Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

To enhance capacity to identify, assist, and provide services to all victims of human trafficking, the Office for Victims of Crime (OVC) leads the Nation in supporting victim-centered and trauma-informed programs, policies, and resources that promote justice, access, and empowerment. This program will provide funding for services to victims of human trafficking, as defined by 22 U.S.C. § 7102(11).

Statutory Authority

22 U.S.C. § 7105(b)(2)

Specific Information

The purpose of this program is to end the criminalization of minor victims of sex trafficking and to develop, expand, or strengthen victim service programs to support victim-centered, trauma-informed, developmentally appropriate, and evidence-based responses to minor victims of sex trafficking.

The Trafficking Victims Protection Act, 22 U.S.C. § 7102(11), defines a victim of “severe form of trafficking” as a person who has been subjected to “sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such an act has not attained 18 years of age.” For minors, this means no force, fraud, or coercion need be present for them to be identified as a victim of sex trafficking. This understanding is critical to identifying sex trafficking victims, responding to them appropriately, and ensuring they are connected to the services they need.

However, in many jurisdictions, for a variety of complex reasons, youth who are victims of sex trafficking are still being arrested, detained, and confined. While the rate of juvenile arrests for prostitution has fallen in recent years, Black youth are still disproportionately represented in those arrests (OJJDP). Additionally, numerous studies reveal that minor victims of sex trafficking often face arrest when they are coerced into criminal conduct as a result of their exploitation (Myatt). This is especially true for Black, homeless, and lesbian, gay, bisexual, transgender, and queer (LGBTQ) youth who report being targeted for arrest as a result of profiling on the basis of perceived race, sexual orientation, and gender nonconformity (Dank et al.). Research also shows that the justice involvement of minor victims of sex trafficking may be facilitated by well-meaning professionals and providers who view engagement with the criminal justice system as a means of getting victims away from their trafficker (Barnert, et. al). However, a punitive approach to sex trafficked minors is not only an inappropriate response to their victimization, but research indicates that involvement in the juvenile justice system may lead to delinquency and further criminal justice involvement (Ryan et al.).

There are many challenges in addressing these issues, including victim identification and response by law enforcement, disagreement regarding what constitutes “safety” for minor victims of sex trafficking, lack of cross agency/multisector collaboration, limited service options, and a service population who may not identify as a “victim” of crime. As a result, there is no one model or solution that will work for all jurisdictions. Consequently, OVC is seeking field-generated strategies to address the criminalization of minor victims of sex trafficking. Organizations funded under this program will propose activities and provide services (directly and through partnerships) that address the needs of minor victims of sex trafficking and prevent further involvement in the justice system.

Applicants are invited to apply under the following two purpose areas.

Purpose Area 1: Field-Generated Program Sites

This purpose area will fund solutions and models that are field generated to meet the unique needs of each

community. Applicants funded under this program will identify their strategy and scope of work to end the criminalization of minor victims of sex trafficking through the development or expansion of victim-centered, trauma-informed, developmentally appropriate, evidence-based responses to minor victims of sex trafficking. Applicants are strongly encouraged to propose a community-based approach working across multiple sectors. Focus areas may include but are not limited to—

- community-based interventions (i.e., engage stakeholders through community outreach and education to develop a continuum of care that addresses the specific needs of each victim).
- emergency interventions (e.g., provision of necessities, drop-in shelters, emergency housing, health care, and other direct services that address the immediate needs of minor sex trafficking victims).
- long-term interventions (e.g., job training, life skills, education, and other direct services).
- cross-sector training (i.e., the development and provision of training and resources for law enforcement and justice system professionals on victim-centered, trauma-informed, alternative approaches to arrest and confinement).

All services and activities proposed must be aligned with the solicitation goal of providing an alternative response to the criminalization of minor victims of sex trafficking. Partnerships that incorporate a holistic community approach are encouraged. OVC funding may not be used for efforts aimed primarily at minor victims of sex trafficking prevention. Additionally, this program will not support law enforcement investigations and prosecutions.

