

Battery-free Technology  
Personal Scale

# G4

This is **G4**

Battery Free G4 dramatically improves the most important aspects of the Battery Free Personal Scale experience. It introduces advanced new auto power generation control systems. The best performance and battery free life. most colorful in platform. And it looks every bit as powerful as it is. This is G4-B1718.

**G4** Battery-free Technology  
Personal Scale

**Battery –free.  
Pollution-free.  
It is wonderful.**

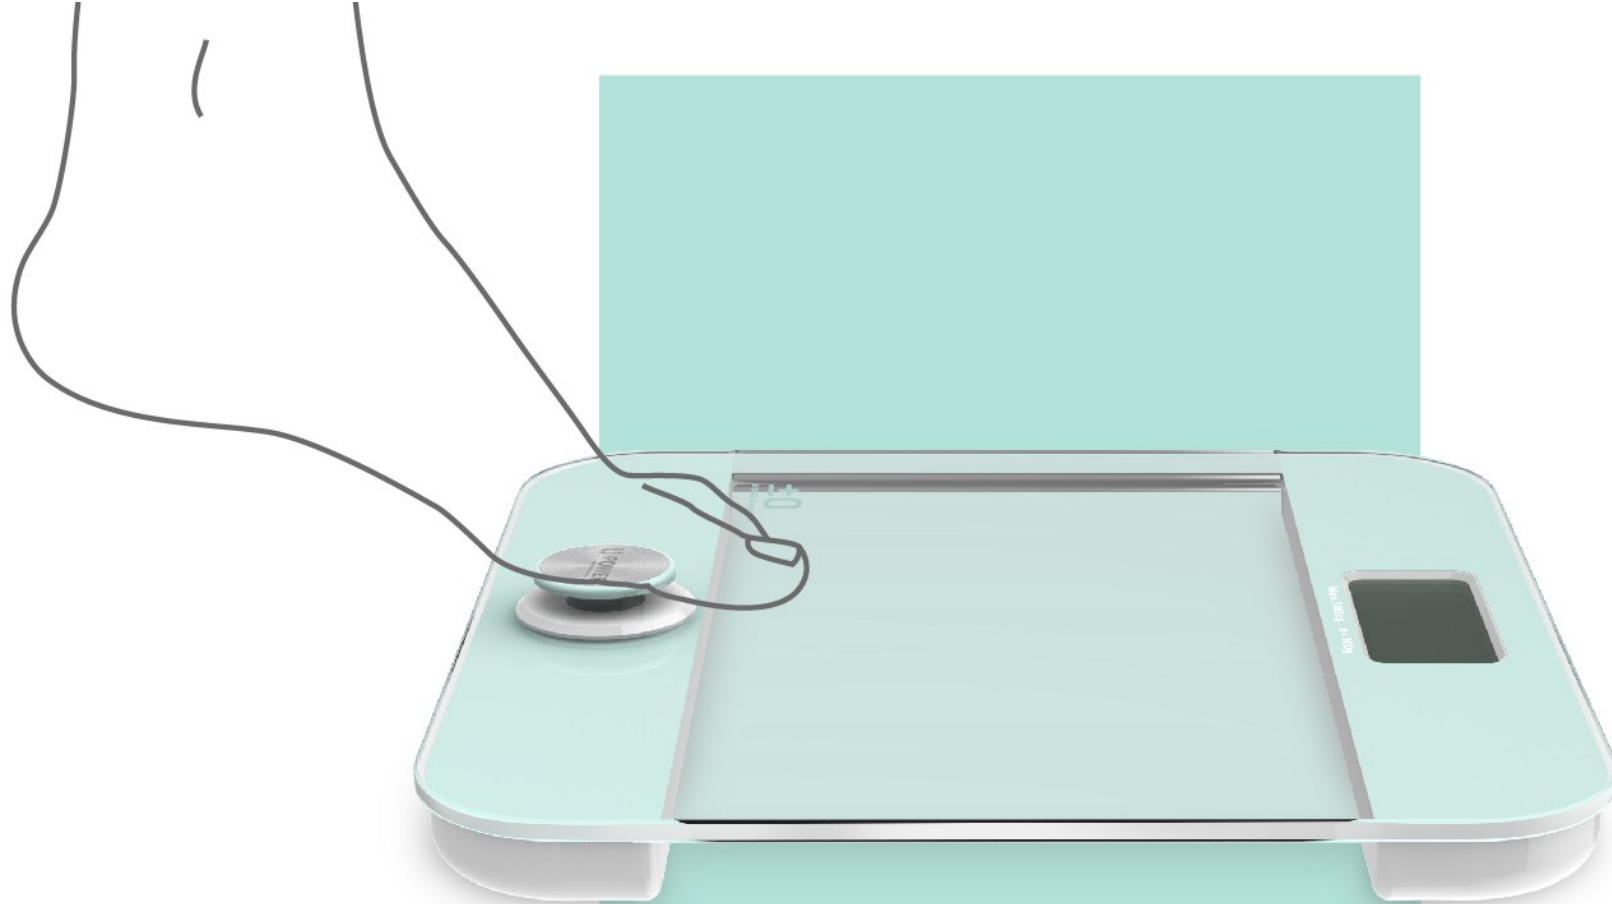

