Acknowledgement of Country

Deakin University acknowledges the Traditional Custodians of all the unceded lands, skies and waterways on which Deakin students, staff and communities come together. As we learn and teach through virtually and physically constructed places across time, we pay our deep respect to the Ancestors and Elders of Wadawurrung Country, Eastern Maar Country and Wurundjeri Country, where our physical campuses are located. We also acknowledge the many First Nations from where students join us online and make vital contributions to our learning communities.

The Deakin difference

Victoria's
#1 university
for facilities
and resources¹

At Victoria's #1 university for facilities and resources¹, you'll work with tomorrow's technology today in our inspiring learning environments, where you can:

- prototype ideas with 3D printing
- trade stock in a simulated trading room
- practice advocacy in a moot court
- merge movement and art in our motion-capture lab
- create your on-screen story at Deakin Studios (Burwood) – our virtual production, television, film, and animation studio
- develop hands-on nursing and midwifery skills in our clinical simulation centres
- use a climate chamber to simulate extreme conditions of temperature, humidity, altitude and oxygen levels
- learn when, where and how it suits you, thanks to our world-class digital learning environment.

With access to our industry-grade facilities, you'll gain the expertise to transition from course to career by developing the in-demand, real-world skills that employers are looking for.

► Our industry partnership and work placement difference

Get a head start in your future through workplace learning and, potentially earn credit towards your degree while gaining skills, knowledge and professional networks, via:

- courses matched to current industry practice and shaped by industry experts
- workplace internships
- placements
- work-integrated learning programs.

► Our world-class research and education difference

At Deakin, we're leading the way with our cutting-edge facilities and internationally renowned research and teaching. We're proud to be rated Victoria's #1 university for teaching quality¹ and to be placed in the top 1% of universities worldwide.² We've also been awarded a five-star rating by the prestigious university ranking Quacquarelli Symonds (QS).

► Our sustainable difference

We care about our shared future. That's why we're committed to sustainable initiatives and practices, and focus on our environmental, social and economic sustainability performance. Driven by these values, our transition to being carbon neutral and using only 100% renewable electricity by 2025 is well underway. Our Geelong Wauru Ponds 7.25 megawatt Renewable Energy Microgrid and Burwood Battery Research and Innovation Hub keep us at the forefront of developing future energy solutions.

deakin.edu.au/sustainability

deakin.edu.au/about-deakin/vision-and-values/sustainability

► Our career and alumni difference

Your journey with Deakin doesn't finish when you graduate. You'll join a global community of more than 300,000 alumni with a shared ambition to nurture a better future. And to help you unlock your potential, you'll have access to DeakinTALENT's award-winning³ career coaching, industry networking opportunities and digital resources. You're ready. The world awaits.

deakintalent.deakin.edu.au

deakin.my/university

► Our student experience difference

Whether you're studying online or on campus, you get support every step of the way at Deakin, Victoria's #1 university for student support.¹ Our awesome on-campus and virtual events help you make friends and feel part of our community. A range of academic study support services offer tailored help to bring out your best. And, if you ever need a helping hand with your well-being, our healthcare and disability professionals are on hand.

deakin.edu.au/student-life

1 2022 Student Experience Survey, Quality Indicators for Learning and Teaching (QILT).

2 2023 ARWU Rankings, 2024 QS World University Rankings.

3 Australian Graduate Recruitment Industry Awards 2017, 2018, 2019, 2020 winner for most popular career service in Australia; Employability award, 2021 Australian Financial Review Higher Education Awards.

Deakin Access and Equity Schemes

We believe that everyone should have access to higher education. That's why we consider how all your talents, qualifications and experience may help you to succeed at university.

deakin.edu.au/access-equity

The Deakin Guaranteed ATAR

We are providing lower guaranteed ATARs for eligible Australian Year 12 students, for most undergraduate courses. This will provide you with more certainty, reduce stress and ultimately give you greater opportunity to get into the course you really want.

To be eligible for the program, you will need to meet at least one of the following criteria, preference Deakin and submit a SEAS application through VTAC:

- attend a Deakin under-represented school
- live or study in a regional or remote location, or
- be of Indigenous Australian descent.

deakin.edu.au/deakin-guaranteed-atar

Special Entry Access Scheme (SEAS)

SEAS recognises obstacles you've overcome and adjusts your ATAR to help improve your chances of securing a place in your ultimate course. By submitting your SEAS application through VTAC, you may be eligible if you:

- are under-represented, live regionally or identify as an Indigenous Australian
- experienced financial hardship
- live with a disability or medical condition
- experienced life or family challenges.

deakin.edu.au/seas

Regional and Remote Entry Scheme (RRES)

To address workforce shortages in regional and rural areas, this scheme offers eligible applicants an adjustment of up to 10 aggregate points towards their entry score across a number of courses in exercise and sport science, medical imaging, nutrition science, occupational therapy, social work and vision science/optometry. You must be from Greater Geelong or a regional or remote area to be eligible.

deakin.edu.au/rres

Deakin Regional Access Scheme (DRAS)

This scheme offers applicants from anywhere across Australia (all city, regional and rural areas) the opportunity to receive an early conditional offer to study select courses at our Geelong and Warrnambool campuses. To be eligible for the program, you will need to preference the participating Deakin course through VTAC and submit a supporting online DRAS form to Deakin.

