USD(P&R)

SUBJECT: Sexual Assault Prevention and Response (SAPR) Program

References: See Enclosure 1

1. **PURPOSE.** This Directive reissues DoD Directive (DoDD) 6495.01 (Reference (a)), pursuant to section 113 of Title 10, United States Code (U.S.C.) (Reference (b)), to implement DoD policy and assign responsibilities for the SAPR Program on prevention, response, and oversight to sexual assault.

2. **APPLICABILITY.** This Directive:

a. Applies to:

(1) OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Inspector General of the DoD (IG DoD), the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (hereafter referred to collectively as the "DoD Components").

(2) National Guard and Reserve Component members who are sexually assaulted when performing active service, as defined in section 101(d)(3) of Reference (b), and inactive duty training. Refer to Volume 1 of DoD Instruction (DoDI) 6495.02 (Reference (c)) for additional SAPR and healthcare services provided to such personnel and eligibility criteria for Restricted Reporting.

(3) Military dependents 18 years of age and older who are eligible for treatment in the military healthcare system, at installations in the continental United States and outside of the continental United States (OCONUS), and who were victims of sexual assault perpetrated by someone other than a spouse or intimate partner.

(4) The following non-military personnel who are only eligible for LIMITED healthcare (medical and mental health) services in the form of emergency care (see Glossary), unless otherwise eligible to receive treatment in a military medical treatment facility. They will also be offered the LIMITED SAPR services of a Sexual Assault Response Coordinator (SARC) and a

SAPR Victim Advocate (VA) while undergoing emergency care OCONUS. Refer to Volume 1 of Reference (c) for any additional SAPR and healthcare services provided. These limited healthcare and SAPR services shall be provided to:

(a) DoD civilian employees and their family dependents 18 years of age and older when they are stationed or performing duties OCONUS and eligible for treatment in the military healthcare system at military installations or facilities OCONUS. Refer to Volume 1 of Reference (c) for reporting options available to DoD civilians and their family dependents 18 years of age and older.

(b) U.S. citizen DoD contractor personnel when they are authorized to accompany the Armed Forces in a contingency operation OCONUS and their U.S. citizen employees (See DoDI 3020.41 (Reference (d))). Refer to Volume 1 of Reference (c) for reporting options available to DoD contractors.

(5) Service members who are on active duty but were victims of sexual assault prior to enlistment or commissioning. They are eligible to receive full SAPR services and either reporting option.

b. Does **not** apply to victims of sexual assault perpetrated by a spouse or intimate partner, or military dependents under the age of 18 who are sexually assaulted. The Family Advocacy Program (FAP), as described in DoDI 6400.06 (Reference (e)), provides the full range of services to victims of domestic abuse or domestic violence, and to military dependents under the age of 18 who are sexually assaulted.

c. Supersedes all policy and regulatory guidance within the DoD not expressly mandated by law that is inconsistent with its provisions, or that would preclude execution.

3. DEFINITIONS. See Glossary.

4. POLICY. It is DoD policy that:

a. This Directive and Reference (c) implement the DoD SAPR policy.

b. The DoD goal is a culture free of sexual assault, through an environment of prevention, education and training, response capability (defined in Reference (c)), victim support, reporting procedures, and appropriate accountability that enhances the safety and well being of all persons covered by this Directive and Reference (c).

c. The SAPR Program shall:

(1) Focus on the victim and on doing what is necessary and appropriate to support victim recovery, and also, if a Service member, to support that Service member to be fully mission

capable and engaged. The SAPR Program shall provide care that is gender-responsive, culturally-competent, and recovery-oriented (see Glossary).

(2) NOT provide policy for legal processes within the responsibility of the Judge Advocates General of the Military Departments provided in Chapter 47 of Reference (b) and the Manual for Courts-Martial (Reference (f)) or for criminal investigative matters assigned to the IG DoD.

d. Standardized SAPR requirements, terminology, guidelines, protocols, and guidelines for instructional materials shall focus on awareness, prevention, and response at all levels as appropriate.

e. The terms “Sexual Assault Response Coordinator (SARC)” and “SAPR Victim Advocate (VA),” as defined in this Directive and Volume 1 of Reference (c), shall be used as standard terms throughout the DoD to facilitate communications and transparency regarding SAPR capacity. For further information regarding SARC and SAPR VA roles and responsibilities, see Reference (c).

