MarineTraffic

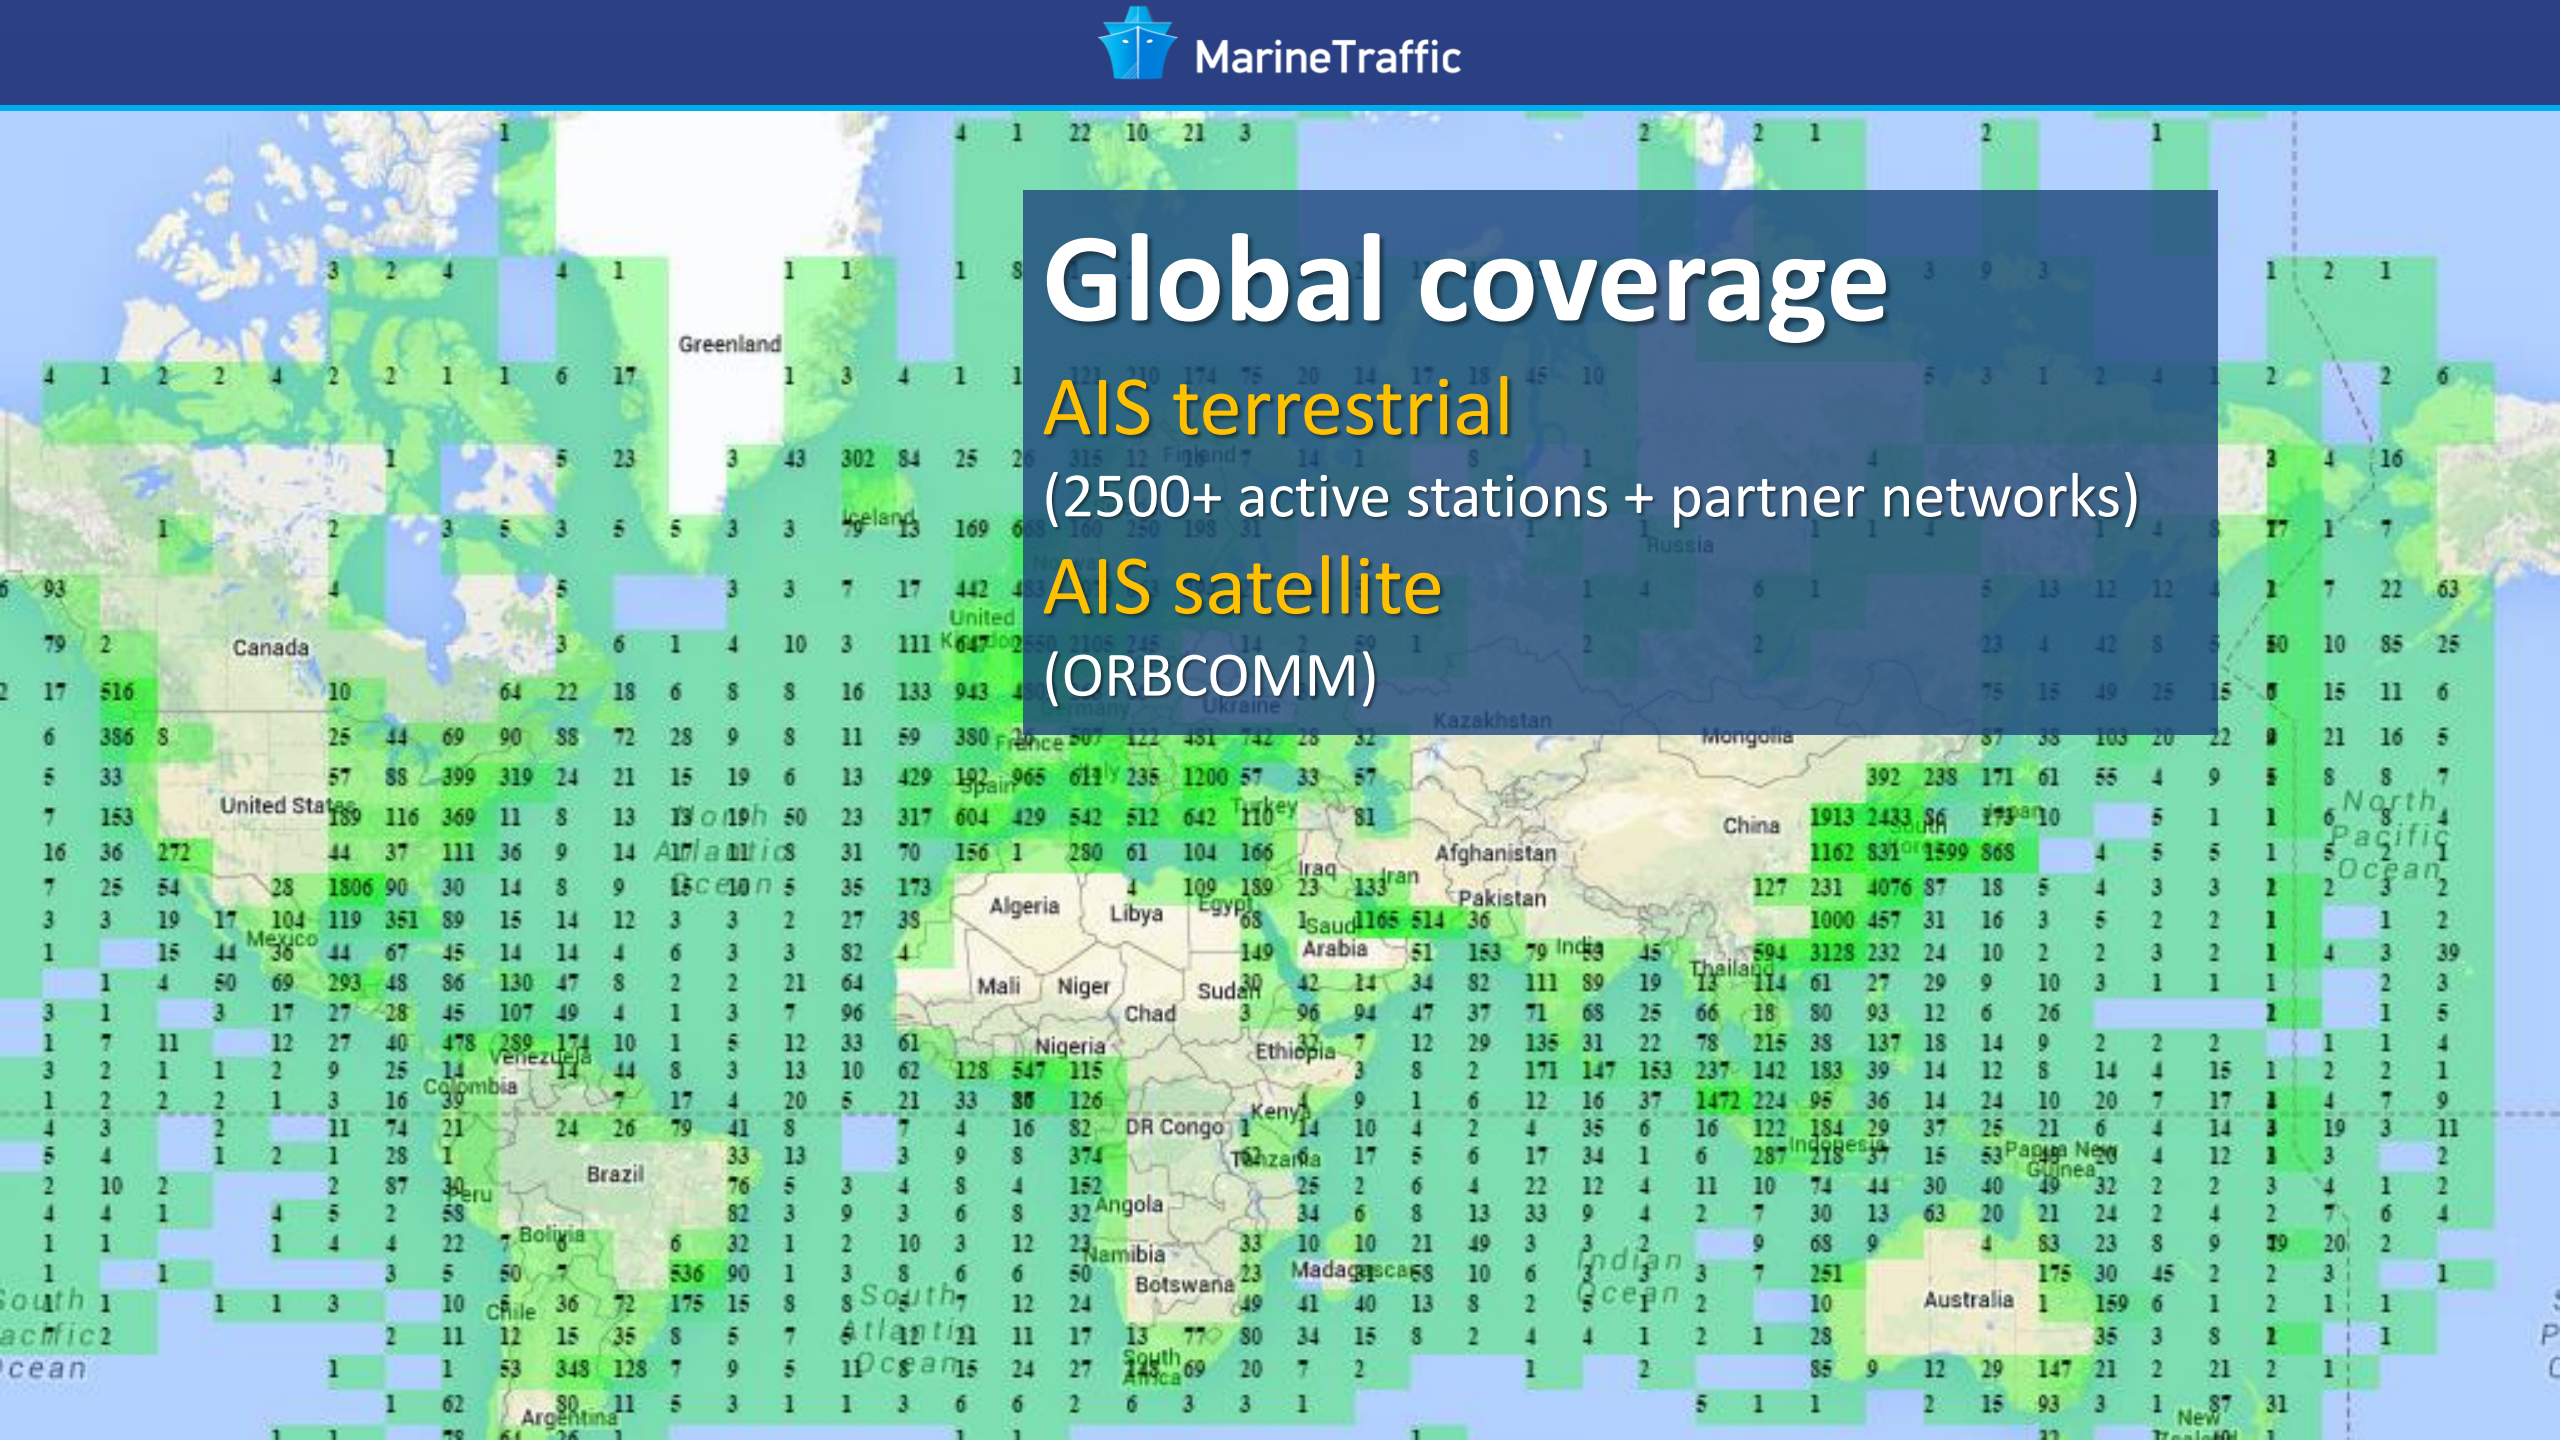
Big data – AIS tracking

180k vessels recorded daily

(8,000 vessel positions per second)

