(54) Title of the Invention: **Public collaboration system**
 Abstract Title: **Public collaboration system**

(57) A meeting management system for managing the conduct of a meeting online provides the functionality to arrange order of the presenters during a meeting (208), to show the participants in the meeting (206-213) and the content presented by them (216), the 5 relative order of the participants as regards the meeting progress, the timeline of the meeting, and to legally record the total proceedings of the meeting. The participants appear as a rotatable "carousel" of icons.

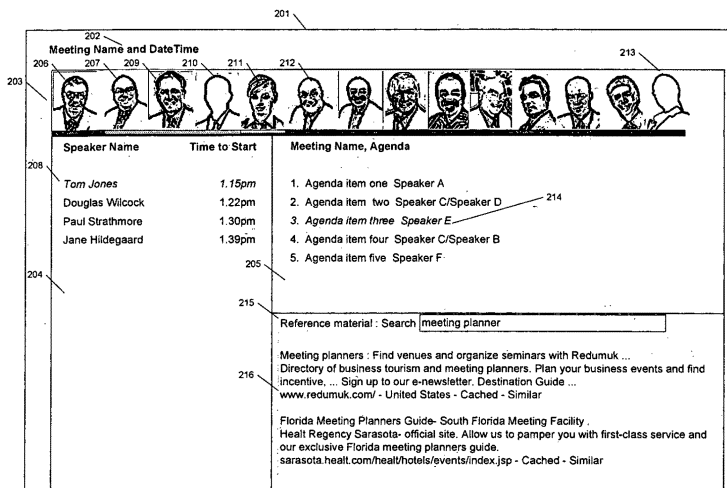

FIG 2
