(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing my new design; and, FIG. 2 is a front view of the display screen with graphical user interface showing an alternative embodiment of my new design.

The broken lines shown in the drawings illustrate a tablet device and portions of the display screen with graphical user interface that forms no part of claimed design. The solid shaded areas in the drawings indicate a contrast in color and do not correspond to any particular color, texture, or material.