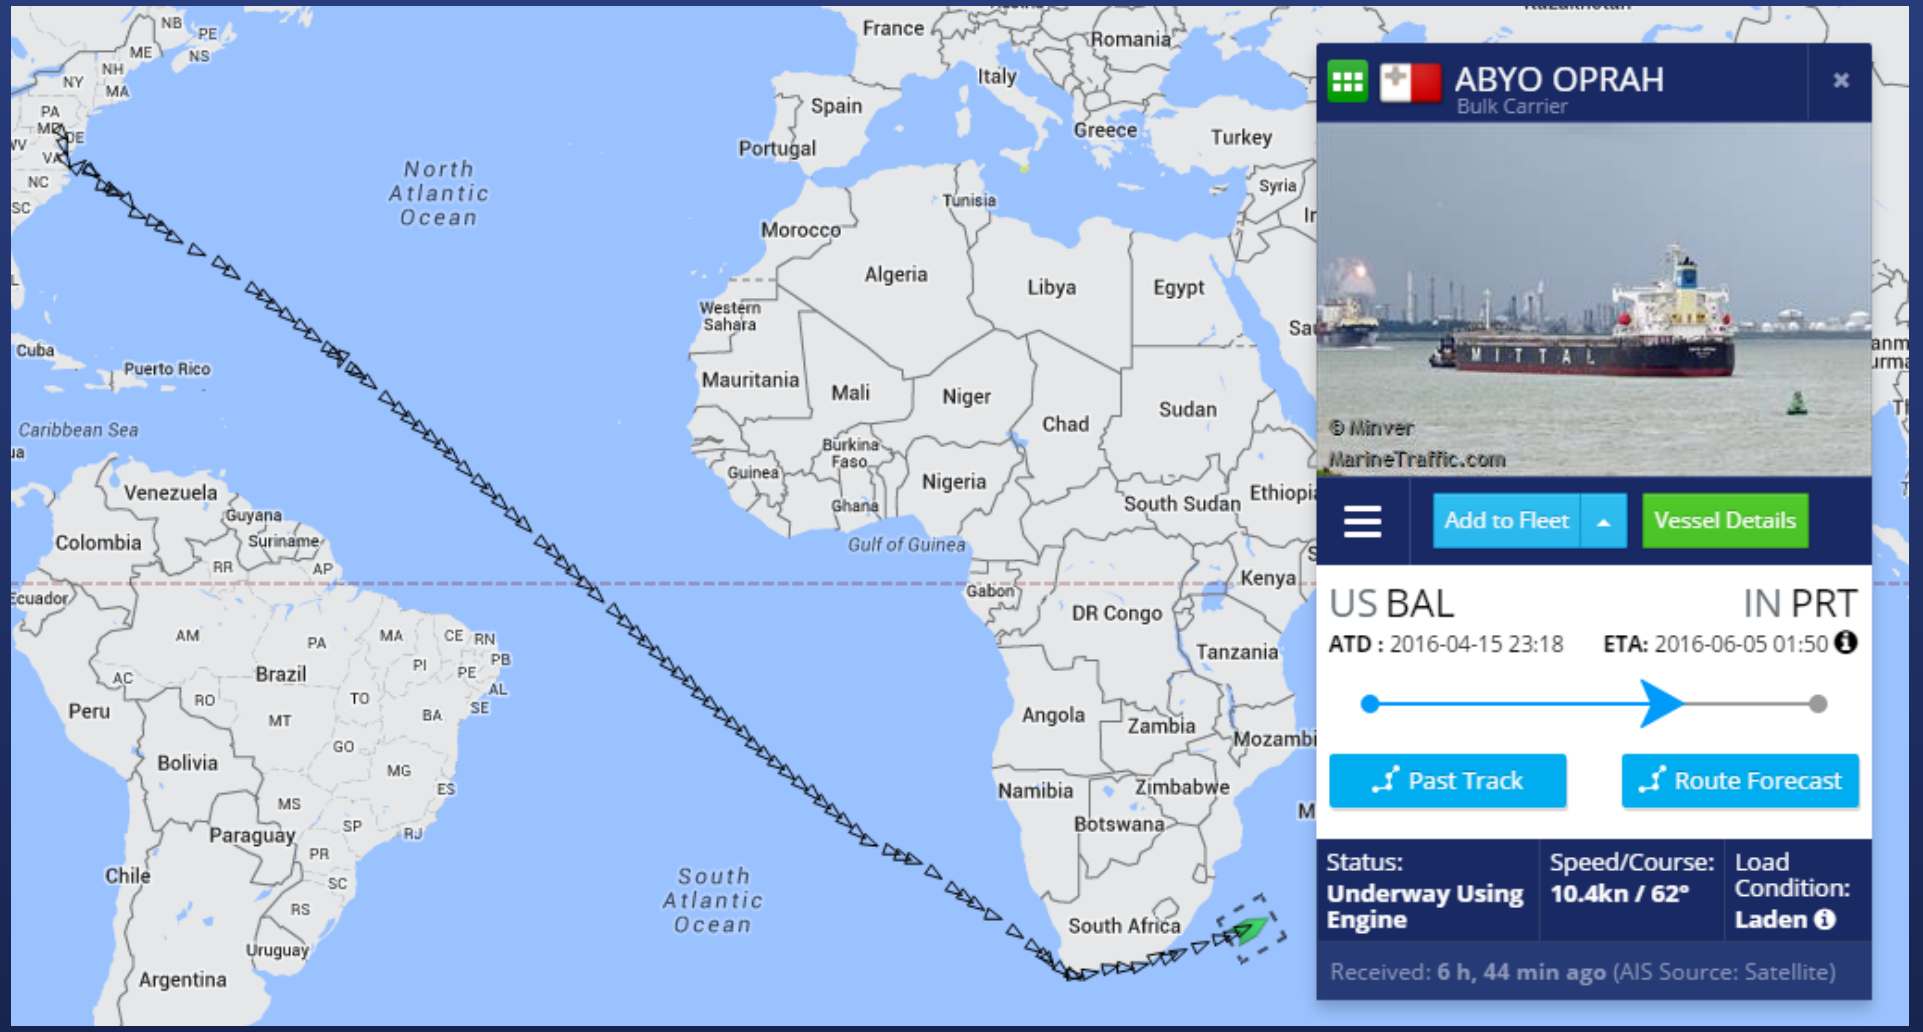
Archive since 2009



MarineTraffic
Global coverage
AIS terrestrial
(2500+ active stations + partner networks)
AIS satellite
(ORBCOMM)

