

ENERGY STAR[®] SUMMARY OF LIGHTING PROGRAMS

The simple
choice for
energy
efficiency.

SEPTEMBER 2016 UPDATE

The U.S. Environmental Protection Agency (EPA) is pleased to provide the **2016 ENERGY STAR[®] Summary of Lighting Programs (Summary)**. The Summary provides an overview of a variety of programs offered by utilities and other energy efficiency program sponsors in the United States to promote ENERGY STAR certified lamps and luminaires¹, decorative light strings, and ceiling and ventilating fans with light kits. The Summary includes information provided by energy efficiency program sponsors and describes their current program offerings for 2016-2017 and beyond.

Each ENERGY STAR lighting program is summarized with a focus on incentives (e.g., mail-in rebates, buy-downs, and instant rebates), program contacts, and other relevant program details. Participation in the Summary is voluntary and therefore may not represent all promotions and incentives available across the country. The information in this Program Summary is current as of August 15, 2016; more current or additional information may be available at www.energystar.gov/rebatefinder.

The Summary of Lighting Programs is divided into the following sections:

1. **Executive Summary**
2. **Program Budget Map, National Promotion Charts and Graphs** – Overview of promotion types for lighting programs across the United States.
3. **Program Information** – An overview table of current lighting promotions organized by state and partner.
4. **Partner Contact Directory** – Program websites, hotlines, and contact information for program managers.

If you have any questions or comments about the ENERGY STAR Summary of Lighting Programs, please contact Nora Lovrien Buehler at ICF International, at nora.lovrienbuehler@icfi.com or 202.862.1589.

Partner Contact Directory	26

¹ Lamps and luminaires are referred to by partners typically as bulbs and fixtures respectively and are used interchangeably in the document.

Executive Summary

The 2016 ENERGY STAR Summary of Lighting Programs (Summary) presents information submitted by about 126 energy efficiency program sponsors from across the United States, including 14 “umbrella organizations” and statewide programs running promotions on behalf of or in conjunction with 193 cooperative or municipal utilities and investor-owned utilities. Partners have provided information about 892 individual product incentive and promotions for ENERGY STAR certified lighting products including spiral and specialty compact fluorescent lamps (CFLs) (examples of specialty lamps include decorative bulbs, high-wattage, and dimmable); compact fluorescent luminaires (fixtures); light emitting diode (LED) lamps and luminaires; decorative light strings; and ceiling and ventilation fans and components sold separately, such as light kits. Programs that promote ENERGY STAR certified lighting in residential new construction programs are also included. Many energy efficiency program sponsors chose to submit information about a variety of other lighting technologies, such as commercial lighting technologies, which are not covered by an ENERGY STAR product specification. To improve the accuracy of available promotions nationwide, information submitted under umbrella organizations has been accounted for individually for each member utility, unless otherwise indicated as a statewide or centrally-administered program.

From the information submitted by energy efficiency program sponsors, highlights include:

Program Budgets – Partners were asked to categorize their program budgets into buckets demonstrating order of magnitude and range (e.g., less than \$50K, \$50-\$250K, \$250K-\$1 million). To calculate state totals and the national total, the mid-point of each bucket range was taken and multiplied by the total number of partner programs identifying with a given bucket. Since exact budget information has not been provided, nor have all partners given budget information (see the [“Lighting Program Budget Map”](#) on page 4 for more details), a precise total cannot be determined. In 2016, based on the mid-point calculation, lighting programs were funded at about \$495 million, which is down from almost \$535 million in 2015. The decrease may be explained by the decline in overall incentives (2016 = 892 and 2015 = 1,172) lead by a decrease in CFL incentives and/or because partners have elected not to provide budget data.

Promotions by Dollar Amount – Typical consumer-focused promotion amounts for light bulbs in 2016 range from \$0.50 for spiral and specialty CFLs to the \$5-\$10 range for LEDs. Average promotion amounts for luminaires in 2016 are \$7.68 and \$9.88 for CFL and LED luminaires respectively, but some go up to \$15. The average incentive amount dropped for all categories, in double digit percentages except for LED lamps and luminaires which only declined by 2% and 6% respectively. CFL lamps and luminaires dropped significantly from 2015, with the most dramatic percentage drop for specialty CFL lamps (53%). See [“Average Promotion Amount for ENERGY STAR Lighting Products 2011-2016”](#) on page 5 for more detail on average incentive values.

