

ROSTER OF HOGAN/GARCIA AWARDS

HISTORY:

The Hogan/Garcia Award was begun in 1978 by Dr. Francisco Garcia to honor Dr. Michael J. Hogan, Professor and Chairman, as a token of appreciation for his kindnesses to Dr. Garcia, personally, and for his fostering of good will and fellowship with our Latin American colleagues. The aim of this award is to recognize annually the best scientific paper given by a 2nd year or 3rd year resident during the academic year. The papers are judged by a committee for their scientific relevance, a quality that Dr. Hogan emphasized.
