1B. Environmental Advisory and Consulting Services

Upholding your commitment to environmental responsibility. Environmental integrity has become a central concern for organizations of all sizes and sectors. Consumers, regulatory bodies, and business partners are all helping to shape how companies are rewarded or held accountable for their ecological footprint. The consequences of this increased attention are being felt in the marketplace, in the form of national and international regulations, and all along the supply chain.

Finesse Consults Ltd experts know that policies related to environmental protection are most effective when integrated into the fabric of how a company operates at all levels and in all capacities. That's why our portfolio offers comprehensive services that enable your company to consider its actions and take steps holistically.

Our Environmental Advisory and Consulting Services include.

- » Environmental and Social Impact Assessments (ESIA)
- » Environment Social and Governance (ESG) Advisory
- » Environmental Social Management Plans (ESMP)
- » Environmental and Social Auditing (ESA)
- » Strategic Environmental Assessment (SEA)
- » Environmental Due Diligence

3. ISO Certification for Organizations.

What is ISO certification? ISO certification is a seal of approval from a third party body that a company runs to one of the international standards developed and published by the International Organization for Standardization (ISO).

The goal of ISO certification is to develop, maintain and place a management system at the center of an organization's way of doing business. The goal of this system is to improve a specific aspect of the business such as quality, environment, workplace safety, security, etc.

We support businesses attain Certification for ISO 9001, ISO 45001, ISO 22000, ISO 14001. As well as an Intergrated Management Systems which is a combination of the four (4).

Below are some of the popular standards that we support.

 <p>ISO 9001:2015 Quality Management System</p>	 <p>ISO 45001:2018 Occupational Health and Safety Management System</p>	 <p>ISO 22000:2018 Food Safety Management System</p>	 <p>ISO 14001:2015 Environmental Management System</p>

Our Clients:

Uganda Revenue Authority.

We provided internationally recognized workplace health and safety training to URA staff (NEBOSH International General Certificate in Occupational Safety and Health). The objective of this training was to equip their staff with the skills and competencies to enable them to deliver on their health and safety responsibilities.

Atlas Cargo Systems Limited

The client required a partner to support them to develop, implement and maintain management systems to attain ISO Certification. We supported the client to attain ISO 14001:2015 and ISO 45001:2018. Currently, we continue to support the client in implementing and maintaining the above-mentioned standards, including ISO 9001:2015.

Strategic Builders Limited. (SBL)

We supported SBL to develop and implement an integrated management systems compliant with Quality Management System ISO 9001:2015, Environmental Management System ISO 14001:2015 and Occupational Health & Safety Management System ISO 45001:2018.

The Uganda Refugee Employment Promotion Project (UREPP)

We provided First Aid Training to key UREPP staff at both their Nakawa offices and their Hoima offices. Through knowledge transfer, their staff are better equipped to respond to medical emergencies.

Minet Limited

We provided a Road Safety awareness session for their clients. This covered key areas such as vehicle safety, driver competence and journey planning.

Students and Professionals

Through partnerships with international course providers, we have provided trainings and certifications to students and professionals in a wide variety of fields such as workplace safety, quality management, environment management, cyber security, information security, and so much more.
