Dear School Community,

The individual *Annual Arts in Schools Report* is an integral part of the NYC Public School's efforts to ensure that schools are providing students with high-quality arts education and experiences that they need and deserve. The report has been created to help school leaders, teachers, and families understand how they can improve students' learning in the arts. It provides a view of the arts education opportunities that your school has for your students, based on data from the *2022-23 Annual Arts Education Survey* and from NYC Public School databases.

In unity,

SCHOOL'S ARTS PROGRAM DESCRIPTION

The visual arts program at Mott Hall Bronx High School is designed to prepare students for the International Baccalaureate (IB) program. Students are engaged in creating an art exhibition in their senior year; a culmination of work created over their time in the program. IB requires a process portfolio that includes demonstration of experimentation, critical analysis of known artists, written planning and intentions, refinement of their work and reflection. There is also an IB requirement for a comparative study of historical and/or modern artists, which includes research and analyses of multiple aspects of their work.
