12. PROPOSED AMENDMENTS TO THE CONSTITUTION OF THE COUNCIL

The Council considered the Report of the Head of Democratic Services on proposed amendments to the Constitution as a result of the new ways of working outlined by the Majority Group which required amendments to the Council’s Constitution.

Councillor Clements addressed the amendments and stated that he recognised the importance of the Constitution and stated that he thought the New administration had proposed to consult with those who elected them before the Council resolved to change its Constitution and existing Committee structure.

He and Councillor Allen also raised concerns that the amendments were not tabled in detailed, in writing for Members prior to the Council meeting.

The Head of Democratic Services explained that due both to the time constraints and also the number of minor amendments the Report before the Council was comprehensive. He explained that following the Council meeting the detailed wording of the Constitution would be updated and copies made available to Councillors, in the Group Rooms, public libraries and on the Web.

A number of Members were against the proposals for the changes recommended to Area Committees feeling that there had been no genuine consultation with residents about the changes proposed in areas.

A number of Members maintained that the changes to Area Committees were not policy matters and therefore there was no need for consultation. A Member reminded Councillors that once elected they represented the whole of the population in their Ward regardless of party political allegiance.

It was moved and seconded

“that Council resolves to consult on the proposed Committee structure and that the existing structure should remain in place for one cycle.”

It was moved and seconded

”that the number of Area Committees be increased from 5 to 6 with no more than 3 Wards represented on each Area Committee and that residents and other interested parties be consulted.”

Concern was also expressed by some Members with regard to the proposals to the changes with regard to the “call-in” arrangements to Scrutiny Committees. It was proposed that each of the Scrutiny Committees be allocated dates on

alternative weeks throughout the year which could be cancelled if there was no business.

The requisite number of Members requested a record vote on the following and voting was as follows:-

“That consultation be undertaken with regard to the proposed changes to the Council’s Committee structure with the existing structure remaining in place for one cycle.”

For: Councillors Allen, Clements, Collyer, Curtis, Dugdale, Eades, Mrs James, Mason, Meachin, Mrs Moore, Plummer, Trent and Wilson

Against: Councillors Adams, Ms Atkinson, Belcham, Collier, Mrs Butt, Bulteel, Mrs Deas, Mrs Dion, Gillard, Gregory, Mrs Hillman, Mrs Hives, Mrs Lavender, Leverett, Montrose, Newell, Parker, Pethen, Rampton, Sorton, Mrs Stribley, White, Woodcock and Wretham

Abstained: Councillors Burden and Smith (the Mayor)

The motion was LOST

“That the number of Area Committees be increased from 5 to 6 with no more than 3 Wards in each Area Committee and consultation take place with residents and other concerned parties on these proposals.”

For: Councillors Allen, Clements, Collyer, Curtis, Dugdale, Eades, Mrs James, Mason, Meachin, Mrs Moore, Plummer, Trent and Wilson

Decisions will be issued within two working days of the decision and Councillors will have three days to “call-in” that decision. There is to be a requirement for the appropriate Scrutiny Committee to meet within 10 working days of the “call-in”. If the Committee does not meet within this period the decision will stand. Urgent decisions will be acted upon whether or not they are “called-in”. Councillors “calling-in” decisions will be expected to attend the Scrutiny Committee to outline their reasons for doing so.
