“ I am confident that the higher education community will continue to adapt, change, grow, and lead. This confidence is rooted in the fact that we have faced a global pandemic and harnessed our collective strength to manage operations and restore campus life. **”**

– Ivan H. Allen

Message from the Chair of SACSCOC Board of Trustees

The academic year of 2019–2020 marked a seminal time in the life of American higher education. As we completed the fall semester and anticipated winter graduations, talk of a global pandemic grabbed our attention and altered operations. By the spring, we were fully engaged in modifying every aspect of business operations and our daily activities. And even more surprising to some was that higher education exhibited flexibility and alacrity in meeting these challenging times.

While campus personnel, faculty, students, parents, alumni, and other constituents managed the challenges presented by the pandemic, we are all weary, but not defeated.

As we return to “normal,” I remind everyone of the “hot topics” that continue to arrest our attention and shape our collective discourse, namely a riot at the seat of American democracy and social unrest on our campuses and in our communities stemming from unfortunate and sometimes deadly interactions between some members of law enforcement and Americans from primarily Black and Brown communities. Additionally, discussions around “Critical Race Theory” have led to bitter divisiveness, heated rhetoric, and challenges to the very notion of “academic freedom.” No matter where one stands on these issues, a foundational layer in these discussions involves **Diversity, Equity, and Inclusion**.

Since desegregation, American higher educational institutions have diversified enrollments, faculty, and academic disciplines. As we wrestle with the aforementioned challenges, I am confident that the higher education community will continue to adapt, change, grow, and lead. This confidence is rooted in the fact that we have faced a global pandemic and harnessed our collective strength to manage operations and restore campus life. During this crisis, we assessed the situation, sought advice from experts in the field, accepted feedback from **diverse** perspectives, purged old processes, and used technology to improve operations, classroom interactions, faculty-student engagement and even business operations. In short, we have leveraged our resources to create greater **equity** and accessibility. And rather than being seen as bastions of exclusion, we have embraced and celebrated **inclusion**. This pandemic and our recent past have revealed that higher education continues to be a social good for our society.

The frontline workers that we salute and applaud are graduates from our technical colleges and 4-year institutions. The teachers and professors are former students and graduates of our colleges and universities. Even the protesters and counter protesters have participated in our academic programs and sporting events. So, our institutions are a vital component of the American normal, as they are home to the great diversity that defines our country.

SACSCOC values and applauds Diversity, Equity and Inclusion as noted in our position statement at <https://sacscoc.org/app/uploads/2019/08/DiversityStatement.pdf>. I encourage you to read it and reflect upon the importance of these three words—**Diversity, Equity, and Inclusion**.

“ While we managed each decision with as much input as possible, there were times when, as President, we felt like the lone person on the totem pole. I have a placard in my office that says, 'Leadership Isn't All Glory.' ”

– Belle S. Wheelan

Message from the President of SACSCOC

The past two years have presented opportunities for those in leadership positions to demonstrate their strengths in leading their respective organizations. SACSCOC has been no different. From moving meetings from an in-person venue to a virtual platform, to providing training for peer evaluators, we have had to adjust to the 'new normal' presented by the COVID-19 pandemic. Some decisions seemed to fall under the heading of 'no brainers' while others necessitated some careful thought about future ramifications. While we managed each decision with as much input as possible, there were times when, as President, we felt like the lone person on the totem pole. I have a placard in my office that says, "Leadership Isn't All Glory." I think we can all agree that this past year has proven that there is more than a grain of truth to that statement.

The bigger question is, "Where do we go from here?" I'm sure there are decisions that have been made that will remain in practice even after the pandemic has been declared over. For SACSCOC, that includes Off-Site Committees, Substantive Change Workshops, and Peer Evaluator Training continuing to meet virtually, and all documents, including Compliance Certifications, to be submitted electronically. While working remotely, even for a couple of days a week, has proven to be effective, the jury is still out as to whether or not it is the most efficient.

Some of the decisions we had to make had a greater financial impact on our operations than others. Moving classes to an on-line format was not less expensive as some thought. For SACSCOC, there were savings in not having to have in-person meetings; but, there were also cancellation fees incurred because we plan three years out and had to cancel contracts.

On top of all of those operational decisions, the decisions that directly impacted staff and students were often the toughest to make. The health and safety of all had to be paramount in all of the decisions we made. We had hoped that by now, the pandemic would have been behind us, but we find ourselves still in the midst of the chaos.

I'm hopeful that the most important lesson we learned was to share the decision-making process with others. Not only do we get more buy-in when we do that, but it provides an affirmation of the decisions themselves. Many of our colleagues postponed their retirements last year in order to leave their institutions in a good place from all of the changes brought on by the pandemic; however, now they are retiring. Those who included others in the decisions that were made will leave their institutions in a much better place than had they not. Those of us who remain have a support system that ensures continued operations and a deeper understanding of the decision-making process.