Promotions by Product – CFL technologies declined significantly compared to 2015 with 216 incentives for spiral CFL lamps (down from 282 in 2015), 66 incentives for specialty CFL lamps (down from 108 in 2015), and 55 incentives for CFL luminaires (down from 99 in 2015). LED lamps continued to increase in number of incentives in 2016 with 344, compared to 338 incentives last year. With this increase, LED technology (lamps and luminaires) make up 54% of total incentives, while promotions for CFLs (spiral and specialty lamps and luminaires) represent about 37% of total promotions (down from 42% in 2015). See [“2016 ENERGY STAR Lighting Promotions by Product Type”](#) on page 5 and [“ENERGY STAR Lighting Promotions by Product Type 2011-2016”](#) on page 6 for more detail.

Promotions by Type – Partners use a variety of methods to promote lighting products. In 2016, the most common promotion type is a mail-in rebate with 55%. This is attributable to the large number of small cooperative and municipal utilities included in this Summary. Buy-down programs, which result in discounts and instant rebate programs, remain significant with about 42% of total promotions. Investor-owned utility and statewide programs (serving the majority of customers and having larger program

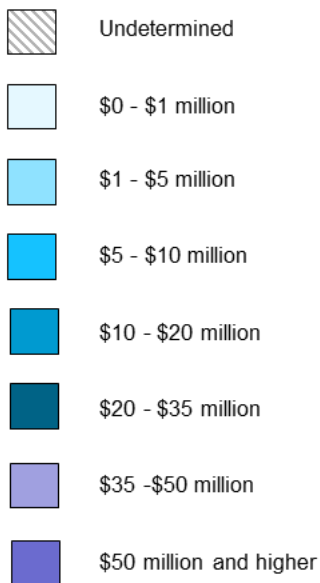

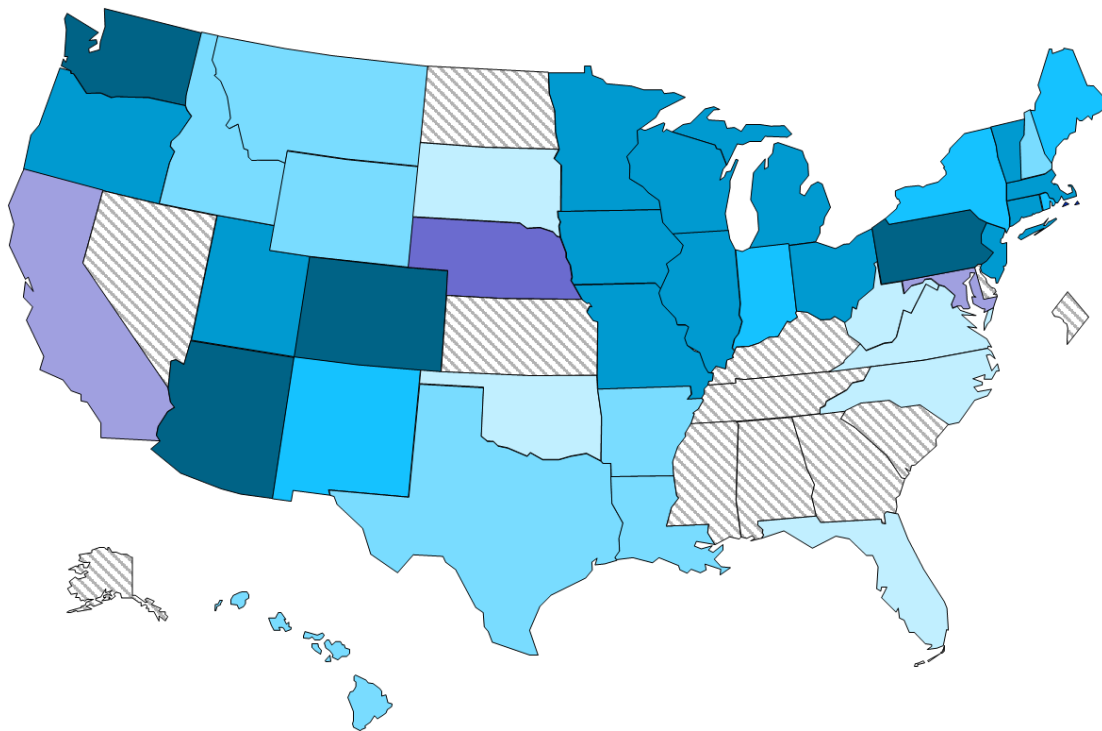

budgets) favor collaborative buy-down programs. See [“2016 ENERGY STAR Lighting Promotions by Incentive Type”](#) on page 6 for more detail.

Promotions by Region – The Midwest region has the greatest number of lighting promotions with 639 (2015 = 841). The West and Northeast regions follow the Midwest with 87 and 64 (2015 = 104 and 95 respectively). The Mid-Atlantic region has 37, and the Southwest has 34 incentives, and the Southeast has 31 (each of these regions had 44 in 2015). See [“2016 ENERGY STAR Lighting Promotions by Type and Region”](#) on page 7 for more detail.

Lighting Program Budget Map

The map below shows program budgets for lighting programs by state as reported by the energy efficiency program sponsors.

NOTE: Energy efficiency program sponsors in the “undetermined” states may implement lighting promotion programs in 2016 and beyond, but were unable or did not elect to provide budget information. Likewise, states highlighted in color may not represent all the partner program budgets, as partners in those states also may have elected not to provide budget information. See the individual program entries for details.