deakin.edu.au/dras

Indigenous Entry Stream

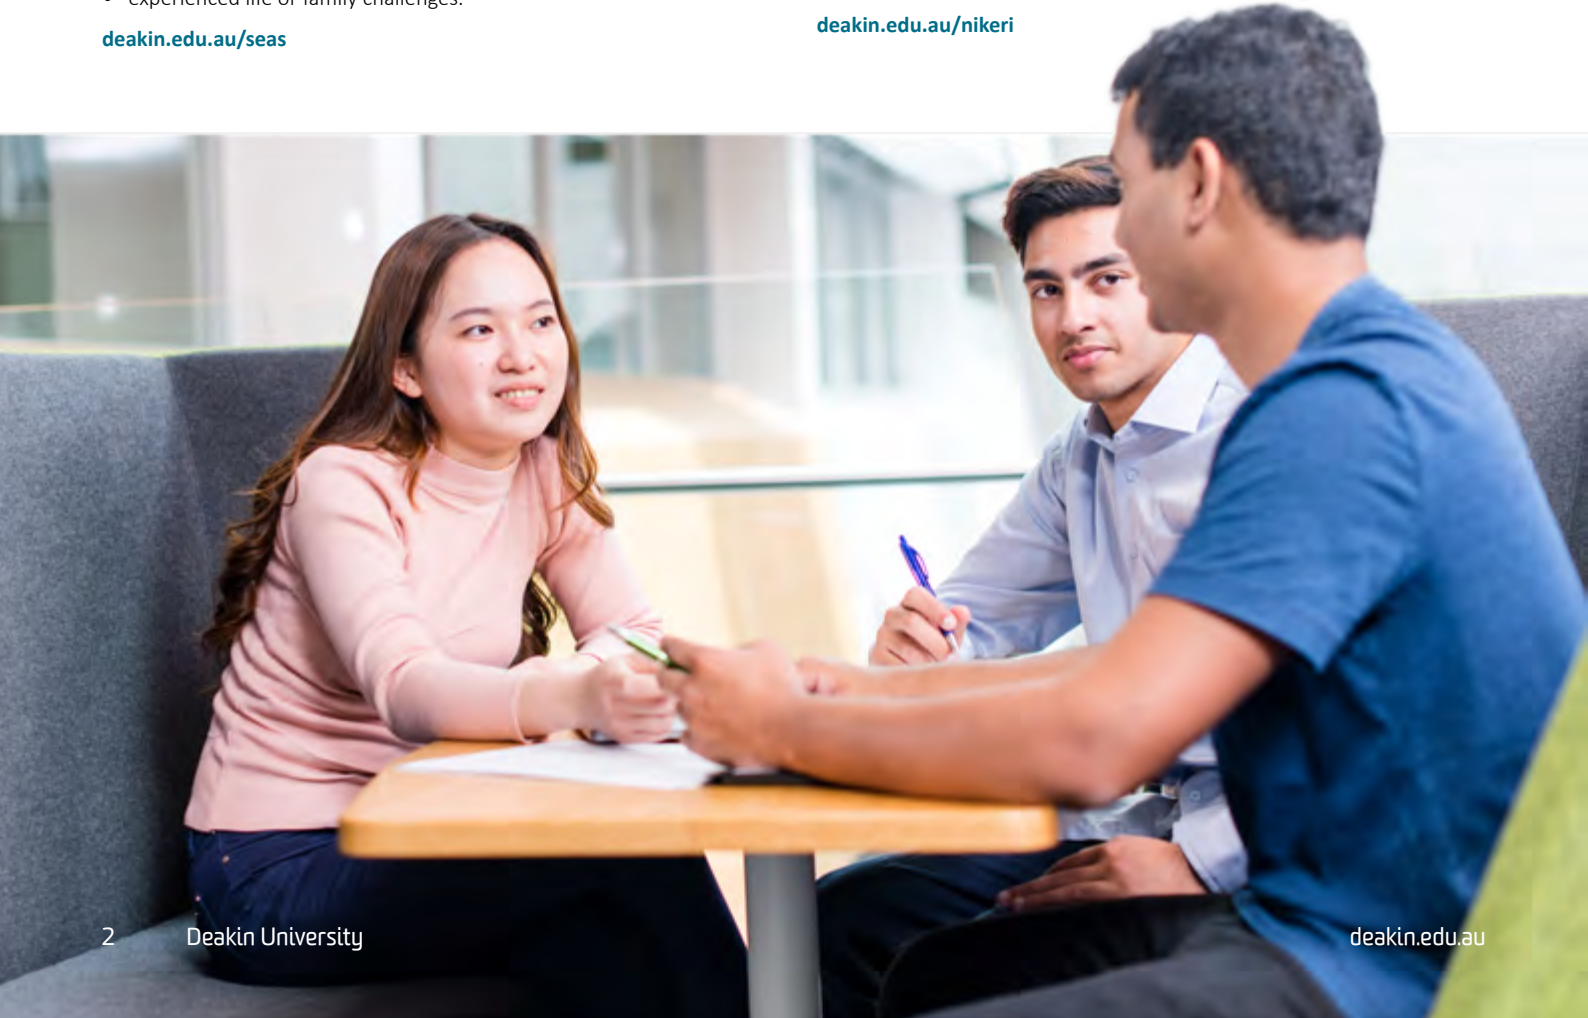

In partnership with the National Indigenous Knowledge Education Research Innovation (NIKERI) Institute, Deakin's Indigenous Entry Stream offers entry streams exclusively for Aboriginal and Torres Strait Islander students to study an optometry, medical imaging, medicine or psychological science (honours) degree.

deakin.edu.au/ies

National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute

Offering community-based education programs, the NIKERI Institute gives Aboriginal and Torres Strait Islander Australians the flexibility to access higher education while maintaining family, work and community commitments.