(1) SARC. The SARC shall serve as the SINGLE POINT OF CONTACT for coordinating appropriate and responsive care for sexual assault victims. SARCs shall coordinate sexual assault victim care and sexual assault response when a sexual assault is reported. The SARC shall supervise SAPR VAs, but may be called on to perform victim advocacy duties.

(2) SAPR VA. The SAPR VA shall provide non-clinical crisis intervention and on-going support, in addition to referrals for adult sexual assault victims. Support will include providing information on available options and resources to victims.

f. Command sexual assault awareness and prevention programs, as well as law enforcement and criminal justice procedures that enable persons to be held accountable for their actions, as appropriate, shall be established and supported by all commanders.

g. An immediate, trained sexual assault response capability (defined in Reference (c)) shall be available for each report of sexual assault in all locations, including in deployed locations. The response time may be affected by operational necessities, but will reflect that sexual assault victims shall be treated as emergency cases.

h. Victims of sexual assault shall be protected from coercion, retaliation, and reprisal in accordance with DoDD 7050.06 (Reference (g)).

i. Victims of sexual assault shall be protected, treated with dignity and respect, and shall receive timely access to comprehensive healthcare (medical and mental health) treatment, including emergency care treatment and services, as described in this Directive and Volume 1 of Reference (c).

j. Emergency care shall consist of emergency healthcare and the offer of a sexual assault forensic examination (SAFE) consistent with DoDI 6310.09 (Reference (h)) and refer to DD

Form 2911, “DoD Sexual Assault Medical Forensic Examination Report” and accompanying instructions. The victim shall be advised that even if a SAFE is declined, the victim is encouraged (but not mandated) to receive medical care, psychological care, and victim advocacy.

(1) Sexual assault patients shall be given priority, and shall be treated as emergency cases. A sexual assault victim needs immediate medical intervention to prevent loss of life or suffering resulting from physical injuries (internal or external), sexually transmitted infections, pregnancy, and psychological distress. Individuals disclosing a recent sexual assault shall, with their consent, be quickly transported to the exam site, promptly evaluated, treated for serious injuries, and then, with the patient’s consent, undergo a SAFE, pursuant to “Victim Centered Care” of Reference (h) and refer to DD Form 2911 and accompanying instructions.

(2) Sexual assault patients shall be treated as emergency cases, regardless of whether physical injuries are evident. Patients’ needs shall be assessed for immediate medical or mental health intervention pursuant to “Victim Centered Care,” and “Triage and Intake” of Reference (h). Sexual assault victims shall be treated uniformly, consistent with “Victim Centered Care” of Reference (h) and DD Form 2911 and accompanying instructions, regardless of their behavior because when severely traumatized, sexual assault patients may appear to be calm, indifferent, submissive, jocular, angry, emotionally distraught, or even uncooperative or hostile towards those who are trying to help.

k. Service members and their dependents who are 18 years of age or older covered by this Directive (see subparagraph 2a.(4) and Reference (c)) who are sexually assaulted have two reporting options: Unrestricted or Restricted Reporting. Unrestricted Reporting of sexual assault is favored by the DoD. See Volume 1 of Reference (c) for additional information on the DoD sexual assault reporting options and exceptions as they apply to Restricted Reporting. Consult DoDD 5400.11 (Reference (i)) and DoD 6025.18-R (Reference (j)) for protections of personally identifiable information solicited, collected, maintained, accessed, used, disclosed, and disposed during the treatment and reporting processes. The two reporting options are as follows:

(1) Unrestricted Reporting allows an eligible person who is sexually assaulted to access healthcare and counseling and request an official investigation of the allegation using existing reporting channels (e.g., chain of command, law enforcement, healthcare personnel, the SARC). When a sexual assault is reported through Unrestricted Reporting, a SARC shall be notified as soon as possible, respond, assign a SAPR VA, and offer the victim healthcare and a SAFE.

(2) Restricted Reporting allows sexual assault victims (see eligibility criteria in Volume 1 of Reference (c)) to confidentially disclose the assault to specified individuals (i.e., SARC, SAPR VA, or healthcare personnel), in accordance with Reference (i), and receive healthcare treatment, including emergency care, counseling, and assignment of a SARC and SAPR VA, without triggering an official investigation. The victim’s report to healthcare personnel (including the information acquired from a SAFE Kit), SARCs, or SAPR VAs will NOT be reported to law enforcement or to the victim’s command, to initiate the official investigative process, unless the victim consents or an established EXCEPTION applies in accordance with Volume 1 of Reference (c), State laws, or federal regulations. When a sexual assault is reported

through Restricted Reporting, a SARC shall be notified as soon as possible, respond, assign a SAPR VA, and offer the victim healthcare and a SAFE.

