# DISCOVER THE MAGIC OF SALCOMBE

Salcombe has been a settlement since the Stone Age. Its sheltered position was coveted by Roundheads and Cavaliers during the Civil War. The castle was destroyed on the orders of Oliver Cromwell,

depriving the Cavaliers of their last Royalist stronghold. Napoleonic War mock defences can be spotted around the town and it is thought that Napoleon would have liked to be exiled to Salcombe.

When the railway came to Kingsbridge the affluent colonised this picturesque town, famous the world over for its fast fruit schooners.

During the Second World War American servicemen made Salcombe their home and it played an important part in the D-Day landings. The town suffered eleven bombing raids by the Luftwaffe and seventeen civilians lost their lives.

Now a more tranquil town enjoying some of the most stunning landscapes the UK has to offer, Salcombe is in the South Devon Area of Outstanding Natural Beauty. It is without doubt the jewel in the crown of the South Hams.

Salcombe's tourist industry thrives year round, particularly during the summer season. As the warmer months roll in, the town becomes a bustling hub of activity, attracting

PHOTO: Imogen Yeoman

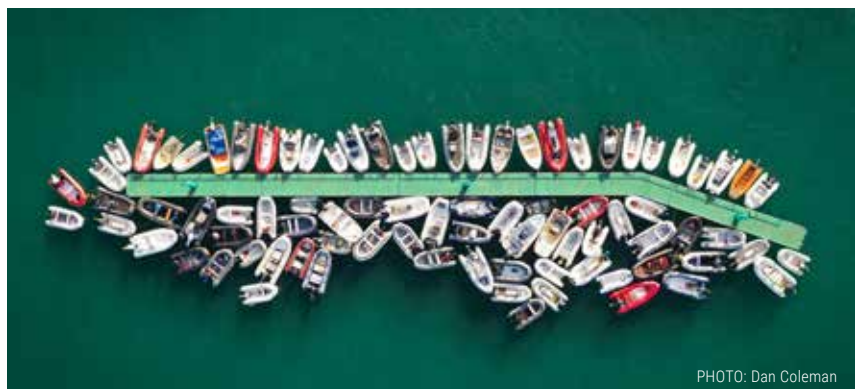

visitors from all around the globe. The beautiful beaches of South and North Sands are perfect for sunbathing, swimming, and water sports. Boating enthusiasts can take advantage of the harbour's facilities and explore the stunning coastline, dotted with hidden coves and secluded bays teeming with wildlife. Mill Bay and Smalls, both beaches just a short passenger ferry trip across the estuary, are well worth the adventure.

Salcombe and the surrounding areas have a diverse and unique collection of restaurants, pubs and cafes often offering local fish and

shellfish alongside locally sourced produce. Salcombe has become a year round destination for many with its fine hotels and huge array of accommodation.

Salcombe life is enhanced by the many families who have returned year after year for generations and by first-time visitors who we welcome into our friendly community.

## Discover the National Trust in South Devon

We care for more than 780 miles of coastline. Here in **South Devon**, you can explore over 40 miles of that coastline – from wild, unspoilt bays to fun-filled, sandy coves. And there's so much more to enjoy at the places we look after.

Tucked away above **Salcombe** is **Overbeck's Garden at Sharpitor**. Bursting with colour and filled with rare plants, it's a subtropical garden with coastal views. From here, you can explore the wider Salcombe estate, from East Soar to Bolt Head and beyond.

In the **South Hams**, we've been planting trees and created hedgerows to build homes for wildlife, as well as keeping count of insect and bird numbers, thanks to our volunteers.

We've also been busy making **Bolberry Down** more accessible, helping more people enjoy the sea views and wildflowers carpeting the cliffs.

## THE STARFISH STORY

A man walked along the beach. Ahead he saw a boy dashing back and forth in the sand. He smiled, thinking the boy was enjoying a game on a fine morning, so he hurried to catch up.

As he got close, he saw the boy picking something up out of the sand and gently tossing it into the sea. As he got closer to the boy, the man called out, 'Hello, what are you doing?'

The boy paused in throwing, looked up and replied, "Throwing starfish into the ocean. The sun is up and the tide is going out. If I don't throw them back in they will die."

"But don't you realise that there are miles and miles of beach and starfish all along it? You can't possibly make a difference."

After listening politely, the boy reached down, picked up another starfish and gently tossed it into the sea saying,

"It made a difference to that one."

## YOUNG SALCOMBE CENTRE

LOCATED OPPOSITE CREEK CAR PARK

We are a charitable organisation, providing a safe and stimulating space for young people. We offer a regular after school youth club (affectionately known as 'The Mess') for different ages.

We play games and puzzles. We craft and create as well as cook something yummy, each week. We have table tennis, pool,

table football, darts and basketball to keep us active. We've recently stocked a collection of brand new super books, due to two generous donations and 'Simply Beautiful Books'.