deakin.edu.au/nikeri

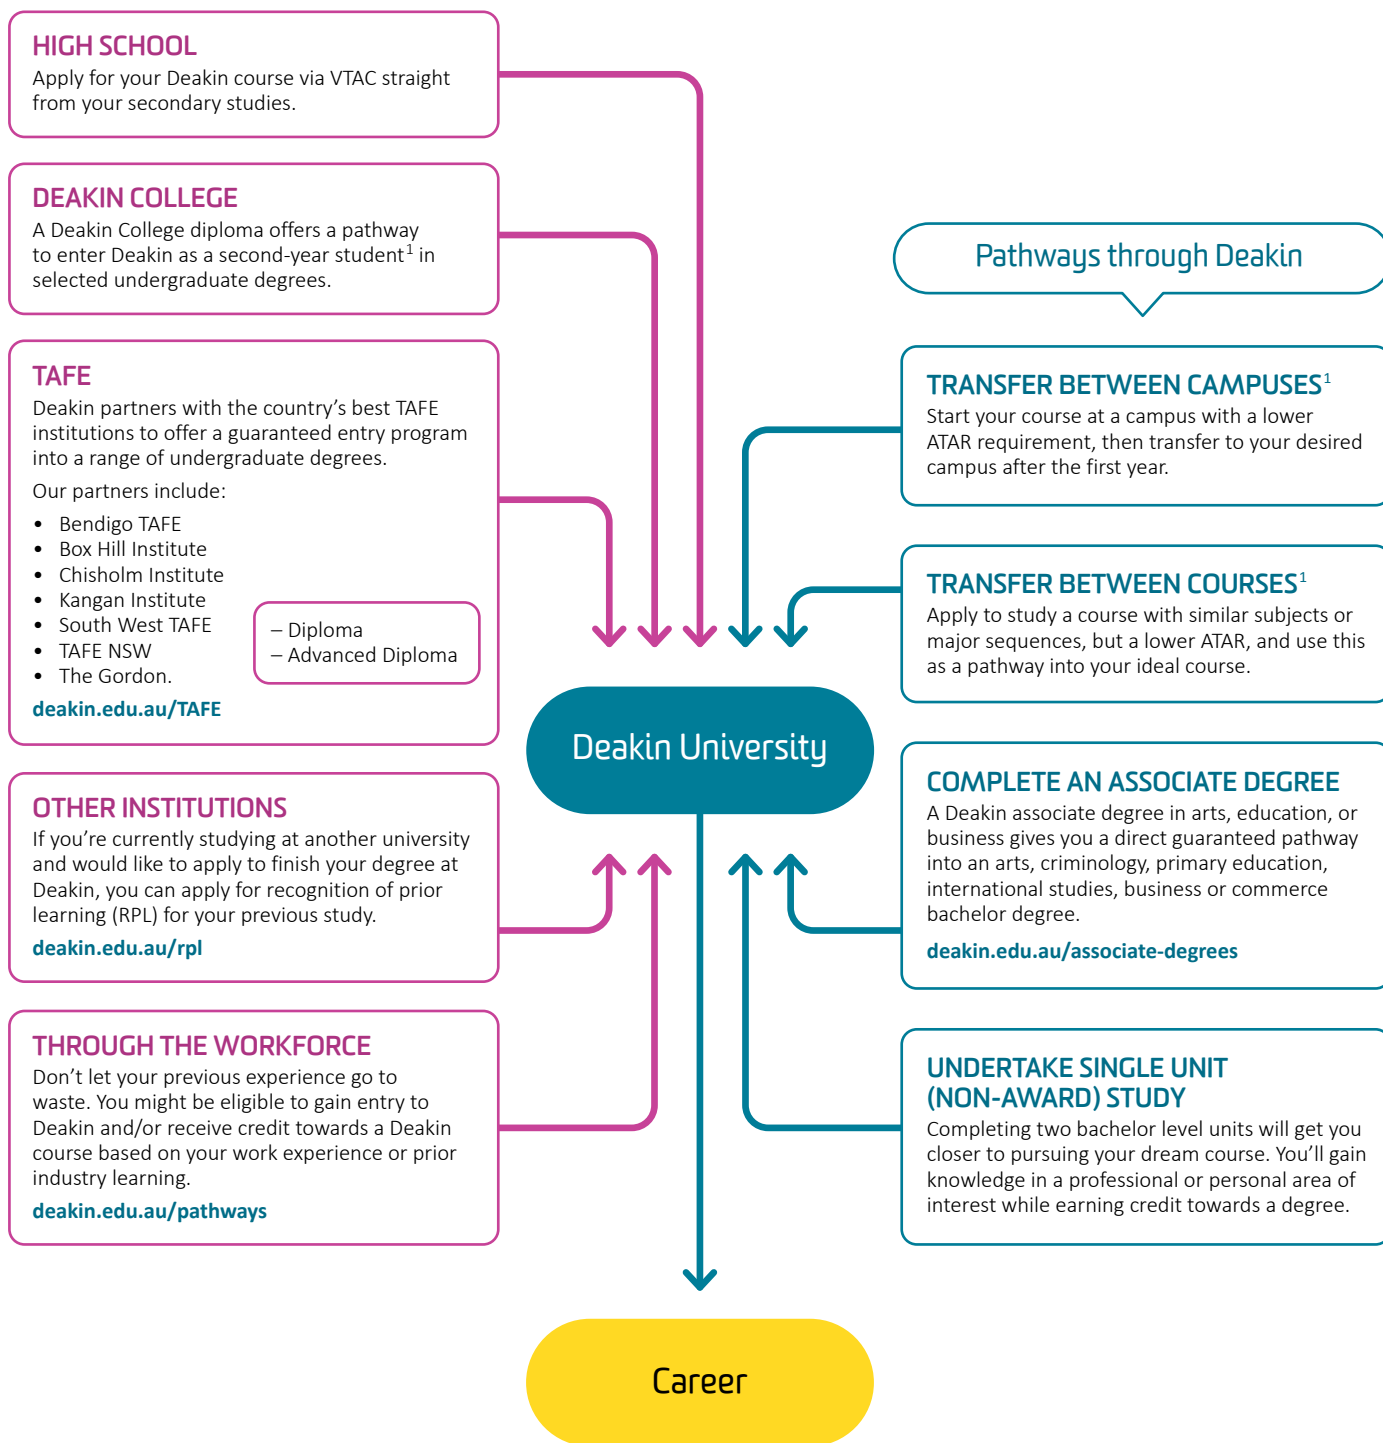

Find your pathway to university

There are many different ways you can get into an undergraduate course at Deakin

We'll make sure your hard work is rewarded with a pathway to university. Try our Pathways Finder tool and explore the options that might be available to you.

deakin.edu.au/pathways-finder

¹ Subject to availability and meeting course entry requirements or minimum academic requirements. Recognition of prior learning (RPL) reviewed upon application.

Your campus; our game-changing facilities

Where you choose to study will depend on your degree and preferences, but our on-campus degrees use the same online learning platform as our online degrees. That means more flexibility to do what works for you, with seamless connection between our physical and digital classrooms.

Melbourne Burwood Campus

A 30-minute drive from Melbourne's bustling CBD, Deakin's Melbourne Burwood Campus is our liveliest with approximately 27,000 students.

Our top-tier facilities:

- a professional motion-capture lab
- dance, drama, visual arts, photography and design studios
- Deakin Studios (Burwood) – our virtual production, television, film, and animation studio
- the Phoenix Art Gallery
- Industry-standard food nutrition labs
- a recently expanded nursing and midwifery clinical simulation centre
- IT gaming facilities
- a simulated foreign-currency trading floor
- a moot court
- a specialised state-of-the-art indoor exercise and sport science facility

Geelong Waurn Ponds Campus

More than 7,300 students access world-class programs and superb facilities close to Australia's best beaches at our Waurn Ponds Campus, which is just 9km from Geelong's CBD.

Our top-tier facilities:

- a state-of-the-art engineering precinct and modern science labs
- the Nyaal immersive learning precinct, an interactive learning space with a 360-degree theatre, collaborative think tank and event space.

As well as Deakin's Elite Regional Sports Precinct, which includes:

- an MCG-sized AFL oval
- a FIFA-grade soccer pitch
- an eight-lane 400-metre athletics track and 50-metre long-jump track and sandpit
- basketball and netball courts, and baseball diamond.

Geelong Waterfront Campus

Founded in 1994 and originally built as wool stores in the 19th century, our Geelong Waterfront Campus overlooks Corio Bay and offers world-class facilities to more than 4,200 students.

Our top-tier facilities:

- Architecture and Built Environment (A+B) studio and gallery
- nursing and midwifery clinical simulation centre
- Occupational Therapy Learning Hub featuring assistive SMART technology
- design, photography and visual arts studio spaces
- The Project Space art gallery
- wellbeing spaces for group fitness and pilates and yoga

This stunning campus is just 30 minutes from the iconic Great Ocean Road, complete with famous surf beaches and the occasional whale sighting.

Warrnambool Campus

Three hours from Melbourne and two hours from Geelong by car, our friendly and tight-knit Warrnambool Campus is set on the banks of the Hopkins River.

Our top-tier facilities:

- A nursing and midwifery clinical simulation centre
- The Aquaculture Futures Facility
- Deakin's research vessel Yolla

Common facilities across campuses

- DeakinACTIVE gyms
- medical centres
- cafes and hospitality outlets
- libraries
- security offices
- all-gender accessible amenities
- Changing Places facilities
- public transport access (expanded bus network at Burwood)
- car parks

Online learning

For more than 50 years¹, Deakin has been perfecting distance and online learning. Today, we have a community of more than 60,000 students, and continue to be world leaders with our innovative online teaching platform.

With live-streamed seminars and real-time class discussions, study what, how and when you want. Our easy-to-use learning tools, including DeakinSync and CloudDeakin, connect you to peers, teachers, support and course materials offline. Plus, if you live near campus, you're always welcome there too.

¹ Deakin was formally established on 10 December, 1974.

Melbourne Burwood Campus
17km from Melbourne CBD

Geelong Warrn Ponds Campus

Your home: on campus or nearby

Living on campus

Deakin Res is the perfect step between living at home and living independently. Join a like-minded community on campus, where you'll:

- be supported by our helpful residential leaders and friendly staff
- enjoy 100+ activities and events each trimester
- gain exclusive access to res spaces
- receive 24/7 staff and security support
- secure affordable living with rental inclusions.

Melbourne Burwood Campus

With a great mix of state-of-the-art student housing and traditional village living, our Melbourne Burwood Campus couldn't be in a better location. Bordered by picturesque parkland, with various transport options, it's only 30 minutes from Melbourne CBD. This campus offers studio apartments and shared living with exclusive res spaces like a Zen Zone, Music Room and Sports Lounge.

