Survey Responses	3
Survey Demographics	50

Methodology

The Baldwin Wallace University Ohio Pulse Poll was conducted between 9/30/2024 and 10/1/2024. The unweighted number of respondents is 907 registered Ohio voters, and the effective sample size after demographic weighting is 877 registered voters.

SurveyUSA administered the survey instrument online to a representative cross section of self-identified registered voters in Ohio who were selected by Lucid Holdings LLC of New Orleans. Respondents were weighted to US Census American Community Survey targets for gender, age, race/ethnicity, education, home ownership, and to recalled 2020 Presidential vote.

Margins of error are computed using an adjustment of the classical Central Limit Theorem margin of error associated with random samples. Specifically, the margin of error (computed at a 95% confidence level) is inflated relative to the ordinary calculation by a factor of $\sqrt{1 + [cv(weights)]^2}$, where cv denotes the coefficient of variation. In this survey, the design factor is 1.2. These margins of error assume that the weighted estimates are approximately unbiased. This assumption implicitly relies on the assertion that any differences between the survey sample and the target populations on key survey outcomes are corrected by cell weighting against demographic targets. No analysis was conducted to validate that assertion.

The margins of error printed on each question are applicable only to overall results, indicated by highlighted columns in the associated tables. Columns without highlighting refer to demographic subgroups; consequently, such columns necessarily have a higher margin of error. Total column percentages may not add to 100% due to rounding error.

This project was funded by Baldwin Wallace University's Community Research Institute.

Survey Responses

Q1: How would you rate the job President Joe Biden does at representing your views?

Response	Overall	Gender		Age		Degree?*

Q9: Which comes closest to your view about undocumented immigrants who are currently living in the United States? They should be allowed to stay in the United States and to eventually apply for US citizenship. They should be allowed to remain in the United States, but not to be allowed to apply for US citizenship. They should be required to leave the US.
