

PROJECT SUMMARY

Bangladesh

PROJECT NAME

Implementing Renewable Energy Targets

GRANT OBJECTIVE AND ACTIVITIES

The project supports Bangladesh's efforts to scale up renewable energy cost effectively to deliver affordable electricity to all its citizens. It augments Bangladesh's Power System Master Plan with an in-depth analysis of the country's NDC target to achieve 10% renewable energy by 2020. The project enhances the government's understanding of the changes that come with integrating renewable resources in the generation mix. A major part of the work is to build planning capacity in the country focused on renewable energy through trainings and hand over of toolkits. Bangladesh is a member of the [NDC Partnership](#).

COUNTRY FOCAL POINTS

Ministry of Power, Energy and Mineral Resources, Bangladesh Power Development Board, Sustainable and Renewable Development Authority, Power Grid Company of Bangladesh