Geelong Wairn Ponds Campus

Make Geelong Wairn Ponds Campus your future home and start your mornings with a walk, jog or ride through the picturesque campus. Choose from self-contained studio apartments, townhouses, and shared units. Plus, get connected with students from across the globe and enjoy an array of events from trivia nights to regional trips and more – all included!

Geelong Waterfront Campus

Set in the heart of Geelong's CBD, the Waterfront residence is located a stone's throw away from the iconic Eastern Beach. Deakin Residential Services' Brougham House offers the conveniences of CBD living, with state-of-the-art facilities and stunning views from the rooftop terrace overlooking the bay. You will also have access to plenty of study rooms, a theatre room and recreation spaces.

Warrnambool Campus

Live on the banks of the pristine Hopkins River and nearby to surf beaches. Choose from shared living or studio apartments. Warrnambool offers a tight-knit, welcoming and inclusive community, with lots of opportunities to meet new people, learn new skills and immediately feel at home.

Living off campus

If you're ready to commit to total independence, you might be interested in renting privately.

To find accommodation near campus, visit our online database of rooms, houses and apartments:

accommodation.deakin.edu.au/off-campus

'Living on res was one of the best decisions I have made and I have loved my journey here so far. Deakin is a very diverse place; it feels like a home away from home because there's always someone to talk to and help you out.'

Harshit Balhara

Bachelor of Cyber Security student

National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute

During study intensives, the Kitjarra student residences are available to the institute's students. Kitjarra is just a short walk from the institute's academic building at the Geelong Waurn Ponds Campus, and is a convenient and comfortable option for study and accommodation.

deakin.edu.au/kitjarra

Student life and experiences

Join the club

Reap the rewards of your time at Deakin: meet new people, try new things, share your skills and discover your hidden talents. With more than 120 clubs and societies across our campuses and online, you'll find everything from sports, health and personal development clubs to academic, religious, and course-specific groups. One of Deakin's most impactful clubs is the Deakin University Student Association (DUSA). DUSA is an inclusive student-run community aimed at enriching your university experience.

deakin.edu.au/clubs-and-societies

Elite Athlete Program

We understand the demands placed upon elite athletes to balance studies and sporting commitments, and the need to support you to succeed in both areas. Deakin University is a proud member of the EA Education Network (EAEN) and our Elite Athlete Program offers support and benefits to student athletes in a range of ways. These vary from academic assistance and course flexibility to financial support and gym access.

deakin.edu.au/elite-athlete-program

Expand your horizons studying abroad

By studying abroad at a Deakin partner university, located in more than 40 different countries, and joining an international internship, exchange, study tour or volunteer placement, you'll have the opportunity to gain a competitive edge in the workplace and get credit towards your degree.

deakin.edu.au/overseas-study

Diversity and inclusivity

Getting started at university is a fun and exciting experience, but it's not without its challenges. That's why we lend a hand, assisting you with everything from finding somewhere great to live and signing up to Deakin's clubs and societies, right through to helping you connect with your peers – both on and off campus. We can even help with finding a job, student finances, how to get involved at uni, disability support and health services.

deakin.edu.au/diversity-and-inclusion

Values shaping our learning community

Deakin values diversity, embraces difference and strives to promote social inclusion, delivering a range of services and programs to facilitate this.

deakin.edu.au/values

- Through the Sexual Harm Prevention program, Deakin seeks to promote respectful behaviour and to shift the gendered drivers of violence that underpin both sexual harm and gender inequality.
- Deakin's LGBTIQ+ community supports the visibility and culture of the community. deakin.edu.au/lgbtiq
- The National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute supports a national educational program linking Aboriginal and Torres Strait Islander secondary school students to universities.

Deakin Accelerate for VCE students

Fast track your university studies with this VCE extension studies program, offering high-achieving students university-level learning opportunities to boost their ATAR. Complete two first-year university units at the same time as your Year 12 studies.

deakin.edu.au/accelerate

'Deakin is one of the world's top universities, which means that top quality teaching, world class support and highly advanced faculties are guaranteed during my course. The flexibility offered at Deakin through the third trimester is super helpful as well.'

Rijja Malihi

Bachelor of Arts/Bachelor of Laws student

APPLY

We're here to ensure your application process is as seamless as possible. Learn more about how to apply at: deakin.edu.au/how-to-apply

For year 12 students, learn how to apply through VTAC: deakin.au/year-12-applicants

FAQs

So, when can I expect an offer?

VTAC information about dates and offers is available on the VTAC website, vtac.edu.au. For trimester 1, Deakin makes offers in November, December, January and February.

For applications made directly to Deakin, offers are made via email within a few days, subject to course, time of year and application information.

How do I defer my studies?

If you need to take time off for work or travel before starting your course, most courses let you postpone while retaining your Deakin place for up to two years.

deakin.edu.au/enrolment

¹ Eligibility and trimester availability will differ depending on your course.

Fees, scholarships and financial assistance

Fees

Most domestic undergraduate students are enrolled in a Commonwealth Supported Place (CSP), subsidised by the Australian Government. Payment of the student contribution amount can be deferred through HECS-HELP for eligible students. deakin.edu.au/fee-payment-assistance

Study-related costs

There may be a number of costs other than tuition fees that you need to factor in, such as living and transport costs and course-related expenses, including computer equipment, books and reading materials, and special equipment or clothing (if relevant to your course). deakin.edu.au/study-related-costs

Scholarships

A Deakin scholarship is not simply a financial boost, but our chance to acknowledge and reward your accomplishments and hard work. Use our online search tool to help you find out what scholarships you could be eligible to apply for. deakin.edu.au/find-a-scholarship

Financial assistance

If you're experiencing financial difficulties, you might be eligible for an interest-free student loan for study-related expenses. Other emergency support is available on a case-by-case basis. deakin.edu.au/financial-assistance

International students

This guide is not intended for international students. If you're an international student, please view our international student resources at: deakin.edu.au/international-student-fees

'This scholarship has helped me get the best out of myself on both an intellectual and personal level. It's encouraged me to pursue opportunities to develop and improve my character, and it's helped me find professional success through networking.'

Josh Green

Bachelor of Arts/Bachelor of Laws graduate
Vice-Chancellor's Academic Excellence Scholarship recipient

Deakin courses

▶ Entry requirements overview

Recent secondary education students

- Current Year 12 students (2024)¹
- Year 12 graduates (2023 and 2022).¹

¹ Includes Victorian, interstate, International Baccalaureate (IB) and New Zealand school leavers.

To be considered for an undergraduate course, you need to meet Deakin's entry and course-specific requirements, as well as the English language minimum prerequisites.

Some parts of these, such as VCE study scores and extra requirements, are subject to change, so check the Deakin website for the most up-to-date information on the course for which you're applying.

For both recent secondary education applicants and non-year 12 applicants, meeting the minimum entry requirements doesn't guarantee entry to a course, as there may be more applicants than places available.

Non-Year 12 applicants with:

- higher education study
 - Vocational Education and Training (VET) study
 - work and life experience
- Or
- completed Year 12 in 2021 or earlier.

Completion of one of the following:

- 2 credit points in an AQF Level 7 bachelor degree
- certificate IV or higher in a related discipline
- a diploma or higher in any discipline
- at least 50% completion of a diploma or higher in a related discipline relevant work and life experience.

