

The small business **CLOSURE CRISIS**

Baby boomers own half of all privately held firms in Minnesota

This Silver Tsunami of retiring business owners own over 52,500 firms which represent half of all job-creating businesses in the state. These firms employ 587,000 workers and generate roughly \$120 billion in revenue. As most of these owners retire, our local business landscape is going through a dramatic shift.

6 out of 10 business owners plan to sell in the next decade.

By selling to their employees, owners can secure their legacy and keep these businesses and jobs in the community.

They make up 99.4% of all firms and provide 46% of all jobs in Minnesota. In addition, they circulate 3x more money back into local communities than absentee-owned businesses and corporate chains.

Baby boomers employ an estimated 1 in 5 private sector workers nationwide.
