

Supplementary Table 1. Organisms used for the simulated datasets. The genome size, reads used and the corresponding number of nucleotides as well the estimated genome coverage are reported.

dataset	organism	genome size	reads	nucleotides	coverage
simMC	Xylella fastidiosa Dixon	2622328	10484	9147895	3.48
simMC	Rhodopseudomonas palustris BisB5	4892717	16577	17010327	3.47
simMC	Bradyrhizobium sp. BTAi1	8422430	22956	23374401	2.77
