3. Meetings of the Committee

(a) Meetings of the Committee, both formal and informal, will be convened at any time the Chair deems necessary, or at the request of a Member of the Committee. Five working days' notice will be given for any meeting of the Committee, although shorter notice may be given in urgent situations.

(b) The meetings of the Committee will be closed, unless the Committee decides otherwise. If the Committee so decides, the Committee may invite other Member States, members of the Secretariat and relevant regional or international organizations or agencies to participate in meetings of the Committee for the purpose of providing information or explanations relating to any violations or alleged violations of the sanctions measures imposed by resolution 1718 (2006), or to address the Committee on an ad hoc basis, if necessary and useful to the progress of its work. The Committee will consider requests from Member States to send representatives to meet with the Committee for more in-depth discussion of relevant issues or to give voluntary briefings on their efforts to implement the measures, including particular challenges that hinder full implementation of the measures.

(c) Meetings of the Committee, both formal and informal, will be facilitated by interpretation in the six official languages of the Security Council of the United Nations, except in such cases where all Members of the Committee consent to meet without such support.

(d) The meetings and informal consultations of the Committee will be announced in *The Journal of the United Nations*.

4. Documentation and Agenda

(a) The Chair, in conjunction with the Secretariat, will circulate a provisional agenda and related documents at least two working days before a meeting of the Committee.

(b) The Chair, in conjunction with the Secretariat, will circulate other relevant documents to members of the Committee.

(c) Documents circulated in the Committee for eventual formal decision will be translated into all official languages of the Security Council of the United Nations, subject to the following conditions:

- (i) documents concerning technical matters related to paragraphs 8 (a) (i), 8 (a) (ii) and 12 (d) of resolution 1718 (2006) will be translated before the Committee commences its discussion on such documents;
- (ii) documents of a non-deliberative, procedural nature will not be translated;
- (iii) all other documents will be translated into all official languages, if and when one delegation so requests, without prejudice to the decision-making procedure outlined in section 5 below.

5. Decision-making

(a) The Committee shall make all decisions by consensus of its Members. The Chair is encouraged, as appropriate, to consult with Committee members before submitting an issue for decision by the Committee. If consensus cannot be reached on a particular issue, the Chair may undertake such further consultations as may facilitate agreement, or encourage bilateral exchanges between Member States, as he/she deems appropriate, in order to clarify the issue prior to a decision.²

(b) Communications regarding exemptions from the Travel Ban and Asset Freeze shall be considered in accordance with the procedures set out in paragraph 9 (a), (b), and (c) and paragraph 10 of resolution 1718 (2006), as described in Sections 12 and 13 below.

(c) Decisions may be taken by a written “no-objection procedure”. In such cases, the Chair will circulate to all Members of the Committee the proposed decision of the Committee, and will request Members of the Committee to indicate, in written form, any objection they may have to the proposed decision within five working days or, in urgent situations, such shorter period as the Chair shall determine but usually no less than two working days. If no objection is received by the end of the specified period, the proposed decision will be deemed adopted. Objections received after the defined period will not be considered.

(d) In the absence of an objection being indicated, a Committee Member may request more time during the decision-making period specified in paragraph 5 (c) above, to consider a proposal by placing a hold on a matter. In such cases, the matter will be considered “pending”. The Secretariat shall notify Committee Members of any holds. For so long as a matter is included on the list of pending issues, any Committee Member may place its own hold on that matter. If the Committee Member that placed a hold requires additional information to resolve the pending matter, it may ask the Committee to request additional information from the State(s) concerned.

(e) A matter will remain pending until either any one Committee Member that placed a hold objects to the proposed decision, or all holds are lifted.

² Without prejudice to S/96/rev.7 and S/2010/507.

(f) The Committee shall ensure that no matter is left pending for a period longer than six months. At the end of the six-month period, the pending matter shall be deemed approved unless (i) a Committee Member concerned has objected to the proposal; or (ii) the Committee determines, at the request of the Committee Member concerned, on a case by case basis that extraordinary circumstances require additional time to consider the proposal and extends the time for consideration by up to three months at the end of the six-month period. At the end of this additional period, the pending matter shall be deemed approved unless the Committee Member concerned has objected to the proposal.

(g) A hold placed on a matter by a Member of the Committee will cease to have effect at the time its membership of the Committee ends. New Members of the Committee shall be informed of all pending matters one month before their membership begins.

(h) The Committee will regularly review, as necessary, the status of pending issues as updated by the Secretariat.

