Climate Survey Circular Letter

Re: Extension of Deadline for Climate Change and Environmental-Related Risks Survey

The Cayman Islands Monetary Authority (the "Authority") extends its appreciation for the positive response to our climate change and environmental-related risks survey. In alignment with our commitment to thorough industry monitoring, we are pleased to announce an extension of the survey deadline.

Your participation remains instrumental in shaping specific initiatives and regulatory frameworks designed to address challenges associated with climate change and environmental risks. We invite you to contribute your insights by [completing the survey using the provided link](#). **The new deadline for submissions is now 31 March 2024.**

Thank you for your assistance.