Continue to stay focused on providing the quality educational offerings and services for which you are known and know that SACSCOC will be here to support you in any way we can.

Sincerely,

A handwritten signature in black ink that reads "Belle S. Wheelan". The signature is written in a cursive, flowing style.

Philosophical Statement

SACSCOC supports the right of an institution to pursue its own educational mission as inherent in fundamental values of institutional autonomy; the right of faculty members to teach, investigate, and publish freely; and the right of students to access opportunities for learning and for the open expression and exchange of ideas. However, exercising these rights should not substantially interfere with the overriding obligation of an institution to offer a sound educational experience that optimizes student achievement outcomes.

Changes to SACSCOC Administrative Staff

During 2021, SACSCOC welcomed two members to the administrative staff. Dr. Sandra J. Jordan and Geoffrey C. Klein joined SACSCOC as Vice Presidents.

Dr. Sandra Jordan

Over a period spanning three decades, Dr. Sandra Jordan served in several university leadership positions from department chair to chancellor. She worked extensively with U.S. government, corporate and industry leaders, as well as internationally to build educational partnerships to expand student opportunities. Dr. Jordan served beyond the campus on numerous boards including as vice chair of the NCAA Board of Governors, chair of NCAA DII Board of Presidents, AASCU Board of Directors, SACSCOC Executive Board, and President of the Southern University Conference. She received multiple honors and recognitions, including teaching awards, community and state service awards, the SACSCOC James T. Rogers Distinguished Leadership Award, and has twice been recognized on the floor of the U.S. Congress for leadership and innovation in higher education.

Dr. Geoffrey Klein

Dr. Geoffrey Klein joined SACSCOC as a vice president in December 2021. Immediately prior, Dr. Klein served as Vice Provost for Research, Graduate Studies, and Assessment at Christopher Newport University in Newport News, VA. In addition, he served as CNU's SACSCOC Liaison and successfully led the institution through its 2017 Reaffirmation process. Dr. Klein also served on the SACSCOC Board of Trustees, including the Executive Council, worked as an accreditation consultant, and served as a SACSCOC peer evaluator on Substantive Change and Reaffirmation Committees. Finally, he successfully co-led several iterations of a SACSCOC Reaffirmation bootcamp at the SACSCOC Annual Meeting and co-presented two concurrent sessions focused on the development and sustainability of a state accreditation network.

Prior to Dr. Klein's appointment as Vice Provost, he was an Associate Professor of Chemistry in CNU's Department of Molecular Biology and Chemistry. As a member of the faculty, Dr. Klein was awarded the inaugural Faculty Excellence Award for Teaching and received over \$2.6 million in grants from organizations such as the NSF and ACS Petroleum Research Foundation to support his research on the analysis of complex mixtures such as the asphaltene fraction of crude oil. Dr. Klein earned his PhD in Analytical Chemistry from Florida State University and his BS in Chemistry from the College of William and Mary.

Leadership, Service, and Outstanding Chair Award Recipients

Each year, SACSCOC recognizes leadership and service to the Commission with awards—the James T. Rogers Distinguished Leadership Award, the Carol A. Luthman Meritorious Service Awards, and the Demetria N. Gibbs Outstanding Chair Award.

The **James T. Rogers Distinguished Leadership Award**, named for the former executive director who served the Commission for more than two decades, is the highest public recognition given by the Commission and is reserved for extraordinarily distinctive and effective leadership. One individual received this honor. The **Carol A. Luthman Meritorious Service Awards**, named for a former staff member who served the Commission for more than thirty years and who was also staff liaison to the SACSCOC Board, are presented to individuals whose volunteerism and commitment to the best principles of the academy and of accreditation personify the ideals of the Commission. Five people received this award. Also named for a former staff member, the **Demetria N. Gibbs Outstanding Chair Award** is given to a review committee chair who has demonstrated exceptional leadership in working with committee members. One individual received this award. 2021 Roll of Accredited and Candidate Institutions

Institutions accredited by SACSCOC are listed below by state and include the initial date of accreditation, the date of next reaffirmation, governance type, the degree level, and the types of degrees offered. For a candidate institution, the date of initial candidacy is listed. Candidates have a maximum of four years to attain initial membership from that date. For specific information regarding the current status of institutions, access the SACSCOC Membership Directory at <http://sacscoc.org/institutions/>

Notes to the reader:

- The following abbreviations and symbols are used in the tables that follow:
Under Governance, "P" = Public; "Pr, NFP" = Private, Not For Profit; and "Pr, FP" = Private, For Profit
Institutions are classified by their highest degree level offered. The levels are as follows:
Level I: Associate Degree—A
Level II: Baccalaureate degree—B
Level III: Master's degree—M
Level IV: Master's degree and Educational Specialist—ES

In either case, the institution would have been accredited prior to the date listed but as a different entity.
- Two asterisks by the next reaffirmation date indicate that the institution's current reaffirmation was either denied or delayed and, therefore, could not be updated.
- If a name change occurred in 2021, the former name follows the current name and is indicated in italics.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Southern Association of Colleges and Schools
Commission on Colleges, Inc.