Our creative holiday club and renowned 'Art School' are open to members and non-members, aged 6+. Here, you can find us painting, potting, printing, sculpting and creating all sorts of lovely, high quality art pieces.

We are very grateful to our team of volunteers who generously give their time to help create and lead 'The Mess'. We also depend on donations and fundraisers to sustain and evolve our much loved centre. Everyone involved works very hard to make the magic happen.

Everyone is welcome; we'd love to see you! We're open Tuesdays and Fridays, in term time, 4-6pm and all day Wednesdays and Thursdays in the school holidays.

Follow us on Facebook - The Young Salcombe Centre - for information on memberships, upcoming events for young people and/or how to get involved. You can also contact us directly, via email: [youngsalcombecentre@gmail.com](mailto:youngsalcombecentre@gmail.com)

# Made in Salcombe

The HolidayHost success story may be built on traditional hospitality values but there's nothing old fashioned about the innovative model it brings to the revenues of the owners of luxury holiday lets in Salcombe, surrounding areas and afar.

“ The foundations of our story lie long ago in Salcombe with my grandfather Bob Fitzsimmons who worked at The Marine Hotel, now Harbour Hotel until he retired. Bob held unapologetically high expectations for service. Those guide me and our company commitment to great service to owners, every day.

Woven into my grandfather's legacy has for me been years of luxury holiday let and superyacht industry experience of my own, all combining for the launch of HolidayHost. Today our service is bolstered by the expertise of colleagues around me, in a company that is making waves.

Leveraging the power and remarkable 3% fees of our friends at Airbnb and others, so many owners now experience our smarter, more affordable way. We're thrilled to be at the forefront of change in this industry.”

For more than a decade my team and I have been accomplishing property visions for our clients, in Salcombe and the surrounding areas.

With a passion for creating welcoming, luxurious environments, we understand precisely what's required to transform a holiday home into a highly sought-after retreat for owners and their guests.

In today's world, we all seek comfort and convenience, in our living spaces.

Katherine Spencer - Director

Luxury Holiday Let Owner? Some quick wins:

- **Flexible Furniture:** Choose furniture like extending tables and footstool that adapt to guest numbers and enhance usability.
- **Finishing Touches:** Integrate seamless technology, bedside charging points, local artwork.
- **Home Comforts:** Include practical amenities like outdoor showers for beachgoers and cosy blankets for evenings.
- **Sustainable Maintenance:** Focus on durable décor and uniform paint. Choose easily replaceable crockery and glassware.

## CELEBRATING 200 YEARS OF THE RNLI

A public art installation covering over 30,000 square metres of fields opposite Salcombe on the banks of the estuary, Salcombe Field of Light will feature an array of 20,000 lowlight, fibre-optic stemmed spheres that will illuminate with a slow subtle change of hue. Visitors will be able to view the art installation from the harbour front in Salcombe or even from

the estuary itself.

Organised by the RNLI, the Field of Light has been donated by the British artist Bruce Munro and made possible by the support of local landowners and businesses. Bruce Munro is best known for producing large light-based installations which often employ a massing of components by the thousands. His vivid

memories of the Salcombe Lifeboat Crew that he met and admired as a teenager working in Salcombe made him keen to realise this iteration of his Field of Light. Bruce says, "To create this installation is a small thank you to the RNLI and their mission 'The RNLI is the charity that saves lives at sea'".

Salcombe Field of Light will welcome guests free of charge and

present opportunities for community engagement and fundraising for Salcombe Lifeboats.

The Salcombe Field of Light has its own website where you can sponsor the 20,000 stems that make up the installation. The funds raised will all go to maintaining the RNLI presence on our coastline, saving lives at sea. Each

stem can be sponsored by either public supporters or businesses. People will have their own personal reasons for supporting the RNLI crews as they start the next 200 years of voluntary service, but reasons could be:

- In celebration of a rescued life
- In memory of a loved one
- In support of a life yet to be saved by RNLI Salcombe
- In recognition of the bravery of our crew
- In celebration of the natural beauty of the South Hams

THURSDAY 6TH JUNE 2024

On 6th June 2024, Salcombe will proudly commemorate the 80th anniversary of D-Day with a series of exciting community events culminating in lighting a beacon at 9.15 pm, in tribute to the light of peace D-Day brought from the horror of World War II.

D-Day on 6th June 1944 was the largest Naval, Air and Land Operation in history, involving many hundreds of thousands of brave sailors, airmen and soldiers.

A U.S. Navy Amphibious Force of 66 ships and six Royal Navy escorts

# D-DAY 80

sailed from Salcombe to Utah Beach, Normandy, to help launch the liberation of enemy occupied Europe on D-Day.

Please join the celebrations in Salcombe on 6th June 2024 to remember those who gave their lives, who came home wounded, who returned to rebuild their lives and families, and all those who kept us safe and supported us during the difficult time of war.