Key terms

ATAR and lowest selection rank

The Australian Tertiary Admission Rank (ATAR) is a number between 00.00 and 99.95 that indicates your rank relative to all students in your age group (i.e. students aged 16 to 20 years), not your Year 12 group. As per Australian Government guidelines, the ATAR published in this guide is the lowest ‘adjusted selection rank’ for which an offer was made in 2024 at the time of publication of this guide. The ‘selection rank and its corresponding ATAR’ is an applicant’s ATAR, plus any adjustments applied.

Deakin Guaranteed ATAR

The Deakin Guaranteed ATAR provides the opportunity for eligible Australian Year 12 students who are from an under-represented cohort to secure a place at Deakin with a lower ATAR.

Selection rank

The selection rank considers your ATAR or equivalent rank plus any adjustment factors you’re eligible for. Where an ATAR is ‘NP’, it means the ATAR was not published. deakin.edu.au/find-a-course-by-atar

Fees

The indicative tuition fee indicates the tuition fee for two trimesters of full-time study, or 8 credit points, unless otherwise indicated. Most undergraduate courses offer Commonwealth Supported Places (CSP). A CSP is a university place for which the government pays a proportion of your tuition fees. This will vary per course and year. Additional fees may apply and course fees may be subject to change. All fees are listed in Australian dollars. For more information, visit deakin.edu.au/fees-and-costs.

Major

A group of six or eight related units in a particular study area or academic discipline.

Minor

A group of related units in an area of study or academic discipline. Minors are shorter than majors and are usually four units long.

Top 1% worldwide for architecture and built environment¹

Professionally accredited and internationally recognised architecture and construction management courses

Access state-of-the-art facilities including Deakin's A+B Studio and workshop

OVERVIEW

Bachelor of Construction Management (Honours)² S346

Develop an in-depth understanding of the business of construction, from economics and law to technology. Deakin's Bachelor of Construction Management (Honours) equips you with market-ready skills for construction management, quantity surveying and property development. Y12⁵ VCE units 3 and 4 (English) – study score of at least 25 (EAL) or 20 (not EAL).
NY12⁶ See page 12.

Bachelor of Design (Architecture)/Bachelor of Property and Real Estate⁷ **D307**

Set yourself apart with Deakin's Bachelor of Design (Architecture)/Bachelor of Property and Real Estate. This cross-disciplinary course combines the creative possibilities of architectural design with the practical skills and real-world experience needed to build a successful career in the growing property sector. Discover architectural ideas through cutting-edge content and build complimentary skills in property valuation, development and more.

deakin.edu.au/course/D307³

You can pursue a career in a range of roles, such as:

- 3D architectural modeller
- architectural consultant or designer
- asset manager
- design coordinator
- facilities manager
- owners corporation manager
- portfolio manager
- property adviser
- property developer
- property valuer.

Bachelor of Design (Architecture)/Master of Architecture **D306**

Discover architectural ideas through cutting-edge content, develop your creativity and gain a practical understanding of the built environment and its relationship with the community through meaningful and sustainable design. This five-year course provides a packaged education pathway for those interested in pursuing architectural professional registration. You will gain practical skills in a studio environment and develop your ability to communicate your design ideas under the guidance of passionate staff.

deakin.edu.au/course/D306³

After successfully completing the Bachelor of Design (Architecture)/Master of Architecture combined course, graduates will be required to complete an additional two years of work experience under the supervision of a registered architect in order to present for registration with the Architects Registration Board of Victoria (ARBV) and the Australian Institute of Architects (AIA). Graduates can then pursue a career as a practising architect and work in a private architectural practice, government organisations, property development or other building and design fields.

ENTRY REQUIREMENTS

Y12⁵ VCE units 3 and 4 (English) – study score of at least 25 (EAL) or 20 (not EAL).
NY12⁶ See page 12.

To progress into the Master of Architecture level of studies from undergraduate architecture, students must achieve a Weighted Average Mark (WAM) of 65. Students achieving a WAM between 55 and 64 have the opportunity to submit a portfolio of relevant work and personal statement for consideration to potentially progress into the master level of studies. Students cannot progress to the postgraduate level of study without completing all 24 credit points at undergraduate level. A WAM of less than 55 results in an alternative exit from D306 Bachelor of Design (Architecture)/Master of Architecture with the award: S342 Bachelor of Design (Architecture).

Bachelor of Property and Real Estate/Bachelor of Commerce **D325**

Study the Bachelor of Property and Real Estate/Bachelor of Commerce and become an in-demand professional. In just four years you'll graduate with professionally recognised qualifications in both real estate and commerce, a combination sought after by employers. Gain industry experience through practical learning opportunities where you'll be exposed to professional practice. Build relationships with industry partners, take on coveted internships and learn from global leaders through overseas study experiences.

deakin.edu.au/course/D325³

You can pursue a career in a range of roles, such as:

- accountant
- asset manager
- economist
- financial planner
- human resource manager
- international trade officer
- marketing manager
- owners corporation manager
- portfolio manager
- property adviser
- social and economic policy developer.

There is a two-step admissions process. To be eligible for the undergraduate component students must meet the minimum entry requirements for the Bachelor of Arts (A310). To proceed to the Master of Teaching (Secondary) students must earn a Weighted Average Mark (WAM) of 60 during their undergraduate studies and successfully complete the Casper test. Additional requirements may apply.

1 QS World University Rankings by Subject 2022.
 2 Graduate Outcomes Survey 2022, Quality Indicators for Learning and Teaching (QILT), based on overall employment for undergraduate students.
 3 Australian Graduate Survey 2010–2015, Graduate Outcomes Survey 2016–2022, Quality Indicators for Learning and Teaching (QILT).
 4 Visit our course webpage for full details, including pre-course and entry requirements, unit selection options, campus and trimester availability, and more.
 5 This course is also available at the National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute. Find out more at deakin.edu.au/nikeri.
 6 Recent secondary education applicants include current Year 12 students in 2024, as well as Year 12 graduates from 2023 and 2022.
 7 For an explanation of non-Year 12 applicant categories, see page 12, or visit the course webpage for full details including admission requirements.
 8 Majors are not available at all campuses. Visit deakin.edu.au/courses for full details of campus availability.

9 Minor only (Geelong Warrn Ponds Campus).
 10 All majors are also available as minors. Visit deakin.edu.au/courses for full details of campus availability.
 11 UX means 'user experience'.
 12 Trimester 2 intake is available only for students with no prior language study.
 13 Delivery of this course is across multiple campuses; see course webpage for further details.
 14 Trimester 3 intake is available at the Melbourne Burwood Campus only.
 15 Shanghai Ranking's Global Ranking of Academic Subjects 2022.
 16 Students must have completed 24 credit points of study successfully and achieved a Weighted Average Mark (WAM) of 60 to continue through to the Master of International Relations. Students not having fulfilled this requirement are eligible to graduate with the Bachelor of Arts as an alternative exit.
 17 Students applying to all initial teacher education courses are required to sit the Casper test, a non-academic assessment. Find out more at deakin.edu.au/casper.