Opinion

We have audited the accompanying financial statements of the Southern Association of Colleges and Schools Commission on Colleges, Inc. (a non-profit organization referred to as the Commission), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Commission as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Financial Statements

Note 1: DESCRIPTION OF THE ORGANIZATION

The accompanying financial statements include the accounts of the Southern Association of Colleges and Schools Commission on Colleges, Inc. (the Commission), a Georgia nonprofit corporation, without capital stock, and a member of the Southern Association of Colleges and Schools, Inc. (SACS). The Commission was incorporated exclusively for educational purposes, and is the regional body for the accreditation of degree-granting higher education institutions in the southern United States. The Commission grants normal credit terms to its members.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates that are particularly susceptible to significant change in the near term are related to the allowance for doubtful accounts, the estimate of defined benefit pension plans and the fair value of investments and financial instruments.

Cash and Cash Equivalents

Cash and cash equivalents include cash and all highly liquid investments with an original maturity of 90 days or less.

Accounts Receivable

Accounts receivable are stated at unpaid balances, less an allowance for doubtful accounts. The Commission provides for losses on accounts receivable using the allowance method. The allowance is based on experience, third-party contracts, and other circumstances, which may affect the ability of members to meet their obligations.

Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms. It is the Commission's policy to charge off uncollectible accounts receivable when management determines the receivable will not be collected.

Southern Association of Colleges and Schools Commission on Colleges, Inc. Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

The Commission reports investments in equity securities with readily determinable fair values and all investments in debt securities at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities. Investment income and gains restricted by donors are reported as increases in net assets without donor restrictions if the restrictions are met (either a stipulated time period ends, or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized.

Property and Equipment

All acquisitions of property and equipment in excess of \$1,500 and all expenditures for maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Repairs and maintenance are expensed as incurred. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method.

Net Assets

The Commission reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Commission, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

There were no net assets with donor restrictions as of June 30, 2021.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition

Membership dues, registration fees and exhibits and application and special fees are accounted for under ASC Topic 606, *Revenue from Contracts with Customers* (ASC 606), recognizing revenue when performance obligations under the terms of the contracts with customers are satisfied. Prior to the adoption of ASC 606, the Commission recognized revenue when persuasive evidence of an arrangement existed, delivery of products had occurred, the sales price was fixed or determinable and collectability was reasonably assured. Income from membership dues and certain member service fees received in advance are deferred and recognized over the periods to which the dates and fees relate. These amounts are included in contract liabilities within the statement of financial position.

Functional Allocation of Expenses

Directly identifiable expenses are charged to programs and supporting services. Expenses related to compensation, benefits and taxes, professional fees and contractors are allocated based on actual percentages of time spent in each functional area. Expenses related to the office, administrative costs, and maintenance are allocated across functional areas based on a fixed percentage.

Income Taxes

Under section 501(c)(3) of the Internal Revenue Code, the Commission is exempt from taxes on income other than unrelated business income.

The Commission utilizes the accounting requirements associated with uncertainty in income taxes using the provisions of Financial Accounting Standards Board (FASB) ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of June 30, 2021, the Commission has no uncertain provisions that qualify for recognition or disclosure in the financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 19, 2021, and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.

Accounting Guidance Not Yet Adopted

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842). This ASU requires that a lease liability and related right-of-use-asset representing the lessee's right to use or control the asset be recorded on the statement of financial position upon the commencement of all leases except for short-term leases. Leases will be classified as either finance leases or operating leases, which are substantially similar to the classification criteria for distinguishing between capital leases and operating in existing lease accounting guidance. As a result, the effect of leases in the statement of activities and changes in net assets and the statement of cash flows will be substantially unchanged from the existing lease accounting guidance. The ASU is effective for fiscal years beginning after December 15, 2021. Early adoption is permitted. The Commission is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

Accounting Guidance Not Yet Adopted (continued)

In September 2020, the FASB issued ASU 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This ASU specifies requirements for the recognition and initial measurement of contributions and disclosure requirements for contributed services. The ASU is effective for fiscal years beginning after June 15, 2021. Early adoption is permitted. The Commission is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

Note 10: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2021.