A simple push of a button

Free energy anytime-Tested for more than 50000 operations

**Patent Cooperation Treaty (PCT)  
and China Invention Patent**

**PCT/CN2016/075041**

## One time

Quick push one time on the button will bring you power for weighing.

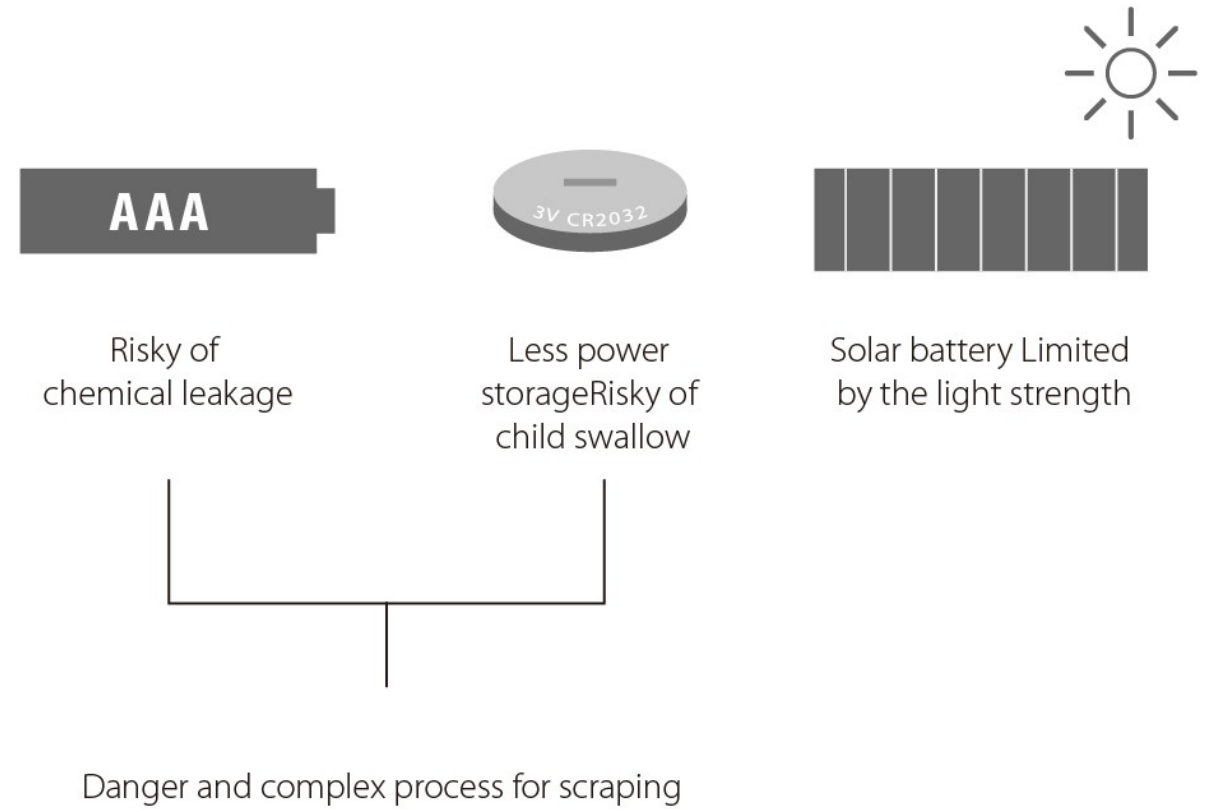

**G4** Battery-free Technology  
Personal Scale

# Maximum efficiency Minimal environmental impact

Designed with the environment in mind. Since U-Power do not require batteries, it's not carbon footprint from day-to-day use.