MarineTraffic

Vessel track history



ABYO OPRAH
Bulk Carrier,
From Baltimore (US)
To Paradip (IN)

Voyage

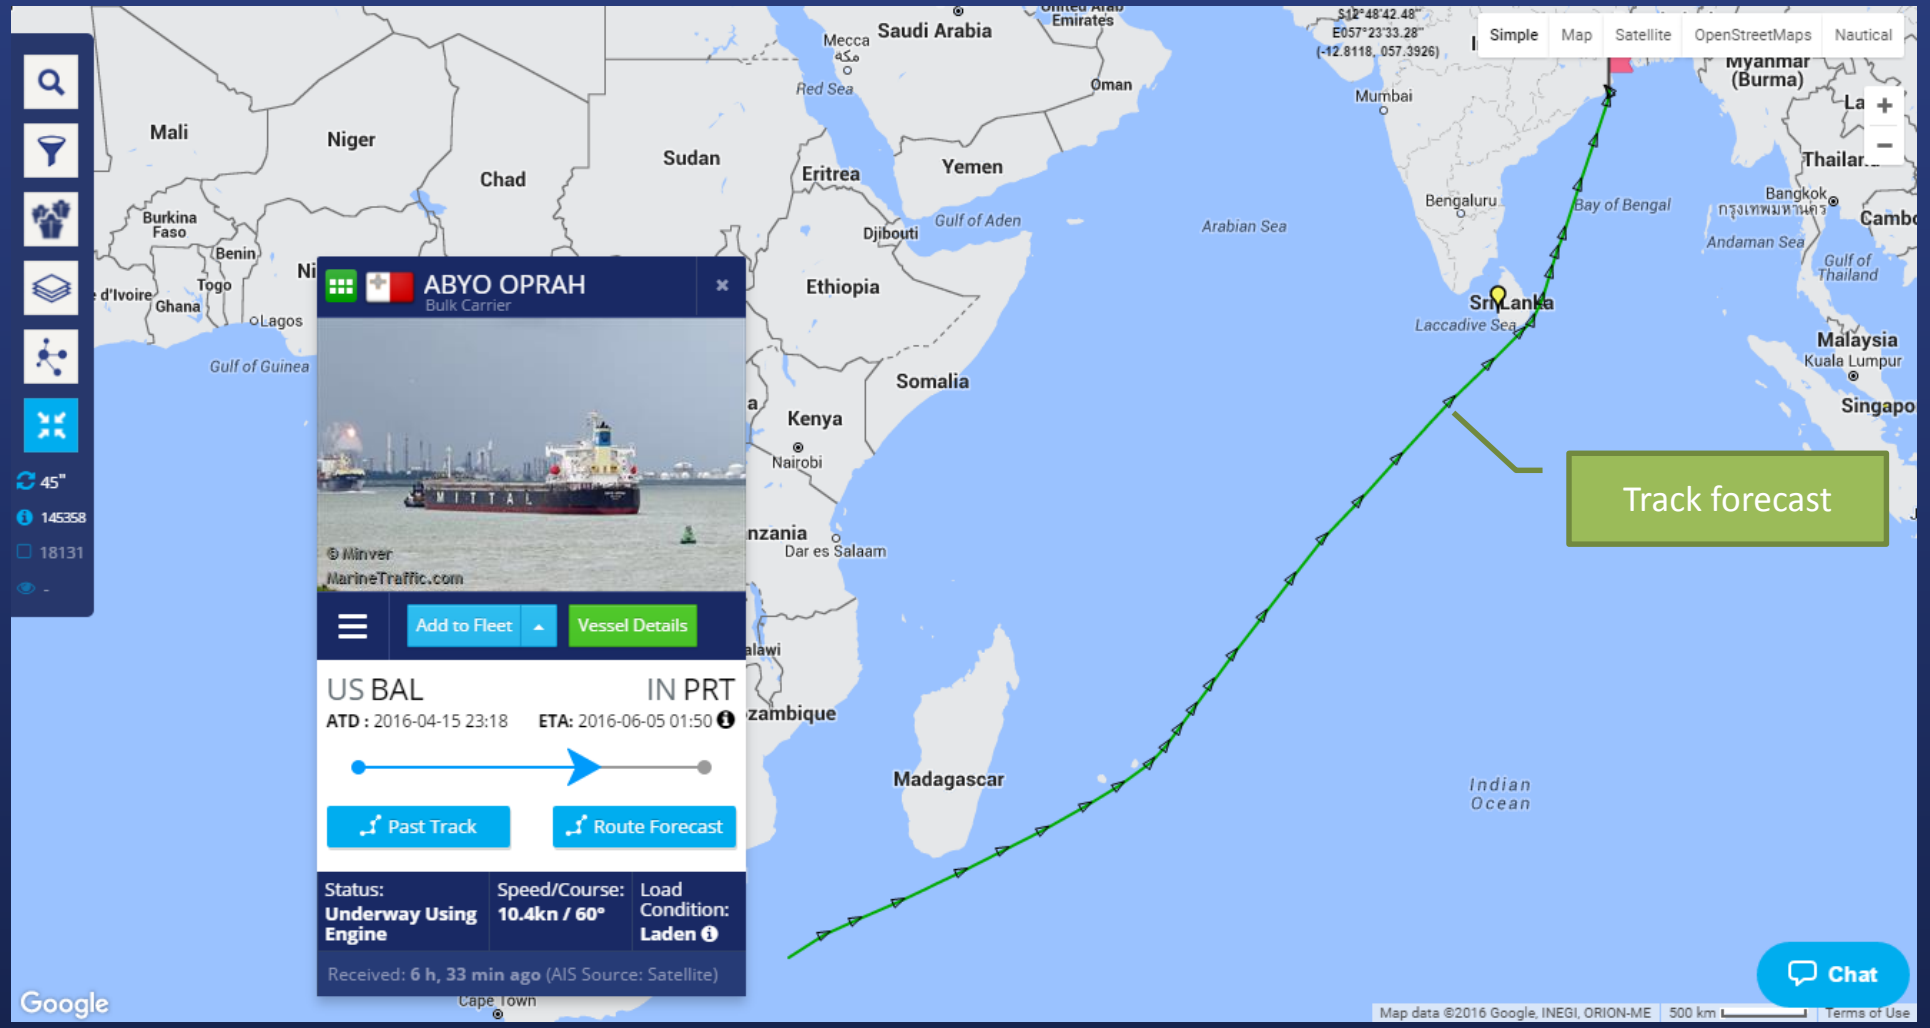
ATD:	15 April	23:18
Reported ETA:	5 June	08:00
Calculated ETA:	4 June	01:50