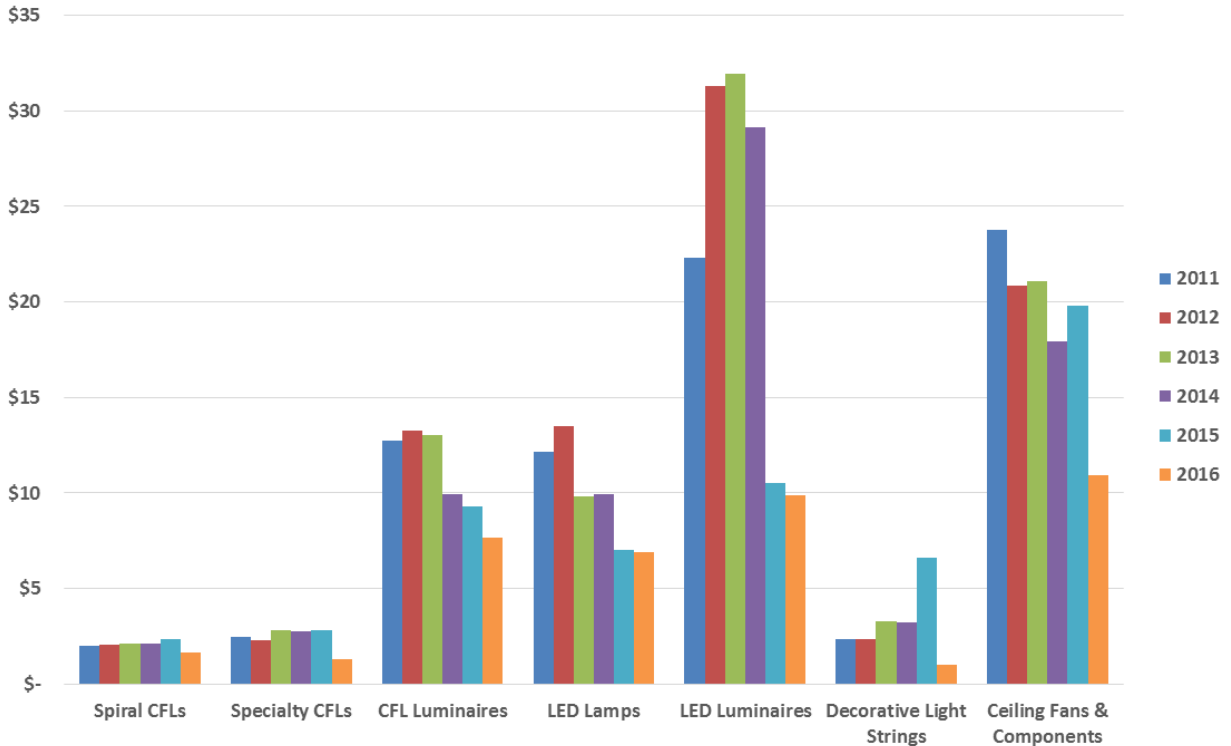

NOTE: The Nebraska Energy Office maintains a substantial revolving loan fund, which can be used for lighting and/or other energy efficiency measures.

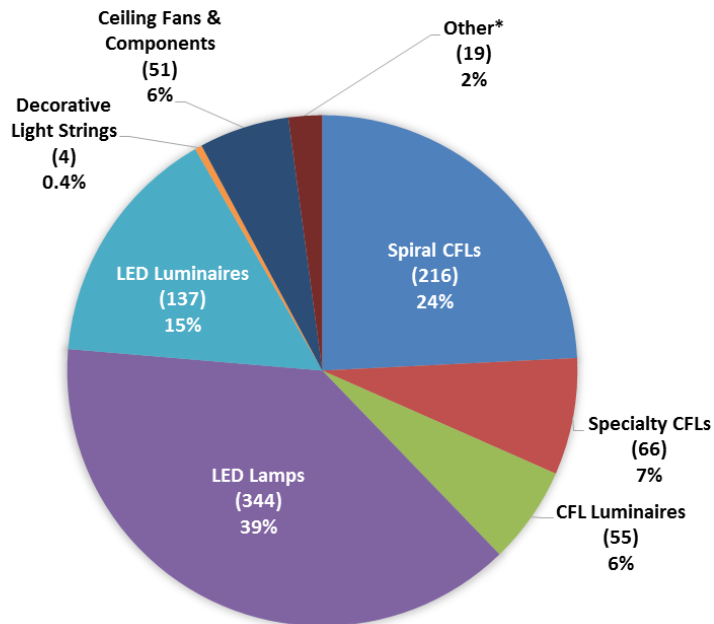

National Lighting Promotion Charts and Graphs

Percentages have been rounded to the nearest whole number for values over 2%. Totals may not equal 100%.