6. Listing

(a) The Committee will decide on a request for designation of an individual and/or entity referred to in paragraph 8 (d) and/or 8 (e) of resolution 1718 (2006), on the basis of the criteria contained in these paragraphs, when it receives the request for designation and relevant information with respect to that individual or entity.

(b) The Committee will consider all requests from Member States (of the United Nations) in writing, to add the names of individuals and entities to the List within ten working days, as decided by the Committee, from the date of official transmittal of such requests to the Committee. If no objections are received within the defined time period, the additional names will be promptly incorporated into the List.

(c) States are advised to submit names as soon as they gather the supporting evidence of actions that meet the designation criteria contained in paragraph 8 (d) and/or 8 (e) of resolution 1718 (2006). When submitting names of entities, States are encouraged, if they deem it appropriate, to propose for listing at the same time, the names of the individuals responsible for the decisions of the entity.

(f) Member States that want to be considered co-designating States should inform the Chair in writing when the listing request is submitted and before the listing request is circulated to the members of the Committee for consideration.

(g) Member States that want to be considered co-sponsors should inform the Committee in writing before the Committee has decided on the listing request.

(h) The Committee will consider expeditiously requests to update the List. If a proposal for listing is not approved within the decision-making period as set out in paragraph 5 (c) above, the Committee will inform the submitting States of the status of the request. In its communication to inform Member States of new entries to the List, the Secretariat shall include the publically releasable portion of the statement of case and in the Committee's press release after the approval of the listing request by Committee Members.

(i) Following a new listing, the Committee, with the assistance of the Panel of Experts and in coordination with the relevant designating State(s), shall make accessible on the Committee's website a narrative summary of reasons for listing for the corresponding entry or entries on the List.

(j) The Secretariat shall, after publication but within one week after the listing of an individual or entity, notify the Permanent Mission of the country or countries where the individual or entity is believed to be located and the country of which the person is a national (to the extent this information is known) through a Note Verbale. The Secretariat shall include with this notification, a copy of the publicly releasable portion of the statement of case, a description of the effects of designation, as set forth in the relevant resolutions, the Committee's procedures for considering delisting requests, and the provisions for available exemptions. The letter shall remind States receiving such notification that they are required to take, in accordance with their domestic laws and practices, all possible measures to notify or inform in a timely manner the newly listed individuals and entities on the List of the measures imposed on them, any information on reasons for listing available on the Committee's website as well as all the information provided by the Secretariat in the above-mentioned notification.

The Secretariat will, subject to the designating Member State's consent, assist in establishing the appropriate contacts.

(d) The Panel of Experts may also provide the Committee with additional information on listed individuals or entities.

(e) Upon the decision of the Committee to incorporate additional information into the List, the Chair of the Committee will inform the Member State and/or regional or international organizations which submitted the additional information accordingly.

At the same time, any modification to the List will be communicated to Member States immediately through Notes Verbales and United Nations' Press Releases following the Committee's approval.

(g) Any additional relevant information submitted to the Committee that is not incorporated into the List will be verified and stored by the Panel of Experts in a database for the use of the Committee and the Panel of Experts in carrying out their respective mandates. The Committee may share such additional information with Member States whose nationals, residents or entities have been included on the List provided that the information is publicly releasable or the provider of the information has agreed to its release. On a case-by-case basis, the Committee may decide to release the information to other parties, with the prior consent of the provider of the information.

(e) The petitioner should explain in the delisting request why the designation does not or no longer meets the designating criteria described in paragraph 8 (d) and/or 8 (e) of resolution 1718 (2006), in particular through countering the reasons for listing as stated in the publicly releasable portion of the statement of case described above. The delisting request should also include the petitioner's current occupation and/or activities, and any other relevant information. Any documentation supporting the request can be referred to and/or attached together with the explanation of its relevance, where appropriate.

(f) For a deceased individual, the petition shall be submitted either directly to the Committee by a State, or through the Focal Point for Delisting by his/her legal beneficiary, to the extent possible with an official documentation certifying that status. The delisting request shall include, if possible, a death certificate or similar official documentation confirming the death. The submitting State or the petitioner should also ascertain and inform the Committee whether or not any legal beneficiary of the deceased's estate or any joint owner of his/her assets is on the List.

(g) If a petitioner chooses to submit a petition to the Focal Point, the latter would perform the steps specified in the Annex to resolution 1730 (2006). The Focal Point may be contacted at this address:

11. Requests for Exemptions to Assets Freeze

(a) The Committee will determine whether an exemption to the assets freeze is justified on the basis of paragraph 9 of resolution 1718 (2006). The Committee shall receive notifications in writing from Member States of their intention to authorize, where appropriate, access to frozen funds or other financial assets or economic resources to cover expenses, as provided for in paragraphs 9 (a) and (b) of resolution 1718 (2006).

