

Controlled Substance Act (CSA), that are specifically approved by the Food and Drug Administration (FDA) for the treatment of opioid addiction, and are not the subject of an "adverse determination." The only medications that currently fulfill these requirements are ones that contain the active ingredient buprenorphine.

Below are the following changes:

Use of Term of "Qualifying Practitioners" (NOI Sections 1, 2, 6, and 11)

The Statute Section 823(g)(2)(B)(i) refers to both physicians and mid-level providers as "qualifying practitioners." Therefore in order to avoid confusion and redundancy, the revised NOI refers to "other qualifying practitioners," simply as "practitioners".

Patient Limits (See NOI Section 6: Purpose of Notification)

Language was added allowing practitioners who have treated 30

patients for at least one year to increase their patient limit to 100. This second notification to treat 100 patients was omitted in the original NOI form.

Identification of Training Providers

The previous NOI required that the practitioner to write in the name of training provider(s) name(s). The revised NOI allows practitioners to select training providers from a list.

The following table is the estimated hour burden:

Purpose of submission	Number of respondents	Responses/ respondent	Burden hours	Total burden hours
Notification of Intent for Qualifying Other Practitioner to Use Schedule III, IV, or V Opioid Drugs for the Maintenance and Detoxification Treatment of Opiate Addiction by a "Qualifying Other Practitioner" under 21 USC § 823(g)(2)—Nurse Practitioners	816	1	.066	54
Notification of Intent for Qualifying Other Practitioner to Use Schedule III, IV, or V Opioid Drugs for the Maintenance and Detoxification Treatment of Opiate Addiction by a "Qualifying Other Practitioner" under 21 USC § 823(g)(2)—Physician Assistants	590	1	.066	39
Total	1,406	93

[Docket ID FEMA-2016-0002; Internal Agency Docket No. FEMA-B-1669]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in accordance with Title 44, part 65 of the Code of Federal Regulations. The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will become effective on the dates listed in the table below and revise the FIRM panels and FIS report
