Cégep de la Gaspésie et des îles

2023-2028 Strategic Plan

MISSION

The mission of the Cégep de la Gaspésie et des Îles is:

- to ensure accessibility to higher education on its territory by offering diversified and quality college programs, in French and in English, for both regular and continuing education programs;
- to offer professional training programs in the fisheries and aquaculture sector;
- to support and carry out educational and applied research projects and provide technical assistance to companies;
- participate, within the framework of collaborative agreements with ministries, agencies or other partners, in regional, national, or international development initiatives.

VISION

By relying on the commitment and expertise of its staff, on the quality and diversity of its programs, on the human dimension of the institution and its exceptional natural environment, the Cégep de la Gaspésie et des Îles intends to:

- be recognized for fostering the integral development and civic commitment of its students, cultivating a sense of responsibility, openness to culture, critical thinking and above all, the desire to succeed;
- to remain the first choice for students in the region and to become the preferred destination for students from Quebec and elsewhere in the world for quality programs in a natural environment;
- to remain one of the most important colleges for applied research and technology transfer in the college network and thus contribute to the sustainable development of the region, while shining on the national and international scene.
