

Have Medi-Cal?

Three Easy Steps To Get Free COVID-19 Antigen Tests

1. Bring your Medi-Cal card(s) to your local pharmacy.

- You must go to the pharmacy counter to get your free COVID-19 tests.
- Each person with a Medi-Cal or Medicare card can receive up to 8 tests each month.
- Tests availability may be limited by store supply.

2. The pharmacist will write you a prescription, either physically or electronically, to be able to give free tests with no co-pay. *They can use the prescription sheet below.*

3. Take your tests home. If you need more tests next month, repeat these steps.

Test It

Have symptoms or a recent exposure? Take an at-home COVID-19 test!

Treat It

Test positive? Talk to a medical provider right away about medicines to fight COVID-19. Find out more at covid19.ca.gov/treatment or call 1-833-422-4255 to schedule a FREE telehealth appointment.

Beat It

Help get over COVID-19 faster! When you take COVID-19 medicine you can test negative sooner and reduce your risk of severe illness and Long COVID.

	<u>Prescriber Name, Address, Phone Number</u>
Patient Name _____ Date: _____	
<input type="checkbox"/>	<u>8 (eight) At-Home COVID-19 Antigen Tests</u>
Prescriber's Signature _____	
License #: _____	

Pharmacists can use this prescription sheet (or file an e-prescription) to provide 8 at-home COVID-19 tests to each person with Medi-Cal.
