EuroPython 2010 Timetable

Here is the preliminary timetable for EuroPython 2010. Saturday 17th July and Sunday 18th July are Tutorial Days. Monday 19th July to Thursday 22nd July are normal Conference days. Friday 23rd July and Saturday 24th July are Sprint Days. This timetable will be subject to revisions before the start of the Conference.

Saturday 17 July 2010

.	New Lecture Theatre	Lecture Room 1	Lecture Room 2	Lecture Room 3	Band Room
09:00	Tutorial Registration and Coffee - Tutorial Day 1				
09:15	**Python Foundation Class** John Pinner	**SCons, The Builder** Russel Winder	**WSGI from Start to Finish** Gustavo Narea	**py.test I - rapid easy testing** Holger Krekel	**web2py** Massimo Di Pierro
10:45	Break				
11:00	Python Foundation Class (2)	SCons, The Builder (2)	WSGI from Start to Finish (2)	py.test I - rapid easy testing (2)	web2py (2)
12:30	Lunch				
14:00	**JavaScript for Pythonistas** Jonathan Fine	SCons, The Builder (3)	**Python Foundation Class** John Pinner	**py.test II - advanced configs** Holger Krekel	.
15:30	Break				
15:45	JavaScript for Pythonistas (2)	SCons, The Builder (4)	Python Foundation Class (2)	py.test II - advanced configs (2)	.
17:15	Close for Day				
19:30 onwards	Possible Social TBD				

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

Sunday 18 July 2010

.	New Lecture Theatre	Lecture Room 1	Lecture Room 2	Band Room	Board Room
09:00	Tutorial Registration and Coffee - Tutorial Day 2				
09:15	**Intro to Game Programming** Richard Jones	**Test Driven Development and Good Design** Emily Bache	**Intro to Google App Engine** Wesley Chun	**Arduino and Python Fun** Andrew Eliasz	.
10:45	Break				
11:00	Intro to Game Programming (2)	Test Driven Development and Good Design (2)	Intro to Google App Engine (2)	Arduino and Python Fun (2)	**Python Language Summit**

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

	New Lecture Theatre	Lecture Room 1	Lecture Room 2	Band Room	Board Room
12:30	Lunch				
14:00	**Code Clinic** Raymond Hettinger, David Jones	**Hands-on testing with TextTest** Geoffrey Bache	**SQLAlchemy** Jason Kirtland	Arduino and Python Fun (3)	Python Language Summit (2)
15:30	Break				
15:45	Code Clinic (2)	Hands-on testing with TextTest (2)	SQLAlchemy (2)	Arduino and Python Fun (4)	Python Language Summit (3)
17:15	Bag Stuffing and Preparation for Registration by Volunteers				
19:30 onwards	Social, TBD

Monday 19 July 2010

	Adrian Boult Hall	Recital Hall	New Lecture Theatre	Library Theatre	BoF Point	Partners' Programme
08:00	Registration and Coffee - Conference Day 1					
09:00	Welcome, Adrian Boult Hall					
09:15	Keynote: Russel Winder, Adrian Boult Hall					
09:45	**New *and* Improved** Michael Foord	**The Ring of Python** Holger Krekel	**Why open source works** Lennart Regebro	**Idiomatic Python** Raymond Hettinger	.	.
10:30	Break					
11:00	**Good Tests, Bad Tests** William Reade		**The Development Process of Python** Ezio Melotti	**Glashammer** Ali Afshar	.	.
11:30		**PyPy 1.2: status and news** Antonio Cuni			.	**Meet and Greet Partners** Sheila Pinner, Mary Mooney
11:45	**TextTest: Text-based Acceptance testing** Geoffrey Bache		**How Import Works** Brett Cannon	**Running Ghana VAT on Python** Marc-André Lemburg	.	
12:30	Lunch					
14:00	**PostgreSQL's Python soup** Hannu Krosing	.	**Cross Platform SIG** Alex Willmer	**Web/mobile templating in Silva** Kit Blake	.	.
14:30		**Improving your skills** Emily Bache			.	
15:00	**Testing HTTP Apps with Python3** Łukasz Langa	**JTool: Java in the Python VM** Erik Groeneveld	**Python from the Inside-Out** Austin Bingham	**Web SIG** Paul Boddie	.	**The Birmingham City Centre Stroll** Sheila Pinner, Mary Mooney
15:45	**Python & Selenium Testing** Raymond Hettinger	**Implementing Go's Select** Andrew Francis	**Porting to Python 3** Lennart Regebro	**What does it all mean?** Zeth	.	
16:30	Break					

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

.	Adrian Boult Hall	Recital Hall	New Lecture Theatre	Library Theatre	BoF Point	Partners' Programme
17:00	**Testing in Python with py.test** Holger Krekel	**JessyInk** Hannes Hochreiner	**Muddle, inventing a build system** Richard Watts	**Open Data & coding data.gov.uk** David Read	.	.
17:45	**Testing Panel** Ali Afshar	**Scraperwiki** Julian Todd	**KBUS: A simple messaging system** Tony Ibbs	.	.	.
18:30	Finish					
19:30 onwards	Social, TBD					