Laden

Reported draught:	14.0m
Max Draught:	14.6m
Draught ratio:	96%

MarineTraffic

Vessel voyage and ETA forecasting



ABYO OPRAH
Bulk Carrier,
From Baltimore (US)
To Paradip (IN)

Voyage

ATD:	15 April	23:18
Reported ETA:	5 June	08:00
Calculated ETA:	4 June	01:50

Laden

Reported draught:	14.0m
Max Draught:	14.6m
Draught ratio:	96%

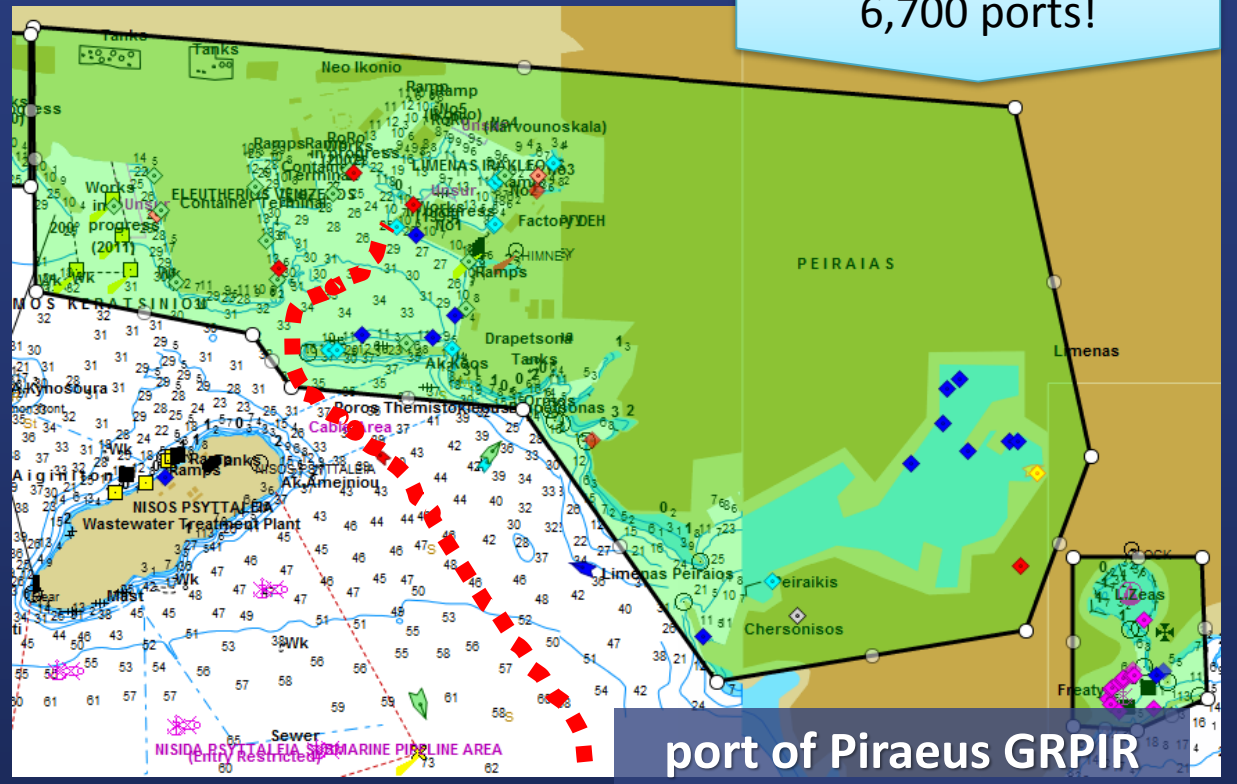
Ports and Port Calls

- Boundaries
- UNLocodes
- Time zones and DST (Daylight Saving Time)
- Designation as Port, Anchorage, Marine, Offshore facility
- arrivals and departures are monitored in real time