Purpose Area 1 Mandatory Program Requirements

Applicants selected for funding under Purpose Area 1 will be required to—

1. submit the policies, procedures, and rules governing the provision of services for review and approval;
2. ensure their policies and procedures follow applicable federal and state laws protecting the civil rights of program participants and staff;
3. ensure that any staff, partner staff, or service providers working with trafficking victims are adequately licensed and trained to work with such victims, including by accessing OVC-supported training and technical assistance;
4. send the project coordinator or program director and one other key staff member to a virtual or in-person OVC grantee orientation and have relevant staff participate in OVC-sponsored training and technical assistance; and
5. provide all grant-funded staff at least one session of training (to be delivered by individuals or organizations with demonstrable expertise) related to diversity, equity, inclusion, and/or accessibility and tied to program goals and objectives annually.

Purpose Area 2: Training and Technical Assistance Provider

This purpose area will fund a training and technical assistance (TTA) provider to create training and resources about alternatives to the arrest, detention, and confinement of minors identified as victims of sex trafficking; educate stakeholders and the public about the collateral consequences and harmful impact of this practice; and identify and disseminate promising practices and strategies to help communities eliminate the practice. The TTA provider will also support the Purpose Area 1 grantees with the technical assistance necessary to implement their programs and help them build a community to engage in peer-to-peer learning about program and policy implementation and its challenges and successes.

Purpose Area 2 Mandatory Program Requirements

Applicants that are selected for funding under Purpose Area 2 will be required to—

1. proactively collaborate with other OVC human trafficking TTA providers to prevent duplication and strengthen the accessibility of training and resources;
2. modify program implementation or deliverables as requested by OVC to meet emerging needs, deconflict with other federally funded initiatives, or enhance efforts by jointly delivering TTA;
3. provide all grant-funded staff at least one session of training (delivered by individuals or organizations with reasonable and demonstrable expertise) related to diversity, equity, inclusion, and/or accessibility and tied to program goals and objectives annually; and
4. develop and disseminate tools and resources for law enforcement in consultation with the OVC-funded TTA providers that support the OVC-funded *Enhanced Collaborative Model Task Force to Combat Human Trafficking (ECM)* program and anti-trafficking law enforcement and prosecution efforts.

Ensuring Civil Rights

Federal laws prohibit recipients of funding administered by OJP from discriminating in the delivery of services on the basis of age, race, color, national origin, religion, or disability. Applicable federal laws also prohibit recipients from discriminating on the basis of disability in their employment practices, and from discriminating against employees and beneficiaries on the basis of sex in funded education or training programs. Recipients are also obligated under federal civil rights laws to provide meaningful access to their programs and activities for persons with [limited English proficiency](#). Under certain circumstances, it might be permissible to limit services based upon age. Please note that other federal, state, or local laws prohibiting discrimination may apply.

Enhancing Access to Services and Promoting Survivor Autonomy

OVC is committed to an approach to human trafficking that is trauma-informed; victim-centered; survivor-informed; culturally responsive; and evidence-based. Definitions of these concepts are available in the glossary of OVC's [Model Standards for Serving Victims and Survivors of Crime](#).

In line with these concepts and to enhance survivors' access to victim services, programs funded under this solicitation will engage in practices that remove barriers to receiving services and support survivor autonomy. Such practices will reduce requirements to engage in services, promote survivors' choice within service delivery, and protect victim privacy and confidentiality.

Funded programs will demonstrate their commitment to this approach by maintaining the following (Note: many of these requirements are mandated by federal civil rights laws, while others reflect OVC's policy direction to recipients to enhance access to services and promote survivor autonomy):

- Procedures or policies that provide all survivors access to safe shelter, advocacy services, counseling, and other assistance without exclusions based on their actual or perceived sex, age, immigration status, national origin (including limited English proficiency), race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, involvement in survival sex, income or lack of income, or the age and/or sex of their children. For those programs that by their design target a particular population (e.g., youth, gender specific), there should be procedures or policies in place to ensure access to comparable, qualified services for other survivors seeking support.
- Procedures or policies that protect the confidentiality of information and/or privacy of persons receiving services.
- Procedures or policies that do not require victims to take certain actions (e.g., receive counseling, report to law enforcement, commit to sobriety) to be eligible for or to receive services. For youth-serving programs with justifiable mandatory requirements, a [shared decision making model should be used to provide minors with agency in determining a course of action](#).
- Project designs, products, services, and/or budgets that consider the unique needs of individuals with disabilities, with limited English proficiency, or who are Deaf or hard of hearing, including accessibility for such individuals.

