FIXING ROOT CAUSES
it's not the penicillin, it's the care that fixes issue of homelessness

Can we ensure this happens far into the future?

invites to the table are now happening

PATIENTS

EVERYONE AT THE TABLE IS THERE TO SERVE

It's NOT because diversity looks good but it's about getting additive input across multiple points of views, all to get better outcomes and decision making.

we moved our campus police force into the local community where we are providing housing.

Be Youth Serving
we put a STEM HS INSIDE our Main Campus
wow interactions possible to build hope!