## SALCOMBE LIVE

FRIDAY 4TH - 6TH OCTOBER 2024

The 5th annual Salcombe Live Music Festival supporting local charities, will be held over the weekend of Friday 4th, Saturday 5th & Sunday 6th October 2024. Not to be missed, it will be a full weekend of music, comedy and live entertainment held in Salcombe bars,

pubs, restaurants, hotels and other venues across the town. The festival's headquarters will be at Cliff House.

To check it out visit [www.salcombe-live.co.uk](http://www.salcombe-live.co.uk).

## SEASIDE PARISH

The Seaside Parish is made up of four Anglican churches including Holy Trinity Church, in the centre of Salcombe. Our other churches are All Saints Malborough, Holy Trinity Galmpton, and St Clement's Hope Cove.

In Salcombe our doors are open all day for you to come in, light a candle, say a prayer or just enjoy the quiet space which combines the modern with the old. Why not come along to a service

while you are here? Sunday worship is normally at 10am and there is a weekday communion on Friday, also at 10am.

A church is more than a building, and in our magazine *The Three in One* or on our parish website [www.theseasideparish.co.uk](http://www.theseasideparish.co.uk) you can see we are blessed with busy and friendly congregations who seek to put the Church at the heart of the community.

The vicar since 2008 is Father Daniel French, who is married to Frances, also a priest in the Church of England. In his spare time Daniel writes for various publications and co-hosts a podcast, *Irreverend*. Currently, he is also composing a beginner's guide to Christianity.

## CLIFF HOUSE

When in Salcombe, stroll up Fore Street and along Cliff Road for stunning views of the estuary. Noteworthy is Cliff House, an iconic waterfront building, gifted to the town by Andrew McIlwraith. Operating as a charity since 1922, it houses the Salcombe Yacht Club, Town Council, and Devon Libraries. The Assembly Room is the perfect space to host annual and weekly events, from music and dining to yoga. With its beautiful terrace, the room also hosts unforgettable weddings each year.

# SALCOMBE MARITIME MUSEUM

CELEBRATING 50 YEARS

Over the past 50 years volunteers at this friendly little museum have built up an unique treasure trove of objects that tell the story of Salcombe's links with ships and the sea from ancient times to the Second World War when the US Navy was based in Salcombe.

The story of Salcombe's ship and boat-building past is brought to life in the unique gallery of paintings depicting the famed racing fruit schooners built in Salcombe during the 19th century, the superb collection of ship models and in the many objects that tell the story of these maritime trades. And don't miss the sea-bed treasures from the hundreds of shipwrecks that line our coast. For younger visitors there

are hands-on displays, models, quizzes, games and pirates' treasure.

'SE50', our special exhibition during 2024, has been co-curated with youngsters from the Young Salcombe Centre and Salcombe Primary School and highlights the way the collection has been built up around our key collecting themes.

Salcombe Maritime Museum is fun, entertaining and **ENTRY IS FREE** to all!

# IMMY Volunteer | Photographer | Ironman

Living in a town that captivates with its year-round beauty is not just a privilege; it's a photographer's paradise. The honour of being welcomed by an institution integral to the town and every coastal community in Great Britain is truly special. Balancing the role of a Salcombe Lifeboat crew member with an enthusiasm for swimming, cycling, running, and photography adds an extra layer of uniqueness to this experience.

Salcombe has been my home for a significant period. Although not officially a local, having been born in Warwickshire, the majority of my life has been spent in this breathtaking

location. Family holidays and a house on Courteney Street filled my formative years, and if you had asked me then about 2024, lifeboat duty and Ironman events wouldn't have been on my radar—an assertion my three older siblings would likely share.

My sons, born in Plymouth and raised in Salcombe, have had boats and fishing woven into their lives. The beach after school was a treat, and our memories, forged in the estuary, affirm the enduring significance of water in our lives.

Last year, I combined my love for the sea and running in a fundraising endeavour for Salcombe RNL. Completing a duathlon event, running and swimming between Kingsbridge and Salcombe, garnered phenomenal support, helping me raise over £4,000 for the station.

This year holds significance for both the RNL and me. As the RNL celebrates its 200th year, I mark my 50th, with personal celebrations including the London Marathon, a half Ironman, and a full Ironman. Running the London Marathon for the third time will raise funds for the Get A Head Charitable

Experience Salcombe would like to express their gratitude to Immy for generously allowing her photography to be featured in Edition 2, with special thanks for the front and back cover.

Trust, a head and neck cancer charity led by my brother, Tom.

Salcombe and the South West Coast Path provide an unparalleled training ground for my events. While the Devon hills and coastline provide challenging terrain, they build stamina and offer breathtaking views. Every day brings a different experience, and each view becomes a lasting memory.

While my camera isn't always with me, my phone captures those incredible scenes. As a self-taught photographer, my images serve as a personal diary, and the joy they bring to others brings me immense pleasure.