Unallowable Costs

The following activities cannot be supported with grant funds:

Holding Beds: Grantees may not "hold beds" in a housing facility by charging their cost to the grant and keeping them empty until a victim needs the bed, when other victims need access to the beds, as this would be considered an unallowable contingency payment (see CFR 200.433 (c)).

Stipends/Incentives to Participate in Services: Neither cash nor non-cash stipends or incentives may be paid to victims to encourage their participation in services. Nominal cash or non-cash stipends (e.g., taxi or ride share vouchers; public transportation tickets or tokens; money to pay for childcare; or gift cards for meals that are necessary when participants receive services) are allowable.

Primary Prevention Activities: Per 22 U.S.C. § 7105(b)(2), the purpose of this funding is to support victim service programs: therefore, applicants should not propose primary prevention activities under this program.

Limitation on Use of Funds (22 USC § 7110(g))

The following statutory language applies to all awards under this solicitation:

(1) Restriction on programs

No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to promote the purposes of this Act by ameliorating the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked.

(2) Restriction on organizations

No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to implement any program that targets victims of severe forms of trafficking in persons described in section 7102(9)(A) of this title through any organization that has not stated in either a grant application, a grant agreement, or both, that it does not promote, support, or advocate the legalization or practice of prostitution. The preceding sentence shall not apply to organizations that provide services to individuals solely after they are no longer engaged in activities that resulted from such victims being trafficked.

Pursuant to the statute above, OVC requires grantees under this program to agree to the following grant condition:

Recipient certifies that it does not promote, support, or advocate the legalization or practice of prostitution, nor will it use grant funds or program match funds to promote, support, or advocate the legalization or practice of prostitution.

Goals, Objectives, Deliverables, and Timeline

Goals

The goal of this field-generated program is to end the criminalization of minor victims of sex trafficking by developing, expanding, or strengthening victim service programs to support victim-centered, trauma-informed, developmentally appropriate, evidence-based responses to minor victims of sex trafficking.

Objectives

Purpose Area 1: Field-Generated Program Sites

The objectives of this program include the following:

- Provide services to meet the individualized needs of minor victims of sex trafficking.
- Collaborate with local partners (e.g., service providers, criminal justice and child welfare professionals, members of the judiciary, community- and faith-based organizations) to ensure minor victims of sex trafficking are properly identified, responded to, and provided with appropriate services.
- Collaborate with local and state partners in the development of policies, protocols, and standards that recognize minor victims of sex trafficking as victims and change the practice of arrests, detention, and confinement on prostitution charges or other offenses related to their exploitation.
- Provide other essential services for minor victims of sex trafficking (either directly or through referrals).
- Collect data and participate in assessment activities to determine if the program is meeting stated goals and objectives.
- Participate in an annual peer-to-peer learning opportunity hosted by the OVC-funded training and technical assistance provider. (See Budget and Associated Documentation.)

Purpose Area 2: Training and Technical Assistance Provider

The training and technical assistance (TTA) provider funded under Category 2 of this solicitation will educate anti-

trafficking stakeholders and the public about alternatives to the arrest, detention, and confinement of minors identified as sex trafficking victims; the harmful impact of this practice; and promising practices and strategies to help communities eliminate it. The TTA provider will also assist in expanding the skills of staff at the program sites to end the criminalization of minor victims of sex trafficking. This includes the development and provision of victim-centered, trauma-informed, developmentally appropriate, evidence-based training and technical assistance to the OVC-funded programs under Purpose Area 1 of this solicitation.

The successful applicant will implement training and technical assistance that supports best practices, enhanced collaboration, and generates improved outcomes for Purpose Area 1 program sites. The successful applicant is expected to develop and host an annual meeting for the grantees funded under Purpose Area 1 of this solicitation. Training and technical assistance will include peer-to-peer learning across multiple system stakeholders. Applicants should also plan to develop and disseminate best practices at the national level regarding strategies to address the criminalization of minor victims of sex trafficking and lessons learned from this project.

Deliverables

Purpose Area 1 Deliverables:

The deliverables to be provided are services, measured by types of service, number of new and continuing victims served, and other key data points.

Purpose Area 2 Deliverables:

The deliverables to be provided may include type and quantity of training, resources and tools, webinars/presentations, and/or other deliverables that may be produced by the grant end date that will assist in the delivery of an innovative TTA approach (e.g., curricula, written or video/media products).

