Tap to Ride

Touch payment system

You can pay your travel fare with your preferred card. Hold a card (credit card, debit card, or prepaid card) that is equipped with touch payment functionality, your smartphone, or a wearable device over a designated ticket gate when you enter and leave the station to go through the gate and pay the fare.

* If your card does not have a symbol indicating that it supports touch payment, contact your card company for confirmation.

* Adult fare will be charged. Even if a child uses the card, an adult fare will be charged.

You can use a credit card without having to buy a ticket

How to use "Touch Payment"

Only 1 step!

Touch the designated ticket gate with your touch payment card

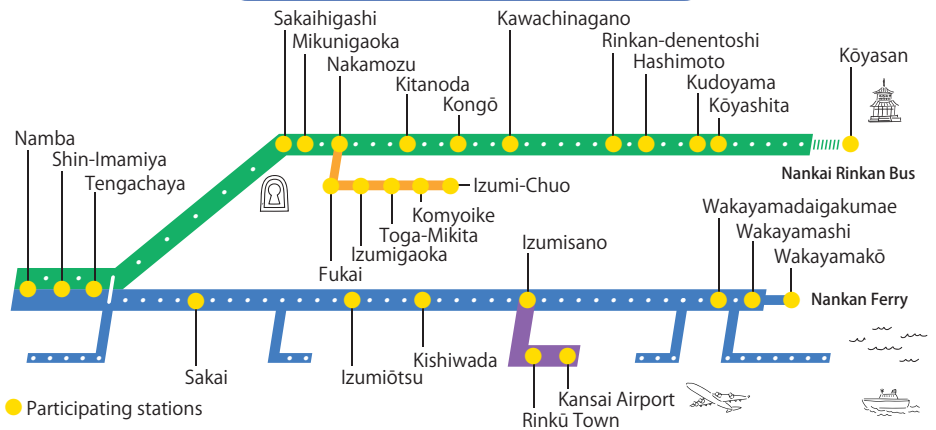

You can go through the gate by touching the gate with your card as you enter and leave the station. This will pay the fare for the route you travelled.

Accepted brands

Eligible limited-area stations

Area is gradually expanding