Associate Degree of Arts A250

University can be a challenge, which is why we've designed a course that offers you a supported learning environment and a guaranteed pathway into Deakin's Bachelor of Arts, Bachelor of Criminology or Bachelor of International Studies. The Associate Degree of Arts teaches you the learning skills you need to be successful at university, including communication, digital literacy, critical thinking and teamwork skills. From day one you will be a part of the Deakin community and campus atmosphere. From your first trimester, you will also complete units from your target degree (depending on which stream you choose) to ensure you are ready to transition into your bachelor degree.

deakin.edu.au/course/A250³

After graduating, continue studying or use this degree as a standalone qualification. You'll have guaranteed entry into our Bachelor of Arts, Bachelor of Criminology or Bachelor of International Studies, depending on which stream you choose, plus receive credit that could put you straight into your second year. You can also apply to transition into other bachelor degrees, including communication, design, psychology, health science, nursing, commerce, management or science.

🕒 2 📅 T1, T2 💰 \$14,045

#1 university in Australia for education and educational research¹

#5 university worldwide for education and educational research¹

Join one of Australia's largest growing industries²

OVERVIEW

Associate Degree of Education E200

Begin your journey to becoming a teacher by studying an Associate Degree of Education at Deakin. You'll complete core units from the Bachelor of Education (Primary) and develop the foundation skills required to succeed at university.

Whether you're looking to forge a path in education, have never studied at university, or you're not sure if you meet the entry requirements, this degree is for you. It is designed to introduce you to what it's like to study at Deakin and to set you on the pathway to becoming a teacher.

deakin.edu.au/course/E200³

CAREERS

You can pursue a career in a range of fields and work settings, such as:

- education
- government departments
- health sector
- media
- private academies or agencies
- public service.

2 T1 \$8,643

CAMPUS B WP WB

ENTRY REQUIREMENTS

All applicants must meet the minimum English language requirements:

- a Senior Secondary Certificate of Education; or
- a Certificate III;
- or other evidence of academic capability judged to be equivalent, including completion of or enrolment in a Vocational Education and Training course and/or relevant work or life experience.

Bachelor of Early Childhood Education E333

If you are inspired to teach young children, Deakin's Bachelor of Early Childhood Education prepares you to become a kindergarten/preschool teacher. You will become a specialist in play-based learning through deep exploration of early childhood education curriculum, theories and practice, learning to teach across a wide range of subjects from mathematics to science, creative arts to literacy. Furthermore, you will become an expert in child development, health and wellbeing to support your work with children, their families and the community. Deakin's Professional Experience Program provides extensive opportunity to put what you have been learning into practice.

Accelerated and employment-based pathways are available for educators with a Diploma of Early Childhood Education and Care (or equivalent).

deakin.edu.au/course/E333³

You can pursue a career in a range of fields and work settings, such as:

- early childhood teaching
- educational leadership
- policy development
- consultancy organisations
- community-based agencies.

- 1 and 2 Maths (any) – satisfactory completion in two units
- 3 and 4 English – study score of at least 35 (EAL) or 25 (not EAL).

NY12⁷ See page 12.

Bachelor of Early Childhood and Primary Education⁸ E334

If you're passionate about children's education, Deakin's Bachelor of Early Childhood and Primary Education opens the door to a range of inspiring career opportunities. As a dual-accredited degree, graduates are able to teach in early childhood and primary school contexts from birth right up to grade six.

The course focuses on contemporary issues in children's learning and development, as well as the practice of teaching. You will gain deep understanding of a range of subject teaching areas such as mathematics, literacy, humanities and the arts.

Deakin's Professional Experience Program provides extensive opportunity to put what you have been learning into practice.

deakin.edu.au/course/E334³

You can pursue a career in a range of fields and work settings, such as:

Over 15% job growth for nutrition professionals¹

Benefit from world-class facilities modelled on commercial facilities

Gain extensive practical experience through placement opportunities

OVERVIEW

Bachelor of Nutrition Science H315

More than 7% of total burden of disease in Australia is due to poor diet.² Study Deakin's Bachelor of Nutrition Science and help tackle the challenges facing our society including disease prevention, lifespan nutrition, obesity, the spread of misinformation, and the social and physiological effects of food on our wellbeing. Modelled on commercial laboratories, our food preparation, food analysis and two sensory laboratories give students hands-on real-world laboratory experience preparing you for the workplace.

deakin.edu.au/course/H315³

CAREERS

You can pursue a career in a range of fields and work settings, such as:

- assessing and evaluating food intake
- consumer behaviour
- education and research
- food analysis, policy, or sustainability
- food manufacturing
- food quality and safety
- individual and population health
- nutrition for disease prevention
- nutrition throughout the lifespan
- product development
- sensory analysis.

Top 5 in Australia for computer science and engineering¹

Graduate with a degree sought after by industry and recognised around the globe²

Industry placements embedded in all IT degrees

OVERVIEW

Bachelor of Artificial Intelligence S308

Deakin's Bachelor of Artificial Intelligence equips you with the knowledge and skills to design, develop and evolve software solutions that harness the latest advances in artificial intelligence (AI). Get hands-on experience developing AI-driven software solutions with the support of academics who are leaders in this emerging field. Our world-class research in AI feeds directly into our classrooms, ensuring what you learn is at the cutting edge of industry expectations and capabilities.

deakin.edu.au/course/S308³

CAREERS

You can pursue a career in a range of roles, such as:

- AI architect
- AI ethicist
- AI technology software engineer
- data analyst
- data scientist.

Unique focus on
rural and regional
medicine

Learn from leading
professionals in
healthcare

OVERVIEW

Doctor of Medicine H911

Apply to the Doctor of Medicine and set yourself up for a range of rewarding careers, from general practice to pathology, paediatrics to surgery. The course has a unique focus on rural and regional medicine, Indigenous health and patient-centred communication skills.

Our students develop the foundational skills essential for any career in medicine, but are also given the opportunity to experience healthcare in multiple specialist areas. Our Doctor of Medicine has an emphasis on rural and regional medicine and aims to satisfy the critical shortage of doctors in regional areas – making graduates highly employable.

Start your journey with two years focusing on the foundations of medicine, encompassing medical sciences, clinical capabilities, public health, medical ethics and law, and Indigenous health.

You'll learn to solve the kinds of problems you'll face in your future career in a supportive environment, while developing your confidence in foundational clinical skills, clinical reasoning and the high-level human capabilities necessary for excellent person-centred care.

In third and fourth year, you'll be immersed in the clinical environment, at clinical schools in Ballarat, Geelong, Melbourne, Warrnambool and/or the Rural Community Clinical School, where you will complete programs that span from general medicine and surgery to specialised programs. deakin.edu.au/med-clinical-schools

You will also spend time in third year following patients as they transition between hospital and community care, gaining a broader appreciation of the healthcare system and the patients' healthcare journeys.

Across third and fourth year, you'll complete the Research Scholar Program, gaining foundational skills in analysing evidence and designing research programs that are important for future careers in medicine.

You will be provided extensive opportunities for feedback on your progress, with a program of assessment and self-evaluation that occurs in the clinical workplace.

There is also the opportunity to complete a rotation of your third-year studies in the Northern Territory, to gain a greater understanding of rural and remote medicine and Indigenous health.