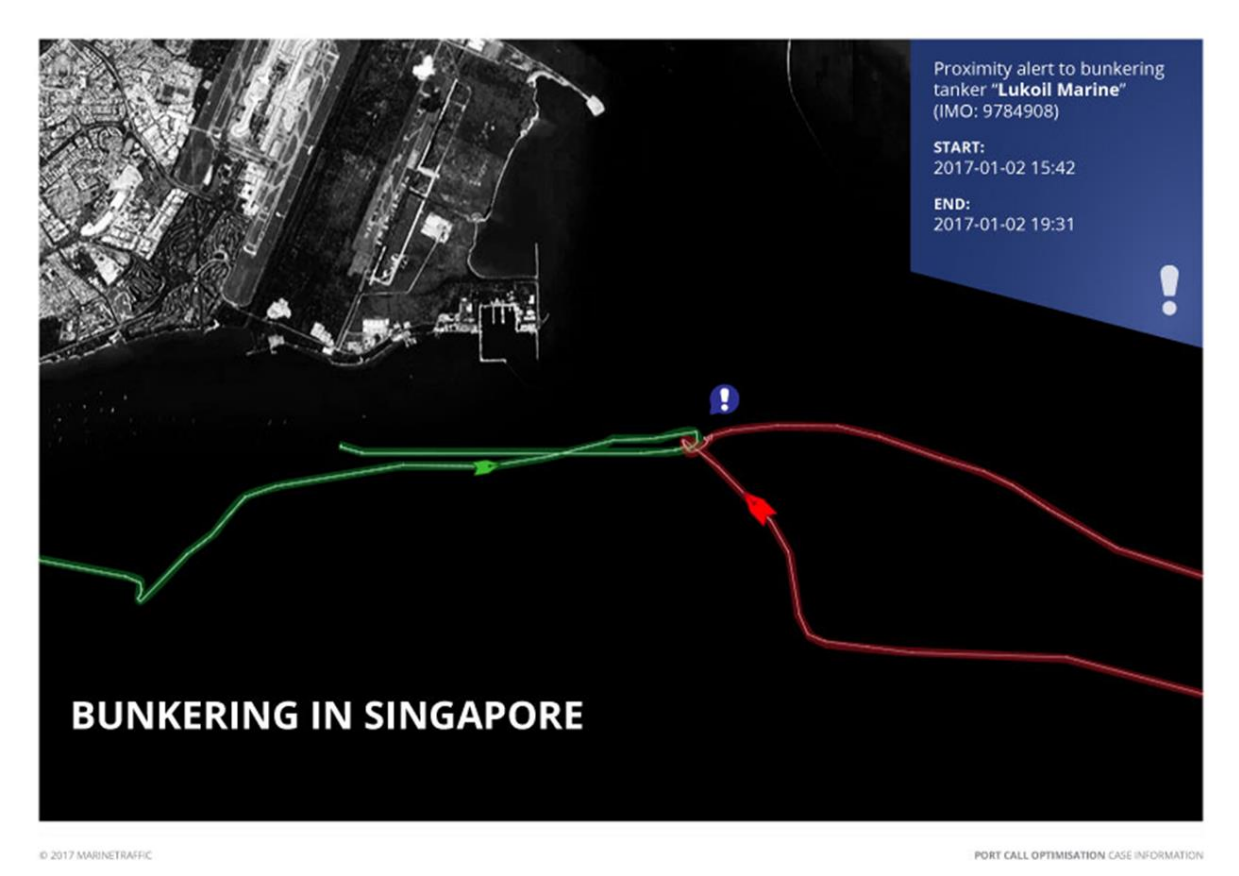
monitoring more than 6,700 ports!

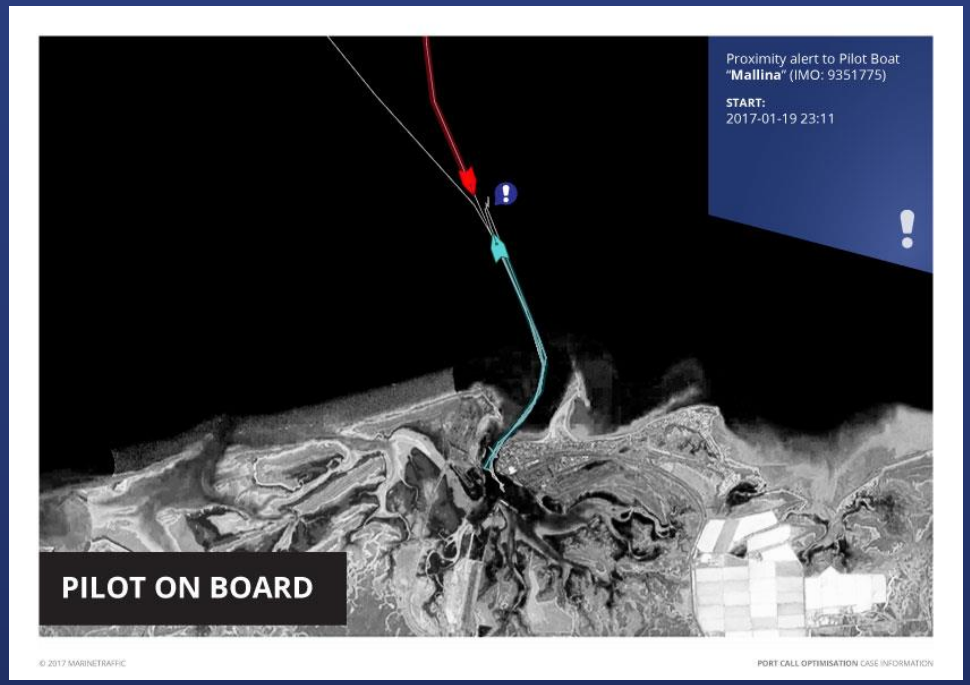


port call	vessel ID port ID Time and type (arrival or departure) draught (real time)

MarineTraffic

Events: proximity measured





DREAM POWER
(9515175)