Don't worry about  
the battery recycling.  
And how to buy batteries  
Much safer for your families

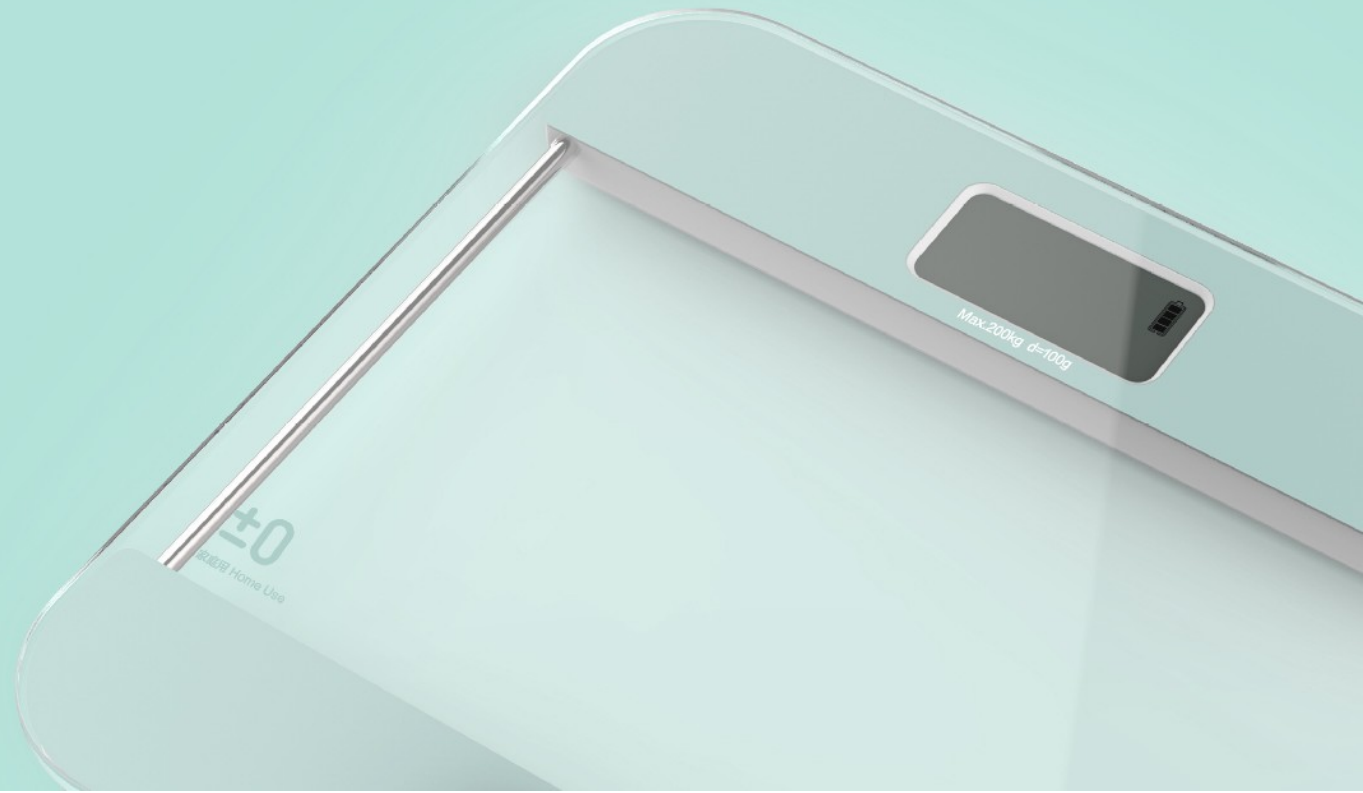

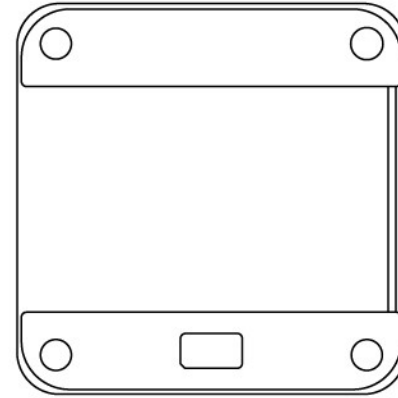

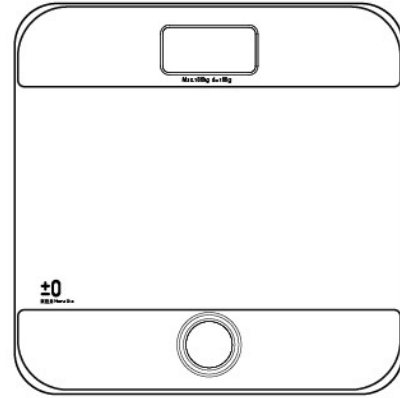

## Details from edge to cutting edge

Seamless connection process structures, No screws exposed.

We questioned every method of integrated design to achieve a remarkable level of fit and finish.

The result? A beautiful, impossibly automatic generation control Personal Scale — and zero compromise.
