

## Sportsman II™ Cabinets

- Base Cabinets
- Toolboxes
- Closets
- Overhead Cabinets
- Overhead Corners
- Aluminum Countertops

### Designed for Mobile

Sportsman II™ cabinets are designed specifically for mobile applications.

The open-bottom frame with full-length doors lets you easily roll floor jacks, fuel jugs, or other equipment out of the way.

All overhead cabinets have lift-up doors that hinge from the top to sweep a smaller area—which is great when space is tight—and come with a hydropneumatic gas spring to keep the door up and out of the way, leaving your hands free.