MarineTraffic

quick Case study: Port Hedland – berth PH4

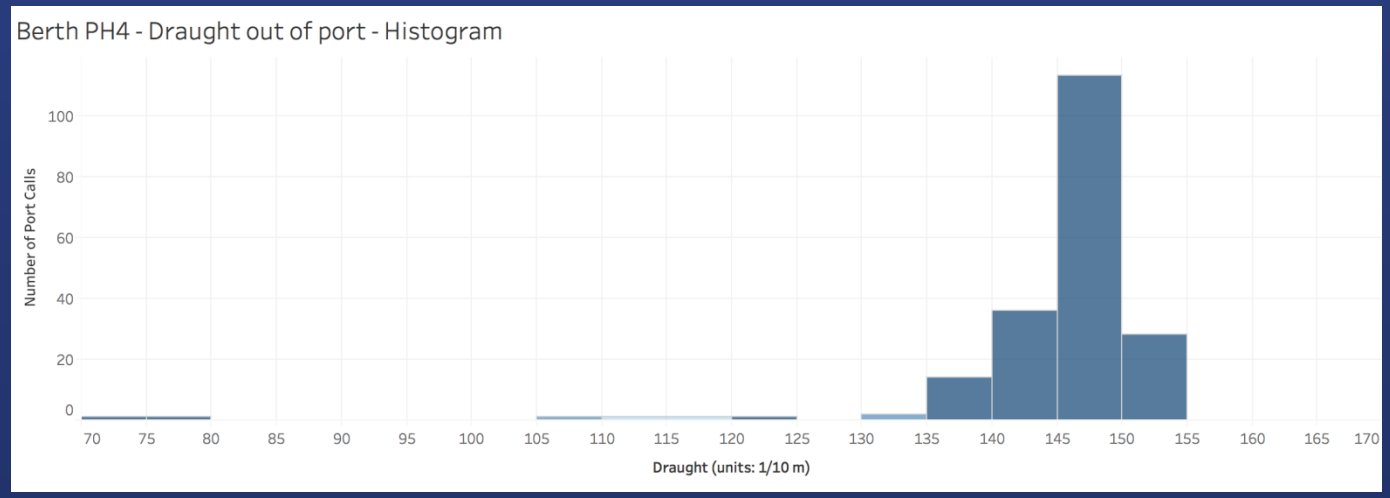
Berths are geo-fenced

and

arrivals and departures are recorded in real-time

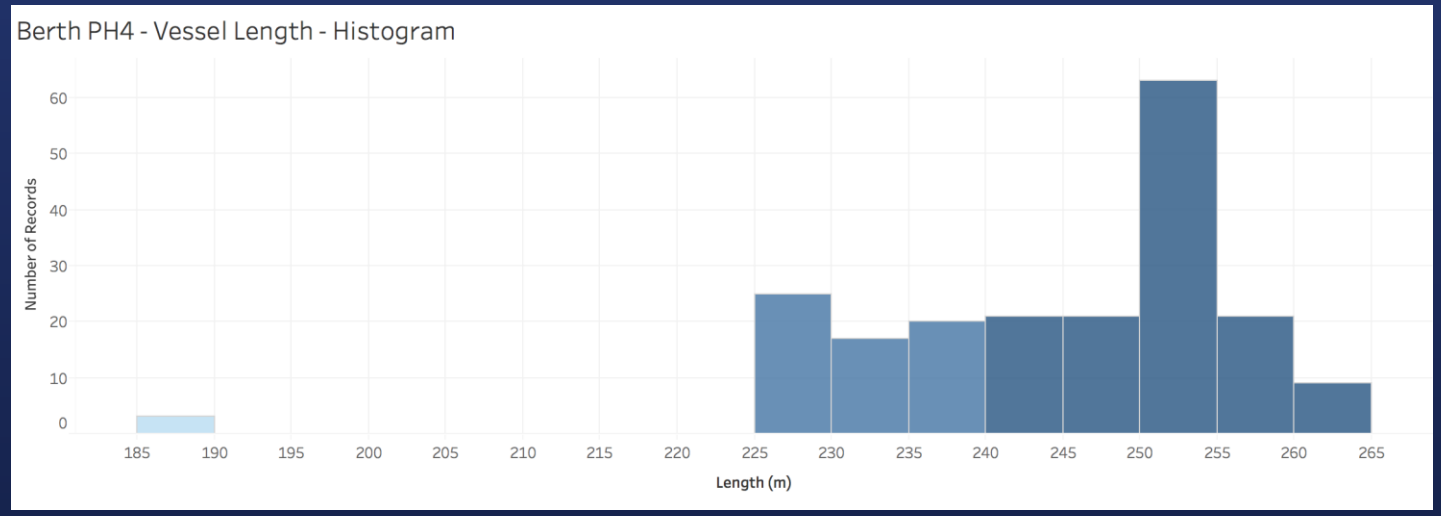
MarineTraffic

Ports operational statistics: restrictions at berth



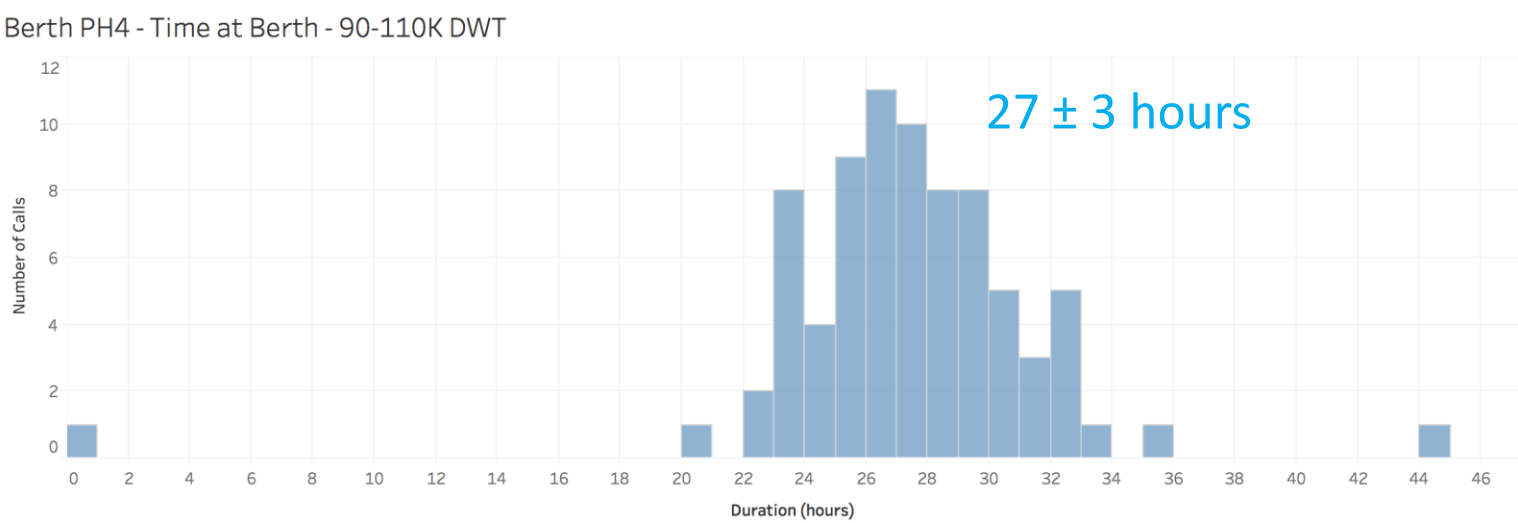
Vessel draught

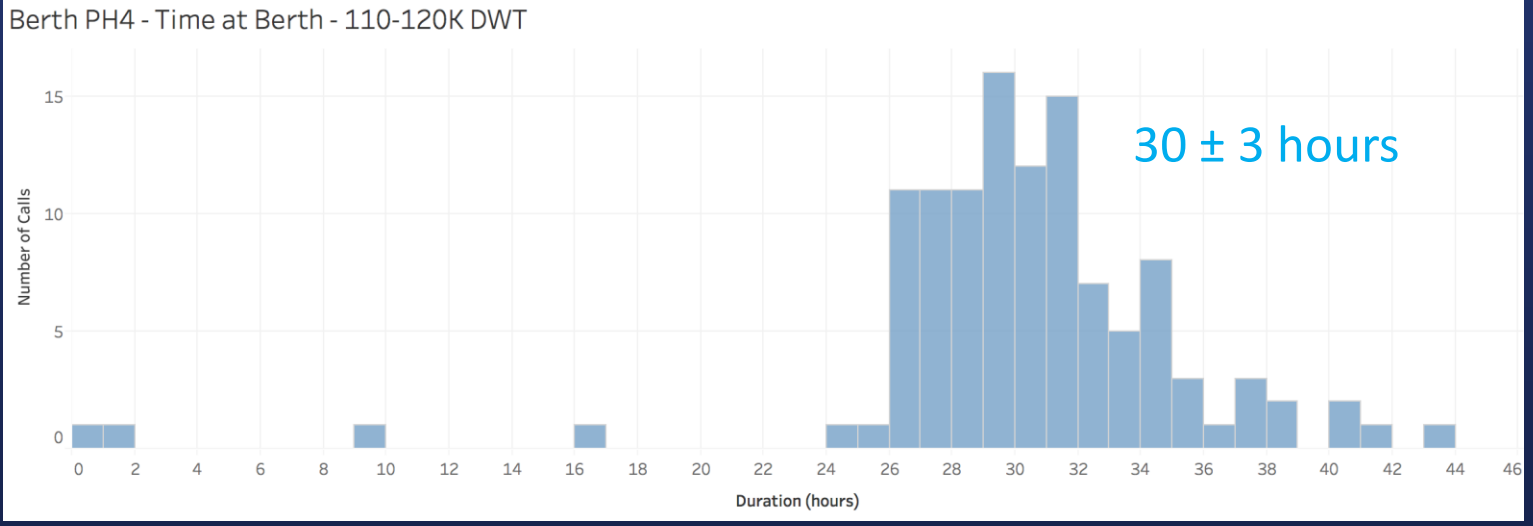
Vessel length



MarineTraffic

Port Operational statistics: Time at berth



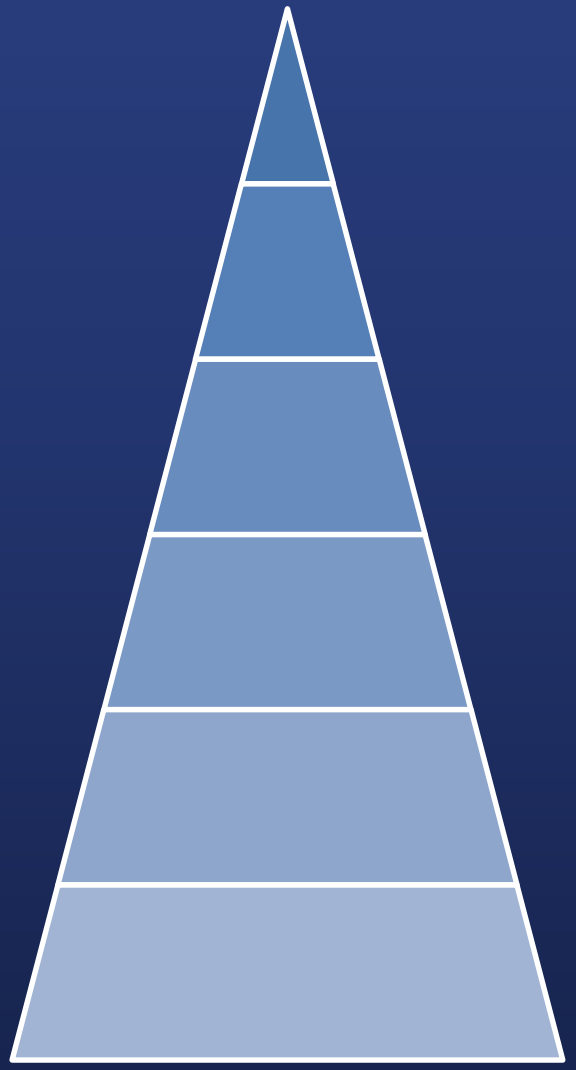


- benchmarking
- ETD forecasts
- …

Big Data: investing in the value chain

MarineTraffic

added value



Interaction: hubs & marketplaces
Enable stakeholder collaboration

Integration: platforms
Integration of reports with work tools

Actionable intelligence
configurable reports from multiple data sources

vessel positions

MarineTraffic

The maritime ecosystem (r)evolution

multiple marketplaces in Shipping

- port/ terminal operations
- freight - chartering
- suppliers
- services
- intermodal operations

Shipping as part of a global freight marketplace?

Disruption at multiple levels: digital

MarineTraffic

Going forward

Thought Leadership

Initiatives and action

Thank you!
