Climate Survey Circular Letter

Re: Launch of Climate Change and Environmental-Related Risks Survey

The Cayman Islands Monetary Authority (the "Authority") is pleased to announce the launch of its survey focusing on climate change and environmental-related risks, in line with the Authority's commitment to monitoring global developments and understanding emerging risks within the industry.

Your participation will play a crucial role in shaping specific initiatives and regulatory frameworks aimed at addressing the challenges presented by these risks. To contribute your insights, kindly [complete the survey here](#). The deadline for submissions is **8 March 2024**.

Thank you for your assistance.
