# ABOUT US

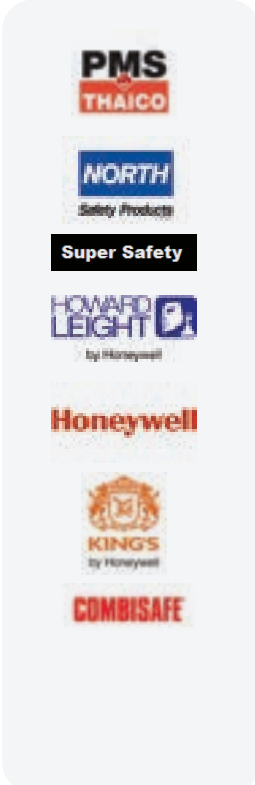

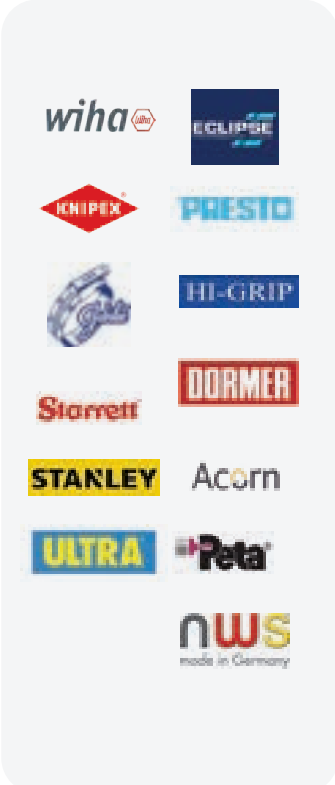

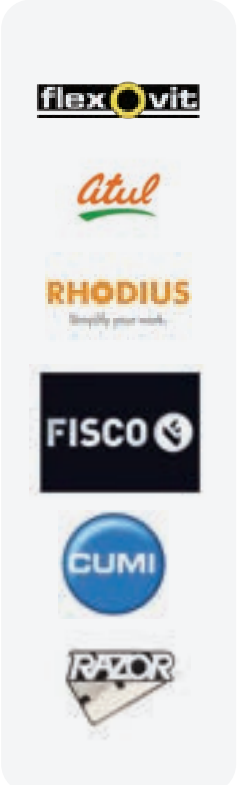

Established in 1984, **Trade Circle Enterprise LLC**. is a multi-dimensional group of companies based in Dubai, United Arab Emirates.

Over time, the group has diversified, and operates in various industries such as Construction, Real Estate, Oil & Gas Services, Agency Distribution & Trading and Engineering Activities.

Through strategic diversification, focused investments and rigorous teamwork the group has excelled to become a market leader and has interests & operations in several countries around the Middle East & Africa.

The Group believes in continual growth as its strategy, and aims to support the growth plans and development needs of the Government of the UAE.

## BRANDS WITH US:

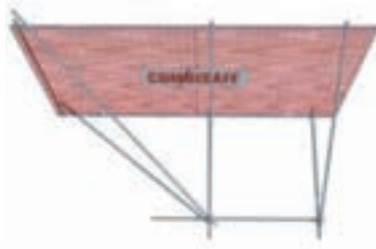

SAFETY	TOOLS AND HARDWARE	CARPENTRY & JOINERY	CONSTRUCTION MATERIAL:
			

Designed to catch materials and people\*. 60mm X 60 mm mesh density.  
 (Comes with 20 mm X 20 mm debris net as standard)

**Standard**  
 (10991 - 10996)

- 4.2 metres or 6 metres long by 3.3 metres wide

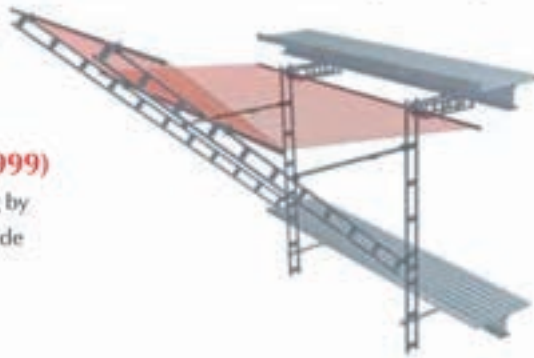

**Corner**  
 (11000 - 11002)

- 6 metres long by 3.3 metres wide

**Maxi**  
 (10997 - 10999)

- 6 metres long by 4.6 metres wide

**High Rise**

- Designed to withstand wind gusts of up to 100mph
- 100mm x 100mm net overlay with 20mm x 20mm\*\* debris netting
- 6 metres long by 4.6 metres wide

This product is a special solution, made to order only.

