INCOMPLETE SEARCH

The Search Division considers that the present application, or one or more of its claims, does/do not comply with the EPC so that only a partial search (R. 62a, 63) has been carried out.

Claim(s) completely searchable:1, 6

Claim(s) searched incompletely:7-17

Claim(s) not searched:2-5

Reason for the limitation of the search:

[0001] On 14.12.2018 an invitation pursuant to Rule 62a(1) EPC was issued indicating that independent claims 1-5 had been identified to be in the same category. The Applicant has been invited to indicate the claims complying with Rule 43(2) EPC on the basis of which the search was to be carried out. No reply has been received within the period set in the EPO communication. Accordingly, the search has been carried out on the basis of the first claim in each category, namely here: claim 1 (product claim) and claim 6 (method claim).

The supplementary search report has been based on the last set of claims valid and available at the start of the search.
