of 2018 dated 21 March 2018 promulgated by the Australian Prudential Regulation Authority as if it applied to the Issuer *mutatis mutandis* (and which requires all offers of any parcels of Notes to be for an aggregate principal amount of at least A\$500,000);
 - (iv) such action complies with all applicable laws and regulations or directives in Australia; and
 - (v) such action does not require any document to be lodged with ASIC.

United Kingdom

If the Final Terms in respect of any Notes specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

- (b) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;

- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression “**an offer of Notes to the public**” in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression “**UK Prospectus Regulation**” means Regulation (EU) 2017/1129, as it forms part of UK domestic law by virtue of the EUWA.

- (ii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.