(a) Eligibility for Restricted Reporting. The Restricted Reporting option applies to Service members and their military dependents 18 years of age and older. For additional persons who may be entitled to Restricted Reporting, see eligibility criteria in Volume 1 of Reference (c).

(b) DoD Dual Objectives. The DoD is committed to ensuring victims of sexual assault are protected; treated with dignity and respect; and provided support, advocacy, and care. The DoD supports effective command awareness and prevention programs. The DoD also strongly supports applicable law enforcement and criminal justice procedures that enable persons to be held accountable for sexual assault offenses and criminal dispositions, as appropriate. To achieve these dual objectives, DoD preference is for Unrestricted Reporting of sexual assaults to allow for the provision of victims' services and to pursue accountability. However, Unrestricted Reporting may represent a barrier for victims to access services, when the victim desires no command or law enforcement involvement. Consequently, the DoD recognizes a fundamental need to provide a confidential disclosure vehicle via the Restricted Reporting option.

(c) Designated Personnel Authorized to Accept a Restricted Report. Only the SARC, SAPR VA, or healthcare personnel are designated as authorized to accept a Restricted Report.

(d) SAFE Confidentiality Under Restricted Reporting. A SAFE and its information shall be afforded the same confidentiality as is afforded victim statements under the Restricted Reporting option. See Reference (c) for additional information.

(e) Disclosure of Confidential Communications. In cases where a victim elects Restricted Reporting, the SARC, assigned SAPR VA, and healthcare personnel may not disclose confidential communications or SAFE Kit information to law enforcement or command authorities, either within or outside the DoD, EXCEPT as provided in Volume 1 of Reference (c). In certain situations when information about a sexual assault comes to the commander's or law enforcement official's attention from a source independent of the Restricted Reporting avenues and an independent investigation is initiated, a SARC, SAPR VA, or healthcare personnel may NOT disclose confidential communications if obtained under Restricted Reporting (see exceptions to Restricted Reporting in Volume 1 of Reference (c)). Improper disclosure of confidential communications protected under Restricted Reporting, improper release of healthcare information, and other violations of this policy or other laws and regulations are prohibited and may result in discipline pursuant to the UCMJ, or other adverse personnel or administrative actions.

1. Victims must be informed of the availability of legal assistance and the right to consult with a Special Victims' Counsel (SVC)/Victims' Legal Counsel (VLC) in accordance with section 1716 of the National Defense Authorization Act for Fiscal Year 2014 (Public Law (P.L.) 113-66) (Reference (k)).

m. Enlistment or commissioning of personnel in the Military Services shall be prohibited and no waivers are allowed when the person has a qualifying conviction (see Glossary) for a crime of sexual assault.

n. The focus of this Directive and Reference (c) is on the victim of sexual assault. The DoD shall provide support to an active duty Service member regardless of when or where the sexual assault took place.

5. RESPONSIBILITIES. See Enclosure 2.

6. INFORMATION COLLECTIONS.

a. The sexual assault reporting requirements in this Directive have been assigned Report Control Symbol (RCS) DD-P&R(A) 2205 in accordance with Volume 1 of DoD Manual 8910.01 (Reference (l)).

b. The Defense Sexual Assault Incident Database (DSAID) information collection referred to in paragraphs 1f, 6l, 6n, and 6o of Enclosure 2 of this directive is submitted to Congress in accordance with sections 561, 562, and 563 of P.L.110-417 (Reference (m)) and is coordinated with the Assistant Secretary of Defense for Legislative Affairs in accordance with the procedures in DoD Instruction 5545.02 (Reference (n)).

This confidential communication includes the victim's SAFE Kit and its information. See <http://www.archives.gov/cui>.

DSAID will include information when available, or when not limited by Restricted Reporting, or otherwise prohibited by law, about the nature of the assault, the victim, the offender, and the disposition of reports associated with the assault. DSAID shall be available to the SAPRO and the DoD to develop and implement congressional reporting requirements.