Average Promotion Amount for ENERGY STAR Lighting Products 2011-2016

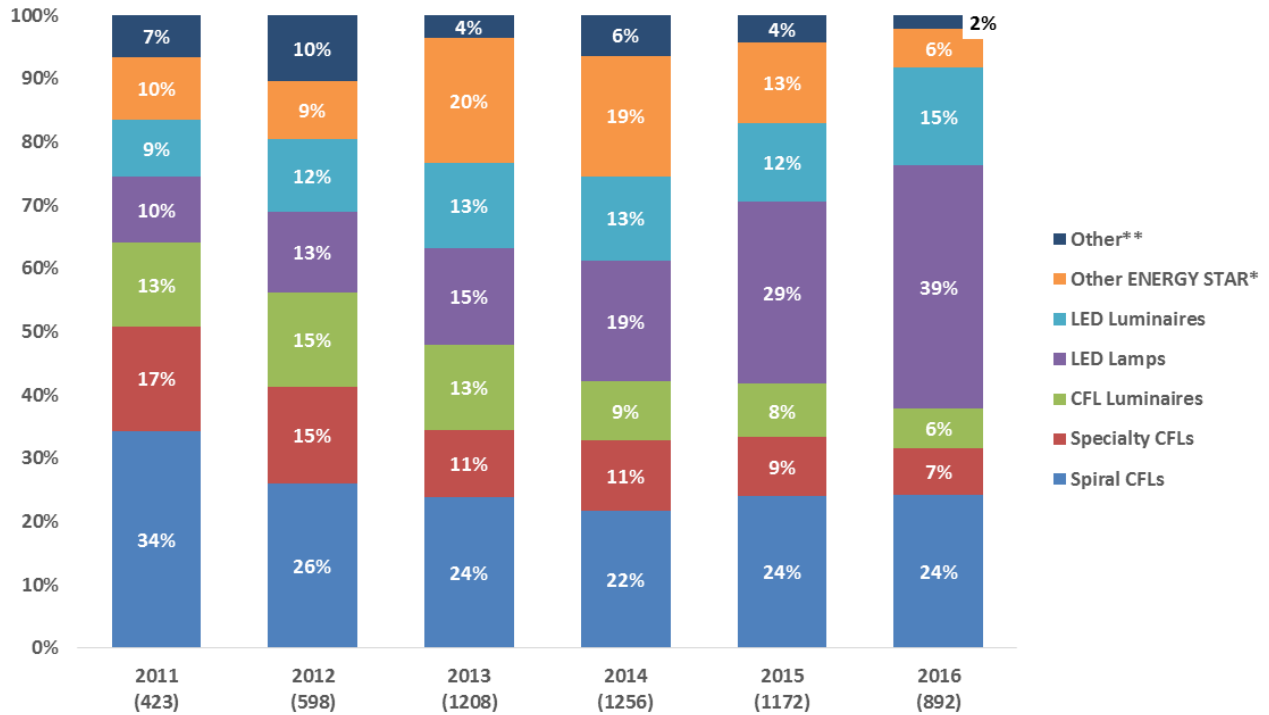

2016 ENERGY STAR and Energy-Efficient Lighting Promotions by Product Type
(Totals listed in parentheses)

* The "Other" category is comprised primarily of commercial lighting products, such as fluorescent T-8 or T-5, High Bay lighting, and occupancy sensors. See the "[Lighting Program Information](#)" for individual partner details.

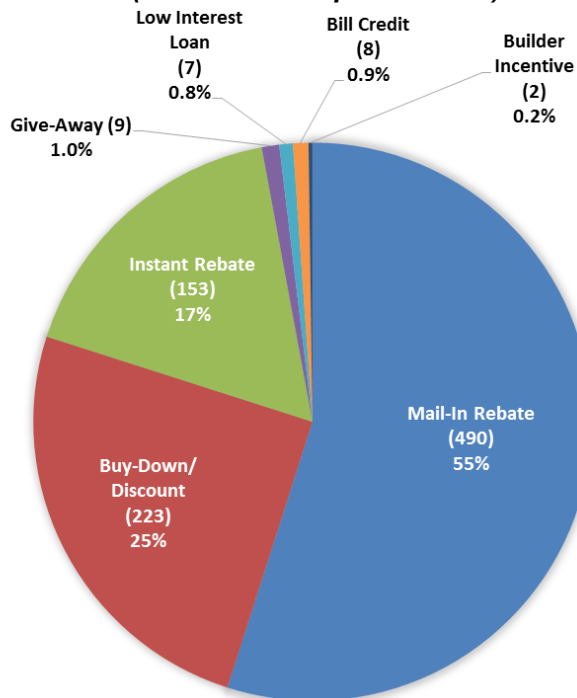

ENERGY STAR and Energy-Efficient Lighting Promotions by Product Type 2011-2016 (Annual totals listed in parentheses)

* The "Other ENERGY STAR" category is comprised of ENERGY STAR decorative light strings, ceiling and vent fans, and new construction programs. See the "[Lighting Program Information](#)" for individual partner details.

** The "Other" category is comprised primarily of commercial lighting products, such as fluorescent T-8 or T-5, High Bay lighting, and occupancy sensors.