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

Tuesday 20 July 2010

.	Adrian Boult Hall	Recital Hall	New Lecture Theatre	Library Theatre	BoF Point	Partner's Programme
08:30	Coffee - Conference Day 2					
09:00	Keynote: Bruce Lawson, Adrian Boult Hall					
09:45	**The MediaCore Video CMS & Marketing an Open Source Web App (was YouTube 4 Blind)** Stuart Bowness	**Silver bullets for the web** Sven Passig	**Appstats** Guido van Rossum	**The magical new float repr** Mark Dickinson	.	.
10:30	Break					
11:00	**A case for accessibility** Stuart Bowness	**How to give a shoulder massage** Richard Jones	**Pyjamas Technology** Luke Leighton	**Pyradiso Rapid Software Development** Bart Demeulenaere	.	**BBC @ The Mailbox** Sheila Pinner, Mary Mooney
11:45	**HTML5: the good, the bad and the quite interesting** Bruce Lawson	**The Trojan Snake** Richard Barrett-Small		**Idiomatic Python: The Final Chapter** Raymond Hettinger	.	.
12:30	Lunch					
14:00	Lightning talks					
15:00	**Real-world TDD on AppEngine** Ade Oshineye	**Understanding FluidDB** Nicholas Tollervey	**Intro to Functional Programming** Michele Simionato	**Python and Windows: equality?** Tim Golden	.	.
15:45	**Robust Python Programs** Stefan	**Tickery, Pyjamas & FluidDB** Terry Jones	**Look Again at the ZCA** Mike Rhodes	**Python in the Browser** Michael Foord	.	.

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

.	Adrian Boult Hall	Recital Hall	New Lecture Theatre	Library Theatre	BoF Point	Partner's Programme
	Schwarzer					
16:30	Break					
17:00	**Visualizing Software Quality** Mark Fink	**Python RAD with Camelot** Erik Janssens	**The ZODB & Me** Daniel Marks	**Fun with Databases and Django** Andrew Godwin	.	.
17:45	**Hobbyist OpenGL: Flying High** Jonathan Hartley	**Pythonic Parallelism with CSP** Russel Winder	**Zope Components for the Win** Albertas Agejevas	**Advanced Django ORM techniques** Daniel Roseman	.	.
18:30	Finish					
19:30 onwards	Social, TBD					

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

Wednesday 21 July 2010

.	Adrian Boult Hall	Recital Hall	New Lecture Theatre	Library Theatre	Lecture Room 1
08:30	Coffee - Conference Day 3				
09:00	Richard Jones, The State of Python, Keynote, Adrian Boult Hall				
09:45	**Taming Twisted with Generators** Raymond Hettinger	**What I Learned at PyCon** Jason Kirtland	**Organise a Python code dojo!** Nicholas Tollervey	**JavaScript 4 Pythonistas** Jonathan Fine	.
10:30	Break				
11:00	**Adapting libraries to Twisted** Esteve Fernandez	**Mobi: a mobile user agent lib** Kit Blake	**OpenERP demonstration** Fabien Pinckaers	**Programming Office with Python** Wesley Chun	**Recruiting Event**
11:45	**Deferred Gratification** Terry Jones	**HotPy - A comparison** Mark Shannon	**Tryton as an ERP and Framework** Sharoon Thomas	**Web Collaboration and Python** Paul Boddie	
12:30	Lunch				
14:00	**Python class-PostgreSQL method** Hannu Krosing	**Python and the IMAP protocol** Bruno Renié	**What Goes Round, Comes Round** John Pinner	**Real Time Websites with Python** Henrik Vendelbo	**Aerodynamics and Pianos** Peter Howard
15:00	**Custom Runtimes with PyPy** Henrik Vendelbo	**Local user group SIG** Zeth	**Creating Libraries** Martijn Faassen	**PyUseCase: Testing Python GUIs** Geoffrey Bache	**Python, Arduino and Mech Music** Matteo Malosio
15:45	**Bringing OCCAM to Python** Sarah Mount	**Python for Javascript Apps** Thomas Herchenröder	**Regarding re, regex, and re2** Alex Willmer	**Testing coders** Grzegorz Jakacki, Tomasz Walen	**Python and Machine Learning** Semen Trygubenko
16:30	Break				

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

.	Adrian Boult Hall	Recital Hall	New Lecture Theatre	Library Theatre	Lecture Room 1
17:00	**Speed Thrills!** Charlie Clark	**Maths - with No Programming** Robert Cumming	**A Python's DNA** Erik Groeneveld	**The Guardian and Appengine** Michael Brunton-Spall	**OpenID** Martin V Löwis
17:45	**Spell-checking adventures** Paul Redman	**The Trails of EasyExtend** Kay Schlühr	**Lightning strikes >thrice** Harald Armin Massa	**Flatland Form Processing** Scott Wilson	**You don't use Grok** Martijn Faassen
18:30	Finish				
19:30 onwards	Conference Dinner				

Talk Panel Plenary Event Meeting etc Social Event Tutorial Break

Thursday 22 July 2010

.	Adrian Boult Hall	Recital Hall	New Lecture Theatre	Library Theatre	BoF Point
08:30	Coffee - Conference Day 4				
09:00	Keynote: Guido van Rossum, **Questions and Answers**, Adrian Boult Hall				
09:45	**JavaScript and MillerColumns** Jonathan Fine	**Theming websites with XDV** Laurence Rowe	**Building a python web app** Stuart Bowness	**The Guardian API - 1 Year On** Michael Brunton-Spall	.
10:30	Break				
11:00	**Caching techniques in python** Michael Domanski	**gevent network library** Denis Bilenko	**SHOGUN** Soeren Sonnenburg	**PyCharm: New Python/Django IDE** Dmitry Jemerov	.
11:45		**Arduino and Python** Michael Sparks	**Python and EDA** Donald McCarthy	**Building a web framework IDE** Håkan Rosenhorn	.
12:30	Lunch				
14:00	Lightning Talks and Close				
16:30	Finish
