What do you pay this financial services provider?

You will only find average prices here. The average price is the price customers pay in a similar situation. The more complex your financial situation, the more you usually pay. Your financial services provider will inform you about the exact price. Always have agreements documented as well, so you know what the financial services provider has done for you do and how much you pay for it.

	Less than 250 employees	More than 250 employees
Advice and contracting	€3500	€7500
Contracting only		
Advice only	€3500	€4500

Costs will always be determined on a customized basis in order to arrive at an appropriate recommendation

What can this financial services company do for you in the future?

When changes in your personal situation occur, always go back to a financial services professional. Because of these changes, the retirement product may no longer fit your situation. For example, because your family situation or income changes. Then you may be paying too much or running more risk than you want.

You can always visit a financial services company for an orientation. Is there a significant change in your retirement product? Then the financial service provider or provider contacts you, without you paying.

Does this financial services provider also offer maintenance services? ¹

For maintenance services, you pay a fee via a subscription, flat rate or hourly rate.

Yes, this financial services provider also offers maintenance services.

For more information on other services in the future, check the information available with your financial service provider: www.mercer.nl

¹ Maintenance services allows a financial services provider to monitor with you if there are changes that require an adjustment in your retirement product.
