

EDGAR will no longer provide support for the US-GAAP-2015, EXCH-2015, CURRENCY-2014, and COUNTRY-2013 taxonomies. Please see https://www.sec.gov/info/edgar/edgar_taxonomies.shtml for a complete list of supported standard taxonomies.

Along with the adoption of the Filer Manual, we are amending Rule 301 of Regulation S-T to provide for the incorporation by reference into the Code of Federal Regulations of these revisions. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51.

The updated EDGAR Filer Manual will be available for Web site viewing and printing; the address for the Filer Manual is <https://www.sec.gov/info/edgar/edmanuals.htm>. You may also obtain paper copies of the EDGAR Filer Manual from the following address: Public Reference Room, U.S. Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m.

Since the Filer Manual and the corresponding rule changes relate solely to agency procedures or practice, publication for notice and comment is not required under the Administrative Procedure Act ("APA").⁵ It follows that the requirements of the Regulatory Flexibility Act⁶ do not apply.

The effective date for the updated Filer Manual and the rule amendments is July 28, 2017. In accordance with the APA,⁷ we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The EDGAR system upgrade to Release 17.2 is scheduled to become available on July 17, 2017. The Commission believes that establishing an effective date less than 30 days after publication of these rules is necessary to coordinate the effectiveness of the updated Filer Manual with these system upgrades.

[CBP Dec. 17-08]

Technical Corrections to U.S. Customs and Border Protection Regulations

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

ACTION: Final rule.

SUMMARY: U.S. Customs and Border Protection (CBP) periodically reviews its regulations to ensure that they are current, correct, and consistent. Through this review process, CBP discovered some discrepancies. This document amends certain sections of title 19 of the Code of Federal Regulations to remedy these discrepancies.

DATES: The final rule is effective July 28, 2017.

FOR FURTHER INFORMATION CONTACT: Grace A. Kim, Regulations and Rulings, Office of Trade, (202) 325-7941.

SUPPLEMENTARY INFORMATION:

Background

It is the policy of U.S. Customs and Border Protection (CBP) to periodically review title 19 of the Code of Federal Regulations (19 CFR) to ensure that it is accurate and up-to-date so that the importing and general public is aware of CBP programs, requirements, and procedures regarding import-related activities. As part of this review policy, CBP has determined that certain corrections to 19 CFR parts 159 and 181 are necessary.

Discussion of Changes

Part 159

Section 159.58 (19 CFR 159.58) concerns the suspension of liquidation by CBP when there are antidumping and countervailing duty determinations. The references to part 353 of title 19 CFR in 19 CFR 159.58(a) and to part 355 of title 19 CFR in 19 CFR 159.58(b) are incorrect. On May 19, 1997, the U.S.

Department of Commerce revised its regulations on antidumping and countervailing duty proceedings to conform to the Uruguay Round Agreements Act (62 FR 27296) (May 19, 1997) which resulted in a new part 351 and the deletion of parts 353 and 355. Accordingly, this document makes conforming changes to §§ 159.58(a) and 159.58(b) to reflect this revision.

Part 181

Subpart D of Part 181 of title 19 deals with post-importation duty refund claims under the North American Free Trade Agreement (NAFTA). Section 181.33(d)(1) lists instances wherein a port director may deny a post-importation duty refund claim for preferential tariff treatment for imported goods under the NAFTA, and it references § 181.32(b)(3) in the context of the validity of a Certificate of Origin. This is not the correct reference. The proper reference should be to § 181.32(b)(2), which references the requirement to file a Certificate of Origin with respect to the imported goods. Accordingly, this document makes changes to § 181.33(d)(1) to reference § 181.32(b)(2) instead of § 181.32(b)(3).

Inapplicability of Notice and Delayed Effective Date

As the technical corrections set forth in this document merely conform to existing law and regulation, CBP finds that good cause exists for dispensing with notice and public procedure as unnecessary under 5 U.S.C. 553(b)(B). For this same reason, pursuant to 5 U.S.C. 553(d)(3), CBP finds that good cause exists for dispensing with the requirement for a delayed effective date.

Regulatory Flexibility Act

Because this document is not subject to the notice and public procedure requirements of 5 U.S.C. 553, it is not subject to the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

Executive Order 12866

These amendments do not meet the criteria for a “significant regulatory action” as specified in Executive Order 12866, as supplemented by Executive Order 13563.

Signing Authority

This document is limited to technical corrections of the CBP regulations. Accordingly, it is being signed under the authority of 19 CFR 0.1(b)(1).

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with section 513(f)(1) of the Federal Food, Drug, and Cosmetic Act (the FD&C Act) (21 U.S.C. 360c(f)(1)), devices that were not in commercial distribution before May 28, 1976 (the date of enactment of the Medical Device Amendments of 1976), generally referred to as postamendments devices, are classified automatically by statute into class III without any FDA rulemaking process. These devices remain in class III and require premarket approval unless and until the device is classified or reclassified into class I or II, or FDA issues an order finding the device to be substantially equivalent, in accordance with section 513(i) of the FD&C Act, to a predicate device that does not require premarket approval. The Agency determines whether new devices are substantially equivalent to predicate devices by means of premarket notification procedures in section 510(k) of the FD&C Act (21 U.S.C. 360(k)) and part 807 (21 CFR part 807) of the regulations.
