(57) **CLAIM**

The ornamental design for a display screen or portion thereof having a graphical user interface, as shown and described.

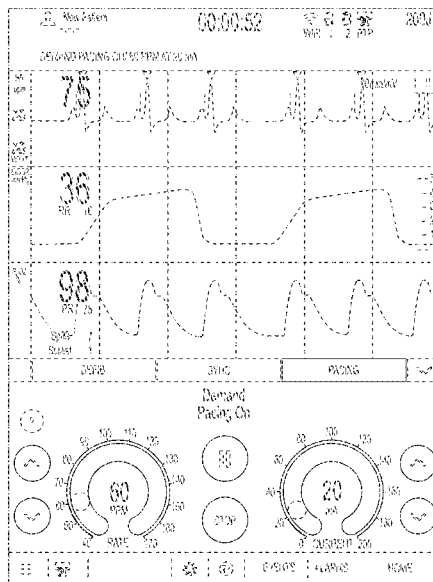

**DESCRIPTION**

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

The FIGURE is a front view of a display screen or portion thereof having a graphical user interface.

The dot-dashed broken lines depict a display screen or portion thereof and form no part of the claimed design. The dashed broken lines depict portions of the graphical user interface and form no part of the claimed design.