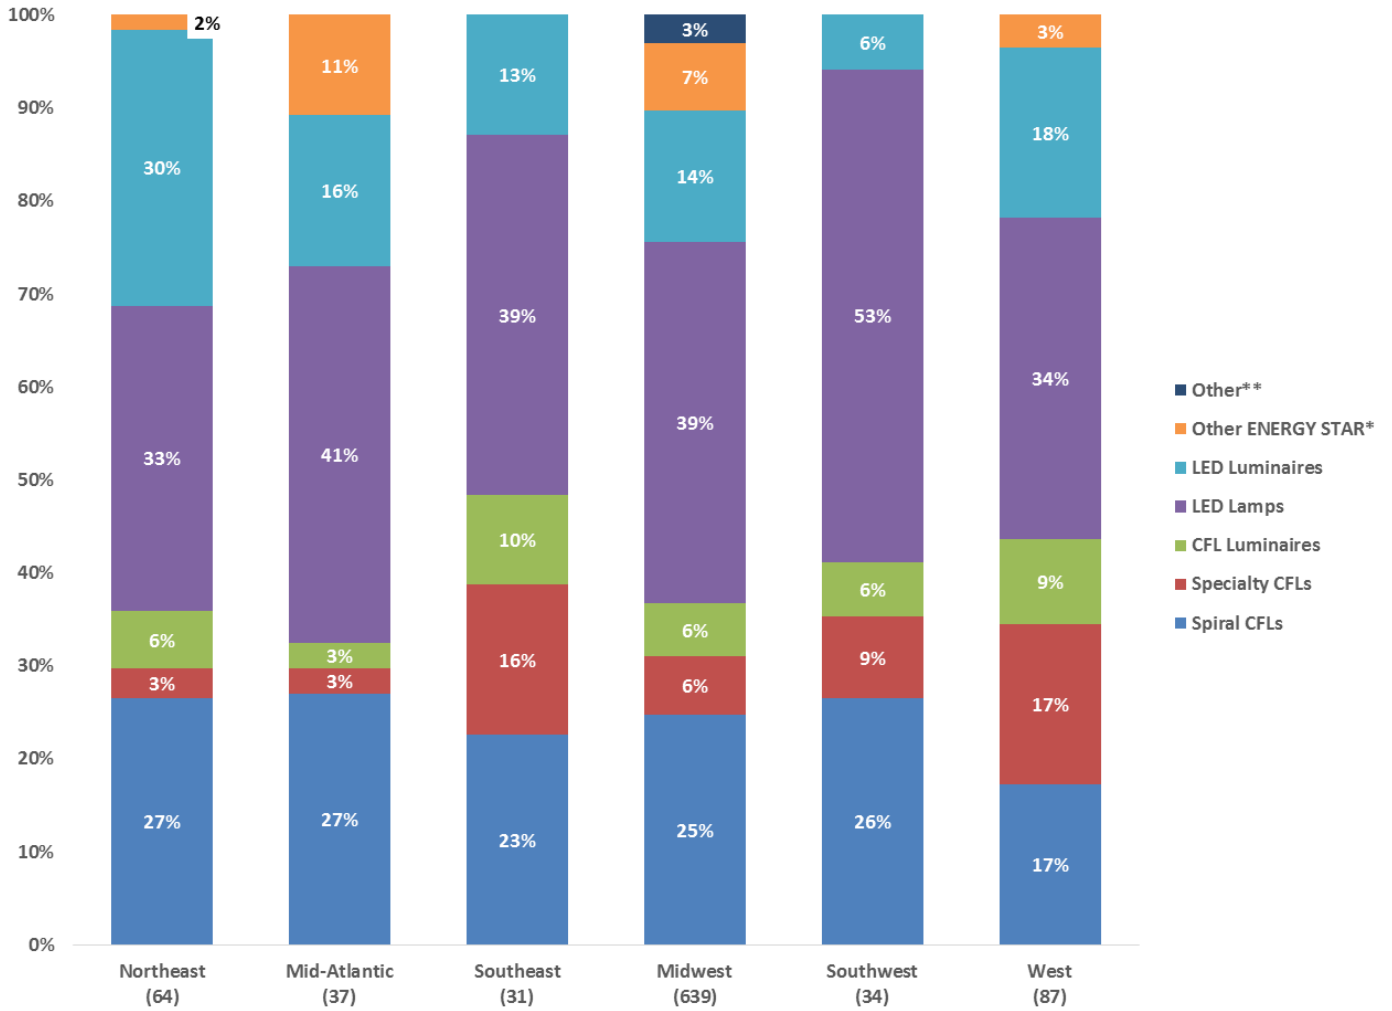

2016 ENERGY STAR and Energy-Efficient Lighting Promotions by Incentive Type (Totals listed in parentheses)

NOTE: The large percentage of mail-in rebates is attributable to the significant number of small cooperative and municipal utilities included in this Summary. Investor-owned utility and statewide programs (serving the majority of customers and having larger program budgets) favor collaborative buy-down and instant rebate programs

* The "Other" category is comprised of low-interest loans, bill credits, and other miscellaneous promotion types. See the "[Lighting Program Information](#)" for individual partner details.

