Group of the European People's Party (Christian Democrats) in the European Parliament ASP Building Rue Wiertz 60 B-1047 Brussels

REPORT OF THE REVISEUR D'ENTREPRISES AGREE

Following our appointment, we have audited the accompanying annual accounts of the Group of the European People's Party (Christian Democrats) in the European Parliament ('the Group'), which comprise the balance sheet as at 31 December 2012 and the revenue and expenditure statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the annual accounts

The Management is responsible for the preparation and fair presentation of these annual accounts in accordance with the rules adopted by the European Parliament Bureau in the version of 30 June 2003, as subsequently amended, in respect of the procedures for the use of resources of budget item 400 of the European Parliament and with the Group's internal rules (hereafter: 'Applicable Rules'), and for such internal control as the Management determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

Responsibility of the Réviseur d'Entreprises agréé

Our responsibility is to express an opinion on these annual accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual accounts. The procedures selected depend on the judgement of the Réviseur d'Entreprises agréé, including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the Réviseur d'Entreprises agréé considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Management, as well as evaluating the overall presentation of the annual accounts.

By carrying out our work, we have verified that expenditure has been made in accordance with the Applicable Rules as well as the Group's financial regulations.

Our audit work included specific procedures aimed at gathering sufficient and appropriate audit evidence that:

- Expenditures have been charged to the correct budget item;
- Appropriations are available;
- The principles of sound financial management have been applied;
- Expenditure conformed to Applicable Rules;
- Payment orders are supported by original documentation (or certified copies);
- The annual accounts have been prepared in accordance with the harmonised accounting plan 400;
- The annual accounts have been prepared in accordance with generally accepted accounting
 principles as laid out in articles 186 to 194 of the Implementing Rules. Departures from these
 principles have been adequately explained by means of notes to the prepared annual
 accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the annual accounts of the Group as at 31 December 2012 are prepared, in all material respects, in accordance with the Applicable Rules.

1 General

Officially recognised as the Christian Democrat Group on 23 June 1953, pursuant to the Resolution of the Common Assembly of the European Coal and Steel Community, the Group changed its name, following the European elections in 2009 from 'Group of the European People's Party (Christian Democrats) and European Democrats' to 'Group of the European People's Party (Christian Democrats)' hereafter referred to as 'EPP Group'.

With 270 Members and three observers as at 31 December 2012, the EPP Group is the largest political Group in the European Parliament (hereafter referred to as 'EP').

2 Basis of preparation

The accounts have been prepared in accordance with the rules concerning the use of resources of the budget item, '400 Expenditure for political and information activities and secretarial costs of the groups and members with no affiliation to any political party', as adopted by the Bureau of the EP in the version of 30 June 2003, revised by the Bureau of the EP on 22 March 2006, on 11 July 2007, on 20 September 2010, on 23 March 2011, on 26 September 2011 and on 2 July 2012.

According to article 2.1.1 of the financial rules governing budget item 400 this report covers the financial year 2012.

3 Significant accounting and valuation principles

The accounts have been prepared on the historic cost basis and in accordance with the generally accepted accounting principles, namely:

- going concern;
- prudence;
- consistent accounting methods;
- comparability of information;
- no netting;
- substance over form.

According to article 2.5.3 of the budget item '400 Expenditure for political and information activities and secretarial costs of the groups and members with no affiliation to any political party', the accounts are drawn up on a modified accrual basis. All expenses occurred up to 31 December of the current budgetary period and paid before 31 January the following year are accounted for as expense in the reporting period. Expenses of the accounting period that are settled after the balance sheet date are shown in the balance sheet under position III.2 'Charges settled in the year and paid in the following year'.

3 Significant accounting and valuation principles (continued)

Valuation principles

Fixed-term securities shown under the position III. 'Cash and banks' are valued at lower of cost or market. The fixed term deposits are valued at their nominal value.

Debtors are recorded at their nominal value while liabilities are stated at their repayment value.

Foreign currencies

The accounts are expressed in Euros (EUR).

All balances in foreign currencies are converted with the exchange rate as per balance sheet date, except for fixed assets which are valued at their acquisition cost.

Income and expenditure in foreign currencies are converted to EUR at the exchange rate of the second last day of the previous month as published by the European Central Bank (ECB).

Gains and losses on foreign exchange are recognised as income or expense in accordance with the imparity principle.

Tangible fixed assets

Fixed assets are depreciated starting the month of purchase of the asset. The EPP Group has applied the rule as per 1 January 2005.

Assets with an acquisition cost higher than EUR 420 and a normal useful economic life of more than one year are capitalised and depreciated on a straight line basis as follows:

	Depreciation p.a.
Software	25.0%
Hardware	25.0%
Telecommunications equipment	25.0%
Technical equipment	12.5%
Miscellaneous installations and machines	12.5%
Furniture (chairs, desks, cupboards)	10.0%

A recapitulative table of the assets in the balance sheet is available under point 7.

3 Significant accounting and valuation principles (continued) .

Reserves

At year end a maximum of 50% of the annual subsidies may be brought forward to the following year. Surpluses in excess of this amount have to be transferred to the EP.
