Dear School Community,

The individual *Annual Arts in Schools Report* is an integral part of the NYC Public School's efforts to ensure that schools are providing students with high-quality arts education and experiences that they need and deserve. The report has been created to help school leaders, teachers, and families understand how they can improve students' learning in the arts. It provides a view of the arts education opportunities that your school has for your students, based on data from the *2022-23 Annual Arts Education Survey* and from NYC Public School databases.

In unity,

Darleen Garner, Director of Arts Education Accountability & Support