All successful applicants must produce a final summary report of the project describing project activities, lessons learned, and, where applicable, an assessment of the project's impact (i.e., any pilot or implementation efforts).

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

Consistent with this Executive Order, the term "underserved community" refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

A. Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved,

marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

B. Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30% of the requested award funding, as demonstrated in the Budget Worksheet and Budget Narrative) identifies as a culturally specific organization. To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project (s) and should also specify which culturally specific populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

Continuation Funding Intent

OVC may, in certain cases, provide additional funding in future years to awards made under this solicitation through continuation awards. OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the award-funded work's progress, when making continuation award decisions.

Availability of Funds

This solicitation, and awards (if any are made) under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Types of Awards

OVC expects to make Purpose Area 1 awards as grants and the Purpose Area 2 award as a cooperative agreement, which provide for OJP to have substantial involvement in carrying out award activities. See the “Administrative, National Policy, and Other Legal Requirements” section of the [OJP Grant Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants and cooperative agreements.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [OJP Grant Application Resource Guide](#) for additional information.

Cost Sharing or Matching Requirement

Pursuant to 22 U.S.C. § 7105(b)(2), awards under Purpose Area 1 of this solicitation are required to include a **25 percent cash or in-kind match**. Federal funds awarded under this solicitation may not cover more than 75% of the total costs of the project being funded. An applicant must identify the source of the 25% nonfederal portion of the total project costs and how it will use match funds. If a successful applicant’s proposed match exceeds the required match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit. (“Match” funds may be used only for purposes that would be allowable for the federal funds.) Recipients must satisfy this match requirement with cash or in-kind match. The formula for calculating match is:

$$\frac{\text{Federal Award Amount}}{\text{Federal Share Percentage}} = \text{Adjusted (Total) Project Costs}$$

Federal Share Percentage

Required Recipient’s Share Percentage x Adjusted Project Cost = Required Match

Example: 75%/25% match requirement: for a federal award amount of \$350,000, calculate match as follows:

$$\frac{\$350,000}{75\%} = \$466,667 \quad 25\% \times \$466,667 = \$116,667 \text{ match}$$

See the [OJP Grant Application Resource Guide](#) for additional information on this match requirement. For step-by-step instructions for entering match amounts in the budget, see the [Budget Summary Match Guide](#).

The award under Purpose Area 2 of this solicitation does not require a match.

Pre-agreement Costs (also known as Pre-award Costs)

See the [OJP Grant Application Resource Guide](#) information on Pre-agreement Costs (also known as Pre-award Costs).

Limitation on Use of Award Funds for Employee Compensation: Waiver

See the [OJP Grant Application Resource Guide](#) information on the Limitation on Use of Award Funds for

Employee Compensation; Waiver.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

See the [OJP Grant Application Resource Guide](#) for information on Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs.

Eligibility Information

For eligibility information, see the solicitation cover page.

For information on cost sharing or match requirements, see the “Federal Award Information” section.

Application and Submission Information

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- Proposal Abstract
- Proposal Narrative
- Budget Worksheet and Budget Narrative (Web-based Form) (The web-based form includes the budget details and the budget narrative.)

Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project, including the purpose of the project, primary activities, expected outcomes, the State and geographical service area, intended beneficiaries and subrecipients (if known), will be completed in the JustGrants web-based form. If requesting priority consideration, please indicate the priority area (A and/or B). This abstract should be written in the third person

and will be made publicly available on the OJP website if the project is awarded.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 20 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, OVC may consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

a. Statement of the Problem

This section must—

1. identify the nature and scope of the problem that the program will address. Applicants must demonstrate the problem of the criminalization of minor victims of sex trafficking within the targeted geographic area. Applicants should cite the source(s) of this data, which could include local, state, and federal data regarding arrests, prosecutions, and detention and confinement of individuals identified as minor victims of sex trafficking in the proposed geographic area and data from victim service providers or other local stakeholders. Data should come from multiple sources.
2. describe previous or current attempts to address the problem; stakeholders who have been engaged; and challenges to successful implementation. Applicants must cite the source(s) for any data referenced.
3. describe the communities to be served, including the geographic area, populations in the service area, and any groups that are vulnerable to human trafficking. Applicants should identify any relevant underserved communities in their geographic area using supportive data (e.g., community data, Census data, client data, etc.).
4. describe current efforts to address the service needs of trafficking survivors in the geographic area, including programs funded through OVC, the Department of Health and Human Services (HHS), the Office on Violence Against Women, or with Victims of Crime Act (VOCA) state victim assistance funds. Explain how the proposed project is not duplicative and targets identified gaps.

