GOT FREEDOM? | ELECTION 2020 UPDATE

Colleagues:

I would like to thank all of the participants for joining our exclusive national briefing today in which we provided details of the unprecedented and coordinated effort to improperly influence the outcome of the 2020 presidential election in the contested states. This was an important briefing for legislators who hold the power to decertify the results of their state elections. We are especially grateful to our featured speakers, including Mayor Rudy Giuliani, Professor John Eastman, Dr. Peter Navarro, and John Lott; and of course, we were honored that President Trump joined us to address the group.

As Thomas Paine said, “these are the times that try men’s souls,” and “the real man smiles in trouble, gathers strength from distress, and grows brave by reflection.” You are now being counted among those who still took a stand for the accuracy and integrity of our elections--both now and in the future.

As elected officials in the House and Senate of your respective states, Professor Eastman laid out the Constitutional imperatives for you:

- Assert your plenary power
- Demand that your laws be followed as written
- Decertify tainted results unless and until your laws are followed
- Insist on enough time to properly meet, investigate, and properly certify results to ensure that all lawful votes (but only lawful votes) are counted. Paine reminds us, “it is error only, not truth, that shrinks from inquiry.”

While we will follow up with more information, we would like to first encourage you to agree to sign on to a joint letter from state legislators to Vice President Mike Pence to demand that he call for a 12-day delay on ratifying the election, allowing the states the necessary time to further investigate the lawlessness with which the presidential election was conducted. We also request that you send this message out to fellow legislators to ask them to sign on to the letter as well

If you are willing to sign on to the letter, please reply to Jillian@proactivecommunications.com with the following information (your contact information will not be share with anyone):

- Name
- State
- Title (Senator/Representative)
- E-mail
- Mobile Phone

Please note that Representative Daryl Metcalfe (R-Pennsylvania), Senator Brandon Beach (R-Georgia), and Representative Mark Finchem (R-

Arizona) already wrote a letter to Vice President Mike Pence for this narrow purpose. Coming together to sign a joint letter is a vital step—one you should take confidently and in solidarity. We will send the joint letter to all legislators who contact us in reply to this message.
