Explanatory Note:

Monthly totals in Columns C and D include the number of fires and area burned all over Ukraine (total of columns E, G, H and I).

Military Combat Zone 1: Dynamic corridor spanning 30 km on each side of the Line of Contact (LoC). Fires burning in this 60 km wide corridor are included on days of active military combat operations, when the hostilities in this zone stopped, this zone is no longer taken into account.

Military Combat Zone 2: Permanent corridor spanning 30 km on each side of the LoC. The corridor is determined at the beginning of active military combat and continues to be included in the monitoring areas even after ending of active military combat operations. Reason: Unexploded explosive ordnance remained in this area and continues to pose a threat of ignition.

Period: January 1, 2022 – December 31, 2022