In addition to the above, **Purpose Area 2** applicants should describe their understanding of the problem to be addressed by the training and technical assistance provider, including relevant equity considerations and challenges to reaching underserved communities. Applicants should identify existing quantitative and qualitative data that supports their Statement of the Problem.

b. Project Design and Implementation

The application must provide a clear link between the proposed activities and the need identified in the “Statement of the Problem” section above. This section must—

1. clearly state the goals and objectives of this project. Goals and objectives must align with those stated in the Goals, Objectives, Deliverables section of this solicitation.
2. provide a detailed description of the proposed activities necessary to implement this project and meet the stated goals and objectives.
3. identify which underserved communities, if any, will be targeted through the proposed project.
4. identify specific activities and services that will be provided with grant funds (see Appendix A) and describe how and where the activities/services will be provided. All activities and services proposed should be clearly linked to the goal of ending the criminalization of minor victims of sex trafficking.
5. include a timeline that identifies a timeframe for all the tasks and activities to be completed.
6. link project activities to the requirements of this solicitation and justify the logic of the proposed approach.
7. list the multisector project partners roles and responsibilities, and what they will contribute to make the project activities effective and sustainable.
8. describe how the applicant plans to ensure project activities are trauma informed, victim centered, and developmentally appropriate and protect the safety and confidentiality needs of victims.
9. describe how the applicant will meet the individualized service needs of victims and support victim-informed decisions and shared decision making within the delivery of services.
10. describe how the applicant will coordinate with other OVC and federally and state-funded anti-trafficking programs to meet the comprehensive needs of trafficking victims.

If the applicant is seeking priority consideration for Priority A, it should address in this section how the proposed project(s) will promote racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality.

In addition to the above, **Purpose Area 2** applicants should provide a clear link between the proposed activities and the need identified in the “Statement of the Problem” and should describe (if applicable) how their program design, project partnerships, and deliverables/activities will advance equity for targeted audiences and the communities they serve. Additionally, applicants will be required to proactively collaborate with other human trafficking TTA providers to prevent duplication and strengthen the accessibility of resources, to include—

- engaging in regular communication with other OVC-funded TTA providers, including participating in regular workgroups and in-person or remote OVC-led TTA provider meetings;
- referring TTA requesters and grantees to other TTA providers, as needed;
- developing and delivering joint TTA, such as webinars, grantee meeting sessions, etc.; and
- working collaboratively with other OVC-funded TTA providers, as required by OVC.

c. Capabilities and Competencies

This section must—

1. demonstrate the institutional experience and expertise (or have submitted formal agreements with partners with experience and expertise with the application) to effectively implement the requirements of this solicitation.
2. identify the key individuals and organizations involved in the proposed project.
3. demonstrate that the individuals and organizations identified have the capacity to address the stated need, including the experience and expertise necessary to address the criminalization of minor victims of sex trafficking; provide services to minor sex trafficking victims; and successfully implement the proposed project objectives. For Purpose Area 2, the applicant must demonstrate the experience and expertise to provide high quality training and technical assistance on the criminalization of minor victims of sex trafficking.
4. describe specific roles and responsibilities of all project partners and key staff.
5. demonstrate that project staff have appropriate training and experience to implement project activities as described in the proposal, including the knowledge and expertise necessary to implement culturally responsive projects with the identified underserved communities, and document staffing plans and position descriptions for staff to be hired.
6. clearly describe who will implement activities as described in the Project Design and Implementation section.
7. describe their experience managing federal grants for similar projects/populations and document their administrative and financial capacity to manage federal grants. If the applicant has other grants for providing services to victims of human trafficking, the applicant must describe the scope of each of these grants and how activities and data collection on these projects will be tracked separately to avoid duplication.

If the applicant is seeking priority consideration under Priority B, it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 30% of the project budget) will enhance its ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or have their needs addressed under the proposed project(s).