2016 ENERGY STAR and Energy-Efficient Lighting Promotions by Type and Region
(Regional totals listed in parentheses)

* The "Other ENERGY STAR" category is comprised of ENERGY STAR decorative light strings, ceiling and vent fans, and new construction programs. See the "[Lighting Program Information](#)" for individual partner details.

** The "Other" category is comprised primarily of commercial lighting products, such as fluorescent T-8 or T-5, High Bay lighting, and occupancy sensors.

Lighting Program Information

The table below provides information on products being promoted around the country by energy efficiency program sponsors. The information is organized by state and all promotions and incentives are for ENERGY STAR certified products unless otherwise specified. In some cases, energy efficiency program sponsors have indicated which partner types they are most interested in working with, but may also be open to working with different partner types. Please contact the program sponsor representative, found in the Partner Contact Directory following this section, to learn more about partnership opportunities. Members of umbrella organization are listed as footnotes.

STATE	PARTNER NAME	PROGRAM BUDGET	TARGET POPULATION	PRODUCTS	INCENTIVE AMOUNT	INCENTIVE TYPE	START DATE	END DATE

Footnotes: Umbrella Organizations

1. The Bonneville Power Administration (BPA) is a federal nonprofit agency based in the Pacific Northwest. BPA markets wholesale electrical power from hydro-electric projects in the Columbia River Basin, a nuclear plant, and several other small nonfederal power plants. About one-third of the electric power used in the Northwest comes from BPA. For more information about customer utilities: <https://www.bpa.gov/news/pubs/GeneralPublications/gi-BPA-Facts.pdf>
2. The Wabash Valley Power Association represents the following utilities:
 - IL: Corn Belt Energy, EnerStar Power Cooperative, and M.J.M. Electric Cooperative
 - IN: Boone REMC, Carroll White REMC, Fulton County REMC, Hendricks Power Cooperative, Jasper County REMC, Jay County REMC, Kankakee Valley REMC, Kosciusko REMC, LaGrange County REMC, Marshall County REMC, Miami-Cass REMC, Newton County REMC, NineStar Connect (fka Central Indiana Power), Noble REMC, Northeastern REMC, Parke County REMC, Steuben County REMC, Tipmont REMC, United REMC, Wabash County REMC, and Warren County REMC
 - MO: Citizens Electric Cooperative
 - OH: Paulding-Putnam Electric Cooperative
3. Central Iowa Power Cooperative represents the following utilities:
 - Clarke Electric Cooperative, Inc., Consumers Energy, East-Central Iowa REC, Eastern Iowa Rural Electric Cooperative, Farmers Electric Cooperative, Inc., Guthrie County REC Association, Linn County REC*, Maquoketa Valley Electric Cooperative, Midland Power Cooperative, Pella Cooperative Electric Association, Southwest Iowa Rural Electric Cooperative, and TIP Rural Electric Cooperative

* Note - Linn County REC submitted information separately.
4. Missouri River Energy Services represents the following utilities:
 - IA: Alton, Atlantic, Denison, Fontanelle, Hartley, Hawarden, Kimballton, Lake Park, Manilla, Orange City, Paullina, Pella, Primghar, Remson, Rock Rapids, Sanborn, Shelby, Sioux Center, and Woodbine
 - MN: Adrian, Alexandria*, Barnesville*, Benson, Breckenridge, Detroit Lakes, Elbow Lake, Henning, Hutchinson, Jackson, Lake Park, Lakefield, Luverne, Madison, Marshall*, Melrose, Moorhead, Ortonville, St. James, Sauk Centre, Staples, Wadena, Westbrook, and Worthington
 - ND: Cavalier, Hillsboro, Lakota, Northwood, Riverdale, and Valley City
 - SD: Beresford, Big Stone City, Brookings, Burke, Faith, Flandreau, Fort Pierre, Pickstown, Pierre, Vermillion, Watertown, and Winner