Common Stocks, Bonds and Bond Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual Funds and Public Real Estate Investment Trusts: Valued at the daily closing price as reported by the fund. Mutual funds and public real estate investment trusts held by the Commission are open-end funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds and public real estate investment trust funds held by the Commission are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Commission believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Note 10: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, investments at fair value as of June 30, 2021:

	Level 1	Level 2	Level 3	Total
Investments				
Common stocks	\$ 6,289,397	\$ -	\$ -	\$ 6,289,397
Fixed income - bonds and bond mutual funds	2,706,712	-	-	2,706,712
Alternative strategies - publicly traded mutual funds	316,484	-	-	316,484
Publicly traded real estate investment trusts	421,429	-	-	421,429
Investments - deferred compensation				
Common stocks	1,016,698	-	-	1,016,698
Total	\$ 10,750,720	\$ -	\$ -	\$ 10,750,720

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total assets. For the year ended June 30, 2021, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 11: PAYCHECK PROTECTION PLAN LOAN

In April 2020, in response to the global pandemic, the Commission applied for and received a loan for approximately \$687,600 through the Paycheck Protection Program under the CARES Act. The Commission applied for forgiveness of \$687,600 of the debt and on November 1, 2020, the Commission received notice that the \$687,600 had been forgiven. The Committee recorded the amount as other income as forgiveness of debt during the year ended June 30, 2021.

Note 12: CONCENTRATIONS OF CREDIT RISK

Notes to Financial Statements

Note 13: COMMITMENTS AND CONTINGENCIES

From time to time, the Commission may have asserted and unasserted claims arising in the normal course of business, most often these claims involve the Commission's denial of accreditation of a member institution. The Commission does not expect losses, if any, arising from these asserted and unasserted claims to have a material effect on the financial statements.

Note 14: PENSION AND POSTRETIREMENT PLANS

The Commission sponsors a defined contribution pension plan (the Plan) covering all employees. The Commission makes a contribution to the Plan each year equal to 12.5% of all participants' compensation. Total expense for the year ended June 30, 2021, was approximately \$702,000.

The Commission, along with the Career and Technical Education Consortium of States, Inc. (CTECS), provides certain health care insurance benefits for retired employees and their dependents. The Plan has been closed to new participants. Certain employees become eligible for health care insurance benefits if they retire after they reach 60 years of age and achieve 10 years of continuous service while working for the Commission. The Commission accounts for these benefits under FASB ASC 715, *Compensation - Retirement Benefits* (ASC 715), which requires a company that sponsors a postretirement benefit plan to recognize in its statement of financial position, the funded status of a benefit plan.

Each entity is responsible for employee benefits for employees that retired from each respective entity. Based on the allocations of employees retired from each employer, a portion of the benefit obligations have been allocated to the Commission. The Commission contributed approximately \$62,000 to pay benefits during the year ended June 30, 2021.

The disclosures below represents the postretirement benefit obligation for the Commission's allocated portion.

Note 15: DEFERRED COMPENSATION

The Commission has entered into deferred compensation agreements with certain current and former employees. These agreements require the Commission to pay a portion of each employee's salary into a salary continuation account that is invested into certain investments as defined by the agreements. These payments are required to continue through each employee's stated vested date. Upon retirement and participant request, the fair values of the salary continuation accounts are to be paid to the employees in sixty substantially equal monthly installments. At June 30, 2021, the investments – deferred compensation consist primarily of mutual funds and are presented at fair value based on Level 1 measurements.

Note 16: RELATED PARTY TRANSACTIONS

The Commission has an agreement with an insurance carrier whereby the Commission's group health insurance are partially self-insured. Under the agreement, the Commission funds each employee and/or his/her dependent claims up to a maximum of \$50,000 annually. The maximum liability to the claim fund cannot exceed \$1,000,000 annually.

At June 30, 2021, the Commission had no unfunded liability for submitted claims. Claims for occurrences prior to June 30, 2021, were unknown at that date and are estimated to be insignificant.

As discussed in Note 14, the Commission also maintains a plan that provides certain health care insurance benefits for retired employees and their dependents. The Commission has certain employees and former employees that participate in this plan. The Southern Association of Colleges and Schools accounts for these benefits under FASB ASC 715, which requires an entity that sponsors a postretirement benefit plan to recognize in its statement of financial position, the funded status of the benefit plan. Accordingly, the entire funded status at June 30, 2021, has been recorded by SACS.

During the year ended June 30, 2021, the Commission charged CTECS \$52,500 for the use of business administration personnel and office space. At June 30, 2021, the Commission had a receivable of \$19,885 due from CTECS for various operating expenses paid by the Commission on behalf of CTECS.

Note 17: RISKS AND UNCERTAINTIES

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the Commission. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.
