Triadelphia Ridge Elementary School
PROFILE

13400 Triadelphia Road • Ellicott City, MD 21042 • 410-313-2560 • tres.hcpss.org/

At Triadelphia Ridge Elementary School, the mission is to work together as a school community so that students meet high academic expectations that prepare them to succeed in a diverse and changing world.

This will be accomplished through:

- Compassion by maintaining a safe, nurturing, and enriching environment that values and promotes diversity.
- Collaboration by fostering meaningful, purposeful relationships with the school community to empower and engage students in their own learning and support for positive behavior.
- Communication by maintaining open, respectful, and consistent dialogue among all members of the school community.

Staff are committed to educating the whole child and ensuring that every child feels a sense of belonging at TRES. In addition to rigorous and engaging academic activities, students participate in daily social-emotional learning. This includes community-building activities and class meetings. As part of a larger belief in the value of student accountability and student engagement, students have opportunities to set academic and personal goals. The Positive Behavioral Interventions and Supports (PBIS) program is based on restorative and social-emotional learning practices. Staff teach and positively reinforce students to be respectful, responsible, caring, and to show integrity. Students are recognized daily, weekly, and monthly for demonstrating these positive behaviors that help us to build a safe and nurturing learning environment.

The TRES community is grateful to the devoted PTA Board and members who work in partnership with the school staff to plan author visits, a wellness walking program, afterschool programs, and family fun nights.
