# THE MUSIC TRADE REVIEW

VOL. LXVI. NEW YORK, APRIL 27, 1918

No. 17

## THE SUPREMACY OF *The* DUO-ART

WHEN The Aeolian Company concentrates its greatest assets — specialized experience, scientific knowledge, and artistic skill — upon any undertaking — a successful result is inevitable.

The Aeolian Company brought these resources — resources not even measurably approached in the world's entire music industry — to the development of the Duo-Art Piano.

As a result the Duo-Art Piano stands not only supreme but altogether alone among instruments of its type.