* Note - Alexandria, Barnesville, and Marshall submitted information separately.
5. Heartland Consumer Power District represents the following utilities:
 - IA: Akron
 - MN: Tyler
 - SD: Arlington, Colman, Estelline, Groton, Hecla, Howard, Langford, Madison, McLaughlin, Miller, Parker, Plankinton, Tyndall, Volga, Wessington Springs, and White
6. MassSave represents the following utilities:
 - Cape Light Compact (CLC), Eversource (MA), National Grid, and UNITIL
7. Efficiency United represents the following utilities:
 - Alpena Power Company, Baraga Electric Utility, Bayfield Electric Cooperative, The City of Crystal Falls Electric Department, The City of Dowagiac, The City of Gladstone Department of Power & Light, The City of Harbor Springs Electric Department, City of Hillsdale – Board of Public Utilities, L'Anse Electric

Utility, Negaunee Electric Department, The City of Norway Department of Power & Light, Upper Peninsula Power Company, We Energies, Wisconsin Public Service, and Xcel Energy

8. Minnesota Municipal Power Agency represents the following utilities:
 - Anoka, Arlington, Brownston, Buffalo, Chaska, East Grand Forks, Elk River, Le Sueur, North St. Paul, Olivia, Shakopee, and Winthrop
9. Minnkota Power Cooperative represents the following utilities:
 - Bagley Public Utilities, Baudette Municipal Utilities, Beltrami Electric Cooperative, Clearwater-Polk Electric Cooperative, Fosston Municipal Utilities, Halstad Municipal Utilities, Hawley Municipal Utilities, North Star Electric Cooperative, PKM Electric Cooperative, Red Lake Electric Cooperative, Red River Valley Cooperative Power Association, Roseau Electric Cooperative, Roseau Municipal Utilities, City of Stephen Municipal Utilities, Thief River Falls Municipal Utilities, Warren Municipal Utilities, and Wild Rice Electric Cooperative
10. Southern Minnesota Municipal Power Agency represents the following utilities:
 - Blooming Prairie Public Utilities, Fairmont Public Utilities, Grand Marais Public Utilities, Lake City Utilities, Litchfield Public Utilities, Mora Municipal Utilities, New Prague Utilities Commission, North Branch Municipal Water and Light, Preston Public Utilities, Princeton Public Utilities Commission, Redwood Falls Public Utilities, Spring Valley Utilities, Saint Peter Municipal Utilities, Waseca Utilities, and Wells Public Utilities
 - Triad utilities: Austin Utilities*, Owatonna Public Utilities*, Rochester Public Utilities*

* Note - Triad members submitted information separately.
11. New Hampshire Saves represents the following utilities:
 - Eversource (NH), Liberty Utilities, New Hampshire Electric Cooperative, and UNITIL
12. New Jersey Clean Energy represents the following utilities:
 - Atlantic City Electric, Jersey Central Power & Light (a FirstEnergy Utility), PSE&G, and Rockland Electric Company
13. Efficiency Smart represents the following utilities:
 - Beach City, Bowling Green, Brewster, Columbiana, Dover, Edgerton, Eldorado, Elmore, Galion, Genoa, Georgetown, Glouster, Hamilton, Hubbard, Jackson Center, Lakeview, Minster, Monroeville, Napoleon, New Wilmington, Newton Falls, Oberlin, Shelby, St. Marys, Wadsworth, Wellington, Woodville, and Yellow Springs
14. Focus on Energy represents the following investor owned utilities:
 - Alliant Energy, Madison Gas & Electric, We Energies, Wisconsin Public Service, and Xcel Energy
 - For a complete list of participating municipal and electric cooperative utilities check the website: www.focusonenergy.com/about/participating-utilities