**STEEL MESH BARRIERS**  
 2.6M X 1.3M

**MULTI MESH BARRIERS**  
 2.5M X 1.2M

# CUTTING AND GRINDING WHEELS

CUMI FLEX cutting & grinding wheels are produced in the state of the art manufacturing facility, with stringent process controls and final product quality checks.

**UNIQUE PRODUCT DESIGN**

**OPTIMUM GRINDING PERFORMANCE**

**GOOD CUTTING ACTION**

**EXCELLENT TOOL LIFE**

## DISCS

### FLAP DISCS

CUMI's flap discs are the one stop solution for grinding and polishing operations.

- Superior cutting action
- Strong backing pad
- Special bonding agent

### FIBER DISCS

Designed for applications ranging from heavy stock removal to finishing operations.

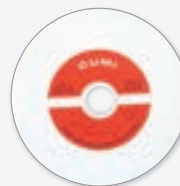

- Designed for high-speed operations
- Vulcanized fiber backing
- High performance bond system

## TIP GRINDING WHEELS (GREEN WHEELS)

- High performance bonds
- Suitable for carbide and alloy steel tools sharpening
- Superior finish

## TOOL ROOM WHEELS

- Excellent form retention
- Superior cutting action
- Dimensional accuracy
- Surface finish

## GENERAL PURPOSE WHEELS

- High performance bonds
- Superior finish
- High stock removal
- Long Life
- High safety

## SAW SHARPENING (G-FACE WHEELS)

- High Performance Bonds
- Suitable for medium and hard band saw blades
- Superior finish
- Long Life

# CL 577 - WET & DRY PAPER

## SIC LATEX WATERPROOF PAPER SHEET

Specially treated backing with advanced bonding system designed for automobile body, putty and paint

Longer Life

High Wet Strength

Multiple Applications

Uniform Surface Finish

Grit Range P80-P2000

## SEGMENTED DIAMOND SAWS (FOR CONCRETE AND STONE)

Designed for concrete & stone

High - speed cutting

Long Life

Suitable for cutting building materials like granite, marble, concrete, bricks etc.

Available sizes: 4.5", 7" & 9"

## DIAMOND CUP WHEELS (SEGMENTED CUP WHEELS)

Designed for concrete & stone

High - speed Grinding

Long Life

Suitable for stone and concrete.  
Available sizes: 4.5", 7" & 9"

## DIAMOND CERAMIC SAWS (CONTINUOUS RIM)

Zero chipping

Smooth cutting

Longlife

Suitable for ceramic, porcelain and tiles.  
Hot pressed ceramic saw

Available sizes: 4.5", 5"

## DIAMOND TURBOSAWS (FOR CONCRETE AND STONE)

Unique turbo design for High-speed cutting

Speed-cutting on hardest concrete

Longlife

Suitable for cutting building materials like granite, marble, concrete, bricks etc.  
Available sizes: 4.5", 5" & 9"

# CONSTRUCTION MATERIALS

## BINDING WIRE

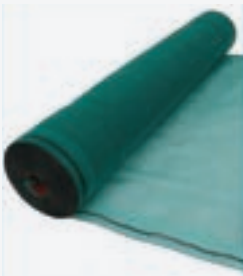

Available in Galvanized, Black annealed and PVC coated

## THREADED ROD

Available in 8mm, 10mm, 12mm, 14mm, 16mm, 18mm

## GREEN SHADE NET

Size- 2x50 mtr / 3x50 mtr

## HESSIAN CLOTH

## RUBBISH CHUTE

- Stackable & easy to transport
- Low weight and maneuverability

## WHEELBARROW

- 100 L Capacity • Heavy Duty • Solid & Air Wheel

## STEEL NAILS

titibi®

## HAND SHOVEL - POINTED

## HAND SHOVEL - FLAT

METISA

CHICKEN MESH

- Sturdy and Light Weight
- Anti-Rust Material

FISHING LINE

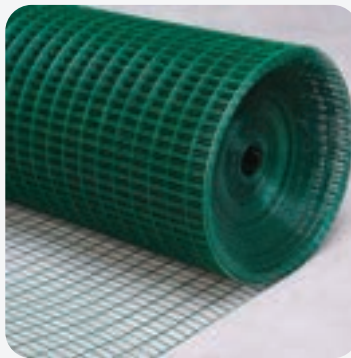

- Stretch • Shock Strength • Abrasion Resistance • Visibility
