PRODISPLAY®

55" INTERACTIVE MULTI-TOUCH TABLE

Our 55" multi-touch tables and furniture utilises PCAP technology, offering 10 touch points and the most responsive and sensitive surface for 24/7 applications, allowing you to take a collaborative approach to education, sales or ordering, with up to 10 people using the table at one time. A number of standard products are available and we can custom design both tables and furniture to meet with a customer's specific requirements.

Transform the way you introduce your customers to your products or service with the ultimate in sales presentation technology. Delivering memorable visual pitches is made easy with our interactive touch tables, serving as the perfect platform to impress your customers and outperform the competition.