In addition to the above, **Purpose Area 2** applicants should demonstrate that the applicant, consultants, and/or partner organizations identified in the proposal have the capacity and experience to implement project activities, including (if applicable) the expertise necessary to deliver culturally responsive TTA to the targeted audience and to address identified challenges related to equity and underserved communities.

d. Plan for Collecting the Data Required for this Solicitation’s Performance Measures

This section must include the following information:

1. A plan for collecting all the performance measures data required by this solicitation.
2. A description of the qualifications of key staff who will be responsible for collecting data and reporting performance measures in JustGrants.

Note: Applicants are **not** required to submit performance data with the application. Rather, performance measure information is included as an alert that successful applicants will be required to submit performance data as part of each award's reporting requirements.

OJP will require each successful applicant to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

To determine performance measure requirements for this solicitation, use the "Human Trafficking Performance Measures Map with Question Sets by Solicitation" document at <https://ovc.ojp.gov/funding/performance-measures/human-trafficking>. Locate the solicitation title and fiscal year to see assigned performance measure question sets. Examples of the performance measures questionnaires and related question sets, along with other reporting resources, can be found in the drop-down menu for victim service provider, task force, or training and technical assistance grantees.

OVC will require award recipients to submit performance measure data and performance reports in JustGrants. OVC will provide further guidance on the post-award submission process, if selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the [OJP Grant Application Resource Guide](#).

Goals, Objectives, Deliverables, and Timeline

The applicant will submit the program's goals, objectives, deliverables, and timelines in the JustGrants web-based form. See the [OJP Grant Application Resource Guide](#) for additional information.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. See the [OJP Grant Application Resource Guide for additional](#) information.

Purpose Area 1 successful applicants are expected to participate in a 2-day peer learning collaborative meeting annually throughout the project, which they should include in their budget. Applicants should budget approximately \$2,000 per person (up to 3 people) to attend the meetings and record this as part of the travel line item in the budget. The Office of the Chief Financial Officer requires cost calculations for all line items in your budget, including this required travel. The cost breakdown should include airfare, per diem rate, lodging, number of travelers, number of days, etc. (For example, 3 people x airline ticket (\$500) = \$1,500, 3 people x 2 days per diem (\$76/day) = \$456, 2 people x lodging (\$251) x 2 nights = \$1,506.) Use U.S. General Services Administration per diem rates.

The applicant should include a description in the Budget Narrative as to the cash or in-kind match that is included in the project budget.

If the applicant is seeking priority consideration under Priority B based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must be a minimum of 30% of award funding**.

The budget narrative must also describe how the activities that will be funded with the (minimum) 30% of award funding provided to the subrecipient **specifically relate to the priority consideration requested under Priority B** and described in the Capabilities and Competencies section of the application.

For services/activities provided by project partners, the applicant must name the project partner in the Proposal Narrative, and include, as an attachment to the application, a subcontract/subgrant, Letter of Intent, or MOU describing the commitment from that organization to perform a specific service/activity, and a description of the cost (if applicable). If services/activities are to be provided as in-kind match, pro bono, or at no cost to the grant, this must be clearly stated in the MOU, Letter of Intent, or subcontract/subgrant. MOUs, Letters of Intent, and subcontracts/subgrants must include the following: (1) names of the organizations involved in the agreement; (2) scope of the service(s) and other work to be performed under the agreement; (3) duration of the agreement; (4) estimated cost per victim or cost of actual services provided describing whether it is a fee-for-service, in-kind match, or no cost; (5) whether or not there is a cap on the total amount of the agreement; and (6) whether or not there is a maximum number of victims that may be served under the agreement. If any of the required services above are to be provided pro bono or accessed through other government-subsidized or otherwise funded programs, applicants must describe how services will be provided to victims without the use of grant funds. MOUs and Letters of Intent should be submitted as one separate attachment to the application.

The **full application** must be submitted in JustGrants by 8:59 p.m. eastern time on June 23, 2022.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates to allow sufficient time to correct errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline.

Experiencing Unforeseen Technical Issues

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OVC/OJP Response Center at grants@ncjrs.gov **within 24 hours after the application deadline** to request approval to submit its application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the OVC/OJP Response Center within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced;

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem (20%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (35%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate the administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.

4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (5%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).
6. Letters of Support, LOIs, and MOUs from other project partners (10%).

Other Review Criteria/Factors

Other important considerations for OVC include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
