

ORGANIZATIONAL INNOVATION CONSTRAINT SURVEY

The Organizational Constraint relates to your strategy, the organization's structure for accomplishing goals and the resources available to aid in achieving your mission. Take this short quiz to see if this constraint is lurking in your organization:

Employees don't know our organization's strategy

We don't have a mechanism for authorizing innovative experiments

Our operations work well; improvements are discouraged

If you answered "yes" to any of these questions, you may benefit from attending Vanderbilt's Strategic Innovation Short Program to work on the Organizational Innovation Constraint in your organization. Visit creativepeoplemustbestopped.com to take the full survey.
