

Craft Intuitive Interfaces as a UI Software Developer at Intersoft Electronics!

At Intersoft Electronics, we're at the forefront of engineering excellence, specializing in air traffic control (ATC) and air-defence radar solutions. Our mission is to deliver cutting-edge solutions that ensure comprehensive and reliable radar coverage, making airways safer worldwide. We're on the lookout for a passionate and experienced:

UI Software Developer

Are you passionate about creating user-friendly interfaces that elevate user experiences? Intersoft Electronics, a leader in air traffic control and air-defense radar solutions, is searching for a skilled UI Software Developer to join our dynamic team and shape the visual frontiers of innovative engineering.

Your Role: UI Software Developer

As a vital member of our software team, you will play a key role in designing and implementing captivating user interfaces for our cutting-edge radar solutions. Your creative flair, coupled with technical proficiency, will be instrumental in bringing a seamless and visually appealing experience to our users.

Your Talents:

- Master's degree computer science or equivalent through experience.
- Proven experience in UI software development with a strong **portfolio** showcasing your work.
- Proficiency in **C++** and **Python**
- Experience with UI frameworks like: **Qt**, **QML**,...
- Demonstrated knowledge of UX principles to create visually appealing and intuitive designs.
- Knowledge of version control tools like **git**.
- Experience with Jira and Bitbucket is a plus.
- **Collaborative** mindset to work closely with cross-functional teams, including software and hardware engineers.

What We Offer:

- Congestion-free working environment with flexible hours, including the option to work up to 2 days at home depending on the job content.
- Engaging team activities with friendly colleagues.
- Varied job in a stimulating, high-tech working environment.
- Continuous opportunities for personal and professional development.
- Permanent position with a market-based salary, supplemented with company benefits including a car.

Interested?

Ready to shape the visual future of radar solutions? Send your CV and a letter of motivation to jobs@intersoft-electronics.com. For more information, contact us at the same address.

At Intersoft Electronics, your creativity in UI development matters - join us in crafting interfaces that redefine user experiences!

Your talent matters more than anything else - we embrace diversity.

Together we make the sky safer