The course concludes in year four with a pre-internship hospital rotation in which you'll experience the day-to-day life of an intern.

deakin.edu.au/course/H911²

- 1 Times Higher Education World University Rankings by Subject 2024.
- 2 Visit our course webpage for full details, including pre-course and entry requirements, unit selection options, campus and semester availability, and more.
- 3 The Doctor of Medicine is a semester-based course. Semester 1 runs from February to June; Semester 2 runs from July to November.
- 4 Please note that online delivery is only available to students in the Rural Training Stream, with compulsory face-to-face learning in years one and two at either the Warrnambool Campus or the East Grampians Health Service in Ararat.
- 5 As a minimum requirement, applicants must hold a completed bachelor degree (with a minimum weighted GPA of 5.0) or be in the final year of a bachelor degree (scheduled for completion by 31 December in the year of application) to be considered for selection.
- 6 Degree must have been awarded within 10 years of the projected commencement date of the Doctor of Medicine. Applicants whose degree was completed outside this 10 year period may be considered if they have completed the equivalent of one half year of approved tertiary study (0.5 FTE) at Australian Qualifications Framework level 8 or higher at an institution recognised by the Australian Qualifications Framework (or equivalent overseas institution determined by Deakin) and completed by 31 July in the year of application. It must also be completed within the 10 years of commencement date of the course.
- 7 GAMSAT or MCAT score must be obtained within four years preceding the year of application.
- 8 There is no cap on the number of additional points that can be awarded to eligible applicants.

CAREERS

Doctor of Medicine graduates are highly sought-after for internship positions with healthcare providers in Australia and abroad. Deakin's MD program allows you to develop a deep understanding of the challenges and nuances of rural medicine, putting you in a strong position to address the shortfall of doctors in regional areas.

In order to qualify as Registered Medical Practitioners with the Medical Board of Australia, our graduates are currently undertaking accredited internships at a number of prominent Victorian and interstate hospitals.

Domestic graduates are guaranteed an Internship position in Victoria.

After successfully completing an intern year, graduates can apply for entry to specialty training programs that lead to a broad range of medical careers including in the specialty of General Practice or the emerging Rural Generalist program.

4 S1³ \$12,720 IES RTS

CAMPUS

ENTRY REQUIREMENTS

Admission to the Doctor of Medicine is determined by a combination of grade point average (GPA) in an approved undergraduate or postgraduate degree, Graduate Australian Medical School Admissions Test (GAMSAT) score, eligible adjustments (bonuses) and interview performance.

Domestic general stream applicants apply through GEMSAS and are selected for Multiple Mini Interview (MMI) on the basis of the following factors:

- a final GPA (weighted) of 5.0 or greater in an approved bachelor⁵, honours, graduate certificate, graduate diploma or masters by coursework.⁶ The GPA is calculated on the most recent three full-time-equivalent years (FTE) of study
- performance in the GAMSAT⁷
- a minimum score of 50 in each of the three sections of the Graduate Australian Medical Schools Admission Test (GAMSAT), and an overall score of 50 or greater
- applicable adjustments based on information provided in the GEMSAS application form.⁸

A minimum overall score of 50% at multi-mini interview (MMI), a series of five-minute interviews at 10 stations, using standardised questions and scoring procedures that are designed to assess applicant attributes.

Full entry requirement details can be found at deakin.edu.au/course/H911.

INDIGENOUS ENTRY STREAM

Up to seven Commonwealth Supported Places in our Doctor of Medicine are held for Indigenous applicants applying through the Indigenous Entry Stream (IES). The GAMSAT is not required for applicants of this entry stream. Please see specific entry requirements via deakin.edu.au/ies

RURAL TRAINING STREAM

Deakin's Rural Training Stream (RTS) aims to improve access for rural students who want to study medicine. Eligibility for the stream is based on evidence of Australian rural background, with priority given to applicants from Deakin's own rural footprint, around 30 places are allocated to the stream. Please see specific entry requirements via deakin.edu.au/rts

OVERVIEW

Bachelor of Biomedical Science S323

Develop an in-depth understanding of human biology through the Bachelor of Biomedical Science and graduate with the skills and experience to play an important role in the diagnosis and treatment of diseases at molecular, cellular and systems levels. Expertise in biology and the science behind disease puts you in a position to make a real difference. Explore early diagnosis, disease progression and prognosis, and the role of pharmaceutical science in the treatment of disease and improved health.

- 1 ShanghaiRanking's Global Ranking of Sport Science Schools and Departments 2021, 2022 and 2023.
- 2 The Bachelor of Exercise and Sport Science and Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management) are ESSA accredited courses. The Bachelor of Exercise and Sport Science – Advanced (Honours) is undergoing ESSA accreditation.
- 3 Visit our course webpage for full details, including pre-course and entry requirements, unit selection options, campus and trimester availability, and more.
- 4 This course is also available at the National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute. Find out more at deakin.edu.au/nikeri.
- 5 Recent secondary education applicants include current Year 12 students in 2024, as well as Year 12 graduates from 2023 and 2022.
- 6 For an explanation of non-Year 12 applicant categories, see page 12, or visit the course webpage for full details including admission requirements.

- 7 Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.
- 8 Individual units may not be available on every campus.
- 9 This course has a Regional and Remote Entry Scheme (RRES) available through VTAC. Visit deakin.edu.au/rres for more information.
- 10 Elite athletes are defined in line with Deakin's membership of the Elite Athlete Education Network (EAEN) network. For more information visit deakin.edu.au/elite-athlete-program.
- 11 Students are required to apply for a Working with Children Check before commencing school experience.
- 12 Students applying to all initial teacher education courses are required to sit the Casper test, a non-academic assessment. Find out more at deakin.edu.au/casper.
- 13 2023 Employment Projections – for the ten years to 2033, Jobs and Skills Australia.

Glossary

Adjustments

Adjustments applied via educational access schemes don't change the ATAR, they change an applicant's selection rank for a course that the applicant has listed as a preference. This results in the applicant moving up the course selection list. It also means that an applicant's selection rank can be different for each course listed in their course preference list.

If the applicant is allocated sufficient adjustments, the applicant might receive an offer for a course even though their ATAR is below the published lowest selection rank. delta.vtac.edu.au/coursesearchtools/bonuscalc.htm

Associate degree

An associate degree provides flexible pathways into tertiary education, and can be used as a guaranteed pathway into a range of targeted degrees at Deakin. Completion of an associate degree may give you up to 18 months' credit towards one of these target degrees. deakin.edu.au/associate-degrees

Australian Tertiary Admission Rank (ATAR)

The ATAR is a rank from 0 to 99.95. It indicates a student's performance in relation to other students.

The ATAR is calculated by using an aggregate produced by adding:

- scaled study score in English, English Language, Literature, or English as an Additional Language (EAL)
- the best three VTAC scaled study scores, and
- 10% of the fifth and sixth study scores that are available.

Bachelor degree

Usually three or more years of full-time study or equivalent part time. In some courses you may choose one or more majors in specialised areas. It is the minimum tertiary requirement for many professional careers.

Combined course

A combination of courses in complementary areas, studied simultaneously, which leads to two degrees, e.g. Bachelor of Arts/Bachelor of Laws. This means you complete two degrees in less time than it would take to complete them separately.

Commonwealth Supported Place (CSP)

A university place for which the Australian Government pays part of your tuition fees.

Credit point

For each subject you successfully complete, you will receive the credit point value of that subject towards your studies. You must complete a specified number of credit points to obtain your degree. The number of credit points required varies for each course and is outlined online. deakin.edu.au/courses

DeakinSync

DeakinSync is your personalised digital study hub, where you access your unit sites, email, calendar, enrolment details, study tools and more.

Defer

The approved postponement of study for a specified period prior to enrolment in a course. Most Deakin courses allow you to defer your studies for up to two years. deakin.edu.au/defer

Direct entry

When applications can be made directly to a higher education provider rather than through a tertiary admissions centre, like VTAC.

