(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

The FIGURE is a front view of a display screen with a graphical user interface, showing our new design.

The broken lines within the claim represent portions of the display screen with a graphical user interface that form no part of the claim. The outer broken line boundary of the claimed design is congruent with the boundary of a broken line display screen that forms no part of the claim.