(b) Each request for exemption to the travel restrictions imposed under paragraph 8 (e) of resolution 1718 (2006) shall be submitted in writing, on behalf of the listed individual, to the Chair. (c) Each request for exemption shall be received by the Chair as early as possible but not less than ten working days before the date of the proposed travel, except where humanitarian considerations require a shorter period. Upon the receipt of the request by the Chair, the Committee will consider the exemption request within a period five full working days following the procedures described under 5 (b) above. In urgent situations, on humanitarian grounds, the Chair shall determine whether to shorten the consideration period.

(d) All requests should include the following information, with accompanying documents:

- vi. a statement of specific justification for the exemption.

(e) Any request for extension(s) of exemptions approved by the Committee under paragraph 10 of resolution 1718 (2006) shall also be subject to the provisions above, and shall be received by the Committee Chair in writing, attaching a revised itinerary, no less than five working days before the expiry of the approved exemption period, and circulated to Committee members.

(f) In cases where the Committee approves requests for exemptions to the travel ban, the Chair shall communicate in writing the decision, approved itinerary and timetable to the Permanent Mission to the United Nations of: the State in which the listed individual is resident, the State of nationality, the State(s) to which the listed individual will be travelling, and any transit State, as well as any United Nations office involved as provided in paragraph (b) above.

(g) The Committee shall, within five working days following the expiry of the exemption, receive written confirmation of the completion of the travel from the State in whose territory the listed individual resides, or from the relevant United Nations office, with supporting documents, confirming the itinerary and date on which the listed individual traveling under an exemption granted by the Committee returned to the country of residence.

(h) Any changes to the required travel information under paragraph (d) above, previously submitted to the Committee, particularly the points of transit, shall require the prior approval by the Committee and shall be received by the Committee Chair and circulated to the Committee members no less than five working days prior to the commencement of the travel, except in cases of emergency, as determined by the Chair.

(i) The Committee Chair shall be immediately informed in writing in the event of advancement or postponement of travel for which the Committee has already issued an exemption. Submission to the Committee Chairperson of written notification will be sufficient in cases where the time of departure is advanced or postponed no more than 48 hours and the previously submitted itinerary remains otherwise unchanged. If travel is to be advanced or postponed more than 48 hours before or after the date previously approved by the Committee, then a new exemption request must be submitted, and should be received by the Chair and considered by the Committee in conformity with paragraphs (a), (b), (c) and (d) above.

(j) In cases of emergency medical evacuations to the nearest appropriate State, the Committee will determine whether the travel is justified within the exemption of paragraph 10 of resolution 1718 (2006), once notified of the name of the traveler, the reason for travel, the date and time of evacuation, along with flight details, including transit points and destination(s) and shall also be promptly provided with a doctor's note containing as many details as possible of the nature of the medical emergency and the facility where treatment was received by the patient without prejudice to the respect of medical confidentiality, as well as information regarding the date, time, and mode of travel by which the patient returned to his/her country of residence.

(k) All requests for exemptions and extensions thereto which have been approved by the Committee pursuant to paragraph 10 of resolution 1718 (2006) shall be posted on the Committee's webpage until confirmation of the return to the country of residence of the listed individual is received by the Committee.

13. Other information supplied to the Committee

(a) The Committee will consider other information relevant to its work, including information on possible non-compliance with the measures imposed by resolutions 1718 (2006), 1874 (2009), 2087 (2013) and 2094 (2013), received from different sources through Member States, relevant international or regional organizations or the Panel of Experts. (c) In order to enhance dialogue with Member States and to publicize the work of the Committee, the Chair will hold open briefings for all interested Member States. In addition, the Chair may also, after prior consultations and with the approval of the Committee, hold press conferences and/or issue press releases on any aspect of the Committee's work. In these activities, the Chair can seek input from the Panel of Experts and support from the Secretariat.

(d) The Secretariat shall maintain a website for the Committee which should include all public documents relevant to the Committee's work, relevant resolutions, public reports of the Committee and the Panel of Experts, relevant press releases, and national implementation reports submitted by Member States. Information on the website should be updated in an expeditious manner and in all official languages.

(e) The Committee may consider, as appropriate, visits by the Chair and/or Committee Members to selected Member States to enhance the full and effective implementation of the measures imposed by the relevant resolutions.

(f) With the assistance of the Panel of Experts and support of the Secretariat, the Committee will evaluate the effectiveness of the relevant activities and adjust its further action according to the evaluation.