Diversity, Equity and Inclusion Unit

Deakin values diversity and promotes inclusion. The Diversity and Inclusion Unit provides a range of programs and services to ensure all students have the opportunity to access university education and succeed in their studies and employment. deakin.edu.au/diversity-and-inclusion

Entry requirements

These are requirements that you must meet, in addition to minimum tertiary entrance requirements, to qualify for entry to a course. Information about entry requirements is best accessed via individual course webpages and on the VTAC website (vtac.edu.au).

Graduate entry

A course that requires prior completion of an undergraduate degree for entry. Deakin's Doctor of Medicine is a graduate-entry course.

Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP)

HECS-HELP is a government loan scheme to assist eligible CSP students with their tuition fees (student contributions). Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold for repayment.

Honours

Honours is an additional year of specialised study, usually taken after you complete a bachelor degree, or embedded as part of a bachelor degree. Honours may provide you with a competitive edge in the job market or a pathway into a higher degree by research.

Indigenous Access Scheme

The Indigenous Access Scheme is a pathway to undergraduate study that recognises the achievements of Aboriginal and Torres Strait Islander students. By looking beyond your ATAR and academic results to consider all the skills, experience and community work that make you unique and prepare you for study, we may reward your hard work with a place at university. deakin.edu.au/ias

Level

The year level at which units in your course are studied. Level 1 is equivalent to your first year of full-time study, level 2 is equivalent to your second year of full-time study, and so on. You can usually tell what level a unit is by looking at the first number in a unit's code.

Lowest selection rank

The minimum ATAR including adjustments that must be achieved to be considered for admission to a course.

Major

An approved group of at least six (and up to 10) credit points of related units, normally taken in sequence at each level of a course.

Minor

A minor is a group of related units in an area of study or academic discipline. Minors are shorter than majors and are usually four units long.

Glossary

Non-Year 12 applicant

There are three categories under which non-Year 12 applicants may apply to Deakin.

- Higher education study – applicants whose highest level of study enrolment since leaving secondary education is a higher education course, whether at a university or non-university provider.
- Vocational education and training (VET) study – applicants whose highest level of study enrolment since leaving secondary education is a VET course.
- Work and life experience (includes less recent secondary results) – applicants who left secondary education more than two years previously and have not undertaken VET or higher education study since then.

Offer round/s

Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Pathway

Pathways provide alternative entry options for getting into a course at Deakin if you do not meet the requirements for entry. Pathways to Deakin courses can include options such as Deakin College, TAFE courses or starting your course at a different campus. deakin.edu.au/pathways

Personal statement

The personal statement is used in the admission process by university applicants to highlight any relevant factors or circumstances that cannot be included in the application itself. For example, motivation to study, work experience, community experience, academic performance or languages other than English.

The personal statement can be accessed online once you have registered with VTAC. You can only submit one statement – so you should address all your course preferences and provide details to support your application, such as relevant work experience and your reasons for applying. It is also important that you submit the form by the specified closing date at vtac.edu.au. If a personal statement is required or will be considered, it will be listed in the VTAC course detail online. deakin.edu.au/preparing-your-application

Postgraduate degree

A course of study beyond bachelor level, including graduate certificate, graduate diploma, masters and research degree. In many cases, eligibility for entry to a postgraduate course requires you to have completed an undergraduate degree and/or have significant work experience.

Prerequisites

The VCE subjects or other requirements that applicants must complete to be eligible for selection into a course. Information about prerequisites is best accessed via individual course webpages and on the VTAC website (vtac.edu.au).

Recent secondary education applicant

Current Year 12 (2024) applicants and Year 12 graduates from 2023 and 2022.

Recognition of prior learning (RPL)

RPL is an assessment process used to evaluate a person's prior learning and experience to determine whether credit can be granted in a course to shorten the length of the degree. There are two aspects to recognition of prior learning:

- credit may be transferred to your Deakin program from completed or partly completed studies you have undertaken at other accredited institutions; and
- credit may be granted on the basis of knowledge and skills acquired through informal learning, e.g. in the workplace.

deakin.edu.au/rpl

Scholarships

A scholarship offers support to help a student with their education. Deakin offers a range of scholarships for commencing students that recognise and reward many accomplishments, from leadership skills to academic success, extra-curricular achievements and commitment to study while experiencing personal hardship.

deakin.edu.au/scholarships

Selection rank

The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person's course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of specified entrance tests, etc.

Semester

The teaching period for the Bachelor of Medicine, Bachelor of Medical Imaging and Bachelor of Optometry.

Seminar

A class where a small group of students discusses study materials and ideas with a member of the teaching team.

Single unit (non-award) study

Single unit (non-award) study provides access to a wide variety of university-level units, without students having to study a full degree. Some units have prerequisites or special requirements but many are open to all potential students and on completion can lead to further pathway options. deakin.edu.au/single-unit

Special Entry Access Scheme (SEAS)

SEAS is an umbrella program of special entry schemes governed by VTAC, and conducted by participating tertiary institutions, including Deakin, that provides special consideration for entry into undergraduate courses. vtac.edu.au and deakin.edu.au/access-equity

Special Tertiary Admissions Test (STAT) Multiple Choice

The STAT Multiple Choice is a test developed by the Australian Council for Educational Research (ACER) to assess an individual's ability to analyse information and think critically. The STAT Multiple Choice is compulsory for non-Year 12 applicants applying for entry into any of Deakin's undergraduate law programs.

Some non-Year 12 applicants will be exempt from sitting the test. If you are unsure whether or not you need to sit the STAT Multiple Choice, or would like more information on non-Year 12 additional entry requirements, visit vtac.edu.au.

Student contribution

In a Commonwealth Supported Place (CSP), the Australian Government pays some of your fees and you pay the rest. This is called your 'student contribution'. If you're enrolled in a CSP, you may be eligible for a HECS-HELP loan to cover your student contribution amount.

Glossary

Student Services and Amenities Fee

This is a fee higher education providers can charge for non-academic services and amenities, such as advocacy, sporting programs, legal advice and referral, health and welfare, and disability support.

Study score

A score of 0–50 that shows how a VCE student performed in a particular subject compared with others in the same year. It is calculated from your results in assessments and examinations in that subject.

Trimester

The teaching period of most courses at Deakin: Trimester 1 runs from March to June, Trimester 2 from July to October and Trimester 3 spans November to February.

Undergraduate degree

Usually the first degree you obtain in a given discipline area. For example, a Bachelor of Health Sciences. An undergraduate student is usually someone studying for their first degree in a given discipline.

Unit

A Deakin subject or unit is normally one trimester long and most have a value of 1 or 2 credit points.

Victorian Certificate of Education (VCE)

The VCE is a certificate that recognises the successful completion of Year 12 in Victoria. The VCE can provide a pathway to university studies, TAFE and employment.

Victorian Tertiary Admissions Centre (VTAC)

VTAC is the centralised admissions centre for most undergraduate university courses in Victoria. vtac.edu.au

Weighted Average Mark (WAM)

WAM is a calculation of all your relevant unit outcomes within a course. The WAM is weighted by taking into consideration the credit points of a unit and the result. Not all grades are used in the calculation of the WAM.

Year 12 applicant

Applicants with recent secondary education, including current Year 12 (2024) applicants and Year 12 graduates from 2023 and 2022.
